

**AN INTEGRATED AND ACCELERATED STEM  
TEACHING PROGRAM FOR STUDENTS.**

## WHAT IS VISTA:

An integrated and accelerated STEM program for students wishing to complete their bachelor's degree and teaching credential within a 4-year pathway and make an impact in teaching fields.

## BENEFITS OF PARTICIPATING:

- » Graduate with your bachelor's degree and a Single Subject Teaching Credential in four years to expedite your journey as a teacher while saving time and money
- » Hands-on experience of teaching in actual classrooms before launching your career as a middle or high school teacher

## BENEFITS OF PARTICIPATING:

- » The rigor of graduate level courses during your senior year with a cohort of like-minded students
- » Students may be exempt from taking the California Subject Examination for Teachers (CSET) exams contingent upon Commission on Teacher Credential (CTC) approval

## VISTA Eligibility Requirements:

- » Students majoring Biology, Biochemistry, Chemistry, or Math
- » Cumulative GPA of 2.7 or above
- » Successful completion of prerequisite classes

## VISTA APPLICATION PROCESS:

- » VISTA Application
- » Letter of Recommendation
- » Statement of Purpose Essay
- » Interview with program personnel
