GENERAL INFORMATION

UNIVERSITY MISSION AND IDENTITY STATEMENT

David W. Clark, *Interim President*

The mission of Vanguard University is to pursue knowledge, cultivate character, deepen faith, and equip each student for a Spirit-empowered life of Christ-centered leadership and service. Affiliated with the Assemblies of God in Southern California, the university embraces the Assemblies of God doctrinal statement and its Pentecostal heritage of Spirit-empowered life and thought. Faculty, staff, and students display considerable diversity in denominational affiliation, cultural expression, and academic pursuits. Together they affirm the authority of Scripture, the Lordship of Jesus Christ, and belief that human nature, though marred by sin, enjoys nevertheless the potential of personal redemption through God's salvation in Jesus Christ. From this Evangelical and Pentecostal perspective, the Vanguard community commits itself to global Christian witness and to faithfully serving our communities, our nation, and our world in Christ's name, embracing the values of Truth, Virtue, and Service.

The University believes that scholarship in the arts, sciences, and professional studies illuminated by Christian truth fosters the intellectual development, moral maturity, and spiritual vitality of students. A Vanguard education, therefore, promotes the integration of faith, learning, and living.

The University is committed to providing professor-mentors that live in dynamic community with students. A hallmark of a Vanguard education is the emphasis on the relational and collaborative nature of learning. Caring and supportive relationships among students, faculty and staff provide opportunities for persons to share their faith journeys, to explore their hopes, and to nourish their souls. The community provides a safe and exciting place where we believe the Holy Spirit inspires and empowers scholarship, creative expression, witness, service, and exploration of God's world.

OVERVIEW

Vanguard University (VU) is a private, coeducational, comprehensive university of liberal arts and professional studies that believes its Spirit-empowered Christian community provides a supportive and challenging environment in which to pursue a quality education. The University assumes that it is essential to offer educational opportunity within a context of free inquiry and academic integrity. Such opportunity includes examining the Christian heritage, the claims of Christ, the charismatic involvement of the church, and the revelation of God. VU is a community that encourages individual integrity and responsibility in accordance with biblical Christianity and its social and ethical implications.

As a small community—approximately 2,200 within the student body, faculty, staff, and administration—the University offers a relational culture where professor-mentors serve students. The student/faculty ratio is 17:1. Most classes are small, which allows opportunity for academic inquiry and the personal interaction which is invaluable for learning.

HISTORY

During the Summer of 1920, Harold K. Needham, D. W. Kerr, and W. C. Peirce opened a school to prepare Christian workers for the various ministries of the church. The new institute, Southern California Bible School, moved from Los Angeles to Pasadena in 1927. In 1939 it was chartered by the State of California as a college eligible to grant degrees, and it became Southern California Bible College—the first four-year institution of the Assemblies of God. In 1943 the college received recognition by the government for the training of military chaplains. It moved to the present campus in 1950. The name was changed to Southern California College nine years later when majors in the liberal arts were added to the curriculum.

Regional accreditation and membership in the Western Association of Schools and Colleges were granted in 1964. In 1967 the College received recognition and approval of its teaching credential program from the California State Board of Education. In June 1983 the Graduate Studies Program received approval from the Western Association of Schools and Colleges. A Degree Completion Program was started in 1994 for adult learners. On July 1, 1999, university status was achieved

when Southern California College registered with the Secretary of State's Office as Vanguard University of Southern California. The University is comprised of the College, Graduate Studies, and School for Professional Studies.

In addition to its founding president, Harold K. Needham, Vanguard University has had the able leadership of eight presidents: Daniel Kerr, Irvine J. Harrison, John B. Scott, O. Cope Budge, Emil A. Balliet, Wayne E. Kraiss, Murray W. Dempster, and Carol A. Taylor. Dr. David W. Clark, former President of Palm Beach Atlantic University, is serving as the Interim President during the transition to the University's 10th President.

For over ninety one years, Vanguard University has been a leader in educational innovation within its denomination, preparing students for all types of ministry and professional vocations. As a Christian university, VU is constantly seeking to expand its influence and service through education that provides excellence without compromise for the glory of Jesus Christ.

INSTITUTIONAL VALUES

The vision that guides the VU community is rooted in the University's heritage as an institution of the Pentecostal tradition which was birthed out of the Azusa Street Revival in Los Angeles, California, at the turn of the twentieth century. From its inception, the movement generated a multicultural, multiracial, and gender-inclusive community of Spirit-empowered Christian believers who were committed to peacemaking and reconciliation. With global consciousness, these foremothers and forefathers of a renewed Christian faith carried the good news of the gospel around the world.

A strong commitment to cultural diversity, racial reconciliation, and gender equality is a consequence of VU being deeply grounded in the faith tradition that brought the University into existence. Moreover, these core values continue to define the institutional vision that pulls the VU community forward toward its mission. Within this Christian context of inclusiveness, the University aims to provide a quality educational experience marked by the pursuit of truth, the cultivation of virtue, and the desire for service. These three values inherent in the VU educational experience—truth, virtue, and service—are enshrined in the University motto and embossed on its official seal.

TRUTH

As members of the VU community we strive to . . .

- pursue truth by understanding the Word of God and by knowing Christ, who is Truth;
- develop critical and creative thinking skills for careful, reasoned, and independent analysis of competing ideas;
- engage in scholarship with integrity and excellence; and
- explore, participate in, and contribute to our cultural, intellectual, and spiritual heritage.

VIRTUE

As members of the VU community we endeavor to . . .

- honor God and commit ourselves to the person and model of Jesus Christ;
- develop personal integrity and character by applying biblical values to our lives;
- understand and accept the responsibilities of living in a free society; and
- transcend the limitations and errors of the prevailing culture, and through a wholeness of vision, choose and hold to the path for a righteous life.

SERVICE

As members of the VU community we work to . . .

- develop our talents to their potential and discern God's purpose for our lives;
- strengthen the skills necessary for effective communication of ideas and for a productive place in society;
- prepare students for diverse vocations, graduate programs, and leadership roles; and
- exercise civic responsibility, respect cultural and individual differences, and care for others.

In order to develop continuously as an inclusive community growing in truth, virtue, and service, the University invites its members to a life lived in response to the claims of the Kingdom of God, in which the transcendent realities of the gospel are brought to bear on the real life challenges which they face as citizens of the twenty-first century.

FAITH CONFESSION

As a Christian comprehensive university of liberal arts and professional studies, informed by its evangelical persuasion and Pentecostal heritage, VU affirms the following confession of faith.

We believe . . .

- the Bible to be the inspired and only infallible and authoritative Word of God.
- that there is one God, eternally existent in three persons: God the Father, God the Son, and God the Holy Spirit.
- in the deity of our Lord Jesus Christ, in his virgin birth, in his sinless life, in his miracles, in his vicarious and atoning death, in his bodily resurrection, in his ascension to the right hand of the Father, and in his personal, future return to this earth in power and glory to rule over the nations.
- that the only means of being cleansed from sin is through repentance and faith in the precious blood of Christ.
- that regeneration by the Holy Spirit is absolutely essential for personal salvation.
- that the redemptive work of Christ on the cross provides healing of the human body in answer to believing prayer.
- that the baptism in the Holy Spirit, according to Acts 2:4, is given to believers who ask for it.
- in the sanctifying power of the Holy Spirit by whose indwelling the Christian is enabled to live a holy life.
- in the resurrection of both the saved and the lost, the one to everlasting life and the other to everlasting damnation.

STATEMENT ON DIVERSITY

Because we stand within the Judeo-Christian tradition, we affirm the biblical view that God is creator of and sovereign over all the earth and that all people are equally valuable in God's sight.

Because we embrace the Bible as the authoritative rule for faith and practice, we affirm the prophetic concept of justice which combines personal piety with social justice. By "personal piety" we mean that aspect of character and behavior,

consistent with biblical morality, which seeks to be in right relation with God. By "social justice" we mean the state of social, political, and economic relationships in which all people are treated equitably. Because justice is rooted in the character of God, it should flower in the community of faith. One ought to seek justice because God seeks justice. We affirm that the pursuit of justice raises perennial issues that recur wherever social groups assert competing claims for resources and competing understandings of fair and equitable treatment. These difficulties we understand to be inherent in the human condition. Yet we also note an apparently inevitable tendency of human cultures to resolve issues of justice in fragmented and self-serving ways. By contrast, we wish to affirm that the Christian's pursuit of justice is rooted in the character of God himself and that it, therefore, differs profoundly from the mandate of our prevailing pluralistic culture.

As Christians, we affirm that our unity within the Body of Christ transcends any differences which might divide us (Gal. 3:28), including differences of culture, race, physical ability, age, and gender. We believe that this unity summons us to seek fair and equitable treatment for all members of our community. For this reason, we seek to create an environment in which competing cultural perspectives are given fair hearing, and in which individuals from different cultural and ethnic backgrounds are given equitable and fair access to resources. This we believe to be an expression of Christian holiness.

As evangelicals, we recognize that the worldwide mission of the church inevitably involves the challenge of cultural diversity. For this reason, we seek to create an environment in which our students learn the importance of balancing respect for other cultures with a healthy acknowledgment of the strengths and limitations of their own.

As Pentecostals, we believe that the source for the transformation of all human experience ultimately lies in the movements of the Holy Spirit. For this reason, we seek to create an environment in which the charismatic movement of the Holy Spirit leads us toward ever more thoughtful treatment of each other.

ACCREDITATION

Vanguard University is a member of and accredited by the Western Association of Schools and Colleges (WASC), the regional accrediting body for liberal arts colleges and universities in California. WASC offices are located at 985 Atlantic Avenue, Suite 100, Alameda, CA, 94501; phone (510) 748-9001. The teacher credential programs for multiple and single subjects, are approved by the California Commission on Teacher Credentialing. The program, in Nursing is accredited by the Commission on Collegiate Nursing Education (CCNE). The Theatre Department is accredited by the National Association of Schools of Theatre (NAST). The University is endorsed by the Alliance for Assemblies of God Higher Education.

INSTITUTIONAL AFFILIATIONS

Vanguard University is a member of the Association of Independent California Colleges and Universities and is one of more than one hundred members of the Council of Christian Colleges and Universities (CCCCU) which was founded in 1976 to serve and strengthen the deeply committed Christian liberal arts colleges and comprehensive universities of this country.

LOCATION

Vanguard University is located forty miles southeast of Los Angeles in Costa Mesa at the intersection of Highway 55 (Costa Mesa Freeway) and Fair Drive. Due to its location, students can avail themselves of the libraries, museums, and other cultural advantages for which Los Angeles is renowned. Just minutes from the campus, and accessible by a number of freeways, are miles of beautiful beaches, parks, and recreational opportunities. Ski slopes are less than two hours away.

Costa Mesa enjoys an ideal climate. Winters are tempered by ocean currents and Summers are air-conditioned by cool trade winds from the Pacific Ocean.

CAMPUS AND BUILDINGS

The university campus covers nearly forty acres. Major campus buildings include the Heath Academic Center, Smith Hall, the John B. Scott Academic Center, the Scott Annex, the Harold K. Needham Memorial Prayer Chapel, the O. Cope Budge Library, the Enrollment Services Center, the Social Science Building, the Clinical Psychology Center, the Fine Arts Administration Building, the Music Recital Hall, the Lyceum Studio Theatre, the Science Building with laboratories for the physical and biological sciences, the Gymnasium, the Dining Commons, the Student Activities Building, and five residence facilities: Balboa Hall, Catalina Hall, Huntington Hall, Laguna Hall, and Newport Hall. Vanguard Centre, in close proximity to the University campus, also provides an opportunity for student housing.

UNIVERSITY INSTITUTES AND CENTERS

Vanguard University is committed to preparing students through an education marked by academic excellence and spiritual vitality for productive service in a variety of vocations and ministries that are matched to the marketplace of the 21st century. In casting the vision of its preferred future as a leading Christian university, VU draws upon its distinctive Pentecostal heritage to advance an adventurous spirit that forges partnerships between the university, the church, and the community in promoting Christian witness, scholarship, civic responsibility, and social transformation. A strong commitment to cultural diversity, racial reconciliation, and gender equality is a consequence of VU being deeply grounded in the Pentecostal faith, a tradition that brought the university into existence. These core values continue to define the university's institutional vision. Within this Christian context of inclusiveness, the university aims to provide a quality educational experience marked by the pursuit of truth, the cultivation of character, and the desire for service. The following institutes and centers help to advance the University's mission.

The Global Center for Women and Justice

Sandra Morgan, M.A., Director

The Global Center for Women and Justice exists to advance the global status of women through *education, advocacy, and collaboration*. The Center promotes gender reconciliation and the inherent dignity of all persons.

Through education, the Center promotes the importance of delivering evidence-based knowledge in various formats that will effect change in global culture to empower women in leadership, economic justice, and reduce endemic violence against women. .

Through advocacy, the Center recognizes that knowledge leads to praxis and works on behalf of marginalized and victimized women at home and globally to promote dignity, value, and justice.

Through collaboration, the Center builds community relationships and provides resources to network with others to advance the global status of women and justice.

The Jesse Miranda Center for Hispanic Leadership

Jesse Miranda, D.Min., Founder & President

Fernando Tamara, M.A., Director & Research Assistant

The Jesse Miranda Center for Hispanic Leadership (JMCHL) of Vanguard University exists for the purpose of exploring ideas, sharing solutions and expanding opportunities toward an advanced research and awakening education on campus, a variety of holistic ministries in churches, and an impactful service and leadership to the community.

The mission of the Jesse Miranda Center is (1) to align with and support the vision of Vanguard University in becoming a Hispanic Serving Institution (HSI) in the 21st century by improving and enhancing the campus climate for ethnic diversity and Latino presence; and (2) to assist in outlining the role of the university to educate, equip and empower leaders to engage and serve the church and the Latino

community through the discovery of applied research, education and mentoring, leadership, and the dissemination of information in order to consolidate the campus, the church and the community into one corporate laboratory.

The Judkins Institute for Leadership Studies

Douglas Petersen, Ph.D., Executive Director

Roger Heuser, Ph.D., Director, Leadership and Spirituality

Our Mission

The Judkins Institute for Leadership Studies promotes leadership, which develops the spirit, character and ethics of purposeful and transformative organizations.

Our Vision

We strive to be a growing, diverse learning community of business, community and religious leaders who join together in dialogue and action in order to transform our enterprises through justice and compassion.

Our Strategic Priorities

In collaborating with leadership partners in business, community and religious organizations; we: (1) conduct research; (2) promote the formation of leaders; and (3) develop resources.

The Lewis Wilson Institute for Pentecostal Studies

Derrick Rosenior, Ph.D., Director

The Lewis Wilson Institute for Pentecostal Studies encourages and supports the study of the Pentecostal and Charismatic movements. The Institute serves as a conference and research center for scholars, church leaders, students and others who are interested in probing the historical significance and contemporary global role of Pentecostalism and the Charismatic movements.

Activities of the Institute include: sponsoring lectureships, seminars and roundtables; overseeing a Pentecostal bibliographic collection; encouraging undergraduate and graduate study in Pentecostalism by awarding stipends to scholars in residence; publishing occasional monographs and other materials pertinent to the study of Pentecostalism.

The Lewis Wilson Institute for Pentecostal Studies is named in the honor of Professor Lewis Wilson, who retired at the end of the 1994-95 academic year after offering twenty-eight years of service at the College, and over forty years of continuous service as an Assemblies of God and Pentecostal educator.

The Veterans Resource Center

Justin Moschina, B.A., Director

The Veterans Resource Center (VRC) at Vanguard University exists to support veterans by providing academic planning, financial advisement, and resources for professional, personal, and spiritual development designed to equip veterans to achieve their educational and professional goals.

The VRC has been listed in GI Jobs Military Friendly Schools and Military Times EDGE as a best option for Vets College. The VRC is a fully Yellow Ribbon institution and acts a participating member of MyCAA – Military Spouse Career Advancement Accounts and SOC – Servicemembers Opportunity Colleges Consortium. For more information please refer to *Veterans Benefits* in the *School for Professional Studies* section of this catalog.

ADMISSIONS INFORMATION

MISSION: The mission of the Admissions Office is to market VU effectively with integrity to the Christian prospective student population, and to provide high quality admissions counseling and information to prospective students and their parents, pastors, and counselors.

The following admissions information is specific to the traditional undergraduate programs of the University. For graduate programs admissions information, see the Graduate Studies catalog section; for Early Childhood Education Program and degree completion admissions information, see the School for Professional Studies catalog section.

SELECTIVE ADMISSION

The traditional undergraduate programs of Vanguard University practice selective admission and encourage applications from Christian students who desire an education that integrates the Christian faith with learning and living, provides intellectual challenge and growth, and fosters spiritual commitment. The traditional undergraduate programs, therefore, review applicants' academic records, moral character, and willingness to comply with the standards and values of the University. All applicants are evaluated without regard to race, gender, age, political affiliation, national origin, or disabling conditions.

The average freshman enters VU with a high school grade point average of approximately 3.39. Vanguard has a priority GPA of 2.80, with a minimum of a 2.50 GPA required for freshmen. Transfer students are required to have a minimum of a 2.0 GPA. A limited number of students who do not meet these minimum GPA requirements may be admitted on a "provisional" status. Provisional status places students on academic probation during their first semester of attendance, and requires at least a 2.0 GPA during that semester in order to continue at VU. Please note that students are not guaranteed admission by meeting minimum GPA requirements.

HIGH SCHOOL PREPARATION

The traditional undergraduate programs do not require a set pattern of high school subjects. However, a strong college preparatory program in high school is vigorously recommended. The following high school courses are considered basic for college admission:

English—4 years	Science—2 years
Mathematics—2 years	Social Studies—3 years

High school students could further enhance their experience in college by taking additional courses in the disciplines above and other courses in humanities, foreign language, and practical application courses such as those requiring computer literacy.

APPLICATION DEADLINES

Fall Semester

December 1, 1st application deadline	January 15 notification sent
January 15, 2nd application deadline	March 1 notification sent
March 2, priority deadline for regular admission	
Rolling admission—notification will be sent once file is complete and reviewed	

Early Action: If Vanguard University is one of your top college choices, you are encouraged to apply by the Early Action deadlines listed above. Priority consideration for admission and merit scholarship is given to applicants admitted prior to March 2. Students should submit an application for admission by the non-binding early action deadline of January 15 in order to receive a decision by March 2. If you are not admitted under Early Action your file will be reviewed under Regular Admission, allowing for additional materials to be submitted, including updated transcripts, test scores, and/or additional recommendations. Applications received after July 31 for the Fall semester may not be processed in time for registration, requiring the student to defer their application to the following semester.

Spring Semester

Rolling admission. Notification will be sent once the file is completed and reviewed.

It is encouraged that students apply for admission as early as possible. Applicants are only considered for admission once their file is complete, and are not guaranteed admission by meeting minimum requirements. Applications received after November 30 for the Spring semester may not be processed completely in time for registration, requiring the student to defer their application to the following semester.

Students desiring financial aid should submit a "Free Application for Federal Student Aid" (FAFSA) to the government by the priority deadline of March 2. In order to meet the March 2 priority deadline for financial aid, California residents must also file the GPA verification form with the California Student Aid Commission by March 2.

FIRST-TIME COLLEGE FRESHMEN

Applicants for admission to VU as freshmen must follow the procedure outlined below:

1. Application. Submit the undergraduate application for admission to the Undergraduate Admissions Office with the \$45 (non-refundable) application fee.
2. High School Transcripts. Arrange for an official copy of your high school transcript to be sent to the Undergraduate Admissions Office sometime during the first semester of your senior year. Applicants are also responsible to request that their final high school transcript, with graduation date be forwarded upon graduation.
 - Students graduating with a General Education Development (GED) diploma must submit test results along with transcripts of any high school work completed.
 - Students who have graduated from a non-regionally accredited or non-ACSI accredited high school, or who have been home-schooled must achieve satisfactory test scores from the ACT or SAT in order to be

considered for admission and financial aid. More weight will be placed on standardized test performance.

3. References. The University requires two references for admission. A Pastoral Reference, along with an Academic Reference from a teacher or employer. Reference forms are included in the application for admission.
4. Standardized Tests. All freshmen applicants are required to take either the Scholastic Aptitude Test (SAT) or the American College Test (ACT). Vanguard expects a minimum score of 910 (combined critical reading and math sections) on the SAT or a composite score of 19 on the ACT for admission to the university. Please note admission is not guaranteed by meeting minimum test scores. Information and registration forms may be obtained from your high school counselor. The addresses for testing information are as follows:
 - American College Testing Program (ACT)
P.O. Box 2201, Iowa City, Iowa 52243
 - College Entrance Examination Board (SAT)
Box 6200, Princeton, NJ 52243

TRANSFER STUDENTS

Students desiring admission by transfer from a recognized college or university will follow the same basic procedure outlined for freshmen above. Please note that students are not guaranteed admission by meeting minimum standards. Transfer students are also subject to the following requirements:

1. High School Transcripts. An official transcript of high school credits is not generally required of students who have earned sixty (60) or more semester college credits.
2. Transfer Reference. Transfer students who have attended another private college are required to submit a transfer reference form (available in the Undergraduate Admissions Office) to be completed by the Dean of Students at the most recent private college attended.
3. References. The University requires two references for admission. A Pastoral Reference, along with an Academic Reference from a teacher or employer. Reference forms are included in the application for admission.
4. Standardized Tests. A student transferring from a regionally unaccredited liberal arts or Bible college must present acceptable scores on either the

College Board Scholastic Aptitude Test (SAT) or American College Test (ACT). Other transfer students who have completed their core curriculum requirements in English and mathematics are not generally required to submit standardized test scores.

5. **Official Transcripts.** An official transcript of all college work must be sent to the Undergraduate Admissions Office. Credit for courses receiving less than a grade of “C-” will not transfer. A course receiving the grade of “D,” however, may satisfy core curriculum requirements for graduation at Vanguard University (no more than three core curriculum requirements can be satisfied with a “D” grade). At no time will transfer students be admitted until they present evidence of honorable dismissal from the institution last attended. Transcripts submitted to Vanguard become the property of VU and will not be returned or duplicated.
6. **Community Colleges.** A maximum of seventy (70) units may be transferred from community colleges. Work considered as terminal, occupational, or industrial arts will not be included in the 124 unit hours required for graduation.
7. **Unaccredited Bible college transfers.** Students transferring from non-regionally accredited Bible colleges may be able to transfer a maximum of 30 units upon approval from the Director of the Department of Religion. A college catalog and course syllabi are required for the evaluation process. Schools accredited by the Association of Biblical Higher Education or Transnational Association of Christian Colleges and Schools may receive a maximum of 60 units in transfer. Students who have matriculated into VU, may not transfer units from unaccredited institutions.
8. **Minimum Required Units.** A minimum of twenty-four (24) of the last thirty (30) units* and at least one-half of an academic major must be taken at Vanguard University. **Veterans and active duty military are exempt from this requirement.*
9. **Core Curriculum.** Transfer students who have not fully met the core curriculum requirements of Vanguard University may be allowed to satisfy these deficiencies by substituting similar courses from those that were accepted. The Registrar will make such determinations.

ARTICULATION AGREEMENTS WITH CALIFORNIA COMMUNITY COLLEGES

Students at California community colleges who are considering transferring to Vanguard University should follow the CSU pattern of study with the Intersegmental General Education Transfer Curriculum (IGETC) at the community college of attendance, with the following stipulations:

1. Only students who are not currently enrolled, and who have not been previously enrolled, at Vanguard University may use the IGETC pattern to meet the core curriculum requirements at VU.
2. Areas 1 through 5 (CSU pattern) must be followed with the following exceptions:
 - Area 4: Only 6 units required in two different disciplines.
 - Area 5: Only one class in Group A or B is required, but it must include a corresponding lab.
 - U.S. History OR U.S. Government is required.
3. Beyond the courses included in the IGETC pattern, students who transfer to Vanguard University will be required to take additional core curriculum coursework: fifteen (15) units of religion, three (3) units of a Multicultural Exposure course; and two (2) units of wellness/fitness courses. The three (3) units of a Multicultural course as well as the two (2) units of wellness/fitness courses may be taken at the community college as long as the total transfer credit does not exceed seventy (70) units.
4. Students at any California community college have the option of transferring to Vanguard University before completion of the entire IGETC pattern. If a student transfers before completing the IGETC pattern, all coursework taken at the community college to meet IGETC guidelines will transfer to Vanguard University and meet core curriculum requirements.
5. Partial or full completion of the IGETC pattern does not guarantee admission to Vanguard University. Students may be approved for admission after an application for admission has been filed with the Undergraduate Admissions Office at VU.

AIR FORCE RESERVE OFFICER TRAINING CORPS (ROTC) AGREEMENT

Air Force Reserve Officer Training Corps (AFROTC) educates and trains highly qualified undergraduate and graduate students for commissioning as officers in the United States Air Force. AFROTC offers a variety of two, three, and four-year scholarships, many of which pay the full cost of college tuition, books and administrative fees. Additionally scholarship recipients and all students who successfully complete a Summer training session at the end of their second year receive a monthly tax free personal payment.

Through arrangements with Loyola Marymount University (LMU) in west Los Angeles, Vanguard University will accept 16 transfer units from students enrolled in its Air Force Reserve Officer Training Corps (AFROTC) program. In addition, students currently enrolled at Vanguard may participate in the AFROTC program as part of their studies. For more information, contact the Loyola Marymount University Department of Aerospace Studies (AFROTC) at 310-338-2770 or visit their website at <http://www.lmu.edu/academics/afrotc.htm>.

RE-ADMISSION

Students interrupting their educational program by not registering in any subsequent Spring or Fall semester must submit a simplified "Application for Re-Admission" (with a \$15.00 application fee) to the Undergraduate Admissions Office. If the length of absence from VU exceeds two consecutive semesters, the student will be required to meet any new graduation requirements which may be in effect at the time of re-admission. Students, who have completed twenty-four (24) units at VU and have formerly declared a major, after being out of attendance for no more than two consecutive semesters, may return finding that the requirements have not changed.

INTERNATIONAL STUDENTS

International students must complete the same admissions process as other freshmen or transfer students.

Additionally, international students must fulfill the following requirements:

1. **Financial Certification.** Submit annual financial certification showing financial sponsorship for duration of planned study. Financial aid is not available for international students.
2. **Deposit.** For Fall students, submit a check in U.S. dollars to cover 70% of basic costs of first academic year before the I-20 form is issued. For Spring students, submit a check in U.S. dollars to cover 100% of basic costs of the Spring semester before the I-20 form is issued.
3. **TOEFL.** International students for whom English is not their native language are required to take the Test of English as a Foreign Language (TOEFL) and submit their scores to the Undergraduate Admissions Office. A score of at least 550 on the paper-based test, 213 on the computer-based test, or 79 on the internet-based test, is required for admission to Vanguard University.
4. **Transferring.** To become eligible for transfer to VU from another American college, approval must be obtained from the previous school attended and the U.S. Immigration and Naturalization Service.
5. **Full-Time.** International students must maintain a minimum of twelve (12) units each semester.
6. **Health Insurance.** All international students admitted to the University are required to take the health insurance plan the university offers. There are no exceptions to this policy.

NOTIFICATION OF ADMISSION

Students applying by the December 1 Early Action Deadline will be notified of their admissions status by January 15. Students applying by the January 15 Early Action Deadline will be notified of their admissions status by March 1. Students applying for Regular Admission will be notified once their file is complete and has been reviewed. Upon acceptance to Vanguard University an acceptance packet will be mailed to each applicant that includes an acceptance letter, along with

additional information to assist you in your college planning. The following procedures must be completed once admitted:

1. **Residence Arrangements.** All students will be sent an on-campus housing form or an off-campus housing petition which is to be returned to the Undergraduate Admissions Office. Permission to live off campus is not considered official until confirmed in writing by the Student Life Center.
2. **Enrollment Deposit.** Prior to securing financial aid, academic course registration, and campus housing, approved applicants must submit a \$400 enrollment deposit to the Undergraduate Admissions Office. This deposit is non-refundable after May 1 for Fall term applicants, and December 1 for Spring term applicants.

Student Classification in VU's Traditional Undergraduate Programs

Regular Students—Students who have fully met all the requirements for admission, have been admitted to candidacy for a degree, and are making satisfactory progress toward graduation. A limited number of students who do not meet all the admission requirements may be admitted as “provisional” students. Students admitted provisionally generally are required to limit their course load to twelve (12) units per semester, and many are required to take a special course (College Learning Concepts) to assist with adjustment to the demands of college.

In order to receive regular classification and continue at VU, provisional students must attain a 2.0 grade point average in their first semester of full-time enrollment.

Students-at-Large—Students who are allowed to attend Vanguard University without submitting the credentials required for admission with regular status. This classification is possible only for those taking six (6) units or less during any semester except Summer Session. Student-at-large application forms are available through the Undergraduate Admissions Office. Students-at-large earn academic credit for work completed successfully, but they are not considered degree-seeking students at Vanguard University.

Auditors—Students may attend class with no obligation to participate actively in the work. For such students, no examinations are given, no assignments are

requested or marked; however, no credit may be obtained for such attendance. Auditors pay the auditing fee. A student must attend at least 50% of the class sessions in order to have the audited course recorded on the transcript.

FINANCIAL INFORMATION

FINANCIAL AID OFFICE

MISSION: The Financial Aid Office exists to assist students in planning and procuring funds for educational costs. Vanguard University offers financial aid in the form of employment, loans, grants, and scholarships to supplement the financial resources of the student and family. Providing a financial aid package that supports the educational goals of the students admitted to VU is the mission of the Financial Aid Office.

The Financial Aid Office provides counseling and assistance to students and their families by providing information about financial aid options and application procedures. The Financial Aid Office is open Monday through Thursday from 8:00 a.m. to 6:00 p.m., and on Friday from 8:00 a.m. to 5:00 p.m.

Financial Aid Sources

Vanguard University offers federal grants, state grants, institutional scholarships, federal loans and employment opportunities to qualified students seeking assistance to help pay for educational costs. Vanguard University awards financial aid to students regardless of race, color, sex, national origin, or disability. All students are guaranteed fair and equal treatment in the awarding of financial aid.

Information about specific scholarships, grants, loans, and employment is available online at <http://financialaid.vanguard.edu/>.

Applying for Financial Aid

Students applying for financial aid should follow the steps below:

Step 1: Apply for admission to Vanguard University. All applicants for financial aid must be accepted for admission to the University.

Step 2: File the Free Application for Federal Student Aid (FAFSA) by March 2. The school code (001293) must be included for information to be sent to Vanguard University.

Step 3: California residents applying for the Cal Grant Program must complete and mail the Cal Grant GPA Verification Form by March 2.

Students interested in the Vanguard University talent scholarships (Athletics, Forensics, Music and Theatre) must contact the appropriate university department for scholarship requirements.

Students must complete the financial aid application process every academic year. Aid applications for the SPS and Graduate programs are available online at <http://financialaid.vanguard.edu/>.

Financial Aid Application Deadlines

The Priority Deadline for financial aid is March 2 of each year. Students applying by the Priority Deadline will be considered for all sources of financial assistance based on eligibility. Students applying after the deadline will be awarded financial aid based on availability of funds. Students are encouraged to apply as soon as possible after January 1, and before March 2, in order to receive the best financial aid packages.

Financial Aid Disbursements

Financial aid will be applied directly to the student's account to cover tuition, fees, and room and board charges. Students attending both the Fall and Spring will receive financial aid for the full academic year and will be disbursed by semester to the student's account. Students attending only one semester are only entitled to the financial aid awarded for that semester.

Satisfactory Academic Progress

Students applying for financial aid must demonstrate satisfactory academic progress in their degree program. Each student's entire academic history will be evaluated at the end of each semester, usually after the deadline for grades to be posted.

Qualitative Measure: All undergraduate financial aid recipients are required to maintain a minimum 2.00 Cumulative GPA. Please note that merit scholarships may require a higher minimum GPA in order to maintain eligibility. All graduate financial aid recipients are required to maintain a minimum 3.00 Cumulative GPA.

Quantitative Measure: Full time financial aid recipients must make progress toward a degree as follows:

Undergraduates = 24 units per academic year (12 units/term)

Graduates = 18 units per academic year (9 units/term)

Students who are enrolled less than full-time must complete the number of units for which financial aid was approved and funded.

Please note: In order to graduate within four-years, full-time enrollment will need to consist of a minimum of 15.5 units per semester.

Maximum Time Frame for Completion: A student may not receive federal aid for more than 150% of the normal time frame required to complete their degree program. For undergraduates that is a maximum of 186 total units (including repeated courses and units transferred into Vanguard) or 12 full-time semesters, whichever comes first. Students entering college for the first time are eligible for a maximum of four-years (eight semesters) of institutional aid. Transfer students are eligible for a maximum of three-years (six semesters) of institutional aid before eligibility is exhausted. Graduate and credential students have shorter time limits depending on program length.

The following grades meet the satisfactory academic requirements for both graduate and undergraduate students: A, B, C, D, and CR. The following grades do not meet the academic requirements for both graduate and undergraduate students: W, WP, WF, F, and I.

Incompletes (I): For purposes of evaluating SAP, grades of incomplete count as attempted but not earned credit. Therefore, it will not be counted towards meeting

the minimum GPA or credit completion and may qualify you for Financial Aid Warning or Suspension until the grade has been posted.

Withdrawals (W, WP, WF, F): If you withdraw from a semester in which you received financial aid, you still have used eligibility towards the maximum time frame limit for degree completion.

Repeated Courses: Repeated courses for which a satisfactory grade has been given will not count towards the completion of the quantitative measure of completing 24 units for the year; however, it will count towards the qualitative measure of meeting the minimum GPA requirement of a 2.0 and the time limit.

If you fail to meet minimum standards to maintain your financial aid eligibility (SAP), you will be placed on Financial Aid Warning for the following semester. While on Financial Aid Warning, you retain your financial aid eligibility and receive your normal financial aid awards. At the end of the warning semester you are expected to have brought your academic standing up to meet the minimum financial aid requirements. Failure to meet the minimum standards for a second time will result in Financial Aid Suspension, (immediate termination) of financial aid eligibility. This includes all Federal, State and Institutional financial aid. Students completing the maximum number of semesters allowed for their degree program will be terminated from future financial aid. Students may appeal Financial Aid Suspension by completing the required appeal forms available in the Financial Aid Office.

If the Financial Aid Committee approves your appeal, you will be placed on Financial Aid Probation and your financial aid will be reinstated the following semester. The Financial Aid Committee may require benchmarks that are to be met before reinstatement will be granted beyond the initial semester. In all cases, if you successfully complete a semester while on Financial Aid Warning or Suspension AND meet both quantitative and qualitative SAP standards at the end of the semester, you will regain full eligibility for financial aid beginning with the subsequent semester (maximum time limits still apply).

COSTS AND PAYMENT POLICIES

Educational Expenses

Payment of educational costs must be considered well in advance of registration. The essential costs are published prior to each new year and are available to students and parents so that proper preparation may be made. Each student is responsible for keeping his or her student account current. For a complete list of tuition, fees, and charges, please refer to the current course schedule. The University reserves the right to change tuition, fees, and/or charges without advance notice, should conditions so warrant.

Payment of Education Costs

Since the essential costs (tuition, fees, room, and board) are known in advance, students must make arrangements prior to registration to handle their account in accordance with university policies. The Vanguard University Financial Aid Office exists to assist the student in planning and procuring funds for educational costs. Students should pursue all forms of financial assistance through the Financial Aid Office.

Financial Registration

Financial Registration allows students, who have *academically registered* for the upcoming semester, to submit all necessary documents and enroll in 1 of the 2 payment options the University offers. **All students are responsible for completing Financial Registration by the published deadline.** Refer to the online course schedule for dates.

The semester charges are due and payable on or before the financial registration deadline, as well as all previous balances. Financial aid from authorized and approved loans, scholarships, and other forms of student aid are permitted to be used to reduce the total amount due. All such student aid is administered through the Financial Aid Office.

The University offers two payment options. Prior balances (any and/or all charges related to a previous semester) must be paid in full. Payment option arrangements must be made prior to the Financial Registration deadline:

Option 1) Pay-In-Full: Pay the full amount referenced on your Registration Statement by the published Financial Registration deadline.

Option 2) Semester Payment Plan: Pay your semester balance referenced on Your Registration Statement interest free in 5 or 4 monthly installments. Students must sign up by the published Financial Registration deadline. There is an enrollment fee each semester with this payment option.

*All Vanguard students must sign a Student Account Master Promissory Note (SAMPN) with the Office of Accounting Operations by the appropriate deadline. Students just need to sign their SAMPN one time their entire time here if here consistently each semester.

Student Health Insurance

All undergraduate students who are enrolled in at least 7 units will automatically be enrolled in and charged for a University-sponsored health insurance plan. Undergraduate students who provide evidence of coverage under another plan to Residence Life by the published deadline will be waived out of the insurance plan. International students are required to carry VUSC insurance whether or not they maintain their own policies. Students enrolled in Graduate Programs or the School for Professional Studies who are interested in purchasing Vanguard's Student Insurance Plan should inquire with their Graduate or SPS Student Services Coordinators, respectively. All international SPS students will automatically be enrolled in and charged for a University-sponsored health insurance plan.

Bookstore Charges

Books, printed notes, and other supplies required for courses offered may be purchased by students from the Founders Bookstore. Purchases may be made with cash, check, or major credit cards. Students are unable to charge anything to their student account.

Unfulfilled Financial Obligation

When a student cannot meet their financial obligation to the University and have exhausted all financial aid options with the Financial Aid Office, Office of Accounting Operations will place student on a 3 month Promissory Note (PN), which includes a ten percent down payment. Students with an outstanding prior balance will not be able to Academically Register for the following semester until their account balance has been satisfied. The PN is a contract and contains specific obligations regarding the student's account, balance, and payment plan.

Once the student has completed the above-mentioned requirements the Office of Accounting Operations will clear student to receive their cap and gown and participate in all graduation ceremonies and activities as well as their transcripts and diploma will be released.

Transcripts

There is a minimal fee per transcript. For 24-hour service, additional fees may be charged. An official transcript will not be issued to, or on behalf of, any student whose Vanguard student account is not paid in full or have not completed the Federal Perkins Loan requirements (if applicable).

Diplomas

A Diploma will not be issued to, or on behalf of, any student whose Vanguard student account is not paid in full or have not completed the Federal Perkins Loan requirements (if applicable).

Meals

Resident students are required to take their meals in the Café unless they have received a medical accommodation prior to the beginning of the semester or are living in an approved non-boarding room (see the *Student Handbook* for more information). Anyone seeking an accommodation should contact the Disability Services Office.

Room

Residence on campus is available for traditional undergraduate students in two residence towers, three residence halls, and Vanguard Centre. Room costs are established on annual basis, and rooms are to be vacated at the end of the academic year or upon withdrawal from classes.

Refund Policies

The following refund policies apply to the traditional undergraduate and graduate programs only. For Early Childhood Education Program and degree completion refund policies, see the School for Professional Studies catalog section.

Tuition Refunds

Tuition refunds will be made for withdrawal from the University or course load reduction when an official withdrawal form or an official add/drop form is filed with the Registrar's Office. Refunds will be based on the date of receipt of the official forms by the Registrar's Office according to the following tuition refund schedule:

Prior to the First Class Session	100%
Through the Second Week of the Semester*	100%
Through the Fourth Week of the Semester	50%
Through the Eighth Week of the Semester	25%
After the Eighth Week of the Semester	-0-

Refund schedule applies to tuition, room, board and residence life, student services, and unused course fees. Students who withdraw or are expelled from the institution may be required to have some or all of their financial aid returned to the various aid programs. Any student who wishes to withdraw from the University must notify the Registrar's Office of their "intent to withdraw." The amount of financial aid to be returned for the student will be calculated based on this date. Federal aid will be returned based on the amount of the semester the student has completed. State and institutional aid will be returned based on the refund percentage applied to the student's institutional charges. See the Financial Aid Office for calculation.

**The first week of the semester ends at close of business on the third day of classes for the Fall semester and the fifth day of classes for the Spring semester. Weeks following are regular five-day business weeks. Other class schedule formats are prorated accordingly.*

Room and Board Refunds

Room and board refunds will be made to students who have withdrawn from the University or have received an on-campus exemption. The refund is based on the tuition refund schedule listed above and is calculated from the established University occupancy date and the actual date of vacancy.

Orientation Fee

This fee is non-refundable.

Other Fees

All other fees including all unused course fees are refundable based on the tuition refund schedule listed above.

STUDENT LIFE AND SERVICES

UNIVERSITY STUDENT SERVICES

MISSION: Student Life exists to cultivate a community of authentic relationships and diverse learning environments that facilitate the holistic growth of each student towards Christ-likeness.

Career Services

Career Services assists students and alumni in a variety of academic study and career aspirations. Among the services offered are guidance in exploration of college majors, employment options of each degree, graduate school preparation, and career path decisions.

Additional assistance includes resource materials, information about job trends and occupations, and one-on-one counseling. Career Services actively builds relationships with employers in the region to benefit our students. Several fairs are held on campus each year, providing students with excellent opportunities to meet prospective employers, graduate school representatives, and volunteer organizations.

Events and workshops are offered on vocational preparation, resume assistance, cover letters, interviewing, networking, and other relevant topics. On and off-campus jobs and internships are listed on the Career Services website, <http://career.vanguard.edu/>. Career counseling appointments can be scheduled by calling (714) 619-6474, emailing careerservices@vanguard.edu, or visiting our office located at 131 Smith Hall. Walk-in assistance is available.

Learning Disabilities

Students with documented learning disabilities who choose to request accommodations should contact Barbi Rouse in the Learning Assistance Office located on the second floor of Scott Academic Center (ext.6478). Each semester an

educational plan will be updated to provide the appropriate support services including reasonable accommodations.

Physical and Psychological Disabilities

Students with documented disabilities or emergency medical or family circumstances are encouraged to contact the Coordinator of Disability Services to determine what reasonable accommodations may be provided for the student who is experiencing short- or long-term disabilities. The Coordinator of Disability Services can be reached at (714) 619-6483 or disability.coord@vanguard.edu. The Disability Services office is located on the second floor of the Scott Academic Center. Additionally, the Disability Services Student Handbook can be found on the Vanguard University website at <http://studentlife.vanguard.edu/disability-services/>.

Tutorial Services

Students may request peer tutoring through the Tutorial Office located on the second floor of Scott Academic Center (ext. 6479). Tutoring is course specific, and peer tutors provide study support in most CORE required courses and is free of charge. Additional tutorial assistance in preparing and editing written assignments and research papers is available through the Writing Center located on the second floor of the Heath Academic Center.

The Counseling Center

Professional Christian counseling services are provided through the Counseling Center. The Counseling Center is supervised by a licensed Marriage and Family Therapist, and students can make confidential appointments to discuss their spiritual, personal, and emotional concerns. This service is provided for each student free of charge. The Counseling Center is Located on the 2nd floor of the Scott Academic Center.

Food Services

Meals are served regularly in the Café for all students. Resident students may elect to participate in various board plans. Individual meals may be purchased by off-campus students. Flex dollars maybe added to the meal plan at the Cashier in the

Office of Accounting Operations. Any exceptions to food service requirements must be petitioned through the Disability Services Offices.

Student Automobiles

VU requires all vehicles on campus to have a parking permit. To receive a parking permit you must register your vehicle with Campus Public Safety. Vehicle registration is to be completed online via the Campus Public Safety web page at <http://services.vanguard.edu/campus-safety/>. Once processed you will receive an email confirming your request is completed and to retrieve your permit at the Campus Public Safety Office located in Needham Chapel complex. Students must have adequate current public liability and property damage insurance in order to operate an automobile on the campus. Failure to properly register your vehicle will result in fines.

ID Card

A VU student ID Card is required for use of university services such as the library, dorms, and computer labs. There is a \$25.00 fee to replace the card if it is lost. The newest style of ID card cannot be hole punched. We have clear cardholders if needed. Please see the Information Technology Department at the time of registration to obtain this card.

UNDERGRADUATE STUDENT LIFE

Student Learning and Development

The Department of Student Affairs exists to cultivate a community of authentic relationships and diverse learning environments that facilitate the holistic growth of each student towards Christ-likeness. Programs and services are designed to create a seamless learning environment so that learning is supported both in and out of the classroom. Because the University believes that personal development and education go hand in hand, a program of student development is maintained to assist students in all areas of personal growth, including their adjustment to university life.

Student Housing

The University provides comfortable accommodations for traditional undergraduate students in a home-like atmosphere at a reasonable cost. Residence facilities are maintained both on and off campus and can accommodate single and married students in a variety of settings, including traditional and apartment housing. The Residence Life Program is supervised by the Director of Residence Life, and each residence facility is under the supervision of a professional Residence Director or Resident Coordinator. The residence staff also includes Resident Assistants who are spiritually and emotionally mature students living and working in each facility to help create community among the residents.

Because Vanguard University is primarily a residential University, all single freshman and sophomore students less than 21 years of age are required to live in university-owned housing unless they are residing with a parent or legal guardian. Additionally, on and off campus students are not permitted to live with members of the opposite sex other than their spouse. On campus residence facility rooms are furnished. However, students should provide linens, towels, blankets, a pillow, and a bedspread. Residence rooms are designed for double, triple, or quadruple occupancy.

The University reserves the right to hold periodic room inspections of the residence areas without advance notice. Further, the residence areas are normally closed during vacation periods, with the exception of the off campus apartments, and the right of occupancy does not include these periods. Additional information regarding Residence Life is located in the *Student Handbook* or online at <http://studentlife.vanguard.edu/student-handbook/>.

Eligibility to Participate

Broad participation is encouraged in the many student activities Vanguard University provides. Eligibility to participate in all co-curricular activities is determined in part by the student's educational record.

Spiritual Formation: Chapel

The emphasis on the spiritual dimension of one's life is a key distinctive of the Vanguard University experience. The Spiritual Formation Department promotes processes and activities to assist students in their discipleship and development as a follower of Jesus Christ. Spiritual Formation department activities include Chapel Services, Bible studies, worship experiences, and special events in partnership with VU departments and outside Christian organizations.

Students meet regularly in Chapel services during the day and evening which afford many challenging opportunities for spiritual growth. Chapel attendance is recorded, and students should consult the Student Handbook for details with regard to absences due to illness, work obligations, or Disability Accommodations. Insufficient Spiritual Formation credits will lead to disciplinary action.

Students are encouraged to invest and serve with a local church of their choice and attend services regularly. Students are also encouraged to develop a life of devotion and pursuit of God through practicing spiritual disciplines, engaging in support or accountability groups and serving others in the local community or around the world.

Spiritual Formation: Local and Global Outreach

The Spiritual Formation Department also encourages the Vanguard community to deeply value and pursue a life of faith in action around the world through Local and Global Outreach. Students are invited, regardless of vocation or major, to share the good news and take care of those in need. Both local and global opportunities for Christian service include on-campus ministry groups, work in local churches, service in the local community, and partnerships with missionaries all around the globe. The hope is that each student will participate in some form of ministry during their experience at VU.

Student Government and Programming

Vanguard University endorses and practices self-government by students. The Student Government Association (SGA) works within the larger context of the University community, its values, and objectives. Specifically, student government

is a means to promote spiritual and academic vitality and growth. The SGA serves as a liaison between students, administration, and faculty, providing a means for discussion and solution of student issues. The Student Senate and Programming Board is a part of the SGA and advised by the Director of Leadership Development and reports to the Dean of Student Life.

The Programming Board is an organization designed to promote various student activities. Board membership represents the several departments of student activity. The Programming Board plans and promotes student activities, publishes a monthly calendar, provides leadership training opportunities, and encourages a healthy, active student culture.

All members of the student body are members of their respective class organizations. Each class organizes, elects its own officers, and functions under the direction of the SGA. In addition to these, there are many co-curricular organizations, activities on campus, and numerous student clubs. For information about student club formation contact the Director of Leadership Development at ext. 5253.

Student Publications

The Sojourn is the student body yearbook and is a pictorial account of the University during the academic year. Students interested in layout, photography, and writing are encouraged to assist in the publication of the yearbook. Sojourn is a part of the department of Student Life.

The Vanguard Voice is a student publication of campus news and information of interest to the University community. Students who are interested in journalism and are enrolling for the journalism course are afforded excellent opportunities for development by joining the newspaper staff. The Vanguard Voice is a part of the Communications department in Academic Affairs.

Intramural Sports

In addition to the sports sponsored by the Intercollegiate Athletic Department, the intramural program provides opportunities for men and women to participate in

various activities to help promote a healthy lifestyle and enjoy friendly competition while fellowshiping with fellow students. The following sports have been sponsored in the past for intramurals: flag football, basketball, volleyball, and softball. For more information on intramural sports, please contact the Intramural Office at ext. 6615.

Theatre Arts

Vanguard's NAST-accredited Theatre Arts Department produces five mainstage shows plus a Senior Showcase by our graduating seniors each year. Majors are also involved as actors and writers for VU's annual Ten Playwriting Showcase and perform coffee house productions in The Cove. The American Coast Theater Company operates in the Summer on-campus as VU's resident professional theatre company, offering professional internships to our students. Majors are offered in Theatre Arts with concentrations in Musical Theatre, Performance/Directing, or Design/Technical; you can pursue a Liberal Arts degree with an emphasis in Theatre Arts. A Theatre minor is also available.

Forensics (Speech and Debate)

Vanguard University participates in state and national forensic competition. Each year students have qualified for the national tournament. Students may compete in the categories of parliamentary debate, expository speaking, impromptu speaking, extemporaneous speaking, oral interpretation, drama interpretation, poetry interpretation, prose interpretation, communication analysis, persuasive speaking, and other related events.

Musical Organizations and Events

The Music Department at Vanguard University sponsors many musical organizations on campus including the University Concert Choir, University Women's Chorus, Vanguard Singer's and Band, University Orchestra, Jazz Ensemble, Guitar Ensemble, and Barbershop and Beautyshop Quartets. Most of these performing ensembles represent the university at churches, schools, conferences, and conventions; travel on out-of-state and international tours; and make professional recordings. Recent tours and opportunities have included Carnegie Hall and Lincoln Center in New York City, Europe, and China.

Membership in these musical ministry organizations is open to all undergraduate and graduate students by audition and interview.

The Department also presents two major concerts each year—at Christmas and in the Spring semester. Various musical groups on campus participate in these two presentations. Concerts, recitals, and special events are offered regularly on campus by faculty, students, and guest artists.

Student Life and Responsibility of Membership

Vanguard University is a Christian academic community that encourages individual integrity and responsibility in accordance with biblical Christianity and its social and ethical implications. University objectives assume that a member of the community is both committed to the Lord Jesus Christ and to the development of Christian character and lifestyle. Membership of this community is contingent upon the student complying with the community standards promulgated in the Student Handbook. The student, by virtue of enrollment, agrees to accept the responsibilities of membership in the University community as specified in the Student Handbook.

Biblically Speaking

Our goal is to understand and interpret every aspect of life in the VU community from a biblical point of view. To love God with our whole being and to love our neighbor as ourselves are foundational principles of the Lordship of Christ practiced by every responsible VU member.

Responsible Freedom

VU recognizes that while the Scriptures do not provide specific teaching regarding all social and moral practices, they do advocate self-restraint in that which is harmful or offensive to others. Therefore, all members of the community need to exercise their freedom responsibly in relationship to the various communities of which we are a part, and with loving regard for the sensitivities of others.

Loving Involvement

Love not only means understanding and supporting one another, but it also requires a willingness to confront others whose behavior is harmful to themselves and to the community. Love, in both regards, provides the environment of positive influence conducive to learning and to the energizing presence of the Spirit of the Lord.

Rules, Restraints, and Responsibilities

The University has chosen to call for obedience to moral law as taught in the Old and New Testaments and exemplified in the life of Christ. Also, certain prudential rules which contribute to the environment appropriate to the University's aims and goals are required of community members. The responsibilities that membership at Vanguard University entails are:

1. to love God and all members of the VU community;
2. to practice righteousness and justice in dealing with one another, to help those in need, and to seek reconciliation when personal differences arise (Micah 6:8, Matt. 18:12-17);
3. to fulfill one's potential for spiritual growth by active, regular participation in worship opportunities within the community;
4. to be willing to confront, in love, a fellow student whose lifestyle conflicts with that of the expectations of the community;
5. to accept the responsibility of the Great Commission (Matt. 28:19-20) by participating in the outreach ministries of the community;
6. to develop conscientiously one's academic potential;
7. to disassociate from practices known to be morally wrong by biblical standards, such as drunkenness, gluttony, stealing, slanderous or profane language, all forms of dishonesty, occult practices, and sexual sins (lust, premarital sex, adultery, homosexuality, etc.);
8. to guard against attitudes such as greed, jealousy, pride, bitterness, needless anger, an unforgiving spirit, harmful discrimination and prejudice such as that based on race, sex or socioeconomic status;

9. to refrain from gambling, the possession or use of alcoholic beverages, all forms of tobacco, non-prescription narcotics or hallucinogenic drugs (including medical marijuana);
10. to practice discretion and restraint in the choice of television programs, music, movies, theater, social dancing, printed matter, electronic media (including the Internet) and other public programs; as well as organizations with which one associates;
11. to use the Lord's Day for worship, rest, Christian fellowship, and service; and
12. to become familiar with the contents of the Student Handbook, and to abide by the academic, social, and spiritual responsibilities of the members of the University community.

Voluntary Commitment

These rules apply to the student while he or she is enrolled in a University program or residing in University-approved housing. Each student is expected to exercise restraint in these matters even when he or she is not under direct University jurisdiction. This policy means that these rules apply for the whole academic year, from the beginning of the Fall semester until the completion of the Spring semester, including all vacation periods and apply to conduct both on and off-campus. The same expectations apply for all Summer programs.

It is expected that each individual who voluntarily joins the Christian academic community of Vanguard University will, with God's help, deepen one's spiritual commitment and understanding, develop moral character, develop one's intellectual and creative abilities, and participate constructively in the life of the University.

Dress

In conformity with the best collegiate Christian standards, all students are expected to dress modestly and in good taste. To accomplish this, extremes in style should be avoided.

Social Life

The University believes that a coeducational institution provides the most satisfactory atmosphere for an educational experience. Conduct at all social gatherings is expected to meet the highest Christian standards. Social activities under the supervision of Student Life are planned to give the students a well-rounded social life in keeping with these high standards.

Student Handbook

A copy of the Student Handbook of campus and resident guidelines is available on-line at <http://studentlife.vanguard.edu/student-handbook/>. Students are expected to be familiar with its contents and to conduct themselves in accordance with its provisions. The university reserves the right to make changes and periodic updates to the handbook at any time.

Definition of Degree Nomenclature

Degree: the degree and level (e.g., B.A., B.S.).

Major: the academic field of specialized study offered by an undergraduate academic department; a major has an evaluation check sheet, appears on the academic transcript and on the diploma (e.g., Communication).

Concentration: a curriculum that concentrates on a particular recognized field of study within a major; a concentration has an evaluation check sheet, and appears on the academic transcript, but not on the diploma (e.g., Religion: Biblical Studies).

Emphasis: a curriculum that emphasizes a limited number of distinct courses within a major but which are not sufficient in depth or scope to qualify as a specialized concentration in an academic field of study; an emphasis may have no evaluation check sheet and does not appear on the academic transcript or on the diploma (e.g., Liberal Studies: Sociology).

Course Numbering

Course numbers are assigned as follows:

- 90-99: Considered college preparatory and are not accepted toward Bachelor degrees.

- 100-199: Freshman level – lower division
 200-299: Sophomore level – lower division (Freshmen are admitted to this level of courses provided prerequisites have been met.)
 300-499: Upper division (Sophomores who have their advisor's consent and have met prescribed prerequisites are admitted to this level.)
 500-599: Graduate level (These courses may also be offered at the undergraduate level for qualified students.)
 600-799: Graduate level only
 1000+: Professional Development (not degree applicable)

Enrollment Status Definitions

- Full-time: Undergraduate – 12 units
 Graduate – 9 units
 Professional Development – 12 units
- Half-time: Undergraduate – 6 units
 Graduate – 5 units
 Professional Development – 6 units

ACADEMIC SERVICES

The Office of Learning Assistance

Barbi Rouse, Director

MISSION: At Vanguard University, the Office of Learning Assistance offers help and encouragement to students at all achievement levels as they pursue their educational goals at Vanguard. Whether a student needs academic advising in choosing a major course of study, or finding out how to reduce test taking anxiety, or receiving study support from a peer tutor, the Office of Learning Assistance is a place where students can come and find help in a comfortable, accepting, and nurturing environment. As well, students with a documented learning disability are welcome to request academic adjustments through the Office of Learning Assistance. Foremost is the goal to facilitate God's calling upon the lives of students at Vanguard University as they face the challenges of academic life.

Learning Assistance Services Provided:

CORE 101, College Learning Concepts

Semester-long college success course emphasizing learning and life skills; a Cornerstone course.

Undeclared Majors

Academic and Registration advising for students deciding on a major.

Academic Counseling

For students choosing a major.

For students with a documented learning disability.

The O. Cope Budge Library

Alison I. English, Ph.D., Professor and Head Librarian

MISSION: The O. Cope Budge Library acquires, manages, and promotes the use of information resources in a user-centered environment. The library links students, faculty, and staff to an increasingly global body of knowledge. The Library Faculty promote personal enrichment, foster multicultural appreciation, stimulate critical thinking, and encourage lifelong learning. Through its personnel, resources, and services, the library supports the educational targets, goals, and curriculum of Vanguard University.

Faculty Librarians teach approximately 90 bibliographic instruction classes annually. They not only explain how to use the online and hardcopy resources in Vanguard's library, but also teach students how to create effective search strategies and to evaluate the online information that the searches produce. They specifically target each professor's course requirements and design class procedures so that they undergird the focus of each course. Many of the bibliographic instruction classes are integrated into the Core Curriculum, beginning with the Cornerstone course and ending with different academic Capstone courses. The library subscribes to approximately 100 databases, which provide full-text access to 30,146 online journals, as well as numerous monographic resources. The Library Web Page, developed by Associate Professor/Librarian Mary Wilson and renovated by Assistant Professor/Digital Initiatives Librarian Sonya True, is the syllabus.

The library was constructed in 1963 to house a growing collection of education resource literature. The collection presently consists of more than 200,000 volumes and includes some 275 print periodical titles and approximately 80,000 electronic books attached to VANCAT, the library's book catalog. The library houses a specialized Pentecostal Collection, a Rare Book Collection, a Women's Studies Collection, a Nursing Collection, the Margarita Lima Spanish Collection, the Morris Pike Drama Collection, and the Helenclaire Lowe Collection of choral music. Also included in the library holdings are music CDs, microforms, DVDs and videos. The Vanguard University Archives are housed in the Library and

overseen by Associate Professor/Librarian Pam Crenshaw, who is a Certified Archivist.

In addition, some 15 local public libraries, university libraries, and community college libraries are within a 15-mile radius of Vanguard University and are available for student usage, usually with the acquisition of a library card.

The Writing Center

Karen Lee, Ph.D. Director

MISSION: The Writing Center exists to serve Vanguard University's student writers across the curriculum on the undergraduate and graduate levels by providing informed reading and feedback as well as instruction for specific writing weaknesses. Committed to integrating faith and learning in a culturally diverse, Christ-centered collaborative environment, the Writing Center endeavors to assist students with improving their writing skills in concert with their critical command of content and rhetorical structure.

The Writing Center provides knowledge of current writing instruction methodology for the student consultation staff. The Writing Center endeavors to develop technology-enhanced learning structures that reflect various pedagogical sources in the fields of writing and writing instruction. It is the goal of the Writing Center to assist student writers in producing clear and thoughtful prose; further, the Writing Center fosters interpersonal and instructional skills with Christian spiritual development through a ministry focus in the student staff members.

Located on the second floor of the Heath Academic Center, the Writing Center houses a specialized library of contemporary literature and reference books for the edification of the Vanguard community.

Intercollegiate Athletics

Robert Wilson, Athletic Director

MISSION: The Intercollegiate Athletic Program is dedicated to the holistic growth and development of all student athletes, teaching them to lead Christ-centered lives on and off the field of competition. The program encourages a high standard of academic and athletic excellence that embraces character building. Along with the specific-sports instruction, the department seeks significance by providing the student athlete with the knowledge to impact his/her world through a lifetime of service to Christ.

Vanguard University participates in intercollegiate athletic programs that include competition in thirteen sports. Women's sports include: soccer, tennis, track and field, cross-country, basketball, softball and volleyball. Men's sports include: soccer, tennis, track and field, cross-country, basketball and baseball. The Athletic Department is affiliated with the Golden State Athletic Conference (GSAC) and the National Association of Intercollegiate Athletics (NAIA).

The Vanguard University Athletic Department is one of the Champions of Character Program Centers endorsed by the NAIA. The program center is founded on the five core values of respect, responsibility, integrity, servant leadership and sportsmanship. One goal of the program center is to provide application models for coaches, student athletes, fans, parents, and game officials: application models that can be taught in practice and modeled in competition. These models enable coaches and athletic personnel to intentionally teach and build teams of character.

Vanguard University has coaches that are certified Champions of Character instructors plus student athletes trained, engaged, and equipped to provide character base presentations for any school, team, youth organization, or business organization in the community.

Information Technology

Derek Densberger, Chief Information Officer

MISSION: The Information Technology (IT) department is a service-oriented office dedicated to providing technical resources and assistance to the VU community. The IT department impacts the future growth and progress of the institution by maintaining and upgrading current technological resources as well as introducing new technology and training to advance learning, instruction, and productivity.

The IT Department maintains a sophisticated campus network infrastructure with a gigabit fiber optic backbone and wireless capability throughout the resident and non-resident areas of the campus. All dorm rooms are equipped with two data ports (additional ethernet switch for additional ports are available for check out in the IT department —ROUTERS AND WIRELESS ROUTERS ARE NOT PERMITTED). In order for students to access the VU network from their dorm room, they must provide their own personal computer, including a professionally installed Ethernet card and CAT5 Ethernet cable. Detailed packets with instructions outlining how to configure personal systems to connect to the VU network are provided.

The campus phone system is also maintained by the IT Department. With the growing use of cell phones, most students do not want a room phone. For this reason, phones are not provided to each dorm room, but on campus security phones are provided on each floor.

Every student will receive a login to the campus network. VU E-mail address will also be issued to each student. By enrolling at Vanguard, students agree to be bound by the IT “Acceptable Use Policy” and “Student Guidelines for Computer Usage” as outlined in the Student Handbook. Failure to comply with these standards may result in the loss of campus network computing privileges. Serious cases of misuse will be investigated by the IT Department and turned over to the Dean of Students for further action.

Students who have questions or need assistance with any of the above items may contact the IT Help Desk at (714) 619-6500 or by e-mail at HelpDesk@vanguard.edu. Additional information, updates, and instructions are available on the Vanguard IT Website at <http://it.vanguard.edu/>.

ACADEMIC POLICIES

Office of the Registrar

Judy K. Hamilton, M.A., Registrar

MISSION: The Office of the Registrar provides quality service to the Vanguard community and supports the university mission through implementing academic policy, providing precise reporting, and maintaining accurate academic and institutional records.

The following academic policies are specific to the traditional undergraduate programs of the University. For graduate programs admissions information, see the Graduate Studies catalog section; for Early Childhood Education Programs and degree completion information, see the School for Professional Studies catalog section.

Academic Calendar

Vanguard University operates on a two-semester academic calendar system.

Fall Semester—The semester normally is scheduled from late August to the Christmas Holiday. A normal load for this session is twelve to eighteen units.

Spring Semester—The semester normally is scheduled from early January to early May. A normal load for this session is twelve to eighteen units.

Summer Sessions—The Summer term, which normally is scheduled from mid-May through early July, is generally divided into three sessions.

Credit Hour Policy

A semester credit hour is defined as the quantity of work represented in intended learning outcomes and verified by evidence of student achievement that reasonably approximates the amount of work required by one hour (minimum 50 minutes) of classroom or direct faculty instruction and a minimum of two hours

out-of-class student work each week for approximately fifteen weeks or one semester, or an equivalent quantity of work over a term of different length (intensive, accelerated, online courses, etc.).

An equivalent quantity of work may also be achieved by other academic activities established by the University, including internships, laboratory work, practica, studio work, and any other academic work leading to the award of credit hours. With regard to clinical or laboratory hours, the appropriateness of a clinical hour may be based on each program's specialty accreditation agency criteria, within the context of program and institutional learning outcomes.

This is in line with the Department of Education's Policy #600.2.

Registration

Registration dates are specified on the calendar at the beginning of this catalog. A student may register for a course or courses after the cutoff date given, but for no more than the number of units equal to the number of full weeks remaining in the semester (including the week of final examinations), and with the permission of the instructor(s) involved and Dean of the College.

Students will receive credit only for those courses in which they are formally registered. No registration is complete until tuition and fees have been paid or a satisfactory arrangement has been made with the Office of Accounting Operations. Late fees may be charged to students who do not complete the registration process prior to the published deadlines.

Students may not receive credit for concurrent enrollment at any other institution without prior approval by the Registrar. Further, the University reserves the right to cancel any scheduled course in which the enrollment is less than ten.

Student Academic Load in the College

A normal academic load is from twelve to eighteen units per semester. Students taking less than twelve units are considered part-time. Students who are employed for more than three hours of work daily may find that twelve units is a sufficient

load. Students contemplating participation in Commencement with provisional honors should consider carefully the paragraph on “Honors” that appears later in this section.

Students who wish to register for more than eighteen units must have a cumulative “B” average and must secure advance written approval from the Department Chair of their major. Ideally, a student should budget two hours of preparation for each class hour.

The following persons must maintain twelve or more units per semester: international students possessing a student visa (F-1 status), Social Security dependents, students receiving Cal Grants, students who participate in intercollegiate athletics, and students whose extra-curricular programs dictate.

Special Class Enrollment Options

Conference Courses—Junior or Senior students, who for good reason cannot enroll in a listed catalog course when it is regularly scheduled, may request to take a conference course. To have a conference course approved, a student must (1) receive permission from the instructor offering the course, the appropriate department Chair, and the Registrar’s Office; and (2) pay a fee in addition to the regular tuition. No more than four conference courses may be credited toward graduation.

Individual Studies Courses—Junior or Senior students with at least a 3.0 grade point average may pursue specifically designed courses of individualized study within their major for up to three units per semester and for a total of twelve units applicable to graduation. Such courses are initiated by the student, who must secure an appropriate sponsoring faculty member to supervise and evaluate the project. A written prospectus of the nature of the proposed study, its objectives, resources, procedures, requirements, and basis for evaluation—as devised by the instructor or by the student in consultation with the instructor—must be submitted to the appropriate department Chair and Registrar’s Office for approval. Individual studies carry an additional fee beyond regular tuition.

Pass/Fail Courses—Outstanding seniors and juniors may enroll for one course each semester on a Pass/Fail basis. A maximum of two courses taken on a Pass/Fail basis may be credited toward graduation. The request for such a grade must be made at the time of registration. These courses may not be used to meet core, major, or professional requirements with one exception: With the permission of the Provost, seniors maintaining a GPA of at least 3.25 may use an upper division course to meet a core curriculum requirement. A grade of “C” must be earned in order to be granted a “Pass” grade for the course. A grade of “C-” or below will result in an “F” grade recorded on the transcript. A grade of “P” does not affect the grade point average, but a grade of “F” does. If an “A” grade is earned, it will be recorded on the transcript.

Residence Courses—Residence courses are those taken during regularly scheduled sessions on the VU campus as distinct from extension, online, or other special courses.

Cross-Registration Between Traditional Degree Programs and Degree Programs in the School for Professional Studies (SPS)

Students enrolled in the traditional college may enroll concurrently in classes in SPS Degree Programs according to the following criteria:

1. Students are considered on a case by case basis and will be assessed as to fit for the SPS program.
2. Students must obtain “cross-registration” approval from the Associate Director of the School for Professional Studies, their Academic Advisor, the Undergraduate Dean of the College, and the Office of Accounting Operations. Approval may be granted in highly unusual circumstances, such as a course is needed by a senior level student for graduation in his/her final semester.
3. Students must possess a cumulative GPA of 3.0 or higher and have at least 88 cumulative units (i.e., senior status) to be eligible to take both Major and general education courses. Students who have not achieved senior status may request to cross-register, however, they must have a minimum cumulative GPA of 3.33*.
4. Students may not “cross-register” for more than six cumulative units*.

5. Students will be enrolled in SPS Degree Programs as “students at large” (not eligible for Financial Aid).
6. Students will pay the prevailing SPS Degree Programs tuition rate.
7. Students wishing to cross-register in SPS Degree Programs should request a cross-registration application form from the SPS Office.

**Students receiving veteran’s benefits are exempted from GPA, class level, and maximum units allowed requirements. See numbers 3 and 4 above.*

SPS Degree Program students at VU may enroll concurrently in classes in VU’s traditional college according to the following criteria:

1. Students are considered on a case by case basis.
2. Students must obtain “cross-registration” approval by the Undergraduate Dean of the College.
3. Students will be enrolled in the College as “students at large” (not eligible for Financial Aid).
4. Students will pay the prevailing traditional undergraduate tuition rate.
5. Students wishing to cross-register in traditional coursework should request a cross-registration application form from the Undergraduate Admissions Office.

Study Abroad Courses

Academic credit for college-sponsored study trips conforms to WASC guidelines. One unit hour is granted for each week of study, with an additional unit hour possible if academically warranted. All college-sponsored study trips and semester abroad programs must be approved by the Undergraduate Studies Committee. Some academic departments restrict the number of unit hours earned from study trips which students may count toward their major.

Students should consult with their academic *advisor*, department chair, and study abroad personnel for counsel on either Vanguard or off-campus study abroad programs. Please see the "Off-Campus Study Programs" section of this Catalog for more detailed information on study abroad programs offered through VU. Students wishing to study abroad through an institution other than Vanguard should contact the Office of the Registrar for appropriate paperwork and approval.

Veterans Benefits

Vanguard University is approved for training of veterans and eligible persons under the provisions of Title 38, United States Code.

Upon acceptance into the University, individuals eligible for veterans benefits may apply for benefits through the Veterans Resource Center. Vanguard University is a full Yellow Ribbon Institution. The Yellow Ribbon application can be downloaded at the Veterans resource center homepage <http://veterans.vanguard.edu/>. In addition, the veteran must submit a certified copy of their separation papers (Form DD-214), along with their Certificate of Eligibility and any appropriate application form(s). For details, or to obtain a hard copy of the Yellow Ribbon application, please visit Vanguard University Veterans Resource Center.

Vanguard University recognizes and uses the ACE Guide to the Evaluation of Educational Experiences in the Armed Services in determining the value of learning acquired in military service, and awards credit for appropriate learning acquired in military service at levels consistent with ACE Guide recommendations when applicable to a servicemember's program. Veterans accepted into the College or the School for Professional Studies will be awarded one physical education unit (to a maximum of 8 units) for every six months of active service completed, provided an honorable discharge was received as indicated on Form DD-214. Vanguard University grants up to 30 units for certain types of military experience and educational training. The Veteran must provide an official Military Transcript to the Office of the Registrar, who on an individual basis, grants any additional units.

To claim full GI Education Benefits, it is the students’ responsibility to request certification with the Veterans Resource Center each semester. The student must indicate their semester’s enrollment on an Enrollment Status Form. To obtain a hard copy of the Enrollment Status Form, please visit Vanguard University Veterans Resource Center or <http://veterans.vanguard.edu/>.

Students receiving Veterans benefits will be put on Probation if their cumulative GPA drops below the graduation requirement for the program being attended as outlined below. Students who are placed on probation or fail to make academic progress towards graduation risk having their VA benefits denied or delayed.

- 2.00 (C average) The College
- 2.00 (C average) The School for Professional Studies
- 2.67 (B- average) M.T.S. degree in the Graduate Programs in Religion
- 3.00 (B average) M.A., M.S., or MSN degree in the Graduate programs

Probationary status will continue until the student has raised his/her cumulative GPA to the minimum requirement. An individual will have his/her veterans benefits terminated if he/she remains on Probation for two consecutive semesters.

Credit by Testing and Extension

Vanguard University grants a maximum of twenty-four units from Advanced Placement (AP), College Level Examination Program (CLEP), International Baccalaureate (I.B.), other testing organizations, or from non-VU extension and correspondence programs. VU grants credit to students who receive a grade of “3” or higher on tests administered in the AP program of the College Board unless otherwise indicated by the appropriate department. Credit for exams taken through CLEP will be awarded based on recommendations by CLEP and the appropriate department. Typically a minimum score of 50 is required. VU grants credit to students who receive a score of “4” or higher on the higher-level exams in the I.B. program. Work taken through any regionally accredited extension, online, or correspondence program may be recognized for fulfilling graduation requirements. Go to <http://registrar.vanguard.edu/undergraduate-transfer/> for more detailed information.

Change of Class Schedule

Students are responsible for the individual program they select upon registration. Changes may be made online during designated Online Registration time periods, and thereafter must be made by the filing of an add/drop form in the Office of the Registrar. A class dropped during the first four full weeks of the semester is not

entered on the transcript; however, one dropped subsequently up to the end of the eighth full week will appear on the transcript with a grade of “W.” Classes dropped after the eighth week will receive a grade of “WF” unless the professor, aware of extenuating circumstances beyond the control of the student, is willing to grant a “WP”; however, the student must be earning a minimum grade of “C” in the course to warrant a “WP.”

All classes added after the second full week of classes must be approved by the instructor and the Dean.

For those courses that are offered on an unusual calendar, withdrawals received in the Office of the Registrar during regular business hours prior to the end of the first quarter of the total number of class hour sessions offered in the course will have no entry made on the transcript; withdrawals received in the Office of the Registrar during regular business hours prior to the end of the second quarter of the total number of class hour sessions will receive a “W” on the transcript; withdrawals received in the Office of the Registrar during regular business hours prior to the last class hour session will receive a grade of “WF” unless the professor, aware of extenuating circumstances beyond the control of the student, is willing to grant a “WP.”

Leave of Absence Policy

The Leave of Absence Policy applies to those students who wish to leave Vanguard University for a semester to participate in a study abroad program, internship, practicum, or due to circumstances beyond their control need time off (i.e., sickness, care of ill parent, etc.). This policy does not apply to those students who wish to attend another institution, or simply take a semester off. Leave of Absences are typically for one semester, but may be given for up to one academic year. To qualify, students must be in good academic standing, and apply in advance of the time period they wish to be on leave-of-absence. This is not intended for students wishing to withdraw during the current semester. Applications for Leave-of-Absence may be picked up in the Office of the Registrar or downloaded from the VU website. A Leave of Absence fee may be required.

Medical/Compassionate Leave of Absence Policy

A medical/compassionate leave of absence request may be made in extraordinary cases in which serious illness or injury (medical) or other significant personal situation (compassionate) prevents a student from continuing his or her classes and incompletes or other arrangements with the instructors are not possible. Medical leave can be granted for up to two consecutive semesters due to documented physical or mental health difficulties. A request for a medical/compassionate leave of absence must be made with the Disability Service Office.

A student may request and be considered for a medical leave of absence when extraordinary circumstances such as a serious illness or injury prevent the student from continuing classes. The medical leave of absence policy covers both physical health and mental health difficulties.

A student may request and be considered for a compassion leave of absence when extraordinary reasons, not related to the student's personal physical or mental health (for example, care of a seriously ill parent, child or spouse, or a death in the student's immediate family) prevent the student from continuing in classes.

Students taking medical/compassionate leave of absence are not regarded as having permanently withdrawn from the University and need not apply for readmission through the Admissions Office; however, students must be approved for fitness to return to campus through the Disability Services Office.

Students will need to contact their own health insurance provider for details concerning the continuation of their insurance coverage.

Any student granted a medical/compassionate leave during the first eight weeks for the semester will be dropped from any classes that the student is enrolled in. If the medical leave is granted after 20% of the semester the student may, with faculty approval, receive an Incomplete for one or more courses. If an Incomplete is not deemed appropriate, a grade of "W" will be issued. No refund of charges will be made for courses in which an Incomplete is given. No credit is earned for any course in which a "W" is issued. Refunds, if any, will be granted based upon the University's refund policy.

Incomplete work must be made up no later than six calendar weeks following the last day of the term (or other academic session). If this is not done, a grade of "W" will automatically be assigned. Extensions to the six-week limitation are made only with the approval of the Dean of the College and may not exceed the last day of the following semester. See the Student Disability Services Handbook for additional information.

Withdrawal from the University

The University desires to establish a clear process for students who choose to withdraw from the University. In order to do so, the student must complete the following steps:

1. Schedule an exit interview with the Office of Student Success and Retention.
2. Upon completion of the exit interview, student must complete a Traditional Undergraduate Student Application for Withdrawal (provided at exit interview) which includes obtaining signatures from the following departments:
 - a. Office of Accounting Operations
 - b. Residence Life
 - c. Library.
 - d. Financial Aid
3. Once all signatures have been obtained and the Traditional Undergraduate Student Application for Withdrawal is complete, the student must return the application to the Office of the Registrar in order for it to be processed and the withdrawal processed completed.

Upon complying with this procedure, the student is then entitled to a refund in keeping with the refund policy found in the Financial Information section of this catalog.

Grading System

Grade	Significance	Grade Points
A	Exceptional	4.00
A-		3.67

B+		3.33
B	Good	3.00
B-		2.67
C+		2.33
C	Satisfactory	2.00
C-		1.67
D+		1.33
D	Poor	1.00
D-		0.67
F	Failure	0.00
W	Withdrawal	Not Applicable
WP	Withdrawal Passing	Not Applicable
WF	Withdrawal Failure	0.00
CR	Credit	Not Applicable
I	Incomplete	Not Applicable
P	Pass (Granted for "C" or higher)	Not Applicable
AU	Audit	Not Applicable

A grade point is a numerical value assigned to a letter grade. Each unit with a grade of "A" is assigned four grade points. Each unit with a grade of "B" is assigned three grade points, et cetera. Thus, for example, a three-unit course with a grade of B is assigned a total of nine grade points. A grade point average (GPA) is determined by dividing the total number of grade points by the number of units attempted for which grade points are assigned.

The term "current grade point average" refers to the GPA earned in the last session of enrollment. The term "cumulative grade point average," on the other hand, refers to the average of the total of grade points accumulated divided by the total of all units earned with letter grades. The cumulative GPA is calculated and then entered on the transcript of the student's academic record at the end of each session or semester. While courses are transferred from other colleges, grade point averages are determined only on the basis of courses completed at VU.

Incomplete Grades

Faculty may assign a grade of "I" (Incomplete) to students when they warrant additional time to complete coursework due to situations beyond their control (i.e. serious illness, accident, or death of a family member). They may only be awarded when the student's grade would have otherwise been an "F". Incomplete work must be made up no later than six calendar weeks following the last day of the term (or other academic session). If the work is not made up by this time a grade of "F" will automatically be assigned. Extensions to the six week limitation are made only with the approval of the Dean of the College. Instructors are under no obligation to assign an Incomplete grade or to administer a make-up exam.

Grade Change Policy

Grades submitted by faculty to the Office of the Registrar are considered final. Students who believe a grade was assigned in error must contact the instructor of the course to review their records. Submission of a grade change to the Office of the Registrar can be made by the faculty member no later than two semesters following the term in which the grade was originally assigned. Requests for exceptions to this policy must be made to the Provost. Instructors are under no obligation to accept late or additional work.

Grade Dispute Procedure

Students who wish to dispute a grade assigned by an instructor must file a petition with the Dean of the College. Both the student and instructor will have opportunity to present their case. The decision made by the Dean is considered final, however, either the student or the instructor may appeal the decision to the Provost.

Course Repeat Policy

Academic courses offered at VUSC are not repeatable unless specifically noted in the catalog. Those students who wish to retake a course due to a low or failing grade are permitted to register again for the same course during any given semester. All grades will appear on the student's permanent academic record (transcript). When a course is repeated, all grades will remain on the transcript,

but only the higher grade is computed in the grade point average. In the case that the grades are the same, only the most recent grade will be included in the G.P.A.

Class Attendance

Regular and punctual class attendance is expected and is essential to optimum academic achievement. Students in lower division classes are given an “F” for any course in which they have been absent more than one-fifth of the scheduled class meetings. Attendance requirements in upper division classes are established by each instructor.

Absences occasioned by participation in a college-approved activity (e.g. field trips, athletic contests) are governed by the following:

1. Students are responsible for initiating the process of makeup work. Work must be submitted when due whether or not the student is present.
2. Scheduled events (games, concerts, tournaments) constitute an excuse to miss class; however, practices do not.
3. Students should clear their class schedules with coaches or directors before registering for classes to minimize potential conflicts.
4. Missed classes for authorized events will count toward the one-fifth absence allowance. Student athletes and others affected by excused absences should be particularly careful not to miss other class sessions for unauthorized reasons.
5. Students shall not be penalized for missing class for authorized college activities by loss of attendance points. On the rare occasion it would be impossible to make up a missed class or lab; the student should miss the activity and not be penalized by the coach or director.

Class Standing

Class standing, which classifies students for both academic and social activities, is determined on the basis of the accumulated number of units applicable toward graduation at this college in keeping with the following chart:

Freshman	0-26
Sophomore	27-56
Junior	57-87
Senior	88 +

Academic Probation

“Academic probation” is a term used to designate a period of close academic supervision, generally including reduced allowable activities, imposed to improve unsatisfactory academic performance. Students on academic probation may not register for more than twelve units excluding physical activity courses during the probation period. Such students shall not hold a student body office and must curtail extracurricular work and activities as recommended by their faculty advisor. In certain cases, eligibility for participation in intercollegiate sports may be forfeited per action of the Athletic Committee.

A student’s official transcript may reflect academic probation following any full semester in which a student’s current or cumulative grade point average drops below a “C” average (2.0). This academic standing will remain on the transcript unless the student receives a change of grade prior to the end of the withdrawal period of the following semester.

Academic probation will continue for the student until the current and cumulative GPA’s are raised to 2.0.

Academic Disqualification

A student is academically disqualified when there are two consecutive semesters of current or cumulative GPA below “C” (2.0). Students academically disqualified are precluded from further enrollment. In certain situations (explained in the letter informing the student of disqualification) students may appeal for re-entry. Appeals begin with the Dean of the College.

Honors

The Academic Honors list, published at the end of each semester, honors all degree-seeking students with twelve or more units who have earned a GPA of 3.5 or above for that semester.

Students who have completed, by the end of the Fall semester, no less than 36 units (bearing letter grades) at Vanguard may be eligible to participate with provisional honors in the Commencement ceremonies ahead of actual completion

of all courses required for graduation. The deadline for having honors designated at the Commencement Ceremonies is the end of the Fall semester. Any grades and/or grade changes subsequently affecting the GPA will not be indicated for Commencement, but will be reflected in the honors posted with the degree on the transcript and diploma. Students official honors will be based upon their GPA at the completion of all coursework required for graduation and will be indicated on the permanent transcript and on the diploma. Students must complete a minimum of 45 units at Vanguard to have honors recorded on their transcript and diploma. Students who have maintained a cumulative GPA of 3.500—3.699 will graduate cum laude. Those achieving a GPA of 3.700—3.899 will graduate magna cum laude. The level of summa cum laude will apply to an average of 3.900 and above.

Student Honor Societies

Student honor societies exist to recognize superior academic performance, provide academic enrichment to the Vanguard community, and to provide opportunity for students to gain greater exposure to academic disciplines. Undergraduate students may be accepted into the University's chapter of the following honor societies:

Alpha Kappa Delta	Sociology
Lambda Alpha	Anthropology
Lambda Pi Eta	Communication
Phi Alpha Theta	History
Pi Sigma Alpha	Political Science
Psi Chi	Psychology
Sigma Beta Delta	Business
Sigma Tau Delta	English

Degree Requirements

Candidates for the Bachelor of Arts degree or the Bachelor of Science degree in the University's traditional undergraduate programs must meet the following requirements:

1. A minimum of 124 units and a cumulative grade point average of 2.0. A minimum of forty units must be upper division work, and twenty-four units must be taken in residence at VU.

2. A minimum of twenty-four of the last thirty units must be earned at VU. Veterans and active duty military are exempt from this requirement.
3. A major in a department must be completed as prescribed by the catalog. At least one-half of the major must be completed at VU.
4. A minor in a department or subject is optional. If a minor is not declared, a student will complete the required units for graduation by taking elective courses.
5. Students must complete the core curriculum program of fifty-two – fifty-four units.
6. An Application for Graduation must be filed in the Office of the Registrar. See "Application to Graduate" for more information.

Application to Graduate

Students nearing completion of all requirements for their degree must submit an Application for Graduation no later than the second week of the semester in which they intend to complete. The Application should be submitted to the department of their major who will then forward it on to the Office of the Registrar. A late fee may be assessed to Applications received after this time. The Application will be reviewed by the Office of the Registrar and the student will be notified of their clearance to graduate and participate in Commencement ceremonies. Traditional undergraduate students may only participate in Commencement ceremonies in May if they have no more than 4 units outstanding to complete their degree. These units must be completed in the Summer immediately following the Commencement ceremonies in which they participate.

Release of Student Records

A student may not receive any diploma, certificate, or transcript until all financial obligations have been satisfied in accordance with policies described under "Costs and Payment Policies." Any diplomas, certificates, or transcripts shall be retained by the University until all such obligations are satisfied. Release of any such student records prior to or subsequent to any default by the debtor shall not be considered a binding precedent or modification of this policy.

Students who have left the University without completing their degree may reactivate their academic file in order to ascertain those requirements that remain unfulfilled. They may do so by submitting a "Request to Reactivate Student Record" form to the Office of the Registrar. A fee will be due and payable at the time of the request if more than one academic year has passed since the date of last attendance at Vanguard. The file will be considered open for one calendar year from the time of reactivation.

A Second Bachelor's Degree

A second Bachelor's (Bachelor of Arts, Bachelor of Music, Bachelor of Science) degree may be awarded to a student who applies providing a minimum of thirty units beyond the units required for the first Bachelor's are achieved. Requirements for both degrees must be fully satisfied. No more than six units may be transferred, and no more than six units may be lower division. The second Bachelor's must be in a major significantly different from the first Bachelor's, and a minimum grade point average of 2.0 must be maintained. A second Bachelor's degree may be pursued concurrently with the first one providing no units are applied to both degrees, including the total number of units needed for the first degree (124). A student desiring to be considered for a second Bachelor's must be enrolled at VU in the final semester in which graduation requirements are to be met and an "Application for Graduation" must be submitted to the Office of the Registrar no later than the second week of the semester in which graduation is anticipated.

Students may complete a second major at VU and have the second major indicated on the transcript; however, only those students who have achieved a second Bachelor's degree will be awarded a second diploma and be permitted to participate in the commencement ceremonies for a second time.

Interdisciplinary Studies

The Liberal Studies major is an interdisciplinary program which provides an opportunity for students to seek a broad liberal arts education rather than to concentrate in a single academic discipline.

The Liberal Studies major is the approved academic program for those seeking a California Multiple/Single Subject Teaching Credential. Those students seeking a teaching credential should consult the Graduate Program in Education, Department of Liberal Studies, for specific requirements.

Declaring a Major

All students are urged to declare a major no later than the end of their third full semester of work. Students are aided in this determination by consulting with the appropriate department chair or the Dean. Formal declaration of a major or a change of major is made by filing a "Change or Declaration of Major" form in the Office of the Registrar.

Declaring a Minor

A minor consists on average of twenty units in a single subject area. Students cannot receive minors in the same department as their major. A student who desires to develop a departmental minor should consult the chair of the appropriate department. Minors are not formally declared in the Office of the Registrar until the student applies to graduate.

Appeals Procedure

A student seeking a variance from any stated academic policy should consult with the department of the course/policy in questions. Academic Policy Exception Request forms are available online or in the Office of the Registrar. The final appeal in all student academic matters is to the Provost, who serves as the chief academic officer of the university.

ACADEMIC INTEGRITY AND DISHONESTY POLICY

[Adapted (with permission: 6.13.2006) from the Westmont College Plagiarism Policy]

Vanguard University is a community of Christian scholars. When students join our college community, they are expected, as apprentice scholars, to search for truth with integrity and accuracy. This quest requires humility about our abilities, respect for the ideas of others, and originality in our thinking. Since Vanguard University is a Christian community, the integrity of our scholarship is rooted in the integrity of our faith. We seek to be followers of Christ in the classroom, in the library, and at the privacy of our computers.

Academic dishonesty is considered a serious breach of trust within the Vanguard community, as it both violates the regard for truth essential to genuine learning and Christian consistency, and disadvantages those students who do their work with integrity. It demonstrates a deep disrespect for fellow students, the faculty, the University, and one's own commitment to the integrity that should mark the life of the practicing Christian. Academic dishonesty may consist of **plagiarism**, **cheating**, or **falsification**.

I. PLAGIARISM

Students have a responsibility to understand plagiarism and to learn how to avoid it. They should refuse to allow fellow students "to borrow" or to use an assignment without proper citation, encourage fellow students to do their own work, and refrain from completing assignments for their fellow students. If a student helps another plagiarize in these or other ways, he or she is equally guilty of academic dishonesty.

A. Definitions

To plagiarize is to present someone else's work—his or her words, line of thought, or organizational structure—as our own. This occurs when sources are not cited

properly, or when permission is not obtained from the original author to use his or her work. By not acknowledging the sources that are used in our work, we are wrongfully taking material that is not our own. Plagiarism is thus an insidious and disruptive form of dishonesty. It violates relationships with known classmates and professors, and it violates the legal rights of people we may never meet. Another person's "work" can take many forms: printed or electronic copies of computer programs, musical compositions, drawings, paintings, oral presentations, papers, essays, articles or chapters, statistical data, tables or figures, etc. In short, *if any information that can be considered the intellectual property of another is used without acknowledging the original source properly, this is plagiarism.*

At Vanguard University, we define three levels of plagiarism:

1. **Minimal plagiarism** includes, but is not limited to, doing any of the following without attribution:
 - a. inserting verbatim phrases of 2-3 distinctive words;
 - b. substituting synonyms into the original sentence rather than rewriting the complete sentence;
 - c. reordering the clauses of a sentence;
 - d. imitating the sentence, paragraph, or organizational structure, or writing style of a source;
 - e. using a source's line of logic, thesis or ideas.
2. **Substantial plagiarism** includes, but is not limited to, doing any of the following without attribution:
 - a. inserting verbatim sentences or longer passages from a source;
 - b. combining paraphrasing with verbatim sentences to create a paragraph or more of text;
 - c. repeatedly and pervasively engaging in minimal plagiarism.
3. **Complete plagiarism** includes, but is not limited to, doing any of the following without attribution:
 - a. submitting or presenting someone's complete published or unpublished work (paper, article, or chapter);

- b. submitting another student's work for an assignment, with or without that person's knowledge or consent;
- c. using information from a file of old assignments;
- d. downloading a term paper from a web site;
- e. buying a term paper from a mail order company or web site;
- f. reusing or modifying previously submitted work (e.g., from another course) for a present assignment without obtaining prior approval from the instructors involved.

B. Consequences

Minimal plagiarism. When instances of minimal plagiarism are detected, the instructor can use these situations as an educational opportunity to discuss with the student the nature of plagiarism and the values of a scholarly, Christian community. At the professor's discretion, assignments may be rewritten and resubmitted, with or without a grade penalty. Repeated instances of minimal plagiarism may, at the professor's discretion, be treated as substantial plagiarism.

Substantial plagiarism. For a first offense, the student typically receives a failing grade on the assignment that has been plagiarized, and a Report of Academic Dishonesty is submitted to the Associate Provost/Dean of the College. For a second offense, the student typically receives a failing grade in the course, and a Report of Academic Dishonesty is submitted to the Associate Provost/Dean of the College. For a third offense, the student typically is recommended for expulsion from the University. The final appeal in all student academic matters is to the Provost, who serves as the chief academic officer of the University.

Complete plagiarism. For a first offense, the student typically receives a failing grade in the course, and a Report of Academic Dishonesty is submitted to the Associate Provost/Dean of the College. For a second offense, the student typically is recommended for expulsion from the University. The final appeal in all student academic matters is to the Provost, who serves as the chief academic officer of the University.

II. CHEATING

Cheating is obtaining or helping another to obtain credit for work accomplished by deceptive means. Cheating includes, but is not limited to:

- a. talking or communicating through signals with another student during a quiz or exam;
- b. using unauthorized materials such as electronic devices or cheat sheets to obtain information for a quiz or exam;
- c. copying or sharing information during a quiz or exam;
- d. taking, using, sharing or posting an exam or answers to a quiz or exam (before, during or after the quiz or exam);
- e. leaving during a quiz or exam in order to obtain information;
- f. claiming credit for work not accomplished personally;
- g. giving false data about the procedure used to take a quiz or exam or complete an assignment.

III. FALSIFICATION

Falsification is the alteration of information, documents, or other evidence in order to mislead. Examples of this form of academic dishonesty include but are not limited to:

- a. fabrication or falsification of data, analysis, citations or other information for assignments, exams, speeches or any other academic work;
- b. forgery or unauthorized alteration of official documents, credentials, or signatures;
- c. misrepresentation of one's academic accomplishments, experiences, credentials, or expertise;
- d. withholding information related to admission, transfer credits, disciplinary actions, financial aid, or academic status;
- e. submitting the same work in more than one class without the authorization of the instructors.

Consequences for cheating and falsification

1. If a student has been dishonest in any way in completing an academic assignment, the student typically receives a failing grade in the exercise and a Report of Academic Dishonesty is submitted to the Office of the Associate Provost/Dean of the College.
2. The above is understood to be a minimal degree of discipline. A faculty member may, if he or she has announced the policy, give the student an F in the course for any type of academic dishonesty.
3. A second violation or instance of dishonesty in the same or different course may result in expulsion from the university.
4. A student who feels that he or she has been unfairly accused or unjustly treated may appeal to an ad hoc committee comprised of the Associate Provost/Dean of the College, the Chair of the Department of the student's major, and an additional resident faculty member of the student's choosing. The final appeal in all student academic matters is to the Provost, who serves as the chief academic officer of the University.

DIVERSITY/MULTICULTURAL EXPOSURE COURSE REQUIREMENT

It is the desire of the University to increase student understanding of the world's diversity as an essential component of the educational process. Thus, the diversity/multicultural exposure course requirement in the curriculum aims to increase awareness of the richness and variety of contributions to society, culture, and knowledge. Diversity/multicultural exposure courses thus consider: (1) the concerns and contributions of women and people of diverse backgrounds (as defined by race, gender, ethnicity, physical ability, generation, religion, or national origins), and (2) a need for cooperation within a complex and increasingly interdependent global community. Furthermore, as a community of Christians, (3) equipping all students to demonstrate the Christian ethic of love by embracing reconciliation, promoting social justice, and carrying out transformative and redemptive actions in the name of Jesus Christ.

Learning Outcomes:

The university expects its students to excel in four diversity learning outcomes:

- **Knowledge:** Demonstrates knowledge of multiple cultural perspectives and global experiences by articulating the value of diversity through reports, presentations, examinations, field-work, and discipline-appropriate projects.
- **Self-Examination:** Examines one's own attitudes, values, and assumptions and examines their impact. Evaluates one's own attitudes, assumptions, and behavior towards diversity concerns and issues by recognizing, examining, and challenging underlying assumptions and prejudices through coursework such as self-reflective essays, reading responses, and journal entries, with the recognition that such work is a life-long endeavor.
- **Personal Engagement:** Engages others with civility, empathy, honesty and responsibility with awareness of equity issues such as power dynamics and social privilege in these interactions. Demonstrates respectful and appropriate behavior when interacting with people of different genders, generation, ethnicity, race, national origin, socioeconomic status, and ability by developing sensitivity to equity issues (such as power dynamics and social privilege) through field experience, research, and analytical reading and writing.
- **Social Engagement:** Challenges past, present and future discrimination and privilege of individuals, societies, groups and institutions. Identifies and begins to seek out transformative and redemptive opportunities in the church, in society, and in the evolving realities of global change through academic, co-curricular, internship, and vocational opportunities.

Broad Scope and Flexibility

The diversity/multicultural exposure requirement can be fulfilled with either:

- Three (3) units of Diversity Focused (DF) courses, or
- Twelve (12) units of Diversity Enhanced (DE) courses.

Diversity Focused (DF) courses are wholly centered on matters related to either gender, race, ethnicity, religion, lifestyle, and/or global perspectives. The subject

matter is identified in the syllabus as such, and the course title often reflects the content as “diversity focused.”

Diversity Enhanced (DE) courses devote at least one-quarter of their content and time to diversity topics.

The requirement guarantees that every student who takes at least one DF, or a series of DE courses, will have exposure(s) that promote(s) greater understanding of some aspect of the many cultural, gender, or other diversities which characterize the modern world.

The following are approved Diversity Focused (DF) courses:*

ANTH 102C	Introduction to Cultural Anthropology (3 units)
ANTH/HIST 317	Modern China (3 units)
ANTH/ICST 320	Social and Culture Cultural Change (3 units)

PSYC 352	Culture and Psychology (3 units)
SOC 333	Sociology of Women (3 units)
SPAN 330	Literature of Latin America (3 units)
SPAN 365	Curso Panorámico de Latinoamérica (3 units)

The following are approved Diversity Enhanced (DE) courses:*

ENGL 300C	Literary Perspectives (3 units)
ENGL 309	Survey of American Literature (3 units)
ICST 315	Globalization of Church Mission (3 units)
ICST 454	Principles and Methods of Intercultural Ministry (3 units)
KINE 231	Global Games and Recreation Activities (2 units)

*Some special topic or seminar courses (291, 292, 293, 470 and 490) may fulfill the diversity/multicultural exposure course requirement. Consult the Office of the Registrar regarding fulfillment of this requirement with other courses than those listed above.

OFF CAMPUS STUDY PROGRAMS

Vanguard University Programs

Vanguard University faculty-led off campus study opportunities include, but are not limited to, the following countries/regions:

- Costa Rica (VISA—Vanguard Intercultural Studies Abroad)
- El Salvador
- Italy (VU Italia)
- Nepal/India
- Vanguard Sundance Film Festival (Park City, Utah)

Affiliated Semester Programs

- Asia Pacific Student Abroad Initiative (Bangkok, Thailand)
- Heidelberg Semester Abroad Program (Heidelberg, Germany)

Additional Study Abroad Opportunities

In addition to the off-campus programs offered by Vanguard University and its affiliates, students can study abroad in programs offered by external organizations. Students should obtain a Study Abroad Packet from the Office of the Registrar and consult with their academic advisors to see how any program they are considering fits with their academic program.

THE CORE CURRICULUM

MISSION: The mission of the core curriculum is to provide an integrative four-year learning experience for all matriculants. The cornerstone course starting the freshman year lays out a framework for new students to help them understand the concept of a liberal arts education and the role of a Christian university in integrating faith and learning. Along with the senior capstone course, it provides a vehicle for pre- and post-testing to assess intellectual growth, value strengthening, and spiritual development. The capstone course stimulates a summative integration of the student's faith with the discipline's intellectual material. The core challenges students to examine and develop their beliefs and strengthen their intellectual skills. Its goal is that Vanguard graduates will bear a distinctive stamp reflective of their common experience.

Rationale for the Core Curriculum

The College is committed to a broad education in the liberal arts, an objective requiring study in a variety of academic disciplines that is fulfilled in part by its core curriculum in general education. The core curriculum is designed to fulfill the following student learning outcomes:

Student Learning Outcomes:

1. Integration of Faith and Learning: Understand and develop a biblical world view informed by a Pentecostal perspective, integrating faith with learning, as demonstrated through entrance and exit self reporting (in the first and last of required religion Core courses) and integrative essays.
2. Cultural Competency and Citizenship: Understand how to be an effective local, national and global citizen, expanding knowledge of and respect for diverse cultures, measured through entrance and exit attitudinal surveys, course work in diversity enriched and government courses, reflective essays on international educational experiences, local community service, and field research.
3. Communication: Develop effective, college-level-appropriate communication skills, focusing on writing in response to texts and on oral

presentations, as evidenced by the MAPP entrance and exit exam, and graded or panel-judged essays and oral presentations in the Core Curriculum and in academic majors.

4. Critical Thinking: Develop qualitative and quantitative critical thinking skills as measured by the MAPP entrance and exit exam and student coursework.
5. Holistic Living: Establish a holistic view of health and living as measured by nationally-normed surveys and the final exam in the required Lifetime Health and Fitness Core course and by other student coursework.
6. Information and Technology: Develop foundational technology skills that allow one to locate and evaluate the integrity of information, and to understand the ethical uses of information, as measured through the assessment of guided library projects, training sessions and exams on plagiarism, and research papers and projects.

By establishing links between different disciplines, relating the past to the present, and increasing awareness of contemporary challenges, the core curriculum classes should open new vistas for all students and encourage a lifelong pursuit of knowledge.

Core Curriculum Courses

Freshman Level

CORE 100C • Cornerstone (1 unit)

This course is open to Freshmen only. Introduction to university life and learning, and to the academic and social skills needed for success. May include social outings, community service component, and is to be taken in conjunction with an approved freshman-level course that will apply some of the course lessons. A failing grade must be made up prior to advancement to the Sophomore level.

CORE 101C • College Learning Concepts (3 units)

A survey of college-level learning resources and techniques designed to increase learning power. An emphasis is placed upon time management and organizational skills, reading comprehension, note taking, test taking, writing and library research, stress management, and career planning.

CORE 102C • Writing Intensive Cornerstone (3 units)

This course is open to Freshmen only. A writing-intensive introduction to university life and learning, and to the academic and social skills needed for success. Includes instruction in basic reading and writing skills with a diversity-rich curriculum, social outings, and a community service component. A failing grade must be made up prior to advancement to the Sophomore level. Students will be placed into this course with a 450 or lower SAT Verbal score or a 17 ACT score or lower. Students without SAT/ACT scores are required to take the First-Year Language Assessment during Orientation Week. This course must be taken prior to ENGL 120C, and both this course and ENGL 120C must be passed before a student can take ENGL 220C.

CORE 205 • Cornerstone Mentoring (1 unit)

Prerequisite: Consent of the instructor. Cornerstone Mentoring provides the student with the opportunity to assist freshmen students during their Cornerstone course in gaining academic and social skills. Regular hours each week for classes and/or meetings are established at the beginning of the semester. This course may be repeated with consent of the instructor.

ANTH 102C • Introduction to Cultural Anthropology (3 units)

The study of culture emphasizing culture's origins and processes. Concepts and theories about culture that apply to life in both developing and developed societies with the aim of solving human problems. Lab fee.

BUSN 165C • Business Statistics (3 units)

Prerequisite: BUSN 120. Emphasizes the use of statistics in making business decisions. Utilizes business cases to explore data collection and presentation, descriptive measures, probability, discrete and normal distributions, sampling, hypothesis testing, analysis of variance, chi square, regression, and correlation. Required for business majors. Satisfies the core curriculum math requirement.

ENGL 120C • Persuasive Writing (3 units)

Exposition and argument at the college level. The course emphasizes writing, revising and editing, reading, research skills, and mechanics. Course must be passed with a "C" (not "C-") or better to enroll in ENGL 220C. Students with a

Verbal SAT score of 570 or higher or an ACT score of 28 or higher may place out of this course into ENGL 220C.

KINE 145C • Lifetime Fitness and Wellness – Lecture/Lab (1 unit)

Students will gain an understanding of physical conditioning and wellness pertaining to the five components of health-related fitness. Students will develop an understanding of lifestyle related diseases and behavior modification techniques. In addition, there will be opportunities to participate in a variety of movement experiences and assessment laboratories related to fitness. It is recommended to take both lecture and activity within the same academic year.

KINE 146C • Lifetime Fitness and Wellness - Activity (1 unit)

Course may include any of the following topics: conditioning, exercise and nutrition, weight lifting, creative aerobics, badminton, beginning/intermediate tennis, racquetball, bowling, golf, bicycling, disk activities, volleyball, basketball, soccer, softball, baseball, beginning/advanced taekwondo, surfing, hip-hop/funk, swing dance, core strengthening, kickboxing or other special topics of physical activity. Activity course meets the core activity requirement. Activity course may also be repeated for elective credit. Lab fee for some courses.

HIST 156C • United States History (3 units)

A study of the United States from colonial times to the present, seeking to help the student develop an understanding of the growth of the institutions and culture of the nation, and gain insight into the similarities and differences of people of different times, classes, and ethnicity.

MATH 145C • Data Analysis (3 units)

Prerequisite: Two years of high school math (including algebra) or consent of the instructor. The use of mathematics as a thinking and problem-solving tool, emphasizing data interpretation, graphs, tables, statistical arguments, probability, statistics, and the use and misuse of numbers. Spreadsheet applications include variables, conditionals, and statistical functions. Students majoring in Mathematics are exempt from taking the core curriculum requirement in mathematics.

MATH 168C • Biostatistics (3 units)

Prerequisite: Two years of high school algebra. This course is designed to cover areas of statistics relevant to experimental scientific investigation including sampling theory, basic variance statistics, linear, non-linear and multiple regressions with a comparison of measures of best fit, and basic statistical hypothesis testing. Advanced topics of curve fitting via parameter optimization in three or more dimensions, weighted curve fitting, ANOVA, and factor analysis will be introduced. This course will use Microsoft Excel exclusively. Course content will meet the basic needs of both biology and mathematics students.

NT 101C • New Testament Survey (3 units)

Prerequisite to all upper division courses in New Testament. A close study of the New Testament text, examining the foundations of Christianity within its historical contexts, and presenting the principles and tools of interpretation.

POLS 155C • United States Government (3 units)

Designed to acquaint the student with the United States political system, including constitutional developments of the United States and of California, and stimulate reflection on the intersection of Christianity and citizenship.

PSYC 103C • General Psychology (3 units)

Prerequisite to all other psychology courses. This course explores the fundamental issues of psychology, including research in psychology, biological influences on development and behavior, learning and memory, motivation, personality, psychological disorders, psychological interventions, and social behavior.

SOC 100C • Introduction to Sociology (3 units)

An introduction to the study of society, considering the fundamental concepts of sociology in each of three great areas: social structure, social processes, and social problems. Sociology deals with the way individuals, groups, and institutions are related to one another.

THEO 101C • Foundations of Christian Life (3 units)

An introduction to Christian faith and life, embracing the primary theological tenets and fundamental values that empower a Christian to address contemporary

cultural issues, seek integrity in personal behavior, and respond to the great commission to reach the world.

THEO 103C • Introduction to Theology (3 units)

An introductory study of the subject matter and scope of Christian theology. Examination is made of philosophical presuppositions, definition is sought for theological terms, and articulation of theological concepts is encouraged. Particular attention is given to the doctrinal tenets of the Assemblies of God. Students majoring in Religion (any concentration) must take THEO 103C to fulfill the core curriculum requirement in theology.

Sophomore Level

ART 252C • History and Appreciation of Art (3 units)

A survey of painting, sculpture, and architecture beginning with the Renaissance and concluding with Modern Art. Illustrated lectures, reading, and study of current exhibitions. Field trip fee.

COMM 201C • Speech Composition and Presentation (3 units)

This course is designed to provide the student with a general working knowledge of the fundamentals of speech communication. General requirements for speech preparation, composition and presentation will be covered. A foundation will be established upon which further speech development may transpire. Lab fee.

ENGL 220C • Researched Writing (3 units)

Prerequisites: ENGL 120C and, when required, a passing grade in CORE 102C. Interpretive and analytic writing, including several problem-solving research-based papers investigating topics related to class themes. The course emphasizes writing, revising and editing, reading, analytical skills, and computer technology (word processing, Internet research) and reinforces those skills learned in ENGL 120C. Taught in the computer lab. Must be passed with a "C" (not "C-") or better to fulfill the core curriculum requirement. Students may receive credit for English 220C by taking research and writing courses offered by departments other than English that meet standards set and approved by the Core Curriculum Committee.

FINA 215C • Introduction to the Arts (3 units)

A study of the stylistic character, interrelationship and cultural significance of music, painting, sculpture, and architecture from antiquity to the present. A course fee covers the expense of field trips to art museums and concerts.

HIST 203C, 204C • World Civilizations I, II (3, 3 units)

Emphasizes the development of the basic ideas, institutions, individuals, and the outstanding cultural, economic, political, and social movements that have shaped humanity from ancient times. The course divides in 1648. Students may take either course to fulfill the core curriculum requirement.

MATH/PSYC/SOCS 265C • Introduction to Statistical Methods (3 units)

A course in basic statistical concepts and methods of collecting, summarizing, presenting, and interpreting data in the behavioral sciences, including descriptive statistics (use of graphs and charts), normal distribution curve, measures of central tendency, deviation and dispersion, hypothesis testing, statistical fallacies, correlation, and topics in probability. Students majoring in Anthropology, Psychology, or Sociology must take MATH/PSYC/SOCS 265C to fulfill the core curriculum requirement in mathematics. Students majoring in Mathematics are exempt from taking the core curriculum requirement in mathematics.

MUSC 202C • Introduction to Music (3 units)

A liberal arts course designed to develop a knowledge of music from the listener's point of view. Introduction to the materials and forms of music and the periods of music history. Music majors may not take this course to fulfill the Fine Arts Core Curriculum requirement. Lab fee.

MUJZ 355C • Jazz Music History (3 units)

A study of the evolution of American jazz music from its roots in Africa to the present day. Presents development of various musical styles, forms, improvisations, significant musical concepts and major figures from the past, present and future of jazz and commercial music. Includes an introduction to world music elements. This course satisfies the Core Curriculum Fine Arts requirement. Lab fee provides for concert tickets.

NSCI 210C • The Empirical World (3 units)

Prerequisite: Sophomore standing. Co-requisite: NSCI 210CL. A course in the natural and physical sciences emphasizing man's relationship to the physical world. Relevant topics from physics, chemistry, earth science, and biology will be explored. The course will focus on contemporary issues such as the ecological, economic and human health impacts of air and water pollution, global climate change, ozone depletion, hazardous and solid waste, alternative energy resources, soil, resource depletion, biotechnology, diet and food safety. Completion of accompanying lab (NSCI 210CL) is required to satisfy the core curriculum requirement in natural science.

NSCI 210CL • The Empirical World Laboratory (1 unit)

Prerequisite: Sophomore standing. Co-requisite: NSCI 210C. A laboratory course in the natural and physical sciences to accompany NSCI 210C emphasizing the process of problem solving using the scientific method. All laboratory experiences are under the direct supervision of the faculty and are designed to give the student hands-on experience in the study of our natural and physical environment. Where possible the laboratory experiments will be coordinated with the material being covered in lecture. The laboratory experience may include supervised field trips. Lab fee.

OT 201C • Old Testament Survey (3 units)

Prerequisite to all upper division courses in Old Testament. An introductory study of the literature of the Old Testament, with a view toward appreciation of its content and historical development, with emphasis on theological themes such as creation, election, and redemption.

THEA 200C • Introduction to the Theater (3 units)

An introduction to the study of theatre with focus on forms, genres, performance space, and the artistic principles of production, as well as the technical aspects. Selected readings, discussions, attendance at plays, and critiques of performances are required. Theatre majors may not take THEA 200C to fulfill the core curriculum requirement in fine arts.

Junior Level

ENGL 300C • Literary Perspectives (3 units)

Introduces the student to a variety of literary genres as well as diverse authors, cultures, and experiences. Students engage in classroom discussion, write papers, and take a variety of quizzes and exams. This course is designed for non-English majors and is not to be taken by English majors as a substitute for ENGL 240.

THEO 300C • Developing a Christian World View (3 units)

This course surveys the history of philosophical worldviews and life narratives as a background for understanding the challenges involved in developing a theology and ethic accountable to the biblical witness but contextual in a given culture. Theological currents leading to postmodernity will be explored through the lens provided by the questions and encounters that emerge from both western and non-western Christian perspectives.

Senior Level

CHIS 400C • Christian Heritage (3 units)

This course explores our Christian heritage, showing how the community of believers has evolved over time, from the timeless creeds developed in the early Christian era, to the split between Rome and Eastern Orthodoxy, to the Protestant Reformation and the proliferation of denominations down to the twentieth century. The recent period highlights the rise of Pentecostalism and its place in the past century, the increasingly global sweep of the Church, and the relative decline of the European role in Christianity. The last section deals with the challenges and prospects of the twenty-first century and the roles available to our students.

ENGL 433 • Survey of World Literature (3 units)

Prerequisite: ENGL 240 or consent of instructor. An examination of the contours of international literature, including classical Western mythology plus European, African, Asian, and Latin American literature from antiquity up to the present. This course fulfills the departmental requirement for world literature.

Capstone Course (variable units) (Prefix will reflect major field)

A capstone course within the major is to encourage active reflection on the undergraduate journey and solidify the integration of faith and learning. Includes the writing of an integrative personal philosophy paper and capstone assessments of academic achievement that, paired with cornerstone assessments, will provide tangible, measurable evidence of growth during the Vanguard years.

THE COLLEGE

Michael D. Wilson, Ph.D., Associate Provost and Dean of the College

The College offers undergraduate programs to traditional (residential and commuter) undergraduate students in classroom-based, on-line, and blended formats during a two-semester academic year and in Summer sessions. The College is committed to providing students with a broad education in the liberal arts—an objective requiring study in a variety of academic disciplines—and expertise in an academic major in the arts, communication, the humanities, mathematics, the sciences, or the social sciences. This education supports Vanguard University’s mission to pursue knowledge, cultivate character, deepen faith, and equip each student for a Spirit-empowered life of Christ-centered leadership and service. Emphasis is placed on the application of an academic discipline to an integrated Christian faith and life as it is lived in vocation, service, and graduate studies.

Majors housed in the College are:

- Accounting
- Biology
- Biochemistry
- Biological Sciences
- Business Administration
- Chemistry
- Communication
- Cultural Anthropology
- English
- General Music (Bachelor of Arts)
- History and Political Science
- International Business
- Kinesiology
- Liberal Studies
- Marketing
- Mathematics
- Music (Bachelor of Music)
- Psychology
- Religion
- Sociology

- Theatre Arts
- Worship Studies

Majors typically have several options for minors, concentrations and emphases, described below and in each section pertaining to the respective department. The College also offers minors in Art, Pre-Law and Women’s Studies, and pre-professional preparation in the natural sciences. A petition for an academic minor must be filed with the appropriate academic department.

Courses in art and Spanish are also taught as part of the Arts and Sciences curriculum.

MINORS IN THE COLLEGE

While minors can be taken in most academic programs, and are described in the section of the catalog describing the program, some minors independent of academic departments are described below.

Art Minor

Students in other academic majors can complete a minor in art. Courses in Special Topics in Art can be taken to complete the 20 credit requirement to fulfill the minor. A list of proposed courses must be filed with the minor application.

Pre-Law Studies Minor

The Pre-Law Studies minor is an interdisciplinary course of study designed to provide students a theoretical and practical introduction to the study of the law and society. The minor includes course work in law, political science, sociology, business, history, and communication. It is strongly recommended that students take advantage of the interdisciplinary nature of the minor and select electives from a variety of academic disciplines.

The minor requires a total of 21 units: six units in law, three units of communication, six units in the social sciences, and six elective units. In completing the requirements for the minor, a minimum of 12 units must be distinct and different from the units used to complete the requirements of a major. Any

units above this minimum requirement which can be used to satisfy both the requirements for the minor and for the major may be double counted.

Choose six law units from the following:

BUSN 316	Legal Aspects of the Business Process	3 units
BUSN 317	Legal and Ethical Environment	3 units
POLS 362	Constitutional Law I	3 units
POLS 364	Constitutional Law II	3 units

Choose three communication units from the following:

COMM 293	Sp Top: Intro to Parliamentary Debate	3 units
COMM 444	Argumentation and Debate	3 units

Choose six social sciences units from the following:

POLS 155C	United States Government	3 units
POLS 362	Constitutional Law I	3 units
POLS 364	Constitutional Law II	3 units
SOC 345	Family Violence	3 units
SOC 362	Juvenile Delinquency and Justice	3 units
SOC 468	Law and Society	3 units

Choose six elective units from the following:

POLS 155C	United States Government	3 units
POLS 362	Constitutional Law I	3 units
POLS 364	Constitutional Law II	3 units
BUSN 316	Legal Aspects of the Business Process	3 units
BUSN 317	Legal and Ethical Environment	3 units
SOC 345	Family Violence	3 units
SOC 362	Juvenile Delinquency and Justice	3 units
SOC 367	Sociology of Corrections	3 units
SOC 468	Law and Society	3 units
SOC 473	Crime and Deviance	3 units
COMM 444	Argumentation and Debate	3 units
COMM 445	Persuasion	3 units
PHIL 210	Critical Thinking	3 units
ENGL/COMM 370	Advanced Composition and Rhetoric	3 units

Women's Studies Minor

The minor in Women's Studies is an interdisciplinary course of study administrated by the Department of Anthropology and Sociology. The minor is designed to provide students a theoretical and practical overview of the study of women and women's issues in society, and will include course work in the social sciences, religion, literature, history, and communications.

The minor requires a total of 21 units: six units of Women's Studies required courses and 15 elective units. In completing the requirements for the minor, a minimum of 12 units must be distinct and different from the units used to complete the requirements of a major. Any units above this minimum requirement which can be used to satisfy both the requirements for the minor and for the major may be double counted. General education courses, however, may be used to meet minor requirements, not to exceed nine units.

Required courses: 6 units

WMST 110	Introduction to Women's Studies	2 units
WMST 210	Justice Conference in Women's Studies	1 unit
WMST 410	Research in Women's Studies	3 units

Electives any combination of 15 units

ANTH 333	Gender, Culture, and Society	3 units
ANTH/SOC/ PSYC 346	Human Sexuality	3 units
COMM 374	Gender Communications	3 units
ENGL 325	Period Focus	3 units
ENGL 335	Genre Focus	3 units
ENGL 425	Author Focus	3 units
ENGL 444	Culture Focus	3 units
HIST 360	Women in American History	3 units
WMST 370	Topics in Women's Studies	3 units
NT/OT/THEO 482	Biblical Theology of Love, Sex, Marriage, and Family	3 units
PLST/THEO 432	Women in Ministry	3 units
PSYC/SOC 335	Social and Psychological Aspects of Aging	3 units

SOC 332	Marriage and the Family	3 units
SOC 333	Sociology of Women	3 units
SOC 345/PSYC 344	Family Violence	3 units
SOC/ANTH 343	Class, Race, Ethnicity and Gender	3 units

PRE-PROFESSIONAL PREPARATION IN THE COLLEGE

Pre-Professional Preparation in the Natural Sciences

Students desiring a major, pre-professional curriculum, or a constructed minor in one of the disciplines of natural science should consult with a representative of the appropriate department for advisement regarding minimal requirements for their objectives in that area of study. In addition, students must consult with a departmental representative before registering for an upper division laboratory science. Auditing laboratory science courses requires departmental approval.

Science, Teaching/Coaching of Physical Education or Mathematics Teacher Education

Students desiring to enter a career in secondary school teaching should consult with an academic advisor in Liberal Studies and the appropriate department. The academic advisor will provide a complete list of the requirements for teacher certification in the student's selected field. Certain courses are required for teaching, and a wide spectrum of courses are necessary covering diverse areas within discipline(s) chosen.

Graduate School Preparation in the Sciences or Mathematics

Students who desire to enter graduate school in the fields of sciences or mathematics need to consult with their academic advisor for counsel regarding requirements and the proper sequence of courses. It is advisable for such students to obtain catalogs from graduate schools of their choice and consider carefully the undergraduate prerequisites listed in them. Most graduate schools require

prospective students to take the Graduate Record Examination (GRE), which is normally taken in the Fall of the senior year or the Spring of the junior year. Some graduate schools require only the basic or generalized GRE while others require that applicants also take the advanced subject area exam. It is imperative that students be aware of the requirements and application deadlines of the graduate school of their choice.

Pre-Medical, and Pre-Health Sciences Preparation

Medical, dental, and other professional graduate schools seek students with broad education in both liberal arts and in the natural sciences. Recommended majors for pre-medical, pre-veterinary, or pre-dental training are either biology or chemistry. In pursuing either of these majors, the student should complete mathematics through calculus, one year of calculus-based physics, one year sequence of comparative anatomy/embryology and vertebrate physiology, cell biology, histology, microbiology, genetics, and a sequence of chemistry courses up to and including advanced biochemistry. Most medical and dental school applicants complete a baccalaureate degree program prior to beginning their medical training. Normally, the Medical College Admission Test (MCAT) or Dental Aptitude Test (DAT), or other tests required for entrance into professional graduate school is taken during the sixth semester of undergraduate work. The MCAT exam emphasizes critical thinking and writing skills, in addition to factual knowledge. The successful completion of our course program and the knowledge gained will be (1) decidedly helpful in achieving requisite MCAT and DAT scores, and (2) essential in providing an adequate background for medical and dental studies.

Pre-Health Sciences require a core and additional work in a concentration. For Pre-Health Sciences descriptions (Chiropractic, Nursing, and Physical Therapy), see relevant catalog section under the Kinesiology Department.

For additional preparatory subjects on other professional school entrance examinations, the prospective applicant should consult the catalogs of the schools of interest. It is important also to work with the chair of the Pre-Medical Committee for assistance in planning the total program.

GENERAL COURSES IN THE COLLEGE

ART COURSES

ART 252C • History and Appreciation of Art (3 units)

A survey of painting, sculpture, and architecture beginning with the Renaissance and concluding with Modern Art. Illustrated lectures, reading, and study of current exhibitions. Field trip fee.

ART/THEA 256 • Drawing and Rendering (2-3 units)

Students will learn the basic artistic techniques involved in sketching, drawing and rendering. Training will include use of varied media, perspective and architectural rendering, as well as human anatomy.

ART 275 • Drawing and Painting (3 units)

Study, evaluation, and creative use of concepts and materials of drawing and painting. Emphasis on problems in using line, color, mass, value, and texture. Lab fee.

ART 290 • Art Practice (1 unit)

Practical workshops are primarily laboratory yet include illustration, demonstration, and lecture to support the techniques being applied by the student. The offerings are unique to the professor and may include drawing (with various media), watercolor, oil, and/or acrylic painting. Permission of the instructor required. May be repeated for credit to a limit of eight units.

ART 291, 292, 293 • Special Topic (1, 2 or 3 units)

Focus upon an artist, genre, technique, or artistic movement.

ART 330 • Art Techniques for Teachers (3 units)

Art experiences for all grades. Understanding and creative use of materials, tools, ideas, and their sources as they apply to elementary education. Approximately one hour of lecture followed by two hours of laboratory projects. Lab fee.

CORE COURSES

CORE 100C • Cornerstone (1 unit)

This course is open to Freshmen only. Introduction to university life and learning, and to the academic and social skills needed for success. May include social outings, community service component, and is to be taken in conjunction with an approved freshman-level course that will apply some of the course lessons. A failing grade must be made up prior to advancement to the Sophomore level.

CORE 101C • College Learning Concepts (3 units)

A survey of college-level learning resources and techniques designed to increase learning power. An emphasis is placed upon time management and organizational skills, reading comprehension, note taking, test taking, writing and library research, stress management, and career planning.

CORE 102C • Writing Intensive Cornerstone (3 units)

This course is open to Freshmen only. A writing-intensive introduction to university life and learning, and to the academic and social skills needed for success. Includes instruction in basic reading and writing skills with a diversity-rich curriculum, social outings, and a community service component. A failing grade must be made up prior to advancement to the Sophomore level. Students will be placed into this course with a 450 or lower SAT Verbal score or a 17 ACT score or lower. Students without SAT/ACT scores are required to take the First-Year Language Assessment during Orientation Week. This course must be taken prior to ENGL 120C, and both this course and ENGL 120C must be passed before a student can take ENGL 220C.

CORE 205 • Cornerstone Mentoring (1 unit)

Prerequisite: Consent of the instructor. Cornerstone Mentoring provides the student with the opportunity to assist freshmen students during their Cornerstone course in gaining academic and social skills. Regular hours each week for classes

and/or meetings are established at the beginning of the semester. This course may be repeated with consent of the instructor.

HUMANITIES COURSES

HUMA 201 • Beginning American Sign Language I (3 units)

A study of the fundamentals of American Sign Language through the development of vocabulary, grammar, and syntax. American Sign Language is a visual/gestural language used by the majority of the Deaf in the United States. Cultural aspects of the Deaf Community will also be introduced through the course.

HUMA 202 • Beginning American Sign Language II (3 units)

A continued study of the fundamentals of American Sign Language through the development of vocabulary, grammar, and syntax. American Sign Language is a visual/gestural language used by the majority of the Deaf in the United States. Cultural aspects of the Deaf Community will also be introduced through the course.

HUMA 291, 292, 293, 294 • Special Topics (1, 2, 3, 4 units)

Study of special topic focusing on culture, language, civilization or literature. May be repeated for credit.

NATURAL SCIENCE COURSES

NSCI 210C • The Empirical World (3 units)

Prerequisite: Sophomore standing. Co-requisite: NSCI 210CL. A course in the natural and physical sciences emphasizing man's relationship to the physical world. Relevant topics from physics, chemistry, earth science, and biology will be explored. The course will focus on contemporary issues such as the ecological, economic and human health impacts of air and water pollution, global climate change, ozone depletion, hazardous and solid waste, alternative energy resources, soil, resource depletion, biotechnology, diet and food safety. Completion of accompanying lab (NSCI 210CL) is required to satisfy the core curriculum requirement in natural science.

NSCI 210CL • The Empirical World Laboratory (1 unit)

Prerequisite: Sophomore standing. Co-requisite: NSCI 210C. A laboratory course in the natural and physical sciences to accompany NSCI 210C emphasizing the process of problem solving using the scientific method. All laboratory experiences are under the direct supervision of the faculty and are designed to give the student hands-on experience in the study of our natural and physical environment. Where possible the laboratory experiments will be coordinated with the material being covered in lecture. The laboratory experience may include supervised field trips. Lab fee.

NSCI/ANTH/SOC 429 • Health, Disease, and Globalization: Foundations of Epidemiology (3 units)

Prerequisites: ANTH 102C and/or ANTH 320 ; NSCI 210C or KINE 145C or BIOL 204C are helpful but not required. Check with instructor if necessary. This course surveys elements of health and disease, investigates their sociocultural contexts in light of increasing globalization and environmental pressures. It uses the principles and techniques of epidemiology to understand both the biology and contexts of diseases, human cultural diversity with regards to beliefs and attitudes, practices that affect health and illness, as well as health-seeking or health-thwarting behaviors. The relationship of human behaviors, ecological conditions, mental and ideological states as these impact health and illness are explored. Transmissible and chronic diseases are both covered.

Social Science Courses

SOCS 150 • World Geography (3 units)

Survey of world geography including physical, economic, political, and cultural factors.

SOCS/BUSN 215 • Principles of Economics (Macro) (3 units)

Prerequisites: BUSN 165C or MATH 145C, 265C or college algebra. An introduction to the principles of economic analysis, economic institutions, and issues of public policy.

SOCS/BUSN 216 • Principles of Economics (Micro) (3 units)

Prerequisites: BUSN 165C or MATH 145C, 265C or college algebra. An introduction to the economics of private enterprise and resource allocation, including demand, supply, and elasticity; cost of production; price and output determination under various market structures; and pricing and employment resources.

SOCS/MATH/PSYC 265C • Introduction to Statistical Methods (3 units)

A course in basic statistical concepts and methods of collecting, summarizing, presenting, and interpreting data in the behavioral sciences; including descriptive statistics (use of graphs and charts), normal distribution curve, measures of central tendency, deviation and dispersion, hypothesis testing, statistical fallacies, correlation, and topics in probability. Students majoring in Accounting, Anthropology, Psychology, or Sociology must take MATH/PSYC/SOCS 265C to fulfill the core curriculum requirement in mathematics. Students majoring in Mathematics are exempt from taking the core curriculum requirement in mathematics.

SOCS 364C • Intermediate Statistical Methods (3 units)

Prerequisite: SOCS/MATH/PSYC 265C or consent of the instructor. This course is designed to provide a review of fundamental descriptive and inferential procedures as well as a survey of more advanced procedures (including multiple regression, factorial analysis of variance, and a variety of non-parametric tests).

SOCS 470 • Special Topics (1-3 units)

Prerequisite: Consent of the instructor. A special topic in the social sciences. May be repeated for credit.

SOCS 490 • Social Science Seminar (3 units)

Prerequisite: Consent of the instructor. A topical seminar related to a significant and relevant area of a student's major. May be repeated for credit.

Women's Studies Courses

WMST 110 • Introduction to Women's Studies (2 units)

An introductory course to the study of women and contemporary gender issues in society. This course will focus on such issues as the necessity for the study of women, gender as a cultural construct, theological interpretations of the gender, and gender as perceived in history and literature. This course is part of the core requirement for a minor in Women's Studies.

WMST 210 • Justice Conference in Women's Studies (1 unit)

Students are required to attend one conference sponsored by the Global Center for Women and Justice. A faculty member in the discipline covered by the conference theme will determine course work. May be repeated for credit.

WMST 345 • Human Trafficking (3 units)

This course addresses human trafficking based on the U.S. State Department model of Prevention, Protection, and Prosecution. It explores the root causes of trafficking and strategies for its elimination.

WMST 370 • Topics in Women's Studies (1-3 units)

This course concentrates on a particular issue relevant to Women's Studies students such as gender theory, gender pedagogy, women's health, women and human trafficking, women in business, or motherhood. May be repeated for credit.

WMST 410 • Research in Women's Studies (3 units)

Prerequisites: WMST 110 and WMST 210. This course is designed to assist the student in integrating the multi-faceted aspects of women's issues into a final paper. Working in cooperation with the professor, the student will design and methodically research and write a major paper that reflects an advanced understanding of women in the context of the chosen subject area. Papers from this class will be presented in a public colloquium toward the end of the semester and submitted for publication.

DEPARTMENT OF ANTHROPOLOGY AND SOCIOLOGY

James G. Huff Jr., Ph.D., Chair

The mission of the Department of Anthropology and Sociology is to equip the next generation of scholar-practitioners to be professionally competent social scientists who are devoted to the public good.

We are a community of learners dedicated to comprehending the cultural and social dimensions of human existence. The program is based on a collaborative learning model wherein faculty and students work together to systematically study human cultural diversity and to analyze the complex relationship that exists between human beings and the social processes and the institutions they create. We offer students rigorous preparation in social science theory and method and provide regular opportunities for field research with the aim of developing their capacity to apply social science to problem-solving in diverse professional contexts. Our faculty work closely with their students to help them discover their vocation and strengthen their engagement with and in Jesus' kingdom. Finally, we strive to cultivate in our students a moral vision of professional life so that they remain committed to advancing public good in the vocations they pursue as Vanguard alumni.

The undergraduate Anthropology and Sociology Program offers degrees in the following majors: Cultural Anthropology and Sociology. Students are responsible to meet the prerequisite requirements of any course in which they enroll. Majors must achieve a minimum grade of C- in all core lower and upper division courses in Anthropology and Sociology.

Cultural Anthropology Major

MISSION: The cultural anthropology major enables students to understand culture, its nature, function, diversity, and shaping effects on human nature and societies. Its faculty of Christian scholars address applications of this knowledge to the solution of human problems as well as the delivery of the Gospel message. The major prepares students for applied work upon graduation, or the competent pursuit of advanced study in one of the many specializations of the discipline, such as linguistic, educational, development, medical, business, and cognitive.

ANTHROPOLOGY COURSES

ANTH 102C • Introduction to Cultural Anthropology (3 units)

The study of culture emphasizing culture's origins and processes. Concepts and theories about culture that apply to life in both developing and developed societies with the aim of solving human problems. Lab fee.

ANTH 252 • Applied Anthropology (3 units)

The class emphasizes understanding the full spectrum of applications in anthropology and anthropological practice, including work in government, industry, business, non-profit organizations, development work, health practice, and missiology. Students will develop career plans and research applications suitable to their interests.

ANTH 253 • Language in Cultural Context (3 units)

Prerequisite: ANTH 102C. This course surveys the acquisition and use of language as part of the enculturation process; the relationship of language to culture and their reciprocal influences; language usage; and the nature of language systems through an appreciation of anthropological linguistics.

ANTH 270 • Special Topics (1-3 units)

Prerequisite: Consent of the instructor. A study of a special topic in Anthropology. May be repeated for credit.

ANTH 317/HIST 317 • Modern China (3 units)

A study of the political and social history of China from the mid-nineteenth century, when European aggression forced China on a path to modernization, to the present.

ANTH/ICST/SOC 320 • Social and Cultural Change (3 units)

Prerequisite: ANTH 102C; SOC 100C recommended. The study of change, its processes and consequences in non-Western and contemporary societies. Special emphasis will be given to cross-cultural change involving migrants, minorities, religious contacts, as well as change at the personal level.

ANTH/ICST 322 • Ethnographic Perspectives (3 units)

Prerequisite: ANTH 102C. Examines family life, religious belief, social and economic organization, politics and genders from a detailed, cross-cultural perspective. Ethnographic case studies provide in-depth comparisons of the cultural practices and beliefs of non-Western peoples with the cultural traditions of Westerners. Course will stress appreciation for and comprehension of ethnography as both a research method and genre of writing.

ANTH/SOC 334 • Gender, Culture, and Society (3 units)

Prerequisites: SOC 100C or ANTH 102C. Gender as a social construction with powerful consequences is explored in this course along with those cultural values and ideologies which perpetuate the discourse of differences. Contemporary studies of gender cross-culturally will enable an appreciation of the broad diversity in the application of gender constructs and their resultant cultural effects.

ANTH/HIST/ICST 339 • Area Studies: [Topical Area] (3 units)

Prerequisite: ANTH 102C. Area Studies is an intensive examination of specific regions of the world. Each course gives a brief survey of the region with attention to cultural history, ethnicity, family structure, political organization, technology, social structure, ethnopsychology, economics and ideologies present within the region. Issues of cultural difference and commonality, regional minority sub-cultural groups, and the role that this region plays within “global” culture are also addressed. (This course may be repeated for credit.)

Areas of study in the rotation may include: Latin America, Pacific Rim, Japan, Middle East, Oceania, East Asia, South East Asia, China, Korea, Northern Africa, Sub-Sahara Africa, Eastern Europe, Western Europe, North America, and North America Diaspora.

ANTH/SOC 343 • Class, Race, Ethnicity and Gender (3 units)

Prerequisite: ANTH 102C or SOC 100C. This course focuses on the distribution of power and resources across racial and ethnic/cultural groups, class structure, and gender. Phenomenological, institutional, and structural aspects of prejudice and discrimination are examined using the matrix of domination (the intersection

of attributes related to class, race, ethnicity and gender) to explore the life experiences of individuals.

ANTH/SOC/PSYC 346 • Human Sexuality (3 units)

Prerequisite: SOC 100C or PSYC 103C (preferably both), and junior or senior standing. Human Sexuality provides an overview of human sexual anatomy, physiology, gender identity, sex role development and expression, modes of sexual expression, sexual deviation, the meaning of sexuality within relationships, and ethical considerations.

ANTH 354 • Anthropological Theory (3 units)

Prerequisites: ANTH 102C and ANTH 253. An overview of the early history and major theoretical schools in anthropology. Addresses recent trends in discourse, postmodernism, local culture knowledge, and action oriented anthropology.

ANTH/ICST 358 • Primal and World Religions (3 units)

Prerequisite: ANTH 102C or SOC 100C. A comparison of the major non-Christian religions, with emphasis on their cultural origins, elements, forms, and symbols, and the role of religion as an institution in such societies.

ANTH 368 • Anthropological Data Analysis (3 units)

Prerequisites: SOCS 265C, ANTH 102C, ANTH 253, ANTH 354, and ANTH 365. Course consists of an overview of major data analysis software used in anthropological research, including both quantitative software packages, and in-depth data analysis.

ANTH/SOC 369 • Research Design and Methods (3 units)

Prerequisites: SOCS 265C; ANTH 354 or SOC 365. Examines the major qualitative and quantitative research methods used in applied Anthropology and Sociology. Particular emphasis will be given to design, preparation, and process of applied social research. Introduces students to various methods including unobtrusive observation, structured and unstructured interviewing, and survey research.

ANTH/SOC 369L • Research Design and Methods Lab (1 unit)

Co-requisite: ANTH/SOC 369 Research Design and Methods. Introduces students to computer software utilized by social researchers to compile, manage and analyze data as a product of research.

ANTH/SOC 374 • Dynamics of Organizations (3 units)

Prerequisite: ANTH 102C, SOC 100C or PSYC 103C. An exploration of the dynamics of organizations including theoretical perspectives of formal and complex organizations. Students survey and investigate the internal processes, relationships and interactions that are embedded into the explicit structural forms of organizations and the tacit deep structure of meanings that people use to negotiate their lives through these systems. This sense-making process is further expressed in linkages to the external environment and strategic recommendations that connects to the organizational culture

ANTH/SOC 422 • Social Entrepreneurship (3 units)

This course invites students to learn how innovative organizations tackle some of our world's most difficult problems by applying the principles of social entrepreneurship. Students identify and discover their own personal values and calling to better understand where to best have impact. The course is designed to provide students with a broad perspective of how different types of organizations attempt to change the world for good. It also challenges students to think critically about how faith plays a critical role in bringing about lasting change

ANTH/SOC/NSCI/ 429 • Health, Disease, and Globalization: Foundations of Epidemiology (3 units)

Prerequisites: ANTH 102C and/or ANTH 320 ; NSCI 210C or KINE 145C or BIOL 204C are helpful but not required. Check with instructor if necessary. This course surveys elements of health and disease and investigates their sociocultural contexts in light of increasing globalization and environmental pressures. It uses the principles and techniques of epidemiology to understand both the biology and contexts of diseases, human cultural diversity with regards to beliefs and attitudes, practices that affect health and illness, as well as health-seeking or health-thwarting behaviors. The relationship of human behaviors, ecological conditions,

mental and ideological states as these impact health and illness are explored. Transmissible and chronic diseases are both covered.

ANTH 440 • Culture, Personality, and the Individual (3 units)

Prerequisites: ANTH 102C, PSYC 103C and PSYC 320 or PSYC 345 recommended. Western conceptions of the person and the self-concept are reassessed in light of cross-cultural studies and the contributions of anthropologists. The course is oriented to broaden a student's understanding of how personality is formed and how cultural ideas about the person influence personal and interpersonal dynamics. The course is practical for those intending to work cross-culturally, in counseling, business applications, development, social work or ministry.

ANTH/SOC 442 • Globalization and Development (3 units)

Prerequisite: ANTH 102C; ANTH 320 recommended. Course considers anthropological approaches to the analysis of economic development and change, with special attention given to contemporary development concerns as perceived at the local level. The organization of large- and small-scale development organizations, including non-government organizations, in non-Western settings will also be examined. Class is also designed to meet the needs of students interested in participating in both overseas and domestic community/organizations/economic development.

ANTH 450 • Anthropology Teaching Internship (1-3 units)

Open to seniors with a grade point average of 3.0 or above with approval of the department chair. Regular hours each week for classes and/or meetings are established at the beginning of the semester. The intern assists an instructor in planning and conducting a course and/or laboratory sessions. May be repeated for a maximum of eight units.

ANTH/ENGL/SPAN 453 • Language, Culture, and Linguistics (3 units)

Prerequisite: ANTH 102C. This course surveys the acquisition and use of language within a cultural context. It examines the relationship of language to culture, language acquisition, and language analysis or linguistics, emphasizing the utility of such knowledge for educators. Stress is given to understanding language's reciprocal

relation with culture, the nature of language systems, and linguistic analysis to enable educators a better comprehension of second language acquisition within learning environments.

ANTH 455 • Research Assistantship (1-4 units)

The undergraduate research assistantship engages students in original research projects of the faculty or student's own design. Its aim is to apply those skills learned in prior research design and methodology coursework and/or expand on these as appropriate to the student's skill set. A research agenda will be developed with each student, which then becomes the guide for the class. May be repeated for credit.

ANTH 460 • Field Practicum (1-4 units)

Prerequisite: Senior year standing and consent of the instructor. Guided ethnographic field experience based on student's research prospectus. May be repeated for credit.

ANTH 460A • Field Practicum/Fieldwork (2 units)

Prerequisites: ANTH 354, ANTH 369, ANTH 369L and Junior or Senior standing. This course is part one of a two-part course (ANTH 460A and ANTH 460B) that requires students to design and conduct a year-long ethnographic field project that is based on the student's research proposal. Includes both an in-class and field component. Course instructor manages the course requirements and responsibilities, which may include: a research paper, weekly journals, and various written assignments. The course requires weekly interaction between professor and student. A minimum of ten hours of field experience will be required for each credit hour.

ANTH 460B • Fieldwork and Presentation (2 units)

Prerequisite: ANTH 460A. This course is part two of a two-part course (ANTH 460A and ANTH 460B) that requires students to complete a year-long ethnographic field project, and to analyze research findings and present them in a professional setting. Includes both an in-class and field component. Course instructor manages the course requirements and responsibilities, which may include: a research paper, weekly journals, and various written assignments. The

course requires weekly interaction between professor and student. A minimum of twenty hours of field experience will be required for each credit hour.

ANTH 470 • Special Topics in Anthropology (1-3 units)

Study of a special topic in one of the fields of anthropology. May be repeated for credit.

ANTH 480 • Individual Studies (1-3 units)

Prerequisite: Consent of the instructor and department chair. May be repeated for credit.

ANTH 490 • Seminar (1-3 units)

Prerequisite: Consent of the instructor. Mutual investigation of one topic in anthropology of particular relevance to upper division cultural anthropology majors. May be repeated for credit.

ANTH 499C • Anthropology Senior Seminar (3 units)

Prerequisite: Senior standing. This course fulfills the Core Curriculum Capstone requirement for Anthropology majors. This course is designed to serve as a rite-of-passage for graduating seniors. It is a seminar-style course that requires students to reflect comprehensively on their professional development and formation as anthropologists and disciples of Jesus.

SOCIOLOGY COURSES

SOC 100C • Introduction to Sociology (3 units)

An introduction to the study of society, considering the fundamental concepts of sociology in each of three great areas: social structure, social processes, and social problems. Sociology deals with the way individuals, groups, and institutions are related to one another.

SOC/KINE 258 • Sociology of Sports and Human Movement (3 units)

This class will examine the historical and contemporary interpretations of the role of play, games, sports, dance, fitness, and recreation in a variety of cultures. This class will also address sociocultural issues such as gender, socioeconomic status, race and ethnicity in sport. This course is only offered odd years in the Fall.

SOC 291, 292, 293 • Special Topics (1-3 units)

Prerequisite: Consent of the instructor. Study of a special topic in Sociology. May be repeated for credit.

SOC 305 • Criminology and the Criminal Justice System (3 units)

Prerequisite: ANTH 102C or SOC 100C. This is a survey course that introduces students to the motivations for criminal behavior and societal responses to them. Law, crime, and crime control will be presented as social phenomena that can be adequately understood only in terms of larger social and cultural contexts.

SOC/ANTH/ICST 320 • Social and Cultural Change (3 units)

Prerequisite: ANTH 102C; SOC 100C recommended. The study of change, its processes and consequences in non-Western and contemporary societies. Special emphasis will be given to cross-cultural change involving migrants, minorities, religious contacts, as well as change at the personal level.

SOC/PSYC 324 • Social Psychology (3 units)

Prerequisite: SOC 100C or PSYC 103C. An examination of interpersonal behavior as it is influenced by social processes, culture, face-to-face interactions, and personality characteristics; including interpersonal and group behavior in relationship to social values, norms, attitudes, roles, and social needs.

SOC 330 • Social Problems (3 units)

A selective sociological analysis of major problems confronting American society, discussion of individual and social disorganization, poverty, urbanization, deviancy, effects of mass media, and other issues.

SOC 332 • Marriage and the Family (3 units)

Prerequisite: SOC 100C or PSYC 103C. The institutions of marriage and the family are explored from the sociological perspective which emphasizes the influence of societal norms on human behavior and social structures. Commonly held conceptions of traditional marital forms and alternative forms of cohabitation both historical and modern are examined using the analytical tools of social science theory, research methods, and statistics.

SOC/ANTH 334 • Gender, Culture, and Society (3 units)

Prerequisites: SOC 100C or ANTH 102C. Gender as a social construction with powerful consequences is explored in this course along with those cultural values and ideologies which perpetuate the discourse of differences. Contemporary studies of gender cross-culturally will enable an appreciation of the broad diversity in the application of gender constructs and their resultant cultural effects.

SOC/PSYC 335 • Social and Psychological Aspects of Aging (3 units)

Prerequisite: SOC 100C or PSYC 103C. Views human aging from an interdisciplinary and cross-cultural perspective. The physiology of aging and its psychological ramifications are explored, as is the sociology and spirituality of the older adult in contemporary society.

SOC/ANTH 343 • Class, Race, Ethnicity and Gender (3 units)

Prerequisite: SOC 100C or ANTH 102C. This course focuses on the distribution of power and resources across racial and ethnic/cultural groups, class structure, and gender. Phenomenological, institutional, and structural aspects of prejudice and discrimination are examined using the matrix of domination (the intersection of attributes related to class, race, ethnicity and gender) to explore the life experiences of individuals.

SOC 345/PSYC 344 • Family Violence (3 units)

Prerequisite: SOC 100C, PSYC 103C or consent of instructor. Investigates the identification, causes, and prevention of all types of intrafamily abuse: child, spouse, sibling, and parent. Explores theories and research findings for practical application. Studies the sociocultural contexts in which abuse and violence occur. For students whose careers will bring contact with victims and/or perpetrators of family violence.

SOC/ANTH/PSYC 346 • Human Sexuality (3 units)

Prerequisite: SOC 100C or PSYC 103C (preferably both), and junior or senior standing. Human Sexuality provides an overview of human sexual anatomy, physiology, gender identity, sex role development and expression, modes of sexual expression, sexual deviation, the meaning of sexuality within relationships, and ethical considerations.

SOC/PLST 349 • Religion and Society (3 units)

Prerequisite: SOC 100C or ANTH 102C. The social structural approach to the study of religion, with particular emphasis on American society. Examines personal religious experience and expressions, structural forms, systemic relationships between religious systems and other social subsystems.

SOC 352 • Urban Sociology (3 units)

Prerequisite: ANTH 102C or SOC 100C. A study of urban life with emphasis on its organization, unique functions, and problems.

SOC 355/PSYC 355 • Survey of Human Services (3 units)

Prerequisite: SOC 100C or PSYC 103C. Survey of Human Services explores the ways in which care is provided for the whole individual, surveying community resources and developing an understanding of the ways in which human services are carried out in various settings. Ethical issues and the significance of a Christian worldview in human services are also examined.

SOC 362 • Juvenile Delinquency and Justice (3 units)

Prerequisite: SOC 100C, PSYC 103C or permission of instructor. The causes of juvenile delinquency are reviewed from a broad social systems perspective.

Delinquent crimes, gang activity and violence are studied, as is the system of juvenile justice. Course is designed for those who will be working with juveniles.

SOC 365 • Sociological Theory (3 units)

Prerequisite: SOC 100C. An introduction to the theorists and theoretical models which result from examination and analysis of our empirical world of social relations, social structures, and social institutions.

SOC 367 • Sociology of Corrections (3 units)

Prerequisite: SOC 100C or consent of the instructor. Provides an overview of modern adult corrections: specifically, probation, parole, incarceration, community-based corrections, and prevention programs. Includes survey of history, application and theory of punishment philosophies and practices. Studies contemporary correctional policies, practices, and issues.

SOC/ANTH 369 • Research Design and Methods (3 units)

Prerequisites: SOCS 265C; ANTH 354 or SOC 365. Examines the major qualitative and quantitative research methods used in applied Anthropology and Sociology. Particular emphasis will be given to design, preparation, and process of applied social research. Introduces students to various methods including unobtrusive observation, structured and unstructured interviewing, and survey research.

SOC/ANTH 369L • Research Design and Methods Lab (1 unit)

Co-requisite: ANTH/SOC 369 Research Design and Methods. Introduces students to computer software utilized by social researchers to compile, manage and analyze data as a product of research.

SOC/ANTH 374 • Dynamics of Organizations (3 units)

Prerequisites: ANTH 102C, SOC 100C or PSYC 103C. An exploration of the dynamics of organizations including theoretical perspectives of formal and complex organizations. Students survey and investigate the internal processes, relationships and interactions that are embedded into the explicit structural forms of organizations and the tacit deep structure of meanings that people use to negotiate their lives through these systems. This sense-making process is further

expressed in linkages to the external environment and strategic recommendations that connects to the organizational culture

SOC/ANTH 422 • Social Entrepreneurship (3 units)

This course invites students to learn how innovative organizations tackle some of our world's most difficult problems by applying the principles of social entrepreneurship. Students identify and discover their own personal values and calling to better understand where to best have impact. The course is designed to provide students with a broad perspective of how different types of organizations attempt to change the world for good. It also challenges students to think critically about how faith plays a critical role in bringing about lasting change.

SOC/ANTH/NSCI 429 • Health, Disease, and Globalization: Foundations of Epidemiology (3 units)

Prerequisites: ANTH 102C and/or ANTH 320 ; NSCI 210C or KINE 145C or BIOL 204C are helpful but not required. Check with instructor if necessary. This course surveys elements of health and disease and investigates their sociocultural contexts in light of increasing globalization and environmental pressures. It uses the principles and techniques of epidemiology to understand both the biology and contexts of diseases, human cultural diversity with regards to beliefs and attitudes, practices that affect health and illness, and health-seeking or health-thwarting behaviors. The relationship of human behaviors, ecological conditions, mental and ideological states as these impact health and illness are explored. Transmissible and chronic diseases are both covered.

SOC 430 • Religion and Human Rights in the World (3 units)

Prerequisite: SOC 100C or ANTH 102C or consent of the instructor. Examines how religion intertwines with human rights practices in a given country. As the most basic of human rights, religion is an important component in answering the question of how a nation honors or violates the human rights of its citizens.

SOC/ANTH 442 • Globalization and Development (3 units)

Prerequisite: ANTH 102C; ANTH 320 recommended. Course considers anthropological approaches to the analysis of economic development and change, with special attention given to contemporary development concerns as perceived at

the local level. The organization of large- and small-scale development organizations, including non-government organizations, in non-Western settings will also be examined. Class is also designed to meet the needs of students interested in participating in both overseas and domestic community/organizations/economic development.

SOC 450 • Sociology Teaching Internship (1-3 units)

Open to seniors with a grade point average of 3.0 or above and approval of the department chair. Regular hours each week for classes and/or meetings are established at the beginning of the semester. The intern assists an instructor in planning and conducting a course and/or laboratory sessions. May be repeated for a maximum of six units.

SOC 455 • Sociology Research Assistantship (1-3 units)

Prerequisites: SOC 100C, SOCS/MATH/PSYC 265C, and SOC 369. Open to juniors and seniors and requires the consent of the professor serving as the principal investigator of a research process. The student assistant will be assigned to work on various steps of the research process from the formulation of the problem through the analysis of the data and preparation of the research report in written and/or oral formats. May be repeated for a maximum of six units.

SOC 460A • Field Practicum (3-4 units)

Prerequisite: SOC 100C, and junior or senior standing. Field experience in a social service agency such as an outpatient health facility, a community organization, or a social program. This course is controlled by the instructor and all field sites must be approved by the professor. The course instructor and the university manage the course requirements and responsibilities, which may include: a research paper, weekly journals, and various written assignments. The course requires weekly interaction between professor and student, as well as training and preparation that are comparable with other courses within the major. Thirty hours of field experience will be required for each credit hour. Students must take SOC 460A or SOC 462A as a major upper division requirement. May be repeated as SOC 460B for 1-4 units in a subsequent semester.

SOC 460B • Field Practicum (1-4 units)

Prerequisite: SOC 460A. This course offers the student the opportunity to continue their Field Practicum begun in SOC 460A for one additional semester. Thirty hours of field experience will be required for each credit hour.

SOC 462A • Research Practicum (3-4 units)

Prerequisites: SOC 365 and SOC 369. This course provides an in-depth research experience. Students work closely with a faculty mentor at all levels of the research process—from the development of a conceptual framework and articulation of the research question to the creation of the research instrument and collection of data. Students will be introduced to SPSS (a data analysis program for Social Sciences) and will have the opportunity to present their findings in a number of settings. Thirty hours of research experience will be required for each credit hour. Must take SOC 460A or SOC 462A as a major upper division requirement. May be repeated as SOC 462B for 1-4 units in a subsequent semester.

SOC 462B • Research Practicum (1-4 units)

Prerequisite: SOC 462A. This course offers the student the opportunity to continue their research experience begun in SOC 462A for one additional semester. Thirty hours of research experience will be required for each credit hour.

SOC/POLS 468 • Law and Society (3 units)

Prerequisite: SOC 100C or consent of the instructor. Examines law and the legal structure in its social context. Explores the nature, sources, dimensions, and impact of law from social scientific perspectives. Analyzes the uses and limits of law in maintaining order and promoting social change.

SOC 470 • Special Topics (1-3 units)

Prerequisite: SOC 100C and sophomore level and above. Study of a special topic in one of the fields of sociology. May be repeated for credit. Special topic courses are developed by faculty according to student interest and are offered periodically.

SOC 473 • Crime and Deviance (3 units)

Prerequisites: SOC 100C and ANTH 102C or consent of the instructor.

Explores the development and evolution of criminal and deviant categories, the individual, cultural and structural motivations for offending, the social response to violations and offenders, and the consequences of criminal and deviant behavior for individuals and social organization. Emphasis is given to academic research that describes and explains deviance, crime, and programmed social efforts to manage violating behavior.

SOC 480 • Individual Studies (1-3 units)

Prerequisite: Consent of the instructor and department chair. May be repeated for credit.

SOC 490C • Senior Seminar (3 units)

Prerequisite: Consent of the instructor. This course is designed to serve as a rite of passage for graduating seniors. It particularly is intended to assist the student in integrating the multifaceted aspects of their educational experience with their short- and long-term life goals. This course fulfills the Core Curriculum Capstone requirement for Sociology majors.

DEPARTMENT OF BIOLOGY

Cecil Miller, Ph.D., Chair

MISSION: The Biology Department seeks to provide training in a Christian environment needed to prepare students for careers in elementary and secondary education, provide the background in biology necessary for other areas of study such as biochemistry and the exercise sciences, prepare students for professional programs in areas such as medicine and other health professions, and to prepare students to enter graduate studies in the biological sciences and to enter positions in industry.

There are two degrees available within the Biology Department: a Bachelor of Science (B.S.) in biology and a Bachelor of Arts (B.A.) in biological sciences. The B.S. program provides undergraduate preparation for technical employment, post-baccalaureate study in graduate school, professions such as medicine, and other health professions, and for work in natural resource management. A Biology major considering graduate or professional school should confer with a Biology advisor to plan a program to meet the student's needs for entrance into such a school or profession. In addition, it is strongly recommended that the student meet with the Pre-Med advisor to make sure that the student is aware of the additional requirements imposed by the Pre-Med Committee.

The Bachelor of Arts in biological sciences provides an introduction to the discipline and an opportunity to integrate the study of biology with another field. This program is designed to provide greater flexibility than the B.S. in meeting broad student interests which include pursuing a double major or preparation for a post-graduate physician assistant and nursing programs.

Biology (B.S.) 81 units

Students seeking the B.S. in biology must complete core requirements in both the major and related disciplines, and elective courses beyond these requirements.

BIOLOGY COURSES

BIOL 111C • Principles of Biology I (3 units)

Co-requisite: BIOL111CL. An introductory course for the biological sciences which covers the scientific method, basic biological chemistry, cell structure and function, metabolism and energy transformation, evolution, classification, and other related topics. *This course fulfills the core curriculum lecture requirement in natural sciences.*

BIOL 111CL • Principles of Biology I Laboratory (1 unit)

Co-requisite: BIOL111C. Topics in this course are designed to complement lectures presented in BIOL111C. Students will conduct a broad survey of investigations selected to optimize their understanding of basic laboratory techniques and biological principles including microscopy, chromatography, colorimetry and DNA analysis. Lab and field trip fee. *This course fulfills the core curriculum laboratory requirement in natural sciences.*

BIOL 112 • Principles of Biology II (3 units)

Prerequisite: BIOL 111C and BIOL 111CL or equivalent. Co-requisite: BIOL112L. An introductory course for the biological sciences which covers the kingdoms of living organisms, plant and animal physiology, population genetics, biodiversity, ecology, and other related topics.

BIOL 112L • Principles of Biology II Laboratory (1 unit)

Co-requisite: BIOL 112. Topics in this course are designed to complement lectures presented in BIOL112. Students will conduct a broad survey of investigations selected to optimize the understanding of basic laboratory techniques and biological principles including field trips, dissection, collections, ecosystem classification and evaluation. Lab and field trip fee.

BIOL 204C • Human Anatomy (3 units)

Co-requisite: BIOL204CL. Introductory study of the gross physical structure, cellular makeup and physiological function of elements within the nine major organ systems. Lecture three hours. *This course fulfills the core curriculum lecture requirement in natural sciences.*

BIOL 204CL • Human Anatomy Laboratory (1 unit)

Co-requisite: BIOL204C. Laboratory study introducing the primary functional and supportive components within the skeletal, muscular, digestive, urinary, nervous, respiratory, reproductive, and cardiovascular systems. Laboratory three hours. Lab fee. *This course fulfills the core curriculum laboratory requirement in natural sciences.*

BIOL 210C • Fundamentals of Biology (3 units)

Co-requisite: BIOL 210CL. An introduction to the structures and functions of the major plant and animal groups. Focus is directed toward biological principles and problems facing humans in dynamic ecosystems. Lecture three hours. *This course fulfills the core curriculum lecture requirement in natural sciences.*

BIOL 210CL • Fundamentals of Biology Laboratory (1 unit)

Co-requisite: BIOL 210C. Introduction to biological laboratory procedures. Laboratory exercises in molecular biology, metabolism and physiology, structure, ecology, and taxonomic groups. Laboratory four hours. Lab fee. *This course fulfills the core curriculum laboratory requirement in natural sciences.*

BIOL 212, 214 • Teaching Biology I, II (1 unit each)

Prerequisites: BIOL 112 and BIOL 220. The study of important biological principles within the context of designing, implementing and evaluating research experiments. Particular attention is focused on safety issues during both planning and executing experimental studies. Laboratory three hours. Mandatory visits to a local 6-12th grade biology class three hours. Two semester sequence. Lab fee.

BIOL 220 • Cell Biology (3 units)

Prerequisite: BIOL 112. Co-requisite: BIOL 220L. This course provides an introduction to the fundamental principles of biology that center on the cell. Focus will be placed on cellular structure and function, fundamental metabolism, and molecular genetics. Lecture three hours.

BIOL 220L • Cell Biology Laboratory (1 unit)

Prerequisite: BIOL 112L. Co-requisite: BIOL 220. This course provides a working understanding of basic principles paramount to the study of biological

sciences. Students will have a fundamental understanding of the scientific method, the cell, cellular structure, cellular respiration, DNA processes, protein synthesis, cellular reproduction, and genetics. This course prepares the student to think critically and analyze data. Laboratory three hours. Lab fee.

BIOL 291, 292, 293, 294 • Special Topic (1-4 units)

Study of a special topic in life science. May be repeated for credit. Lab fee.

BIOL 302 • Comparative Vertebrate Anatomy (3 units)

Prerequisite: BIOL 112. Co-requisite BIOL 302L. Study of the similarities and differences in the structure and function of chordates (fish, amphibians, reptiles, birds, mammals) in both ancient and modern forms, with particular emphasis on human organ systems. Embryological development and features are integrated into the discussion of each organ system. Lecture three hours. Offered in alternate years.

BIOL 302L • Comparative Vertebrate Anatomy Laboratory (1 unit)

Prerequisite: BIOL 112L. Co-requisite: BIOL 302. Study of the essential embryological and morphological features of representative chordates (fish, amphibians, reptiles, birds, mammals), with particular emphasis given to human organ systems. Laboratory exercises incorporate dissection on preserved specimens. Laboratory three hours. Lab fee. Offered in alternate years.

BIOL 304 • Human Physiology (3 units)

Prerequisite: BIOL 111C, 210, or BIOL 204C, or other college biology course with consent of the instructor. Co-requisite: BIOL 304L. This course will investigate the fundamental physiological processes in humans using a systems approach to study integrated functions. It will explore the functions of the human body emphasizing homeostasis at biochemical, cellular, organ, and system levels. The systems studies will include nervous, cardiovascular, respiratory, renal, gastrointestinal, endocrine, and reproductive. Lecture three hours.

BIOL 304L • Human Physiology Laboratory (1 unit)

Co-requisite: BIOL304. This course is designed to complement BIOL 304 investigating fundamental physiological processes in humans. The systems studied will include nervous, cardiovascular, respiratory, renal, gastrointestinal, endocrine, and reproductive. Laboratory three hours. Lab fee.

BIOL 305 • Physiology of Vertebrates (3 units)

Prerequisites: BIOL 112 and BIOL 220. Co-requisite: BIOL 305L. Principles of animal physiology with emphasis on vertebrates. Lecture three hours. Offered in alternate years.

BIOL 305L • Physiology of Vertebrates Laboratory (1 unit)

Prerequisites: BIOL 112L and BIOL 220L. Co-requisite: BIOL 305. Laboratory course examining the principles of animal physiology with emphasis on vertebrates. Laboratory three hours. Lab fee. Offered in alternate years.

BIOL 309 • Microbiology (3 units)

Prerequisites: One year of biology and at least one semester of chemistry. Co-requisite: BIOL 309L. Biology of micro-organisms: their occurrence, and importance to humans. Topics will include microbial cell structure and function, metabolism, microbial genetics, and the role of micro-organisms in disease and immunity. Lecture three hours.

BIOL 309L • Microbiology Laboratory (1 unit)

Prerequisites: One year of biology and at least one semester of chemistry. Co-requisite: BIOL 309. Laboratory three hours. Lab fee.

BIOL 311 • Genetics (3 units)

Prerequisites: BIOL 220 and BIOL 220L. Co-requisite: Biology 311L. A study of the principles and the physical basis of heredity, biochemical aspects of gene actions, and social implications of heredity. Lecture three hours. Offered in alternate years.

BIOL 311L • Genetics Laboratory (1 unit)

Prerequisites: One year of biology and at least one semester of chemistry. Co-requisite: Biology 311. Laboratory three hours. Lab fee. Offered in alternate years.

BIOL 315 • General Ecology (3 units)

Prerequisite: BIOL 112. Co-requisite: Biology 315L. An introduction to the interactions between organisms and their physical and biological environment. Important factors and processes influencing organisms within both terrestrial and aquatic ecosystems will be studied. Lecture three hours.

BIOL 315L • Ecology Field and Laboratory Practicum (1 unit)

Prerequisite: BIOL 112L. Co-requisite: Biology 315. This class provides hands-on experiences in the laboratory and in the field, enhances the student's understanding of basic environmental science and ecological concepts presented in BIOL 315. The laboratory experiments are oriented towards demonstrated basic principles of ecology and mastering modern research and field techniques. The individual exercises from an excellent notebook on current protocols used in ecology. Occasional field sampling will be required. Three hours of lab per week. Lab fee.

BIOL 325/CHEM 325 • History and Philosophy of Science (3 units)

Prerequisite: BIOL 112, CHEM 121, PSCI 223C, 225. Survey of scientific theories, principles, concepts, individual contributions, and controversial ideas from earliest recorded history to present. Emphasis is placed on critically examining patterns and potential interrelationships and evaluating novel synthesis. Lecture three hours.

BIOL 335 • Biology of Cancer (3 units)

Prerequisites: BIOL 112, BIOL 220, BIOL 210C, CHEM 112C or consent of the instructor. This course is designed to study cancer from both a cellular and a clinical perspective. Characteristics of aberrant cell growth, proliferation and metastasis will be studied with a focus on the genetic changes that occur in cancer cells. Clinical aspects of cancer that will be discussed will include the classification, carcinogenesis, epidemiology, prevention and treatment of cancer. Lecture 3 hours.

BIOL 347C • Upland Field Biology (4 units)

A study of biota and communities of upland environments and factors affecting distributions, reproduction, and physiology of plant and animal life. Much of the course consists of a field trip through the Sierra Nevadas and other terrestrial habitats. Course will fulfill CORE Curriculum science requirement. Lab fee. *This course fulfills the core curriculum lecture and lab science requirement in natural sciences.*

BIOL 348C • Coastal Ecology (4 units)

Coastal Ecology examines the ecological processes at the interface between land and sea in order to provide an understanding of the coastal environment, how terrestrial and marine systems are intricately connected, and how human activities can impact both. Much of the course consists of field trips in coastal and marine environments. Course will fulfill CORE Curriculum science requirement. Lab fee. *This course fulfills the core curriculum lecture and lab science requirement in natural sciences.*

BIOL 402 • Histology (3 units)

Prerequisite: BIOL 220. Co-requisite: BIOL 402L. Study of the cells and tissues comprising each human organ system. Discussion focuses on structural and functional components in both intracellular and extracellular compartments, and cellular interaction within and among different organ systems. Lecture three hours. Offered in alternate years.

BIOL 402L • Histology Laboratory (1 unit)

Prerequisite: BIOL 220L. Co-requisite BIOL 402. Laboratory study of the cells and tissues comprising each human organ system. Particular emphasis is placed upon learning to identify the features making each tissue and organ unique. Laboratory three hours. Lab fee. Offered in alternate years.

BIOL 432 • Neuroscience (3 units)

Prerequisites: BIOL 220 and [BIOL 204C, BIOL 304, or BIOL 305], or consent of the instructor. Co-requisite: 432L. The study of the nervous system from the cellular physiology of the neuron to complex structure and function of the central nervous system. Emphasis will be given to the cellular neurophysiology and

neuroanatomy. This course will give an excellent foundation for understanding the brain and the nervous system. Students will critically read and discuss the scientific literature and learn to critically evaluate experimental neuroscience. Lecture three hours.

BIOL 432L • Neuroscience Laboratory (1 unit)

Prerequisites: BIOL 220L and [BIOL 204CL, BIOL 304L, or BIOL 305L], or consent of the instructor. Co-requisite: BIOL 432. Laboratory course designed to complement BIOL 432. Laboratory three hours. Lab fee.

BIOL 440 • Molecular Biology (3 units)

Prerequisite: BIOL 220. Co-requisite: BIOL 440L. The study of the genome in prokaryotes and eukaryotes. Introduction to and an analysis of modern molecular biology techniques are presented including: replication, transcription, translation, genetic engineering, cloning, gene expression, sequencing and genetic analysis. Lecture three hours. Offered in alternate years.

BIOL 440L • Techniques in Molecular Biology (1 unit)

Prerequisite: BIOL 220L. Co-requisite: BIOL 440. The study of the genome in prokaryotes and eukaryotes. Introduction to and an analysis of modern molecular biology techniques are presented including: genetic engineering, cloning, gene expression, sequencing and genetic analysis. This course prepares the student to develop the following critical skills: independent thinking, lab management, record keeping, and project development. Laboratory three hours. Lab fee. Offered in alternate years.

BIOL 451 • Immunology (3 units)

Prerequisites: BIOL 220 and BIOL 220L. Co-requisite: BIOL 451L. The study of molecular and cell biology of specific and nonspecific immune responses in mammals, with special emphasis on human immune systems. Reviews experimental support for current immunological theories. Roles of immunology in human health and disease will be studied.

BIOL 451L • Immunology Laboratory (1 unit)

Prerequisites: BIOL 220 and BIOL 220L. Co-requisite: BIOL 451. A laboratory course designed to introduce students to current clinical and research procedures in immunology. Includes techniques, such as ELISA, Immunoprecipitation, cell culture techniques, T cell activation, Western blot, and blood cells recognition. These techniques are utilized in biological, biochemical research and clinical laboratory. Lab fee.

BIOL 455 • Biology Teaching Internship (1-3 units)

Prerequisite: Sophomore standing with GPA of 3.0 or above and the approval of the Department Chair. The student will meet for regular hours each week for classes and/or meetings that are established at the beginning of the semester with the supervising professor. The intern assists an instructor in planning and conducting lecture and/or laboratory sessions and with other assigned teaching related duties. This course may be taken for 1-3 units per semester. One unit consists of 45 contact hours. May be repeated for a maximum of six units.

BIOL 462 • Advanced Topics in Plant Biology (3 units)

Prerequisites: BIOL 112/L. An advanced study of botany and plant biology. The topics may include the study of the systematics of vascular plants, the propagation of plants, the ethnobotanical contributions to plant biology, the genetic relationships between related species, or the geographic patterns of species distribution. Lecture three hours. Offered in alternate years.

BIOL 470 • Special Topics (1-4 units)

Prerequisite: Consent of the instructor. Study a special topic in life science. May be repeated for credit. May have lab and field trip fees in some cases.

BIOL 480 • Individual Studies (1-3 units)

Prerequisite: Consent of the instructor and department chair. May be repeated for credit. May have lab fee and field trip fee in some cases.

BIOL 485 • Undergraduate Biological Research (1-4 units)

Prerequisite: BIOL 112/L. This course provides the student with an empirically-based research experience in the biological sciences. Emphasis will be placed on

project management, safety, instrumentation, solution preparation, and research documentation skills. This course is a variable credit course. Two credits are recommended for all biology majors. It is expected that a research report be completed at the conclusion of the research project and an oral presentation of results in BIOL 499C.

Scheduling will be arranged by student and professor. Summer session is the most advantageous time to begin an undergraduate research project. For every 1 credit of BIOL 485 registered, the student will engage in 45-60 hours of research for the semester.

BIOL 488 • Biology Senior Project (2 units)

Prerequisite: Instructor consent. An advanced course providing the opportunity for a student to create a novel and independent intellectual work by comparing, contrasting and synthesizing recent research and his/her cumulative knowledge and understanding in the biological sciences. The precise nature, scope and format of the project must be developed and approved under the guidance of the instructor and in collaboration with the student's academic advisor. Senior projects are typically initiated in the Fall. The project results must also be presented in BIOL 499C. Lab fee.

BIOL 499C • Capstone Seminar in Biology (2 units)

Prerequisite: Senior standing or departmental approval and BIOL 485 or BIOL 488. This course includes analysis and evaluation of current research in biology and the integration of faith and learning in the biological sciences. An oral presentation of BIOL 485 or BIOL 488 is required. In-class presentations by faculty and guests are a part of the course. This course fulfills the Core Curriculum Capstone requirement for Biology majors.

AU SABLE COURSES

Au Sable Institute of Environmental Studies courses that are approved for biology credit include the following courses. This is not a complete list. Registration for Au Sable courses requires the permission of a Vanguard/Au Sable faculty representative.

ENVS 302 • Limnology (4 units)

Prerequisites: one year of biology and one year of general chemistry. Studies lakes and streams; applications to planning and management; introduces limnology; investigates representative lakes and streams of the region. Summer Session II.

ENVS 321 • Animal Ecology (4 units)

Prerequisite: one year of introductory science. Studies interrelationships between animals and their biotic and physical environments; emphasizes behavioral aspects. Fieldwork on ecology of northern Michigan fauna from a stewardship perspective. Summer Session I.

ENVS 471 • Conservation Biology (4 units)

Studies principles of conservation biology; applications to sustainable human society and biospheric integrity. Develops a stewardship perspective rooted in biological principles and directed at conservation of plant and animal species, biotic communities, ecosystems and human society. Summer Session I.

ENVS 477 • Plant Ecology (4 units)

Interrelationships between plants and their physical and biotic environments; plant-animal interactions; plant community compositions and development; and modern methods of ordination and quantitative analysis with applications to conservation and stewardship. Summer Session I.

Other Au Sable courses have Departmental approval for credit for Science majors, Liberal Studies majors, or lab science credit. The cost of tuition per unit for Au Sable is the same as Vanguard University units. Registration and tuition payments are arranged for and paid through Vanguard University. See the Department Chair in Biology for more information regarding approved courses and the Au Sable program.

DEPARTMENT OF BUSINESS AND MANAGEMENT

MISSION: The Department of Business and Management is dedicated to equipping Business students to respond ethically, think critically, communicate effectively, and perform with excellence as Christians in a changing world.

The undergraduate Business and Management Program offers degrees in the following majors: Accounting, Business Administration, International Business, and Marketing. Coursework in all majors includes the undergraduate Business and Management Core Requirements and additional units in the specific major as listed below. Students are responsible to meet prerequisite requirements of any course in which they enroll. Students must achieve a minimum grade of C in all business courses required for undergraduate majors and minors in the Department of Business and Management.

Students may complete a second major in the Department of Business and Management and have the second major indicated on their transcript; however any courses taken to fulfill major requirements beyond the Business and Management Core may not be counted toward both majors.

Business and Management Core Requirements for all Majors **39 units**

Lower Division		19 units
BUSN 104	Introduction to Business Writing	1 unit
BUSN 106	Introduction to Ethical Reasoning for Business	1 unit
BUSN 108	Introduction to Oral Business Communication	1 unit
BUSN 120	Business Math	1 unit
BUSN 125	Computer Applications	2 units
BUSN 165C	Business Statistics *	3 units
BUSN 215	Principles of Economics (Macro)	3 units
BUSN 216	Principles of Economics (Micro)	3 units
ACCT 225	Principles of Financial Accounting	4 units

*This course fulfills the MATH requirement for the University CORE Curriculum. Additional units are not added to Major requirements.

Upper Division		20 units
BUSN 316	Legal Aspects of the Business Process	3 units
or BUSN 317	Legal/Ethical Environment of Business	
ACCT 321	Accounting and Finance for Decision Making	4 units
MNGT 325	Management Theory and Practice	3 units
FINC 335	Corporate Finance	3 units
MRKT 360	Principles of Marketing	3 units
BUSN 455C	Business Policy and Strategy (Capstone Course)	4 units

Accounting Major

In addition to the Business and Management Core Requirements for an Accounting Major, students must successfully complete the following courses:

Accounting Major Requirements		18 units
ACCT 324	Intermediate Accounting I	3 units
ACCT 325	Intermediate Accounting II	3 units
ACCT 427	Auditing	3 units
ACCT 428	Advanced Accounting	3 units
ACCT 440	Federal Taxation – Individual	3 units
ACCT 442	Federal Taxation – Corporate	3 units

Business Administration Major

In addition to the Business and Management Core Requirements for a Business Administration Major, students must successfully complete the following courses:

Business Administration Major Requirements		21 units
Upper Division		12 units
FINC or ACCT		3 units
MNGT		3 units

MRKT	3 units
ACCT/BUSN/FINC/MNGT/MRKT	3 units

Upper and/or Lower Division	9 units
Department of Business and Management courses	9 units
(Non-Department of Business and Management courses require prior approval of the Chair of the Department of Business and Management.)	

International Business Major

In addition to the Business and Management Core Requirements for an international business major, students must successfully complete the following courses:

International Business Major Requirements	21 units
Upper Division	18 units
ANTH Elective	3 units
MNGT 346 Organizational Behavior	3 units
MNGT 420 International Management	3 units
MRKT 464 Strategic Marketing	3 units
FINC 421 International Trade and Finance	3 units
POLS 482 International Politics	3 units
Experiential Requirement	3 units
BUSN 450 Business Intern Program*	1-3 units

*International Business majors are required to complete three (3) units of a Business Intern Program, which may be completed in any of the following venues:

- a supervised internship in a Southern California organization (profit or non-profit) conducting operations in at least one other country, with extensive internship focus on operations in that country;
- a supervised internship on a Vanguard-sponsored mission trip to another country;
- an internship with an organization (profit or non-profit) in another country; and/or

- a student-customized internship pre-approved by the program Academic Advisor.

Students will want to identify and prioritize desirable internship sites during their junior year, enrolling in the Business Intern Program itself during their senior year to maximize their experience.

International Business majors also are encouraged to complete a minor or a customized set of courses with a global focus, pursue proficiency in a foreign language, and participate in a study abroad program.

Marketing Major

In addition to the Business and Management Core Requirements for a Marketing Major, students must successfully complete the following courses:

Marketing Major Requirements	21 units
MRKT 365 Marketing Research	3 units
MRKT 366 Sales and Sales Management	3 units
MRKT 369 Consumer Behavior	3 units
MRKT 464 Strategic Marketing	3 units
COMM 378 Public Relations: Corp. Comm., Info. Mgt.	3 units
Upper Division	6 units
MRKT Upper Division Course	3 units
Department of Business and Management courses	3 units

(Students may take (specified intra-disciplinary) courses to fulfill these requirements, requiring prior approval of the Chair of the Department of Business and Management).

Business Minor **22 units**

Students in other academic majors outside of the Department of Business and Management may petition to minor in business. Students are to design a business curriculum which must be pre-approved by the Chair of the Department of Business and Management.

BUSN 114	Introduction to Business	3 units
ACCT 225	Principles of Financial Accounting	4 units
MNGT 325	Management Theory and Practice	3 units
MRKT 360	Principles of Marketing	3 units
ELECTIVES	6 units must be Upper Division	9 units

ACCOUNTING COURSES

ACCT 225 • Principles of Financial Accounting (4 units)

Prerequisite: BUSN 165C or MATH 145C, 265C or equivalent. This course develops students' understanding and application of financial accounting concepts, the accounting cycle processes and documents, and United States accounting and external financial reporting standards. The course emphasizes understanding the financial statements: balance sheet, income statement, statement of retained earnings, and statement of cash flows. The course prepares students for financial analysis; ethical decision making, understanding fraud in the workplace and internal control.

ACCT 321 • Accounting and Finance for Decision Making (4 units)

Prerequisite: ACCT 225. This course examines managerial decision-making based on common accounting and financial models and analysis. The course topics include management's responsibility to stakeholders, how costs behave, cost-volume-profit analysis, activity based costing, budgeting, standard costing, performance measurements, and financial analysis. The course continues to develop students' understanding of annual reports and financial statement analysis within the entity's industry.

ACCT 324 • Intermediate Accounting I (3 units)

Prerequisite: ACCT 225 with a "C" or better. Studies accounting and reporting of complex business operating activities and financing activities according to generally accepted accounting principles in the United States. Compares United States accounting standards to international accounting standards. Topics include revenue recognition, inventory valuation, and debt and equity financing.

ACCT 325 • Intermediate Accounting II (3 units)

Prerequisite: ACCT 324 with a "C" or better. Continues to study accounting and reporting of complex business activities and transactions. The focus is on the investing activities of business and financial reporting. Topics include investments, leases, earnings per share, and analysis of financial statements. The content includes the study of accounting and reporting standards in the United States with comparisons to international accounting standards.

ACCT 427 • Auditing (3 units)

Prerequisite: ACCT 325 with a "C" or better. Studies how to conduct external audits or become internal financial managers of organizations that are audited. United States auditing standards are studied and compared to international standards. Course topics include generally accepted auditing standards, fraudulent financial reporting and audit failure, effective internal control procedures, and the influence of the Securities and Exchange Commission on oversight of the accounting profession.

ACCT 428 • Advanced Accounting (3 units)

Prerequisite: ACCT 325 with a "C" or better. The course covers complex accounting and reporting for corporate and non-corporate entities, for profit and not-for-profit entities. It compares and contrasts accounting and financial reporting for partnerships, for-profit complex corporate entities, state and local governments, health and welfare organizations, and government and non-government universities.

ACCT 440 • Federal Taxation – Individual (3 units)

Prerequisite: ACCT 325 with a "C" or better. The course covers federal income taxation as it applies to individuals. This is an introduction to the federal tax model and how to apply it to the components of taxable income, tax credits, and types of taxes.

ACCT 442 • Federal Taxation – Corporate (3 units)

Prerequisite: ACCT 440 with a "C" or better. The subject matter of this course is federal income taxation as it applies to partnerships, fiduciaries and corporations. It builds on the federal tax model presented in ACCT 440, emphasizing concepts about issues specific to corporations.

ACCT 490 • Seminar (1-3 units)

Prerequisite: Permission of instructor and Chair may be required. Mutual investigation of one topic in accounting of particular relevance to upper division majors. May be repeated for credit provided topics are dissimilar.

BUSINESS ADMINISTRATION COURSES

BUSN 104 • Introduction to Business Writing (1 unit)

An introduction to various forms of written workplace communications and strategies for a variety of business situations requiring written communication, including email, memorandums, meeting minutes, business letters, and employee reviews. Topics include context, purpose, audience, style, organization, format, grammar, analyzing data, addressing diverse concerns, presenting information, technology options, results, and strategies for effectively writing typical workplace messages. Also includes a brief introduction to academic case writing.

BUSN 106 • Introduction to Ethical Reasoning for Business (1 unit)

This course focuses on ethical issues in the marketplace. It will provide an opportunity for students to experience theoretical and practical problems of moral conduct in the field of business. The course emphasizes both the philosophical foundations of ethical conduct and the practical problems encountered in the day-to-day conduct of business affairs. Several major ethical theories are reviewed with special attention given to understanding a Christian approach to business. Students are asked to examine and integrate personal values and faith commitments through readings and other supporting materials. Questions such as, “Can business ‘do good’ and ‘do well’?” and “Are business ethics a viable goal or an unachievable ideal?” will be addressed.

BUSN 108 • Introduction to Oral Business Communications (1 unit)

This course is designed to introduce the student to communication concepts, theories, and skills which people use in professional settings. Topics include: informative and persuasive presentations – individually and as a group, leading and participating in meetings, business terminology, etc. The course is practical in nature, as such, students will time developing their oral competence through hands-on exercises, presentations, and case studies. Methods for organizing ideas, analyzing data, formatting information, understanding audience needs, and developing a professional communication style are covered.

BUSN 114 • Introduction to Business (3 units)

A basic survey of the scope, function, and organization of modern business.

BUSN 120 • Business Math (1 unit)

This course introduces students to math concepts that will be used throughout their business coursework. Math concepts taught in the course are intended to prepare students for BUSN 165C.

BUSN 125 • Computer Applications (2 units)

This course introduces students to math concepts and computer applications that will be used throughout their business coursework. Computer applications will be learned through completion of projects using word processing, spreadsheets, database, and presentation software applications.

BUSN 165C • Business Statistics (3 units)

Prerequisite: BUSN 120. Emphasizes the use of statistics in making business decisions. Utilizes business cases to explore data collection and presentation, descriptive measures, probability, discrete and normal distributions, sampling, hypothesis testing, analysis of variance, chi square, regression, and correlation. Required for business majors. Satisfies the core curriculum math requirement.

BUSN/SOCS 215 • Principles of Economics I (Macro) (3 units)

Prerequisite: BUSN 165C or MATH 145C, 265C or college algebra. An introduction to the principles of economic analysis, economic institutions, and issues of public policy.

BUSN/SOCS 216 • Principles of Economics II (Micro) (3 units)

Prerequisite: BUSN 165C or MATH 145C, 265C or college algebra. An introduction to the economics of private enterprise and resource allocation, including demand, supply, and elasticity; cost of production; price and output determination under various market structures; and pricing and employment resources.

BUSN 291, 292, 293 • Special Topic (1, 2, 3 units)

Prerequisite: Permission of instructor and Chair may be required. Study of a special topic in business. May be repeated for credit provided topics are dissimilar.

Prerequisites: Open to juniors and seniors. Approval of the Chair of the Department of Business and Management. This course may be taken for a maximum of 3 units in one semester. A maximum of 6 combined units credit for BUSN 450 and BUSN 451 apply to graduation. A maximum of 9 combined units credit for BUSN 432, BUSN 450, and BUSN 451 apply to graduation. May not be enrolled in more than 6 units per semester between BUSN 432, BUSN 450, and BUSN 451. Assists instructor in preparing coursework, study sessions, and/or planning division events. Regular hours each week for classes, meetings, assistance to instructors.

BUSN 455C • Business Policy and Strategy (4 units)

Prerequisites: All major requirements. Designed to allow the business major the opportunity of integrating the knowledge obtained from accounting, economics, finance, marketing, and organizational and personnel management into coherent analytic skills on case studies approximating real world business situations. This

course fulfills the Core Curriculum Capstone requirement for Business and Management majors.

BUSN 470 • Special Topics (1-3 units)

Prerequisite: Permission of instructor and Chair may be required. Study of a special topic in business. May be repeated for credit provided topics are dissimilar.

BUSN 480 • Individual Studies (1-3 units)

Prerequisite: Permission of instructor and Chair may be required. May be repeated for credit provided topics are dissimilar.

BUSN 490 • Seminar (1-3 units)

Prerequisite: Permission of instructor and Chair may be required. Mutual investigation of one topic in business of particular relevance to upper division majors. May be repeated for credit provided topics are dissimilar.

FINANCE COURSES

FINC 320 • Personal Financial Management (3 units)

Personal management of budgets, bank accounts, loans, credit buying, insurance, real estate, security buying, and investments, providing students with effective management guidelines to manage their own personal financial affairs.

FINC 332 • Money and Banking (3 units)

Prerequisite: FINC 335 Nature and functions of money and its relation to prices; the monetary system of the United States; and functions of banks, bank credit, foreign exchange, and monetary control.

FINC 335 • Corporate Finance (3 units)

Prerequisite: ACCT 225. This course is designed to provide the student with an overview of the financial principles and techniques related to financial management within a business enterprise. The course will introduce tools for financial decision making, policy making, and analysis. Areas studied will include financial statement analysis, asset valuation methods, capital budgeting, cost of capital, and capital asset pricing model.

FINC 340 • Real Estate Finance (3 units)

Prerequisite: FINC 335. Overview of real estate principles, practices, and investment decisions. Topics include equity investment, finance, legal aspects, property development, real estate market analysis, and valuation.

FINC 405 • Investments (3 units)

Prerequisite: FINC 335. This course is designed to provide an overview of security valuation and trading methods; technical and fundamental analysis; portfolio theory, analysis, and allocation; and real estate principles and investment decisions.

FINC 421 • International Trade and Finance (3 units)

Prerequisite: FINC 335. Integrates various aspects of the financial control system of the international firm utilizing case study analysis. Attention will be given to the application of complex problem solving and model building in dealing with financial and economic forecasting for the firm and the global economy.

FINC 440 • Entrepreneurship: Formation of New Ventures (3 units)

Prerequisites: FINC 335 and MRKT 360. The theory and practice of new venture development. Studies business opportunities from the point of view of the entrepreneur/manager rather than passive investor. Topics include strategic management, venture capital, and writing business plans.

FINC 490 • Seminar (1-3 units)

Prerequisite: Permission of instructor and Chair may be required. Mutual investigation of one topic in finance of particular relevance to upper division majors. May be repeated for credit provided topics are dissimilar.

MANAGEMENT COURSES

MNGT 325 • Management Theory and Practice (3 units)

Prerequisite: BUSN 104, BUSN 106, and BUSN 108 or BUSN 114. An exploration of managerial and leadership roles as they relate to pursuing organizational goals in an efficient and effective capacity. Focuses on the four functions of managing organizations: planning, organizing, leading and controlling.

MNGT 342 • Human Resource Management (3 units)

Prerequisite: MNGT 325. Designed to address how organizations can gain a sustainable, competitive advantage through people. This course focuses on recruiting, selecting, and training a diverse workforce; appraising and improving performance; managing compensation and benefits; and enhancing employee-management relations in a global economy.

MNGT 346 • Organizational Behavior (3 units)

Prerequisite: MNGT 325. Integrates the psychological and sociological aspects of human behavior as they relate to management of domestic and global organizations. Focus is on individual, group, and organizational behavior. Topics include communication, motivation, group dynamics, leadership, power, reward systems, organizational structure, and managing conflict and change.

MNGT 347 • Leadership and Quality Management (3 units)

Prerequisite: MNGT 325. Explores the multifaceted world of leadership problem-solving and operations management together with their contemporary application. It focuses on the ongoing developments of analytical and strategic thinking and its relevance from a Quality Management perspective.

MNGT 420 • International Management (3 units)

Prerequisite: MNGT 325. Focuses on the management of international enterprises. Topics include globalization and worldwide developments; the political, legal, and technological environment; international strategic management; and communication, motivation, and leadership across cultures.

MNGT 452 • Summer Study Tours (1-8 units)

Prerequisite: Permission of the instructor. Occasional Summer trips to international sites. Will include some coursework along with travel and tour. Units are computed according to the duration of the tour and the hours of instruction, 1 unit per week of travel.

MNGT 457 • Semester Study Abroad (Not to exceed 16 units)

Prerequisite: Approval of the Chair.

MNGT 470 • Special Topics (1-3 units)

Prerequisite: Permission of instructor and Chair may be required. Study of a special topic in one of the fields of management. May be repeated for credit provided topics are dissimilar.

MNGT 490 • Seminar (1-3 units)

Prerequisite: Permission of instructor and Chair may be required. Mutual investigation of one topic in management of particular relevance to upper division majors. May be repeated for credit provided topics are dissimilar.

MARKETING COURSES

MRKT 322 • Direct and Interactive Marketing (3 units)

Prerequisite: MRKT 360; MRKT 369 recommended. Principles and strategies for direct and Internet marketing. Includes study of techniques and methodology for maximizing effectiveness of programs. Integrated with overall marketing plan development.

MRKT 360 • Principles of Marketing (3 units)

Prerequisite: BUSN 165C or MATH 145C or MATH 265C; ACCT 225, BUSN 215 and BUSN 216 recommended. Studies marketing and marketing strategy from a managerial approach. It explores placing products and services in markets at a fair price while meeting customer expectations. The course builds upon the classical “four Ps” theory, and examines marketing’s contemporary ideas and practices.

MRKT 362 • Advertising and Promotion (3 units)

Prerequisite: MRKT 360; MRKT 369 recommended. Advertising and promotion principles and concepts. Includes practical application of textbook learning. Creative development of TV, radio and print advertising, and consumer promotions. Development of advertising, media, and promotion plans.

MRKT 365 • Marketing Research (3 units)

Prerequisite: MRKT 360; MATH 265C recommended. Develops the skills needed to conduct and apply research for marketing decision making. Problem formulation, secondary data, primary research, and fundamentals of analysis are covered.

MRKT 366 • Sales and Sales Management (3 units)

Prerequisite: MRKT 360 and MNGT 325. Probes and identifies responses and conduct of potential consumers to the various stimuli generated in the media.

MRKT 367 • Multinational Marketing (3 units)

Prerequisite: MRKT 360. Models for delivery of international promotions are studied with an emphasis upon cross-cultural considerations and complications.

MRKT 368 • Retailing and Merchandising (3 units)

Prerequisite: MRKT 360; MRKT 369 recommended. Focuses upon those distribution channels, promotional techniques, and customer relations unique to the retail industry. Special emphasis is directed toward individual development of marketing plans.

MRKT 369 • Consumer Behavior (3 units)

Prerequisite: MRKT 360. Provides a usable understanding of current consumer behavior concepts and develops a background of knowledge that will enable the individual to apply these principles in marketing.

MRKT 464 • Strategic Marketing (3 units)

Prerequisite: ACCT 321 or FINC 335, MNGT 325, BUSN 316 or 317, MRKT 360 with a "C" or better. This course expands on a foundation related to the primary components of marketing including: market segmentation, research produce/service, branding, price, marketing communication, and market channel strategies. The course offers a case study approach with large and small group discussion and presentations. A mix of global, e-based, profit, non-profit, goods and services related organizations are studied. The primary focus is on application of concepts learned and stimulation of critical thinking skills such as analysis, synthesis, and evaluation.

MRKT 470 • Special Topics (1-3 units)

Prerequisite: MRKT 360 and a minimum GPA of 2.5 in marketing courses. Permission of instructor and Chair may be required. Study of a special topic in one of the fields of marketing. May be repeated for credit provided topics are dissimilar.

MRKT 490 • Seminar (1-3 units)

Prerequisite: MRKT 360 and a minimum GPA of 2.5 in marketing courses. Permission of instructor and Chair may be required. Mutual investigation of one topic in marketing or particular relevance to upper division majors. May be repeated for credit provided topics are dissimilar.

DEPARTMENT OF CHEMISTRY

Tara Sirvent, Ph.D., Chair

MISSION: The Chemistry Department seeks to provide the training and Christian environment to prepare students for careers in elementary and secondary education, to provide the background in chemistry necessary for other areas of study such as biology and to prepare students for professional programs in such areas as dentistry, pharmacy, optometry, medicine, veterinary medicine, nursing, and physical therapy, and to prepare students for graduate studies in chemistry.

The Chemistry Department houses both chemistry and physics disciplines as a part of the College and serves not only chemistry but also other allied disciplines within the undergraduate program. There are two degrees available within the Chemistry Department: a Bachelor of Science (B.S.) in Chemistry and a Bachelor of Science (B.S.) in Biochemistry.

The B.S. program provides undergraduate preparation for technical employment or post-baccalaureate study in graduate school or for professions such as medicine, and other health professions and natural resource management. A Chemistry major considering graduate or professional school should confer with a Chemistry advisor to plan a program to meet the student's needs and assure entrance into such a school.

PROGRAM STUDENT LEARNING OUTCOMES: VUSC Chemistry graduates should have:

1. Demonstrated an understanding of the major concepts, theories, and experimental evidence of and the ability to solve problems in : Analytical Chemistry, Biological Chemistry, General Chemistry, Organic Chemistry, and Physical Chemistry.
2. Demonstrated competence in practical laboratory-based aspects of chemistry, including: basic laboratory skills, selection and use of modern instruments, proper standardization and calibration practices, and computer-based data acquisition.
3. Developed critical thinking skills and problem-solving approaches using scientific methods to: identify the relevant factors which define problems,

develop and evaluate methods, employ appropriate statistical analysis and instrumentation, and draw reasonable conclusions.

4. Demonstrated the ability to identify principles in the American Chemical Society Ethics Code, recognize ethical components in complex situations, design solutions appropriate to professional standards, and practice science in a safe manner.
5. Demonstrated comprehension of chemical literature and the ability to communicate professionally about chemistry through writing in an accepted scientific format and orally in a public venue.
6. Demonstrated familiarity with the process of chemical research through the formal participation in an undergraduate research project that involved: project management, methods development, data analysis, and written contribution to the discipline in the form of a presentation or publication.

There are two degrees available within the Chemistry Department: a Bachelor of Science (B.S.) in Chemistry and a Bachelor of Science (B.S.) in Biochemistry. The B.S. program provides undergraduate preparation for technical employment or post-baccalaureate study in graduate school or for professions such as medicine, and other health professions and natural resource management. A Chemistry major considering graduate or professional school should confer with a Chemistry advisor to plan a program to meet the student's needs and assure entrance into such a school.

Requirements for a California-Certified Teaching Credential in Chemistry (5 additional units)

In addition to the Bachelor of Science in Chemistry, in which the student must choose Modern Physics as an elective, the student must take the following:

CHEM 212	Teaching Chemistry I	1 unit
CHEM 214	Teaching Chemistry II	1 unit
CHEM 325	History and Philosophy of Science	3 units
EDUC 315	Teaching in a Multicultural Setting	3 units

The student may forego taking a second course in advanced chemistry (CHEM 435/442/470).

Chemistry Minor Requirements **22-25 Units**

CHEM 120	General Chemistry I	3 units
CHEM 120L	General Chemistry I Lab	1 unit
CHEM 120R	General Chemistry I Recitation	1 unit
CHEM 121	General Chemistry II	3 units

CHEM 304L	Organic Chemistry Techniques I	1 unit
CHEM 305	Organic Chemistry II	3 units
CHEM 305L	Organic Chemistry Techniques II	1 unit

In addition to General and Organic Chemistry, Chemistry minors are exposed to one more sub-discipline of chemistry. Each sub-discipline consists of a Lecture and Lab combination. The student may elect to complete a Lecture/Lecture combination in the Biochemistry and Physical Chemistry sub-disciplines instead of the Lecture/Lab combination. The following are the minor requirements:

CHEM 252	Analytical Chemistry	3 units
CHEM 252L	Analytical Chemistry Techniques	1 unit
CHEM 430	Biochemistry	3 units
CHEM 430L	Experimental Techniques in Biochemistry	1 unit
OR CHEM 435	Advanced Biochemistry	3 units
CHEM 440	Instrumental Analysis	2 units
CHEM 440L	Instrumental Analysis Lab Techniques	2 units
CHEM 456	Physical Chemistry: Thermodynamics	2 units
CHEM 457	Physical Chemistry: Kinetics	2 units

CHEMISTRY COURSES

CHEM 112C • Fundamentals of General, Organic and Biochemistry I (3 units)

Prerequisite: One year of high school algebra. An introduction to the study of matter and properties. The course surveys in one semester chemical topics such as: atomic theory, periodic trends, measurements and stoichiometry, chemical reactions, reduction and oxidation chemistry, chemical equilibrium, nuclear chemistry and acids and bases. This course is designed for students who need a refresher in general chemistry. It also serves as an excellent introductory course for students in the health sciences or as a general science for non-majors. Course fulfills Core education laboratory science requirement. Lecture three hours.

CHEM 112CL • Fundamentals of General, Organic and Biochemistry I Laboratory (1 unit)

Co-requisite: CHEM 112C. A complementary laboratory course to CHEM 112C emphasizing the study of matter and properties. This hands-on course teaches basic techniques used in the chemistry lab. Sample experiments include: separation of compounds, chemical precipitation reactions, oxidation-reduction reactions, household chemical qualitative analysis. Laboratory three hours. Lab fee.

CHEM 113 • Fundamentals of General, Organic and Biochemistry II (3 units)

Prerequisite: CHEM 112C or permission of instructor. A continuation of the study of matter and its properties. This course explores the following areas of chemistry: Organic Chemistry and Biochemistry. Topics such as: organic functional groups, basic organic reactions, biomolecular structure, metabolism, protein synthesis, and instrumentation will be covered. This course is designed for students in the health sciences, liberal studies, or as a general science for non-majors. Lecture three hours.

CHEM 113L • Fundamentals of General, Organic and Biochemistry II Laboratory (1 unit)

Prerequisite: CHEM 112CL or permission of instructor. A complementary laboratory course for CHEM 113. This course implements the following experiments: organic synthesis of aspirin or other analgesic, synthesis of esters, separation of compounds using chromatographic techniques, synthesis of organic dyes, combustion of carbohydrates, analysis of proteins and DNA. This course is designed for students in the health sciences, liberal studies, or as a general science for non-majors. Laboratory three hours. Lab fee.

CHEM 120 • General Chemistry I (3 units)

Prerequisite: CHEM 112C or passing score on the Chemistry Placement Exam. Co-requisite: CHEM 120L/R. Fundamental concepts including chemical reactions, stoichiometry, atomic structure, chemical bonding, changes in state, and the periodic table. Should students not be prepared to succeed in chemistry, it is recommended that students enroll in CHEM 112C/CL. After successful completion of CHEM 112C/CL, the student can re-enter. Three hours lecture per week and one hour recitation session per week.

CHEM 120L • General Chemistry I Laboratory (1 unit)

Prerequisite: CHEM 112CL. Co-requisite: CHEM 120/R. Students will learn introductory laboratory techniques such as observation, measurement, separations, and identification of reactions. Experiments will involve concepts including: atomic structure, chemical bonding, changes in state, periodic table, oxidation, kinetics, equilibrium, thermodynamics, and electrochemistry. One 4-hour laboratory session per week. Lab fee.

CHEM 120R • General Chemistry I Recitation (1 unit)

Pre-requisite: CHEM 112C or passing score on TPE. Co-requisite: CHEM 120/L. Recitation section to accompany CHEM 120. This course develops problem solving skills of students studying the fundamental concepts presented in CHEM 120 including: chemical reactions, stoichiometry, atomic structure, chemical bonding, changes in state, and the periodic table. One hour recitation session per week.

CHEM 121 • General Chemistry II (3 units)

Prerequisite: CHEM 120. Co-requisite: CHEM 121L/R. Fundamental concepts including kinetics, equilibrium, thermodynamics, and electrochemistry. Special topics will include nuclear chemistry, transition metal periodicity and coordination compounds. Three hours lecture per week and one hour recitation session per week.

CHEM 121L • General Chemistry II Laboratory (1 unit)

Prerequisite: CHEM 120L. Co-requisite: CHEM 121/R. Students will continue their introduction to laboratory techniques including gravimetric and volumetric analysis, neutralization, and catalysis. Experiments will involve the concepts including: atomic structure, chemical bonding, changes in state, periodic table, oxidation, kinetics, equilibrium, thermodynamics, and electrochemistry. One 4-hour laboratory session per week. Lab fee.

CHEM 121R • General Chemistry II Recitation (1 unit)

Prerequisite: CHEM 120R. Co-requisite: CHEM 121/L. Recitation section to accompany CHEM 121. This course develops problem solving skills of students studying the fundamental concepts presented in CHEM 121 including: Fundamental concepts including kinetics, equilibrium,

thermodynamics, and electrochemistry. Special topics will include nuclear chemistry, transition metal periodicity and coordination compounds. One hour recitation session per week.

CHEM 212, 214 • Teaching Chemistry I, II (1 unit each)

Prerequisite: CHEM 121; Co-requisite: EDUC 315. This course will cover the design of chemistry laboratory experiments to demonstrate and foster the understanding of important chemical principles. Students will both design experiments and analyze experiments from a standard experimental text to determine which principles the experiment is designed to demonstrate. Particular attention will be paid to issues of safety both in the execution of an experiment and in the determination of its suitability for student involvement. In addition to three hours of lab per week, three mandatory visitations to a 6th-12th grade chemistry class per semester (at a public school) will be required. The students will provide oral and written reports on their experiences in the field visitations. Two semester sequence. Lab fee.

CHEM 252 • Analytical Chemistry (3 units)

Prerequisites: CHEM 120. Co-requisite: CHEM 252L. The theory of and techniques for calculations pertaining to classical gravimetric and volumetric methods, theory and techniques of separation, and an introduction to instrumental methods. Three hours lecture per week. Offered in alternate years.

CHEM 252L • Analytical Chemistry Techniques (1 unit)

Prerequisites: CHEM 120L. Co-requisite: CHEM 252. Laboratory experiments in classical gravimetric and volumetric methods, techniques of separation, and an introduction to instrumental methods. One four-hour laboratory session per week. Lab fee. Offered in alternate years.

CHEM 304 • Organic Chemistry I (3 units)

Prerequisites: CHEM 121. Co-requisite: CHEM 304L. This course is designed to introduce students to organic chemistry. The following topics will be covered: bonding and atomic theory, nomenclature, stereochemistry, functional groups, substitution reactions, elimination reactions, and both electrophilic addition and aromatic substitution reactions. Students will develop a mastery of organic functional groups and nomenclature, an understanding of basic organic reaction

mechanisms, a familiarity with common organic reactions, and an appreciation for the importance of organic chemistry in other disciplines. The student will be prepared to continue their education in organic chemistry in the sequential course (CHEM 305). Three hours of lecture per week.

CHEM 304L • Organic Chemistry Techniques I (1 unit)

Prerequisites: CHEM 121L. Co-requisite: CHEM 304. This is the complementary laboratory course for CHEM 304. This course is designed to develop basic skills and techniques for practical application of the general principles of organic chemistry. The development of a safe approach to lab experimentation will be stressed. Four-hour laboratory session per week. Lab fee.

CHEM 305 • Organic Chemistry II (3 units)

Prerequisite: CHEM 304/L. Co-requisite: CHEM 305L. This course is designed as a continuation of the study of organic chemistry. Students will be introduced to various topics in organic chemistry including: organic oxidations and reductions, carbonyl chemistry, amines, carboxylic acids and their derivatives, organic mechanisms and various biological molecules and building blocks. Three hours of lecture per week.

CHEM 305L • Organic Chemistry Techniques II (1 unit)

Prerequisites: CHEM 304/L. Co-requisite: CHEM 305. This is the complementary laboratory course for CHEM 305. This course is designed to develop basic skills and techniques for practical application of the general principles of organic chemistry including identification of unknowns and multi-step synthesis. The development of a safe approach to lab experimentation will be stressed. Four-hour laboratory session per week. Lab fee.

CHEM 308 • Introduction to Spectroscopy (2 units)

Prerequisite: CHEM 304. Introduction to the basic spectroscopic techniques of organic chemistry and biochemistry: infrared spectrophotometry, 1D proton and carbon NMR spectrometry, and mass spectrometry, with some discussion of UV/visible spectrophotometry and 2D NMR spectrometry. Identification of organic compounds using individual and combined spectroscopic evidence. Two hours of lecture per week.

CHEM 310 • Chemical Literature (3 units)

Prerequisite: Consent of the instructor. A survey of chemical literature, methods of its use, and the study of and reports on specific literature topics. Emphasis on complete and accurate bibliographical searches and proper journal writing form and technique. This course satisfies the Core Curriculum ENGL 220C requirement. Assigned library time and individual conferences with the instructor each week.

CHEM/BIOL 325 • History and Philosophy of Science (3 units)

Prerequisites: BIOL 121 or BIOL 131; CHEM 121; and PSCI 223C, PSCI 225, or equivalent. Study of selected topics in the history and philosophy of science and the application of these principles in analyzing contemporary scientific trends. Especially recommended for liberal studies majors and those planning to teach physical or biological sciences in secondary schools. Three hours of lecture per week.

CHEM 430 • Biochemistry (3 units)

Prerequisite: CHEM 305/L. Co-requisite: CHEM 430L. This course covers topics at the interface of chemistry and biology with a focus on problems where chemistry has made a particularly strong contribution to the understanding of biological system mechanisms. The chemical reactions important to biology – and the enzymes that catalyze these reactions – are discussed in an integrated format. Topics include: the chemistry and biosynthesis of carbohydrates, proteins and nucleic acids; protein folding; enzyme catalysis; bioenergetics; key reactions of synthesis and catabolism; and chemical aspects of signal transduction. An appreciation for the increasing importance of biochemistry in the chemical sciences will be cultivated. Three hours of lecture per week. Offered in alternate years.

CHEM 430L • Experimental Techniques in Biochemistry (1 unit)

Prerequisite: CHEM 305/L. Co-requisite: CHEM 430. This is the complementary laboratory course for CHEM 430. This course is designed to enhance the basic skills and techniques learned in the previous foundational experimental chemistry courses. This course focuses on modern biochemical techniques including the operation of chromatographic and spectroscopic instruments used in the practical

application biological chemistry. The development of a safe approach to lab experimentation will be stressed. Four-hour laboratory session per week. Lab fee. Offered in alternate years.

CHEM 435 • Advanced Biochemistry (3 units)

Prerequisite: CHEM 430. Advanced Biochemistry provides an in depth view of biosynthesis, the biochemistry of muscle action, hormones and their function, active transport, organ interrelationship in metabolism, oncology, the structure of genetic material and replication and expression of DNA. Other topics of interest may be covered. Three hours of lecture per week. Offered in alternate years. Two hours of lecture plus an additional ~6 hours of online assignments per week.

CHEM 440 • Instrumental Analysis (2 units)

Prerequisite: Chem 252. An introduction to modern instrumental chemical analysis. The course will span theory of operation, instrument design and methodology, and applications of instrumental techniques. Electrochemical methods including potentiometry, voltammetry, and coulometry; spectroscopic methods including infrared, UV-Vis, and NMR; chromatographic methods including gas, liquid and thin layer; and thermal methods of analysis and kinetic methods of analysis will be covered.

CHEM 440L • Instrumental Analysis Lab Techniques (2 units)

Prerequisite: Chem 252L. Corequisite: Chem 440. Introduces students to the major concepts of instrumental analysis and to some of the instrumental techniques most commonly used in analytical and bioanalytical chemistry. It emphasizes the use of modern, commercial instrumentation to perform quantitative and qualitative analyses of the physical properties and chemical composition of samples. Laboratory Course for 8 hours. Lab fee.

CHEM 442 • Advanced Organic Chemistry (3 units)

Prerequisite: CHEM 305. Advanced Organic Chemistry is designed to provide a bridge between introductory organic chemistry and graduate courses. The class format will involve problem solving and discussion, culminating in a term paper in which the student proposed an original synthesis. Emphasis is placed on nomenclature, stereochemistry, functional group transformations, multistep

syntheses, reaction mechanisms, aromaticity, pericyclic reactions, and various physical influences on organic reactions.

CHEM 455 • Chemistry Teaching Internship (1-3 units)

Prerequisite: Sophomore standing with GPA of 3.0 or above with approval of the department chair. Regular hours each week for classes and/or meetings are established at the beginning of the semester. The intern assists an instructor in planning and conducting a course, recitation and/or laboratory sessions. This course may be taken for 1-3 units per semester. May be repeated for a maximum of six units.

CHEM 456 • Physical Chemistry: Thermodynamics (2 units)

Prerequisites: CHEM 121, MATH 181; MATH 281 preferred. Laws, principles and concepts of chemistry concerning the properties of gases, the laws of thermodynamics, the theory and equations of phase changes in both pure and mixed substances, chemical equilibrium, equilibrium electrochemistry. Two hours lecture per week. Offered in alternate years.

CHEM 456L • Physical Chemistry Techniques (1-2 units)

Prerequisite: CHEM 252/L. When taken for one unit, experiments involving the properties of gases, the laws of thermodynamics, the theory and equations of phase changes in both pure and mixed substances, chemical equilibrium, equilibrium electrochemistry, molecular motion and diffusion, and both classical and molecular chemical kinetics. When taken for two units, additional experiments involving: quantum properties of atoms and molecules; electrical properties of atoms and molecules; rotational, vibrational, and electronic spectroscopy; statistical-mechanical analysis of the thermodynamic and phase change properties of atoms and molecules; and the physical chemistry of macromolecules. Formal journal-style reporting required. Four to eight hours laboratory per week. Lab fee per unit. Alternate years.

CHEM 457 • Physical Chemistry: Kinetics (2 units)

Prerequisites: CHEM 121, MATH 181; MATH 281 preferred. Laws, principles and concepts of chemistry concerning molecular motion and diffusion, both classical and molecular chemical kinetics, and introductory statistical mechanics. Two hours lecture per week. Offered in alternate years.

CHEM 458 • Physical Chemistry: Quantum Mechanics (2 units)

Prerequisites: CHEM 457, MATH 281. Laws, principles, and concepts of chemistry concerning: quantum mechanics; quantum properties of atoms and molecules; symmetry of molecules; rotational, vibrational, electronic, and magnetic (nuclear) spectroscopy and introductory statistical mechanics. Two hours lecture per week. Offered in alternate years.

CHEM 470 • Special Topics (1-4 units)

Prerequisite: Consent of the instructor. Study in a special topic in chemistry. May be repeated for credit. May have a lab fee. Topics may include advanced inorganic chemistry, rates and mechanisms in organic chemistry, synthetic methods in organic chemistry, or other advanced topics.

CHEM 485 • Undergraduate Research (1-4 units)

Prerequisite: Consent of the instructor. Problems in advanced laboratory research with emphasis on research techniques. Research is carried out under the supervision of the instructor with weekly conferences to discuss results and direction. Emphasis will be placed on project management, safety, instrumentation, solution preparation, and research documentation skills. A written proposal and report emphasizing the literature background of the problem and the experimental results are required. The results of the research project will also be presented in an oral format in CHEM 499C. This course is a variable credit course. At least two units are required for all chemistry and biochemistry majors. A minimum of 50 of laboratory work is required per unit. May be repeated. Lab fee.

CHEM 499C • Capstone Seminar in Chemistry (2 units)

Prerequisite: Senior standing or departmental approval. This course includes a senior thesis covering an approved research topic, analysis and evaluation of current research in chemistry, and the integration of faith and the chemical sciences. An oral presentation of the senior thesis in a classroom setting is required. In-class presentations by faculty and guests are part of the course. Laboratory research in an on-campus research program or an approved off-campus research program may be required for the senior thesis. This course fulfills the Core Curriculum Capstone requirement for Chemistry majors.

PHYSICAL SCIENCE COURSES

PSCI 130C • General Physics I (3 units)

Prerequisite: MATH 117 or MATH 170. Co-requisite: PSCI 130CL. This is a trigonometry based course in mechanics and heat. Topics include kinematics, Newton's Laws, rotational motion, fluid mechanics, and laws of thermodynamics. Three hours of lecture. This course fulfills the core curriculum lecture requirement in natural sciences.

PSCI 130CL • General Physics I Laboratory (1 unit)

Prerequisite: MATH 117 or MATH 170. Co-requisite: PSCI 130C. Laboratory experiments will demonstrate principles studied during lecture sessions. These experiments demonstrate principles in the areas of rotational motion, momentum, fluid mechanics, heat transfer, friction and conservation of mechanical energy. This course fulfills the core curriculum laboratory requirement in the natural sciences. Laboratory three hours. Lab fee.

PSCI 131 • General Physics II (3 units)

Prerequisite: PSCI 130C. Co-requisite: PSCI 131L. This is a trigonometry based course in electricity, magnetism, sound and light. Topics include mechanical waves, sound, Coulomb's Law, electrostatics, electric circuits, introductory electronics, magnetic fields, induction, wave mechanics, geometrical optics, interference, diffraction and polarization. Three hours of lecture. This course fulfills the core curriculum lecture requirement in natural science.

PSCI 131L • General Physics II Laboratory (1 unit)

Prerequisite: PSCI 130CL. Co-requisite: PSCI 131. Laboratory experiments will demonstrate principles studied during lecture sessions. These experiments demonstrate principles in the areas of electrical current, electrical potential, electrical circuits, magnetic fields, optics, wave motion, and optics. This course fulfills the core curriculum laboratory requirement in the natural sciences. Laboratory three hours. Lab fee.

PSCI 215C • Fundamentals of Earth Science (3 units)

Prerequisite: One year high school chemistry, biology or physics. Earth Science including physical and historical geology, oceanography, and descriptive astronomy; economic, social, and philosophical aspects of the subject matter. A three-day field trip is required. This course is recommended for Liberal Studies majors. Lecture three hours each week. This course fulfills the core curriculum lecture requirement in the natural sciences. Fee for the field trip for those not concurrently enrolled in PSCI 215CL.

PSCI 215CL • Earth Science Laboratory (1 unit)

Co-requisite: PSCI 215C. Classification of rocks, visiting various geological sites, use of topographic and geological maps, oceanographic sampling and techniques, climatic patterns, meteorological measurements, and the use of an astronomical telescope. This course fulfills the core curriculum laboratory requirement in the natural sciences. Lab and field trip fee.

PSCI 216C • Fundamentals of Physical Science (3 units)

Prerequisites: Three years of high school mathematics. Co-requisite: PSCI 216CL. This course in physical science considers topics in physics, chemistry, and astronomy that are conceptual in nature with minimal reliance on the quantitative rules of mathematics as a tool for understanding. A strong emphasis is placed on proper use of vocabulary words to understand and explain topics in the fields of mechanics, properties of matter, heat, sound, electricity and magnetism, and light. This course fulfills the core curriculum lecture requirement in the natural sciences. Lecture three hours per week.

PSCI 216CL • Physical Science Laboratory (1 unit)

Co-requisite: PSCI 216C. An introduction to laboratory practice and procedure in physical science, and exercises in mechanics, properties of matter, heat, sound, electricity and magnetism, and light. This course fulfills the core curriculum laboratory requirement in the natural sciences. Laboratory fee.

PSCI 223C • Mechanics and Heat (3 units)

Prerequisite: Math 180. Co-requisite: PSCI 223CL. Kinematics, Newton's Laws, rotational motion, fluid mechanics, and laws of thermodynamics. Three hours of lecture.

PSCI 223CL • Mechanics and Heat Laboratory (1 unit)

Prerequisite: MATH 180. Co-requisite: PSCI 223C. Laboratory experiments will demonstrate principles studied during lecture sessions. These experiments demonstrate principles in the areas of rotational motion, momentum, fluid mechanics, heat transfer, friction and conservation of mechanical energy. Laboratory three hours. Lab fee.

PSCI 225 • Electricity, Magnetism, Sound and Light (3 units)

Prerequisite: PSCI 223C, MATH 181. Co-requisite: PSCI 225L. Mechanical waves, sound, Coulomb's Law, electrostatics, electric circuits, introductory electronics, magnetic fields, induction, wave mechanics, geometrical optics, interference, diffraction and polarization. Three hours of lecture.

PSCI 225L • Electricity, Magnetism, Sound and Light Laboratory (1 unit)

Prerequisites: PSCI 223C and MATH 181. Co-requisite: PSCI 225. Laboratory experiments will demonstrate principles studied during lecture sessions. These experiments demonstrate principles in the areas of electrical current, electrical potential, electrical circuits, magnetic fields, optics, wave motion, and optics. Laboratory three hours. Lab fee.

PSCI 227 • Modern Physics (3 units)

Prerequisite: PSCI 223C and PSCI 225. Relativity, photoelectric effect, quantum theory, Bohr model of the atom, photons and matter waves, atoms, nuclear physics, energy from the nucleus, quarks, leptons, and cosmology.

PSCI 291, 292, 293, 294 • Special Topics (1, 2, 3-4 units)

Study of a special topic in physical science. May be repeated for credit. May have a lab fee.

PSCI 470 • Special Topic (1-4 units)

Prerequisite: Consent of the instructor. Special topics in physical science. May be repeated for credit. May have a lab fee.

DEPARTMENT OF COMMUNICATION

Thomas J. Carmody, Ph.D., Chair

MISSION:

1. *Create an environment in which the student can study the principles and concepts of Communication within the context of exploring and deepening their Christian faith commitment.*
2. *Give the student an understanding of the foundational theoretical principles of Communication that in turn will have professional, social, interpersonal and general pragmatic utility.*
3. *Provide the student with a basic understanding of the depth and breadth of the discipline, and ensure they have the necessary intellectually sophisticated skills to think critically, creatively and analytically about the field.*
4. *Provide resources such as faculty mentors, guest lecturers, and technology that will deepen the students' appreciation for and knowledge of the discipline as well enriching the academic life of the university as a whole.*
5. *Impart the student with the knowledge and ability to find and utilize educational resources within and beyond the University walls to further expand knowledge after graduation.*

The communication major is divided into two concentrations: the Communication Major with a Concentration in Communication Studies and the Communication Major with a Concentration in Cinema Arts.

Students must achieve a minimum grade of C in all Communication courses required for undergraduate majors and minors in the Department of Communication.

Communication Major with a Concentration in Communication Studies

The Concentration in Communication Studies has four areas of emphasis that students can choose to pursue: Public Relations, Interpersonal/Organizational Communication, Intercultural Communication, and Journalism.

In addition to the four emphases, two opportunities also exist in the communication studies concentration. The first is the Forensics program which competes nationally in speech and debate competitions. Second, students may choose to write for the student newspaper.

The Department of Communication is a participant in the National Communication Association's Lambda Pi Eta student honor society, National Religious Broadcasters, the Council of Christian Colleges and Universities, the L.A. Film Studies Center, and the Washington Journalism Center in Washington, D.C. The latter two programs allow students to live in residence for a semester, take classes, and actively participate with professionals through internships.

Note: Students are personally responsible to meet the prerequisite requirements of any course in which they are enrolled.

All Communication majors or any student enrolled in 6 or more units of communication will be assessed a special fee each semester.

Communication Major with a Concentration in Cinema Arts

The concentration in Cinema Arts has three areas of emphasis that students can choose to pursue: Production, Post-Production, and Screenwriting.

***Departmental Policy:** More and more students are entering the University with significant knowledge of graphic design applications and camera equipment. Students may want to jump-start their coursework, getting into advanced coursework upon entrance. Students who wish to opt-out of these core courses, (Elements of Storytelling, Visual Technology and Digital Audio and Video Principles) must meet with a professor in the department to discuss previous experience and may be required to take and pass online testing for each course and must take other courses to fill these core units. These students are still required to earn 124 units to graduate.

Vanguard Sundance Program

The Sundance Film Festival, held in Park City, Utah, is the leading U.S. venue for independent film premieres. Attending the festival allows an immersive plunge into the art and commerce of the Entertainment Industry. The Vanguard Sundance Program takes place during the second week of the Sundance Film Festival at the end of January. Although the actual festival is in the Spring, students must register for the program as a Fall semester course as there is assigned course preparation leading to the festival. Students will be expected to read texts prior to attending the festival and will have written assignments during and after the festival experience. The festival will serve as a laboratory in which students attend screenings, discussions, and seminars.

As a part of the program, Vanguard has teamed up with the Windrider Forum. This partnership allows students from Vanguard to meet up with students from other Christian universities and seminaries to have discussions with filmmakers currently screening films at Sundance.

The Vanguard Sundance Program accepts up to 12 Communication students each year. Eight of these students will be honored with significant funding toward attending the program. If selected as one of the eight honored applicants, the Communication Department will cover housing, 10 film tickets, shuttle from and to the airport, Windrider Forum fees, and Sundance Film Festival credentials. Students will be expected to cover transportation to the festival, meals, and any additional films.

A panel of faculty members from the Communication Department will determine those accepted into the program. Decisions will be made based on academic standing and essay responses. The department may also accept up to four private pay students in addition to the funded eight.

COMM 486 • Vanguard Sundance (3 units)

The Sundance Film Festival is the leading venue for independent film premieres. It is an immersive plunge into the art and commerce of the Entertainment Industry. This program takes place in Park City, Utah during the second week of the Sundance Film Fest. The festival will serve as a laboratory as students attend screenings, discussions, and seminars.

Los Angeles Film Studies Center (LAFSC) Courses

Because VU is a participant in LAFSC, students attending VU can take the following courses during a semester-in-residence in Burbank, CA.

LA 350 • Hollywood Production Workshop (4 credits)

Students work collaboratively in groups to create a festival-ready piece, including all the legal documentation and rights to enable the finished production to qualify for festival submission. The course offers students the opportunity to make a motion picture production using Hollywood locations, resources and protocol. Students participate in a competitive vetting process of scripts, pitches and meetings, much like the process of the professional industry. This course operates as a community-building experience in which all students participate in at least one key role in the production process. The course also offers small group tutorials for each student's production position. The workshop environment is specifically designed to meet the needs of both novice and experienced students. The major emphases of the course are the importance of each contribution to a

production, the process of production and effective production management. This course complements the more specialized, skill-focused elective courses and is taught by professional, experienced Christian filmmakers with credits in the Hollywood industry.

LA 366 • Faith and Artistic Development in Film(3 credits))

A class that explores the connection between the eye, the heart and the hand, this course focuses on the integration of faith and learning as well as developing the necessary skills for analysis of the culture of Hollywood. The first section of the class emphasizes the eye: discovering your own identity, looking at film's historical impact, spiritual impact, audience trends, the auteur movement, and vision in film, as well as providing a basis for heart preparation for production. The second section of the course emphasizes the heart: ethics, relationships and communication, passion and art. The last section of the course emphasizes the hand, exploring the collaborative process in Hollywood Production Workshop and Motion Picture Production: roles and aspects of production, the production process, relationships on set, and communication. All students participate in a team-taught lecture seminar led by the faculty of The Los Angeles Film Studies Center.

LA 325 • Internship: Inside Hollywood (6 credits)

Students participate in an internship experience in some aspect of the Hollywood entertainment industry. These are nonpaying positions primarily in an office setting such as development companies, agencies, management companies, post-production facilities, etc. Students work 20 to 24 hours a week, spread over a three day schedule and accumulate 200-250 hours for the semester. Orientation to the internship includes an overview of the creative and operational aspects of the Hollywood entertainment business, including the Christian's role working therein. The internships do not include positions on actual filmmaking locations. Instead, students work in offices as support personnel to producers, writers, directors, agents, post-production personnel and others involved in the total process of producing and distributing a major motion picture. LAFSC provides interns to many of the major companies within Hollywood.

LA 344 • Narrative Storytelling (3 credits)

Concentrating on the art form of narrative storytelling, the course places special emphasis on the visual aspect of the discipline. Two tracks are offered in the course. The Structural track covers topics ranging from the history of story in

culture and film to the mechanics of story creation to the development of story-writing skills. Instruction in the Technical Story track focuses on advanced methods of cinematography and post-production and how those techniques can be used to improve visual storytelling. After the core instructional period in each track, students from both tracks are reunited and will have the opportunity to hone their narrative analysis skills, participate in workshop style labs and make two short films that demonstrate their ability to utilize storytelling theory on screen.

LA 374 • Professional Screenwriting (3 credits)

This is a course in contemporary screenwriting, including an understanding of dramatic structure, character and dialogue development, and the writing process. Students complete a full-length screenplay for a feature film or "movie-of-the-week." Whether novice or advanced, students are expected to develop and improve their skills. Emphasis is given to the role of Christian faith and values as they relate to script content. The course is taught by a working, credited Christian screenwriter.

LA 388 • Independent Study (3 credits)

This course may be elected by special request and arrangement. In order to be considered, students submit a portfolio and a project proposal. Students with approved projects will be appointed a mentor who is a professional in the Hollywood industry. Projects could include further development of a portfolio or reel, critical research or a senior thesis project.

Please Note: The Independent study option is not guaranteed and is intended for students with experience in a specific area of cinema or those needing to complete a senior project for graduation. The number of independent studies offered each semester will be determined by LAFSC faculty, the availability of a suitable mentor and approval from your school's film/communications department head.

Washington Journalism Center (WJC) Courses

Because VU is a participant in Washington Journalism Center, students attending VU can take the following courses during a semester-in-residence in Washington, DC. For more information, visit their website: <http://www.bestsemester.com/wjc/>.

WJC 400 • Foundations for Media Involvement (4 units)

Modern media are at a crossroads and many professionals would even say the

news industry is in a crisis. This class will utilize lectures, discussion, readings and service learning to raise questions about the role Christians should play in the media and culture generally. Topics covered in this class range from contemporary challenges in journalism to historical tensions between the Church and popular culture to the arguments for and against working in the news media. Students will work collaboratively and individually to develop their understanding of their calling and sense of vocation within culture and the news industry.

WJC 405 • Reporting in Washington (3 units)

Journalists who work in Washington need all the basic reporting skills and then some. This advanced reporting class will emphasize story development, research and interviewing skills, using one of the most intense news environments in the world as its classroom. The emphasis will be on short—form, hard-news-writing—the kind demanded by wire services, newspapers, the World Wide Web and broadcasting. Guest lecturers from the industry will discuss feature writing, computer research, ethics and other selected topics. The course begins with the basics but quickly moves to advanced topics. Students will submit story ideas, background research folders and rough drafts of stories.

WJC 410 • Washington, News, and Public Discourse (3 units)

It's impossible to study how Washington works without discussing the media. Through readings and lectures, we will study how the history of American newspapers is interwoven with the history of Washington. Also, we will study how the future of American newsrooms and American politics will be affected by what happens in the news bureaus, networks and magazines based inside the Beltway. The course also addresses contemporary patterns of news consumption, such as how we turn to entertainment, the Internet, and many other unconventional sources for news and information. Students will be challenged to determine how journalists should respond to these trends and to study how the global media marketplace is responding. With help from guest speakers and classic books about the national press, this seminar will help students prepare for their futures in an industry in which Washington will always play a crucial role. Student will choose a topic and additional readings while preparing a major research project addressing a current issue facing the national or global press.

WJC450 • Internship (6 units)

In an industry with professional standards, especially journalism, there is no substitute for practical experience. Gatekeepers want to see that you have “put in your time”, and bylines above a Washington dateline help. With vast amounts of news being generated in Washington D.C., for every region, state, and town in the country every day, this city offers unequalled opportunities to gain experience. WJC seeks only internships that provide hands-on work, reporting and writing. The WJC Internship class seeks to provide experience in a “mentored” environment. Terry Mattingly, a reporter, editor and columnist for 25 years, will serve as a mentor and bridge to the supervising editors in mainstream newsrooms where students will report and write stories. Internships will occupy roughly 25 hours a week for 12 weeks of the semester. Grading will be based on a portfolio of final versions of stories written during the Internship and overall improvement of skills, along with input from the Internship supervisor.

DEPARTMENT OF ENGLISH

Karen Lee, Ph.D., Chair

MISSION: The English Department facilitates the rigorous study of literature and writing through Christian perspectives on ethics, imagination, diversity, and truth; informed analysis of creative literature, and advanced strategies and techniques of written communication, rhetorical analysis, aesthetic appreciation, and literary theory.  This course is designed to serve as a rite of passage for graduating seniors. It particularly is intended to assist the student in integrating the multifaceted aspects of their educational experience with their short- and long-term life goals. Students serve as the editorial board for the university's literary journal. This course fulfills the Core Curriculum Capstone requirement for English majors.

DEPARTMENT OF HISTORY AND POLITICAL SCIENCE

John R. M. Wilson, Ph.D., Chair

MISSION: The Department of History and Political Science engages students with these two disciplines in the context of a Christian worldview. Students will become familiar with the cultural, political, economic, social, and religious development of world civilizations. This familiarity will enhance their ability to understand and evaluate the historical origins of contemporary society and culture as well as the political processes of human social institutions. Serious engagement with a body of literature and schools of thought will deepen students' appreciation for the past, serve as a gateway to the present, and provide the intellectual tools for further study.

Antecedents, Wesleyan and nineteenth-century holiness backgrounds; origin, development, and varieties of traditional Pentecostalism; some attention to the neo-Pentecostal or charismatic movement. Course may include field trips to significant Southern California sites.

HIST/CHIS 425 • Topics in American Religious History (3 units)

The class will focus on one topic particular to American religious history and study it in detail. The topics could include: women in American religious history, new religions and cults, evangelical Christian culture in America, specific religious groups such as the Puritans or evangelicals.

HIST/POLS 437 • The Christian Right and American Politics (3 units)

Seminar on the history and political ideology of the Christian Right from its first appearance in the 1930's until today.

HIST 450 • History Teaching Internship (1-3 units)

Prerequisite: Senior standing with GPA of 3.0 or above with approval of the department chair. Regular hours each week for classes and/or meetings are established at the beginning of the semester. The intern assists an instructor in planning and conducting a course and/or laboratory sessions. Maximum of three units. (Maximum of six units for HIST/POLS 450, 454, and 457.)

HIST/CHIS 451 • Renaissance and Reformation (3 units)

The transition from medieval to modern civilization, emphasizing those forces and persons that brought about change in Europe's intellectual and religious outlook.

HIST/POLS 454 • History/Political Science Internship (1-3 units)

Prerequisite: Consent of the department chair. Internship with VU, local museum, archives, government office, or political campaign. Maximum of three units. (Maximum of six units for HIST/POLS 450, 454, and 457.)

HIST 457 • Research Assistantship (1-3 units)

Prerequisite: Consent of the instructor. Advanced work in research in History in an on-going project with the cooperation and supervision of a faculty member.

Students will meet with instructor weekly to discuss findings and progress.

Maximum three units. (Maximum six units of HIST/POLS 450, 454 and 457.)

HIST 469 • Special Topics: U.S. (1-3 units)

Experimental or occasional courses not offered on a regular basis. May be repeated for credit.

HIST 470 • Special Topics: Non-U.S.(1-3 units)

Experimental or occasional courses not offered on a regular basis. May be repeated for credit.

HIST 480 • Individual Studies (1-3 units)

Prerequisite: Consent of the instructor and department chair. May be repeated for credit.

HIST 485C • Historiography (3 units)

A capstone course that traces the evolution of historical theory, interpretation, and practice. Seminar format. Includes focus on integration of faith and learning within the discipline. Culminates with students developing their own philosophies of history. This course fulfills the Core Curriculum Capstone requirement for History majors.

POLITICAL SCIENCE COURSES

POLS 155C • United States Government (3 units)

Designed to acquaint the student with the United States political system, including constitutional developments of the United States and of California, and stimulate reflection on the intersection of Christianity and citizenship. Strongly recommended as a prerequisite for upper-division U.S. Government classes.

POLS/HIST 262 • Research Methods in History and Political Science (3 units)

Prerequisite: ENGL 120C and, when required, a passing grade in CORE 102C. Writing intensive class which will teach students proper research techniques and the different aspects of History and Political Science scholarship. Class will focus on how to write a major research paper, book reviews, and other scholarly works.

Prerequisite for upper-division History and Political Science courses. Satisfies ENGL 220C requirement. Must be passed with a "C" (not a "C-") or better to fulfill the core curriculum requirement.

POLS 303 • Classical Political Thought (3 units)

Examines perennial questions and diverse responses to political dilemmas such as liberty, equality, power, authority, justice, and law. Looks at thinkers from Plato to the present to evaluate their insights on "the good life."

POLS 325 • Religion and Politics (3 units)

Focuses on the nexus of religion and politics in contemporary life. Themes include political questions religion attempts to answer, theoretical explanations for the impact of religious beliefs on politics, and examples of religion/politics interstices.

POLS 345 • United States Foreign Policy (3 units)

Principles, practice, and ethical issues of United States foreign policymaking. Particular emphasis on the policymaking process.

POLS/HIST 355 • Immigration History and Policy (3 units)

Explores the history of immigration in the United States as well as traces the development of national immigration policy over time. In addition, the course will explore current policy issues or debates over immigration.

POLS 362 • Constitutional Law I: National Powers (3 units)

Explores Supreme Court case law with regard to the U.S. government's exercise of national powers such as judicial, legislative, and executive power, as well as takings clause and commerce clause power. In addition, competing theories of interpretation will be examined as frameworks for analyzing Constitutional cases.

POLS 364 • Constitutional Law II: Civil Rights and Civil Liberties (3 units)

Explores Supreme Court case law with regard to civil rights and civil liberties such as right to vote, freedom of speech, freedom of the press, freedom of religion among others. In addition, competing theories of interpretation will be examined as frameworks for analyzing Constitutional cases.

POLS 420 • Modern Political Thought (3 units)

A survey of political philosophy from Hegel to the present. This course will examine the philosophical origins of Marxism, fascism, and democracy and explore common themes such as the relationship of the state to the individual and modern conceptions of liberty and justice.

POLS/HIST 437 • The Christian Right and American Politics (3 units)

Seminar on the history and political ideology of the Christian Right from its first appearance in the 1930's until today.

POLS 440 • Contemporary American Thought (3 units)

Critical examination of selected contemporary works of social theory that have interdisciplinary perspectives. Books are selected for their significance in recent intellectual discourse about American life.

POLS 445 • Problems in Political Science (3 units)

Explores the practical and theoretical dilemmas of contemporary society. Possible questions to address include why some countries fail to successfully democratize, how to conceptualize and practice security in international relations, how public opinion is formed and its consequences for political participation, and how can societies and ethnic groups overcome hatred and peacefully co-exist.

POLS 450 • Political Science Teaching Internship (1-3 units)

Prerequisite: Senior standing with GPA of 3.0 or above with approval of the department chair. Regular hours each week for classes and/or meetings are established at the beginning of the semester. The intern assists an instructor in planning and conducting a course and/or laboratory sessions. Maximum three units. (Maximum six units of HIST/POLS 450, 454 and 457.)

POLS/HIST 454 • History/Political Science Internship (1-3 units)

Prerequisite: Consent of the department chair. Internship with VU, local museum, archives, government office, or political campaign. Maximum three units. (Maximum six units of HIST/POLS 450, 454 and 457.)

POLS 456 • United States Congress (3 units)

Explores the development and operation of Congress as an institution. It also explores the nature of the members and their behavior in office. Important and timely issues relating to Congress will also be explored.

POLS 457 • Research Assistantship (1-3 units)

Prerequisite: Consent of the instructor. Advanced work in research in Political Science in an on-going project with the cooperation and supervision of a faculty member. Students will meet with instructor weekly to discuss findings and progress. Maximum three units. (Maximum six units of HIST/POLS 450, 454 and 457.)

POLS 460 • Problems of the Third World (3 units)

An examination of the challenge and prospects of political, economic and social development in the Third World. Critical analysis of theories of underdevelopment and strategies for promoting development.

POLS/SOC 468 • Law and Society (3 units)

Prerequisite: SOC 100C or consent of the instructor. Examines law and the legal structure in its social context. Explores the nature, sources, dimensions, and impact of law from social scientific perspectives. Analyzes the uses and limits of law in maintaining order and promoting social change.

POLS 469 • Special Topics: U.S. (1-3 units)

Experimental or occasional courses not offered on a regular basis. May be repeated for credit.

POLS 470 • Special Topics: Non-U.S. (1-3 units)

Experimental or occasional courses not offered on a regular basis. May be repeated for credit.

POLS 472 • United States Presidency (3 units)

Explores the historical development and operation of the Presidency as an institution. The performance of individual presidents and issues such as

presidential elections, rhetoric, war powers, secrecy, and executive-congressional relations will also be addressed.

POLS 480 • Individual Studies (1-3 units)

Prerequisite: Consent of the instructor and department chair. May be repeated for credit.

POLS 482 • International Politics (3 units)

Examination of the concepts and principles of the international political system.

AMERICAN STUDIES PROGRAM (ASP) COURSES

Because VU is a member of the Council of Christian Colleges and Universities, students attending VU can take the following ASP courses during a semester-in-residence in Washington, D.C. (for a total of 15 or 16 units). ASP courses satisfy upper division History and Political Science major requirements and possibly other major requirements—consult your academic advisor.

Required courses (9 units):

AS 425 • Topics in Leadership and Vocation (3 units)

AS 450 • American Studies Internship (6 units)

Choose one track:

Public Policy Initiatives (PPI) (6 units):

AS 430 • Public Policy and Advocacy (3 units)

AS 435 • Public Policy Project (3 units)

Global Development Enterprise (GDE) (6 units):

AS 440 • Entrepreneurship and Human Development (3 units)

AS 445 • Global Development Partnership Exercise (3 units)

Optional:

AS 460 • Professional Mentorship (1 unit)

AS 425 • Topics in Leadership and Vocation (3 units)

Weaves together understanding of God's calling on the student's life with the real-life demands of work and professional development.

AS 430 • Public Policy and Advocacy (3 units)

Provides a survey of the public policy issue of international migration—the movement of people across international borders. Provides opportunity for students to address critical questions pertaining to contemporary citizenship, democratic practice, equality, freedom, globalization, and liberalism.

AS 435 • Public Policy Project (3 units)

Supports the student in the completion of the individual research project from the previous seminar. An advocacy component of the research is designed as a group project. Students will organize into a small research team tasked with the responsibility of providing policy recommendations that address three key areas of debate on immigration-economic/social welfare, security, and national identity.

AS 440 • Entrepreneurship and Human Development (3 units)

An introduction to the unique community of partnerships emerging in Washington, D.C. among commercial, governmental, and non-governmental organizations. Faculty and guest practitioners provide a comparative analysis of different approaches to the design and management of these types of collaborations as they pertain to the global development issue of hunger/food security.

AS 445 • Global Development Partnership Exercise (3 units)

Students participate in key aspects of a research and development project designed to support strategic collaboration among stakeholders whose shared mission is to address a specific development problem or opportunity related to hunger and food security. Working as members of a project team, and in consultation with client organizations, students will contribute to the development and delivery of a report to the client and selected project evaluators.

AS 450 • American Studies Internship (6 units)

Provides an opportunity to work as an intern in a professional setting, to reflect substantively upon workplace experiences, to connect those experiences to classroom themes and discussions, and to acquire the skill set and competencies needed to pursue a professional career in service to God's kingdom.

AS 460 • Professional Mentorship (1 unit)

Matches the student with an experienced professional serving in an area relevant to the student's vocational aspirations.

DEPARTMENT OF KINESIOLOGY

Diana Avans, Ph.D., Chair

MISSION: The mission of the Department of Kinesiology is to equip students to become leaders capable of impacting their world for Christ. The program seeks to prepare competent professionals through personalized education in the classroom, research, and field-based experiences. The goal of the department is to develop independent, critical thinkers who possess an interdisciplinary education with an in-depth understanding of kinesiology in areas such as athletic training, fitness and performance training, prevention and rehabilitation of injuries and disabilities, teaching physical education, and coaching.

PROGRAM STUDENT LEARNING OUTCOMES: Graduates from the Department of Kinesiology will be prepared to meet the following learning outcomes:

1. The identification of critical issues relevant to the field of Kinesiology and the ability to use both oral and written communication in both academic and professional settings.
2. The ability to administer assessments and interpret movement and performance data from lab, clinical, and field experiences to create effective, scientifically based physical activity and sport programs that address individual, community, and societal needs.
3. The ability to think critically through the acquisition, analysis and interpretation of data, and the evaluation and application of current research literature.
4. The ability to demonstrate relevant, marketable knowledge, skills, and dispositions to successfully enter the work force, graduate programs, and the lifelong learning process.

Kinesiology Major

There are three concentrations within the Kinesiology major: Exercise and Sport Science, Sport Studies, and Pre-Health Sciences.

Exercise and Sport Science Concentration 64 units

KINESIOLOGY COURSES

KINE 110 • Fundamentals of Dance (1 unit)

This course is an activity course designed to expose the student to a variety of dance forms including ballroom dance, ballet, jazz, country, line, and folk dance. This course does not fulfill the lifetime fitness activity requirement.

KINE 118 • Skill Development in Gymnastics/Swimming (1 unit)

This course is designed for the KINE major pursuing a teaching credential in physical education. This course focuses on skill development and skill assessment

in gymnastics and swimming. This course does not fulfill the lifetime fitness activity requirement. Lab fee.

KINE 127 • Skill Development in Basketball/Volleyball (1 unit)

This course is designed for the KINE major pursuing a teaching credential in physical education. This course focuses on skill development and skill assessment in basketball and volleyball. This course does not fulfill the lifetime fitness activity requirement.

KINE 128 • Skill Development in Soccer/Softball (1 unit)

This course is designed for the KINE major pursuing a teaching credential in physical education. This course focuses on skill development and skill assessment in soccer and softball. This course does not fulfill the lifetime fitness activity requirement.

KINE 129 • Skill Development in Tennis/Badminton (1 unit)

This course is designed for the KINE major pursuing a teaching credential in physical education. This course focuses on skill development and skill assessment in tennis and badminton. This course does not fulfill the lifetime fitness activity requirement.

THEA/KINE 133 • Musical Theatre Dance I (1 unit)

An introduction to dance for musical theatre. Dance styles covered will include tap, jazz, and musical theatre movement. This course fulfills the KINE 146C Activity Core Curriculum requirement.

KINE/THEA 135 • Beginning Theatre Movement (2-3 units)

An introduction to the study of stage movement. Includes exercises and techniques to insure flexibility, meaningful aesthetic stage movement and physicality utilizing the Laban and Alexander techniques.

KINE 145C • Lifetime Fitness and Wellness - Lecture/Lab (1 unit)

Students will gain an understanding of physical conditioning and wellness pertaining to the five components of health-related fitness. Students will develop an understanding of lifestyle related diseases and behavior modification

techniques. In addition, there will be opportunities to participate in a variety of movement experiences and assessment laboratories related to fitness. It is recommended to take both lecture and activity within the same academic year.

KINE 146C • Lifetime Fitness and Wellness Activity (1 unit)

Course may include any of the following topics: conditioning, exercise and nutrition, weight lifting, creative aerobics, badminton, beginning/intermediate tennis, racquetball, bowling, golf, bicycling, disk activities, volleyball, basketball, soccer, softball, baseball, beginning/advanced taekwondo, surfing, hip-hop/funk, swing dance, core strengthening, kickboxing or other special topics of physical activity. Activity course meets the core activity requirement. Activity course may also be repeated for elective credit. Lab fee for some courses.

KINE 160-178 • Intercollegiate Athletics (1 unit)

This course provides college credit for participating in intercollegiate athletics and the responsibilities that come with being a Vanguard University student athlete. Substitution of this class for the University's activity requirement is not permitted. No more than 4 hours of KINE 160-178 can be counted toward the degree.

KINE 176 • Intercollegiate Athletics: Champions of Character (1 unit)

This course is based upon the NAIA Champions of Character Program and is designed to assist the student-athlete in developing skills in the areas of academics, personal growth, career choice, and commitment to service. This course will help enhance the student-athlete's transition into Vanguard University Athletics and increase their understanding of the responsibilities of being a student-athlete. Enrollment is limited to members of athletic teams and is intended to be taken during the athlete's first semester at the University. Substitution of this class for the University's activity requirement is not permitted.

KINE 183 • Foundations of Kinesiology (3 units)

This course serves as a base for all kinesiology courses. Units will include historical development, philosophical implications, physical fitness, scientific bases of movement, and educational values of kinesiology and career path options.

KINE 214 • Prevention and Treatment of Athletic Injuries (3 units)

Recommended: BIOL 204C. This course is lecture/lab based and will build on the

student's background in human anatomy. Areas of focus include injury recognition, signs and symptoms of injuries specific to body parts, prevention and treatment of orthopedic injuries, wound management, splinting, and supportive taping techniques. Lab fee.

KINE 215 • Responding to Emergencies (2 units)

An advanced First Aid class with an in-depth introduction to responding to a variety of emergency situations. It will provide the student with a complete understanding and knowledge of not only the skills and actions in an emergency situation, but also the physiology, reasoning, and knowledge behind the skills. ARC certification is obtained with the completion of this course. Lab Fee.

KINE 216 • Advanced Medical Care of the Professional Rescuer (1 unit)

The purpose of this course is to provide the student with an opportunity to become proficient in advanced emergency care including the utilization of an automated external defibrillator, Epipen, asthma inhaler, bag-valve mask for oxygen administration, and instruction in cardiopulmonary resuscitation for the professional rescuer. Lab fee.

KINE 217 • Outdoor Recreational Experience (1 unit)

This course encourages the student to identify and demonstrate an understanding of the value, meaning, and benefits of outdoor recreation and to explore a variety of outdoor adventure experiences. Lab fee.

KINE 221 • Movement Anatomy (3 units)

Prerequisite: BIOL 204C. This course is a study of the structure of the human body with particular emphasis on the skeletal and muscular systems and their function in the mechanics of human movement.

KINE 231 • Global Games and Recreation Activities (3 units)

This class will provide students with an exposure to games, sports, and recreational activities from cultures around the world. The student will also be exposed to a variety of teaching methodologies including peer instruction and demonstration, cooperative learning groups, and participation in activities. This course is only offered even years in the Fall.

KINE 235 • Medical Terminology (3 units)

This course introduces the student to the basic rules for interpreting, constructing, and spelling medical terms. Topics include structure; recognition; analysis; definitions; spelling; pronunciation, and a combination of medical terms from prefixes, suffixes, roots, and combining forms. The course is organized by body systems with an emphasis on anatomy and physiology, pathological conditions, and diagnostic treatments and procedures.

KINE/SOC 258 • Sociology of Sports and Human Movement (3 units)

This class will examine the historical and contemporary interpretations of the role of play, games, sports, dance, fitness, and recreation in a variety of cultures. This class will also address sociocultural issues such as gender, socioeconomic status, race and ethnicity in sport.

KINE 291, 292, 293 • Special Topic (1, 2, 3 units)

Study of a special topic in kinesiology. May be repeated for credit.

KINE 314A • Upper Extremity Assessment (2 units)

Prerequisites: KINE 214. This course is a combination of lecture and hands-on lab. It will build on the student's prior knowledge of anatomy and injury recognition. The focus of this course is to assist the student in developing a systematic, thorough method of injury assessment including the development of a medical history, palpitation points, range of motion tests, manual muscle tests, neurological tests, and special tests. This course will focus on the assessment of the head, cervical and thoracic spine, shoulder, elbow, wrist, and hand.

KINE 314B • Lower Extremity Assessment (2 units)

Prerequisites: KINE 214. This course is a combination of lecture and hands-on lab. It will build on the student's prior knowledge of anatomy and injury recognition. The focus of this course is to assist the student in developing a systematic, thorough method of injury assessment including the development of a medical history, palpitation points, range of motion tests, manual muscle tests, neurological tests, and special tests. The area of focus is the development of a systematic method of injury assessment. This course will focus on the assessment of the lumbar spine, hip and pelvis, knee, lower leg, ankle, and foot.

KINE 321 • Principles of Coaching (3 units)

Analysis of the art of coaching, studying: motivation, communication, discipline, morale, and personality traits of individuals, and organizational and administrative procedures involved in scheduling, equipment purchasing and maintenance, and public relations.

KINE 322 • Measurement in Physical Education and Recreation (3 units)

Incorporates methods of lecture, laboratory, and field experiences in the construction, administration, and application of fitness and motor skills tests used in sports and physical education. Issues of grading and evaluation are also addressed using elementary statistics methods utilizing SPSS-PC and Excel.

KINE 323 • Physiology of Exercise (4 units)

Prerequisite: BIOL 304. A study of the effects of exercise upon the systems and organs of the body. Analysis of these systems and how maximum efficiency in physical performance is achieved. Lecture three hours, laboratory three hours. Lab fee.

KINE 325 • Motor Learning and Human Performance (3 units)

This class explores the processes involved in the acquisition of motor actions. Emphasis is placed on how teachers can apply theoretical concepts to more effectively structure lessons. This course is only offered odd years in the Spring.

KINE 328 • Program Design in Conditioning (3 units)

Prerequisite: Requires junior status. This course is designed to provide the student with the theoretical background and practical experience necessary for the safe and scientific evaluation of physical fitness, particularly as it relates to health and disease and the development of programs for remediation, maintenance and enhancement of motor and health related qualities. Lab fee.

KINE 335 • Growth and Motor Development (3 units)

This course investigates theories of motor development of children, especially K-6. Special emphasis is placed upon sequential motor development patterns, the needs, interests, and abilities of the child in relation to physical, social, cognitive,

and emotional domains. In addition, life-span motor development is discussed throughout the course which includes the changes that happen with aging.

KINE/THEA 338 • Stage Combat (2-3 units)

This course introduces basic stage techniques with unarmed combat including falls, rolls, chokes, punches and kicks, advancing to broad sword combat using scenes from classical or contemporary works, and applying these techniques with special attention to safety. Lab fee. Satisfies the Core Curriculum's Lifetime Fitness and Wellness (Activity) unit.

KINE 343 • Leadership and Management of Kinesiology Programs (3 units)

This course focuses on the organization, administration, and management of programs within the field of Kinesiology (including physical education, intramural, interscholastic, intercollegiate athletics, athletic training, private sport and fitness, as well as recreation) programs/departments. Course content will emphasize (a) organization and leadership theory and practice, particularly as they relate to policy, politics, and power, (b) the practicalities of program development, management and supervision (i.e. communication, human resources, public relations, financial management, budgeting and purchasing, facilities, and equipment), and (c) issues of law, risk management, professionalism, ethics and philosophy as they relate to the field.

KINE 350 • Kinesiology Internship (1-5 units)

Prerequisites: Sixteen upper division units and permission of the instructor. This course provides the student with opportunities to demonstrate competencies developed in previous courses by working in an agency under the supervision of a qualified practitioner. For every 1 credit of KINE 350 registered, the student will engage in 4-5 hours of internship.

KINE 356 • Team and Individual/Dual Sports Analysis (3 units)

This course will introduce the instructional process of analyzing and sequencing skill components and performance techniques found within team and individual/dual sports. The course is designed to allow the student to engage in individual and cooperative teaching experiences that utilize multiple instructional strategies. Sport skills addressed may include basketball, volleyball, soccer, flag football, softball, tennis, golf, swimming, track and field.

KINE 380 • Rehabilitation Techniques (3 units)

Prerequisite: KINE 214. This course is designed to meet the needs of students pursuing careers in physical therapy and athletic training. It is a beginning rehabilitation course for the purpose of instruction in the functional stages of rehabilitation along with teaching the student a variety of rehabilitation techniques specific to each body segment. The course will include lab sessions in rehabilitation techniques.

KINE 385 • Therapeutic Modalities (2 units)

Prerequisite: KINE 214. A two-unit upper division course providing the student with information in the physics of modalities. The course will also instruct the student in the purpose, set-up, use, and contraindications of therapeutic modalities.

KINE 395 • ECG and Exercise Testing (3 units)

Prerequisite: BIOL 304. The course is designed to teach the students how to read and interpret an electrocardiogram as well as conduct and evaluate graded exercise tests. This course has great practical application for students who seek to pursue careers that involve exercise stress tests, especially cardiac rehabilitation. Lab fee.

KINE 410 • Health Education (3 units)

The course will cover personal and community health problems, including discussions of hygiene, nutrition, and exercise as they relate to total fitness. The responsibilities of the teacher concerning current health problems, particularly family health, and the effects of narcotics and alcohol on the human body will be emphasized. (Meets the state's requirement for a Professional Clear Credential.)

KINE 415 • Principles of Nutrition and Metabolism (3 units)

Prerequisite: BIOL 304. Introduction to metabolism of protein, fat and carbohydrate; the biological role of vitamins and minerals; nutrient requirements during the life cycle; assessment of dietary intake and nutritional status. The course also discusses the biochemical role of nutrients in maintaining health, and the effects of over- and under-nutrition on disease pathogenesis. The students will also gain an understanding of how nutrition is linked to physical activity and sport performance.

KINE 421 • Biomechanics (3 units)

Prerequisite: KINE 221. Provide students with an understanding of mechanical principles of movement and their application to performance. Qualitative and quantitative analyses of movement will be utilized.

KINE 422 • Ethics in Health Care (3 units)

This course will introduce the student to the principles of medical ethics for the purpose of preparing the student for the difficult and controversial issues they will have to face in the allied health field. This class will enable the student to understand, consider, and place in the context the critical social, ethical, legal, and regulatory issues in the health care system.

KINE 430 • Principles of Strength and Conditioning (3 units)

Recommended: KINE 323 and KINE 328. This course takes a multi-faceted approach to the science of strength training. Topics to be covered include: exercise physiological concepts and applications, testing and evaluation, beginning and advanced flexibility and exercise techniques, program design, periodization, aerobic and anaerobic training considerations, nutrition, performance enhancing substances, exercise prescription for the athlete, and organization and administration of an exercise facility. This course will also provide an opportunity for the student to develop sport specific programs. Ultimately this course should prepare the student to successfully pass the National Strength and Conditioning Associations' exam for the Certified Strength and Conditioning Specialist credential (CSCS).

KINE 433 • Physical Education for Secondary Schools (3 units)

Recommended: KINE 325 and KINE 335. Provides the student with instruction and experience in teaching physical education to the secondary student. Through observation, research, and class lecture/discussion, the students will be equipped to develop and teach physical education curriculum. This course introduces principles that focus on the development of physical, social, emotional, and mental skills for the secondary student.

KINE 435 • Physical Education for Elementary Schools (3 units)

Recommended: KINE 325 and KINE 335. This course is designed to teach the student how to incorporate the components of movement, dance, fundamental movement patterns, fitness activities, and social skills into an educational movement program for children, specifically K-6.

KINE 440 • Research and Statistics in Kinesiology (3 units)

Prerequisite: MATH 168C or 265C. The students are introduced to research design and methods as well as basic statistical procedures for analyzing data. The concepts learned in class are integrated into a data-based kinesiology research project.

KINE 443/PSYC 443 • Sport Psychology (3 units)

Prerequisite: PSYC 103C. This course is designed to introduce students to the psychological aspects of sport and physical activity. From the sport perspective, emphasis will be placed on mental preparation of teams and individuals for competition. From the exercise perspective, group dynamics, motivation and exercise adherence will be covered.

KINE 450C • Capstone Kinesiology Senior Project (3 units)

Prerequisite: Must be a senior within the KINE department. This course is designed to integrate the student's faith with their profession. The student will have opportunities to engage other professionals within the field of Kinesiology through guest speakers, and will be given the opportunity to reflect on their own faith journey. Students will also be required to complete a senior research project on the topic of their choice with instructor guidance and permission.

KINE 451 • Adapted Physical Activity, Recreation, and Sport (3 units)

Principles and procedures in selecting and sequencing learning activities of school age children with disabilities that require special physical programs or adapted activities in the regular program.

KINE 455 • Kinesiology Teaching Internship (1-3 units)

Prerequisite: Junior or Senior standing with G.P.A. of 3.0 or above and approval of the department chair. The student will meet regular hours each week for classes

and/or meetings that are established at the beginning of the semester with the supervising professor. The intern assists an instructor in planning and conducting a course and/or laboratory sessions. Course can be repeated for a maximum total of 3 units. One unit constitutes 45 contact hours.

KINE 470 • Special Topics (1-3 units)

Prerequisite: Consent of the instructor. Study in a special topic in the field of kinesiology. May be repeated for credit.

KINE 480 • Individual Studies (1-3 units)

Prerequisite: Consent of the instructor and department chair. May be repeated for credit.

DEPARTMENT OF LIBERAL STUDIES

Dixie Arnold, Ed.D., Chair

MISSION: The mission of the Department of Liberal Studies is to provide undergraduate students with a broad liberal arts education within the context of a Christian worldview in a multicultural setting. The Liberal Studies major is designed to challenge students to integrate the different academic disciplines and to bring about wholeness of the mind, emotions, and character.

The Liberal Studies major allows students a broad selection of courses in core subject areas. It is the university-approved academic program for those seeking preparation to become an elementary school teacher. The major incorporates all of the course prerequisites for Vanguard's Graduate Education Credential Program. (Students will refer to the Graduate Program in Education for specific information about pursuing a teaching credential.)

Liberal Studies is also an excellent choice for those planning on entering graduate school. Examples of students who should consider the major are those planning on law school, seminary, elementary education, or a public service career.

Liberal Studies Major Requirements

The Liberal Studies program that is outlined below incorporates current core curriculum courses as well as additional content specific courses to meet the California Teaching Credential expectations for a Liberal Studies major. The student wanting to teach in an elementary school will take the following courses.

English: Language, Literature, and Composition a minimum of 18 units

ENGL 120C	Persuasive Writing	3 units
COMM 201C	Speech Composition and Presentation	3 units
EDUC 220C	Researched Writing for Liberal Studies Majors	3 units
ENGL 300C	Literary Perspectives	3 units
ENGL 340	Children's Literature	3 units
ENGL 453	Language, Culture, and Linguistics	3 units

(A prerequisite for VU's Credential Program)

Mathematics/Computer Science **a minimum of 9 units**

MATH 145C	Data Analysis	3 units
MATH 120	Math for Elementary Teachers	3 units
EDUC 330	Integrating Technology into Classroom Teaching	3 units

Science – 2 labs required **a minimum of 11 units**

PSCI	Earth Science Course (i.e., PSCI 215C, 215CL)	3-4 units
BIOL	Life Science Course	3-4 units
PSCI/CHEM	Physical Science Course (i.e., CHEM 112C, 112CL or PSCI 216C, 216CL)	3-4 units

Philosophy and Religion **a minimum of 18 units**

NT 101C	New Testament Survey	3 units
OT 201C	Old Testament Survey	3 units
THEO 101C or THEO 103C	Foundations of Christian Life Introduction to Theology	3 units
THEO 300C	Developing a Christian World View	3 units
CHIS 400C	Christian Heritage	3 units
PHIL 201 or PHIL 210	Introduction to Philosophy Critical Thinking	3 units

Visual and Performing Arts **a minimum of 9 units**

ART 252C	History and Appreciation of Art	3 units
or FINA 215C	Introduction to the Arts	
or THEA 102C	Introduction to Acting	
or THEA 200C	Introduction to Theatre	
or THEA 202C	History of Theatre I	
or THEA 204C	History of Theatre II	
ART 330	Art Techniques for Teachers	3 units
MUSC 202C	Introduction to Music	3 units
MUSC 337B	Music for Elementary Schools	3 units

Social Science **a minimum of 18 units**

ANTH 102C	Introduction to Cultural Anthropology	3 units
HIST 156C	United States History	3 units
HIST 203C or HIST 204C	World Civilizations I World Civilizations II	3 units
HIST 356	History and Geography of California	3 units
POLS 155C	United States Government (A requirement for obtaining a California Teaching Credential)	3 units
SOCS/BUSN 215	Economics (Macro)	3 units

Physical Education **a minimum of 5 units**

KINE 145C	Lifetime Fitness and Wellness – Lecture/Lab	1 unit
KINE 146C	Lifetime Fitness and Wellness – Activity (or any KINE 146C one-unit activity course)	1 unit
KINE 435	Physical Educ. for Elementary Schools	3 units

Human Development **a minimum of 6 units**

PSYC 103C	General Psychology	3 units
PSYC 320	Developmental Psychology	3 units

Professional Requirements and Prerequisites **a minimum of 10 or 12* units**

CORE 100C	Cornerstone (Required for Freshmen)*	1 unit
or CORE 101C	College Learning Concepts	3 units
or CORE 102C	Writing Intensive Cornerstone	3 units
EDUC 100	Introduction to Education	3 units
EDUC 315	Teaching in a Multicultural Setting (Prerequisite for VU's Credential Program. To be taken during the junior or senior year)	3 units
EDUC 499C	Senior Capstone Seminar	3 units

Areas of Emphasis **a minimum of 12 units**

Students must choose an emphasis from one of the following areas: Anthropology, Biological Science, Communication, English Literature, English Writing, History/Political Science, Kinesiology (PE), Mathematics, Music, Physical Science, Psychology, Sociology, and Theatre Arts. As a capstone experience to the emphasis, each senior Liberal Studies student will participate in a

portfolio/performance/ demonstration assessment. Contact the Liberal Studies Department for details.

Electives

a minimum of 8 or 9 units

Recommended electives:

EDUC 305	Tutoring in an Urban Setting	1-3 units
EDUC 441	Philosophy of the Christian School	1 unit

EDUCATION COURSES

EDUC 100 • Introduction to Education (3 units)

This course explores the role of education and teaching in modern American Society. Current political and social issues and their impact on schools will be addressed. Career opportunities and expectations for teachers will be discussed. Students will be encouraged to assess and reflect upon their own educational experiences, skills, and learning styles as they interact with current practitioners and education literature. Students will complete a 15-hour fieldwork component. May not be taken concurrently with EDUC 315. Must be passed with a “C” (not “C-”) or better to fulfill the Liberal Studies major requirement.

EDUC 220C • Researched Writing for Liberal Studies Majors (3 units)

This course serves as an introduction to topics and issues in the field of education for Liberal Studies majors. Students will be guided in thinking about and moving toward their future role as a teacher. Students will be taught how to read and comprehend research in education and to write research papers from a place of understanding the context, process, and audience for research writing. This course focuses on the process of writing in APA style. Must be passed with a “C” (not “C-”) or better to fulfill the core curriculum requirement.

EDUC 291, 292, 293 • Special Topic (1-3 units)

Study of a special topic in Liberal Studies. May be repeated for credits.

EDUC 305 • Tutoring in an Urban Setting (1-3 units)

Directed tutoring of elementary and secondary students in selected tutorial centers/schools located in urban settings. Enrollees must complete thirty hours of supervised tutoring in an approved urban tutorial center or school site for each

unit. Written critical incident reports will be required. Limited enrollment by permission only. See the Chair of the Department of Liberal Studies for further information.

EDUC 315/ENGL 315/HIST 316/MATH 315/MUSC 311 • Teaching in a Multicultural Setting (3 units)

Prerequisite: EDUC 100. This course provides the philosophical background and classroom experience necessary to introduce a person to the teaching profession in a public or private school in a multicultural environment. The purpose of the class is to assist the student to gain an understanding of the resources and challenges facing a teacher serving a linguistically and culturally diverse student population. Discussion will focus on educational research and the philosophical, historical, and demographic developments of American education. Students will complete a 30-hour fieldwork component to observe classroom management and organization, Specially Designed Academic Instruction Delivered in English (SDAIE) instructional practices, and the curricula of grades K-12. The role and function of Christian beliefs and values in the public school will be integrated throughout the course. This course is a prerequisite requirement for the VU Multiple and Single Subject Credential programs. Must be a Junior or Senior to register. May not be taken concurrently with EDUC 100.

EDUC 330 • Integrating Technology into Classroom Teaching (3 units)

A study of the nature and use of technology in the educational process. An emphasis is placed on both teachers and students utilizing a variety of technology to enhance a content standards based curriculum. Topics studied include: computers, interactive white boards, scanners, digital cameras, PDA's, digital projection, software, word processing, PowerPoint, and other technology that assists educators or is currently used with students in K-12 classrooms. This course meets the Level One technology standards for a California teaching credential.

EDUC/CFST 441 • Philosophy of the Christian School (1 unit)

A study of the philosophy of Christian education with an emphasis on its comparison to that used in public, pluralistic education. Also an introduction to the

goals, founding, function, and organizational structure of pre-, elementary, and secondary schools. (Meets ACSI credential requirement.)

EDUC 455 • Teaching Assistantship in Education (1-3 units)

Prerequisite: EDUC 315. This course will give the student opportunity for working as a teaching assistant in a local school. Included will be direct instruction of individuals and small groups. With permission of the supervising teacher, the student may conduct some whole-class instruction. Limited enrollment by permission only. See the chair of the Department of Liberal Studies for further information.

EDUC 470 • Special Topics (1-3 units)

Prerequisite: Consent of the instructor and department chair. Study of a special topic dealing with education. May be repeated for credit.

EDUC 480 • Individual Studies (1-3 units)

Prerequisite: EDUC 315 and consent of the instructor and department chair. May be repeated for credit.

EDUC 490 • Seminar in Education (1-3 units)

Prerequisite: EDUC 315 and consent of the instructor and department chair. Mutual investigation of one topic in education studies of particular relevance to upper division liberal studies majors. May be repeated for credit.

EDUC 499C • Senior Capstone Seminar (3 units)

Students will investigate key ideas from the California Curriculum Frameworks and the California Student Academic Content Standards. Students will address the integration of faith and learning and identify how this integration has deepened their understanding of each subject area. They will also demonstrate their competence in each of the major multiple subject matter areas by substantiating how their life, academic and fieldwork experiences have prepared them to understand each area.

Single Subject Matter Programs

The Single Subject Matter Programs allow students to complete their subject matter competence through undergraduate coursework, in preparation for pursuing a teaching credential. Students interested in obtaining a teaching credential after completion of their bachelor's degree should speak to their academic advisor to be placed on the teaching track or emphasis in their degree program. Each of the single subject programs listed below has the approval of the California Commission on Teacher Credentialing (CCTC) for those seeking a California Single Subject Teaching Credential in that specific subject area. (Students should refer to the Graduate Program in Education for specific information about completing a teaching credential.)

DEPARTMENT OF MATHEMATICS

Arthur Lee, Ph.D., Chair

MISSION: Students of Mathematics receive mathematical training in a Christian environment needed to prepare them for careers in elementary or secondary education; to provide them the background in mathematics necessary for other areas of study such as chemistry, biology, business, or the social sciences; and to prepare them for graduate studies in mathematics. The department emphasizes applied mathematics. The basic theories and principles of mathematics are treated as well as their applications. This program is accredited by the California Commission on Teacher Credentialing (CTC).

Mathematics Major

Mathematics Readiness Examination (MRE): A two-hour examination will be given to new students during registration. Passing this examination qualifies the student for Precalculus (MATH 170) or higher. Students that fail the examination must take College Algebra (MATH 116).

Mathematics Education Emphasis Courses

This option is for students preparing to teach mathematics at the secondary school level. The Bachelor of Science in mathematics degree with this option is approved by the California Commission on Teacher Credentialing. Completion of this option will satisfy the subject matter requirement for the Single Subject Teaching Credential in Mathematics. Graduates must then enroll in the credential program at Vanguard University or some other accredited college or university to complete subject requirements for the California Clear Teaching Credential in Mathematics (see the Graduate Program in Education for these requirements). Students under this option must include MATH 315, MATH 330, MATH 370, MATH 410 AND MATH 420 as a part of their degree program.

MATHEMATICS COURSES

MATH 104 • Mathematics for Liberal Arts Students (3 units)

Prerequisite: Two years of high school math or consent of the instructor. A non-technical course emphasizing the ideas and concepts of mathematics. Algebra, number theory, set theory, geometry, statistics, probability, and analysis of the ideas and methods involved.

MATH 116 • College Algebra (3 units)

Prerequisite: Two years of high school algebra and pass the Mathematics Readiness Examination (MRE) at level one or consent of the instructor. Sets and real numbers, linear equations and inequalities, polynomials, functions, graphing linear and polynomial functions, exponential and logarithmic functions, systems of equations, matrices and determinants, sequences and series.

MATH 117 • College Trigonometry (3 units)

Prerequisite: Two years of high school algebra and pass the Mathematics Readiness Examination (MRE) at level 2 or consent of instructor. Complex numbers, trigonometric functions and applications.

MATH 120 • Mathematics for Elementary Teachers (3 units)

Prerequisite: MATH 145C or consent of the instructor. Introductory set theory, problem solving, basic algorithms, elementary number theory, geometry and coordinate geometry. Emphasis will be on the structural and logical foundations of mathematics.

MATH 145C • Data Analysis (3 units)

Prerequisite: Two years of high school math (including algebra) or consent of the instructor. The use of mathematics as a thinking and problem-solving tool, emphasizing data interpretation, graphs, tables, statistical arguments, probability, statistics, and the use and misuse of numbers. Spreadsheet applications include variables, conditionals, and statistical functions. Students majoring in Mathematics are exempt from taking the core curriculum requirement in mathematics.

MATH 168C • Biostatistics (3 units)

Prerequisite: Two years of high school algebra. This course is designed to cover areas of statistics relevant to experimental scientific investigation including sampling theory, basic variance statistics, linear, non-linear and multiple regressions with a comparison of measures of best fit, and basic statistical hypothesis testing. Advanced topics of curve fitting via parameter optimization in three or more dimensions, weighted curve fitting, ANOVA, and factor analysis will be introduced. This course will use Microsoft Excel exclusively. Course content will meet the basic needs of both biology and mathematics students.

MATH 170 • Precalculus (3 units)

Prerequisite: Pass the Mathematics Readiness Examination at level 3 or consent of the instructor. Equations and inequalities; systems of linear equations: functions, graphs, exponential, logarithmic, and trigonometric functions and their limits; polynomial and rational functions; analytic geometry.

MATH 180 • Calculus I (4 units)

Prerequisite: Pass the Mathematics Readiness Examination at level 4, or MATH 170, or consent of the instructor. Graphing of functions, logarithmic functions and their inverses; limit of functions and derivatives; rules of differentiation and their application; definite and indefinite integrals.

MATH 181 • Calculus II (4 units)

Prerequisite: MATH 180 or consent of the instructor. Application of integration for volumes, work and areas; advanced techniques of integration; advanced application of integration; first order differential equations; parametric equations and polar coordinates; infinite sequences and series.

MATH/CAPL 207 • Computer Programming (3 units)

Prerequisite: Sophomore standing. Open to all majors, this course offers the basic concepts of programming, problem solving, programming logic, as well as the design techniques. Programming language is chosen from languages such as Visual Basic, C++ and MatLab. Special fee for computer lab use.

MATH/ENGL 210 • Technical Writing (3 units)

Prerequisite: ENGL 120C and ENGL 220C. Expository writing on technical subjects dealt with in industry, science, and education. Long and short forms including reports, proposals, journal articles, and research papers.

MATH/PSYC/SOCS 265C • Introduction to Statistical Methods (3 units)

A course in basic statistical concepts and methods of collecting, summarizing, presenting, and interpreting data in the behavioral sciences, including descriptive statistics (use of graphs and charts), normal distribution curve, measures of central tendency, deviation and dispersion, hypothesis testing, statistical fallacies, correlation, and topics in probability. Students majoring in Anthropology, Psychology, or Sociology must take MATH /PSYC/SOCS 265C to fulfill the core curriculum requirement in mathematics. Students majoring in Mathematics are exempt from taking the core curriculum requirement in mathematics.

MATH 281 • Multivariable Calculus (4 units)

Prerequisite: MATH 181 or consent of the instructor. Vectors and geometry of space including cylindrical and spherical coordinates; vector functions and space curves with vector calculus, partial derivatives with directional derivatives and applications; multiple integrals with various coordinate systems with application; and second-order differential equations.

MATH 285 • Introduction to Advanced Mathematics (3 units)

Prerequisite: MATH 180 or consent of the instructor. A course for both mathematics and mathematics education majors. Covers the fundamentals of axiomatic proof theory including laws of inference, set theory, induction, cardinality, relations and functions.

MATH 291, 292, 293, 294 • Special Topics (1, 2, 3-4 units)

Prerequisite: Consent of the instructor. Study of a special topic in mathematics. May be repeated for credit.

MATH 300 • Linear Algebra (3 units)

Prerequisite: MATH 285. Systems of linear equations, vector spaces, linear mappings, matrices and matrix algebra, eigenvectors and eigenvalues, Cayley-Hamilton theorem, quadratic forms, and applications.

MATH 310 • Differential Equations (3 units)

Prerequisite: MATH 281 and MATH 300 or consent of the instructor. Methods of solution of ordinary differential equations and applications.

MATH 311 • Advanced Differential Equations (3 units)

Prerequisite: MATH 310. Topics in both ordinary and partial differential equations. Existence-uniqueness theorems, Laplace and Poisson equations, difference equations, nonlinear differential equations, first and second order equations, characteristics, Cauchy problems, introduction to boundary and initial value problems and their applications.

MATH 315 • Teaching and Tutoring (3 units)

Prerequisite: Sophomore or junior standing. This course is designed to give the student introductory experiences in both tutoring and planning classroom observations. These early field experiences will link together mathematical content along with classroom management and interaction with students from diverse populations represented in the California public schools. Lab fee.

MATH 330 • Number Theory (3 units)

Prerequisite: MATH 285 or consent of the instructor. Divisibility properties of integers, prime numbers, the Euclidean algorithm, the unique factorization theorem, congruences, Fermat's theorem, Wilson's theorem, Diophantine equations, number-theoretic functions, and the quadratic reciprocity theorem.

MATH 365 • Probability and Statistics (3 units)

Prerequisite: MATH 281 and MATH 285. Frequency interpretation of probability, axioms of probability theory, discrete probability and combinatorics, random variables, distribution and density functions, sampling theory and limit theorems.

MATH 370 • History of Mathematics (3 units)

Prerequisite: MATH 180 or consent of the instructor. An introduction to the history of mathematics from ancient times to the twentieth century, with applications to elementary mathematics through calculus.

MATH 371 • Combinatorics (3 units)

Prerequisite: MATH 281 and MATH 285. Analysis of discrete structures and relations; proofs of existence and methods of enumeration. Permutations and combinations. The binomial coefficients, the inclusion-exclusion principle, recurrence relation, generating functions, the marriage theorem, and combinatorial designs.

MATH 375 • Discrete Mathematics (3 units)

Prerequisite: MATH 181 and MATH 285. This course is designed to study graph theory including networks, voting systems including game theory and fair apportionment, and patterns.

MATH 380 • Elementary Analysis I (3 units)

Prerequisite: MATH 281 and MATH 285 or consent of the instructor. Rigorous analysis of the calculus and its foundations. Continuous and differentiable functions, and topological properties of the real number line.

MATH 381 • Elementary Analysis II (3 units)

Prerequisite: MATH 380. Riemann integration, sequences of functions, metric spaces, introduction to calculus of several variables. Emphasis is placed on writing mathematical proofs.

MATH 390 • Numerical Analysis (3 units)

Prerequisite: MATH 281 or equivalent. Numerical solution of algebraic equations. Approximate numerical solutions of systems of linear and nonlinear equations, interpolation theory, numerical differentiation and integration, and numerical solution of ordinary differential equations.

MATH 410 • Abstract Algebra (3 units)

Prerequisites: MATH 300 and MATH 330 or consent of the instructor. An introduction to modern ideas of algebra, set theory, groups, rings, and fields.

MATH 420 • Higher Geometry (3 units)

Prerequisite: MATH 285. Euclidean geometry from an advanced standpoint, and topics in non-Euclidean geometry.

MATH 470 • Special Topics (1-3 units)

Prerequisite: Consent of the instructor. Study in a special topic in mathematics. May be repeated for credit.

MATH 480 • Individual Studies (1-3 units)

Prerequisite: Consent of the instructor and department chair. May be repeated for credit.

MATH 499C • Capstone Seminar in Mathematics (3 units)

Prerequisite: Mathematics major with senior standing or consent of the instructor. This course gives each student the opportunity to investigate particular topics in mathematics through research and present their findings to the other members of the class. Each student will investigate the role of the Christian church and its adherents in formulating and promoting discoveries in mathematics. This course fulfills the Core Curriculum Capstone requirement for Mathematics majors.

DEPARTMENT OF MUSIC

James L. Melton, D.M.A., Chair

MISSION: The Department of Music seeks to facilitate an environment of musical creativity, expressive performance, and contextualized music education with a Christ-centered and Spirit-empowered perspective and worldview.

The Department of Music offers a Bachelor of Arts in General Music (with optional emphases in Music Ministry or Applied Music); a Bachelor of Arts in Worship Studies with emphases in Art, Cinema Arts, Communication, Theatre Arts or Worship Leadership; the professional degree, Bachelor of Music in Performance (Vocal, Piano, Guitar, Instrumental, Composition), Music Education, Church Music and Jazz Studies; and a Music Minor.

Elaboration on the following materials can be found in the Music Handbook.

Goals

- To equip student for careers in ministry, education and performance, providing, opportunities for all students at Vanguard to study and perform music as an important part of their liberal arts education
- To prepare students for spirit-empowered service which contributes to the life and mission of the evangelical church

Student Learning Outcomes

- Performance (Technical, Creative)
 - Students through their technical mastery in a primary instrument will be able to effectively perform standard repertoire.
 - Through mentorship, music majors develop and perform in recitals.
 - The student will understand and apply the fundamental concepts of music theory, musicianship and keyboard proficiency.
 - Students will develop physical coordination and technical skills required for specific performance activities.
- Music Literacy (Music History and Literature, Beginning Theory and Keyboard skills)

- Students will develop conceptual practical understanding of music theory and music history.
- Students will have the ability to recognize and effectively articulate a wide variety of musical styles, forms and genres.
- Students will have a working knowledge of the historical basis of the development of musical forms and genres.
- Students will have a knowledge and understanding of music in its cultural context.
- Students will demonstrate a working knowledge of music technology.
- Students will demonstrate a proficiency in musicianship.
- Critical Analysis (Critical Thinking and Listening)
 - Students will apply essential principles of music theory and form to the study, evaluation, and interpretation of musical scores and performance practices (critical skills)
 - Students will gain an understanding of music as an expression and reflection of human emotion and response through professional concert reviews and written peer assessment.
- Faith and Learning
 - By gaining a broader and deeper appreciation of music, students will understand the universal ethos of music in the context of a Christian worldview.
 - Graduates will be prepared for spirit-empowered service contributing to the life and mission of the church.

Music Audition

- All students desiring to earn a Music degree must contact the Department of Music to audition on their primary instrument.
- Students will be required to take a Theory Placement Exam and a Piano Placement Exam, regardless of experience or college courses previously taken.
- Students will be placed in a large ensemble depending on abilities and ensemble needs.

Theory Placement

- Students must show theory proficiency by taking the Theory Placement exam prior to enrolling in Theory I (MUSC 131).
- Basic Musicianship I (MUSC101) and/or Basic Musicianship II (MUSC106) may be required to prepare the student for Music Theory I (MUSC131).

Piano Proficiency

- Basic piano proficiency skills are required of all music majors for graduation.
- Each semester class piano has a final exam covering a specific section of the piano proficiency exam. Students who do not pass the final exam will be required to repeat that course until that requirement is passed, preventing them from proceeding to the next piano course.
- Students must pass the piano proficiency exam prior to applying for:
 - **General Music-Applied Music Emphasis** - Research and Recital (MUSC 491C)
 - **Worship Studies** - Final Presentation for Worship Studies (MUSC 498C)
 - **Bachelor of Music** – Senior Recital and Research (MUPF491C), Research and Recital in Composition (MUTC491C) or Research and Recital (MUSC491C).
- The sections of the piano proficiency exam may be taken at one time or in sections.

Applied Instruction – Primary Instrument

- All Music Majors must select one primary instrument for an area of study (voice, piano, guitar, organ, string, woodwind, brass, or percussion).
- Students are required to enroll in consecutive semesters of study in the same performance medium.
- Beginning Guitar Class (MUSC 108) or Beginning Voice Class (MUSC 111) may be required to satisfy the first semester of Basic/Applied Instruction, depending on the audition.
- Participation and earning credit in studio class, department recitals, and performance before a jury at the end of the semester are required in each applied music course.

Basic Instruction – Secondary Instrument

- Students may elect to take piano as their secondary instrument only if their piano proficiency exam is satisfied.

Bachelor of Music – Professional Degree

The Bachelor of Music degree is a professional degree preparing and equipping students to continue on in their performance field in graduate school. Entrance into the Bachelor of Music degree is by audition only.

Students wishing to earn a Bachelor of Music degree must submit the “Intent to Apply” form by the first Friday of March. Candidates for vocal, piano, guitar, instrumental and composition performance should submit the semester after taking Theory I and Aural I (MUSC 131/132). Candidates submitting after their freshman year should expect to take longer than 4 years to graduate. Candidates for Music Education and Church Music will submit their intent to apply Spring of their sophomore year. Music Education candidates must be enrolled in Introduction to Music Education, (MUSC 201) Spring of their sophomore year in order to submit for application for the Bachelor of Music.

Students must have earned and maintain a GPA of 2.5. Failing Recital Attendance (MUSI 200/400) is not acceptable and will be cause for B.M. probation. These academic requirements must be maintained to continue in the Bachelor of Music degree plan.

In addition to the Bachelor of Music Core Curriculum, students will be required to declare a major at the time of application into the Bachelor of Music.

DEPARTMENT OF PSYCHOLOGY

Karen J. Hummel, Ph.D., Chair

MISSION: The Department of Psychology seeks to enhance students' understanding of human nature. Proceeding from a Christian understanding of humans created in the image of God, the psychology major explores multiple perspectives of human nature, including cognitive, behavioral, biological, social-cultural, and spiritual. All students learn the skills necessary to conduct research and to evaluate carefully others' research, with the goal of increasing students' understanding of human nature. Students interested in counseling are introduced to basic theories and methods relevant to providing counseling services. The psychology major prepares students either to secure employment immediately following graduation or to continue on to pursue advanced study in psychology or counseling at the graduate level.

Both a major and a minor in Psychology are offered through the undergraduate Psychology Department.

PSYCHOLOGY COURSES

PSYC 103C • General Psychology (3 units)

Prerequisite to all other psychology courses. This course explores the fundamental issues of psychology, including research in psychology, biological influences on development and behavior, learning and memory, motivation, personality, psychological disorders, psychological interventions, and social behavior.

PSYC 220C • Researched Writing for Psychology Majors (3 units)

Prerequisites: PSYC 103C, ENGL120C, and declared psychology major.

This course focuses on the process of writing in APA style. Students will be taught how to read and comprehend research in psychology and to write research papers from a place of understanding the context, process, and audience for research writing. This course also serves as an introduction to the major, informing students of scholastic expectations and of opportunities within their

undergraduate experience. Additionally, students will be guided in thinking about and moving toward future educational and career pursuits. Prerequisite for Research Methods. Satisfies ENGL 220Core requirement.

PSYC/MATH/SOCS 265C • Introduction to Statistical Methods (3 units)

A course in basic statistical concepts and methods of collecting, summarizing, presenting, and interpreting data in the behavioral sciences, including descriptive statistics (use of graphs and charts), normal distribution curve, measures of central tendency, deviation and dispersion, hypothesis testing, statistical fallacies, correlation, and topics in probability. Students majoring in Accounting, Anthropology, Psychology, Social Science, or Sociology must take PSYC/MATH/SOCS 265C to fulfill the core curriculum requirement in mathematics.

PSYC 291, 292, 293 • Special Topic (1, 2, 3 units)

A lower division study of a special topic in psychology and may be repeated for credit.

PSYC/CFST/YLST 320 • Developmental Psychology (3 units)

Prerequisite: PSYC 103C. An exploration of human development through the biological, behavioral, cognitive, sociocultural, and spiritual perspectives in a lifespan approach (from conception through death). The course is recommended early in the major and is a prerequisite for other psychology courses.

PSYC/YLST 321 • Adolescent Psychology (3 units)

Prerequisite: PSYC 103C. A study of the period of life from puberty to the emergence from the teens, emphasizing the physical, mental, emotional, social, spiritual, and personality development of the individual. Diversity issues are considered.

PSYC/SOC 324 • Social Psychology (3 units)

Prerequisites: PSYC 103C or SOC 100C. An examination of interpersonal behavior as it is influenced by social processes, culture, face-to-face interactions, and personality characteristics. Among the topics covered are interpersonal and group behavior in relationship to social values, diversity issues, norms, attitudes, roles, and social needs.

PSYC 331 • Diversity Issues in the Helping Professions (3 units)

Prerequisite: PSYC 103C. Exposes students to the psychological literature relevant to becoming more culturally sensitive to diverse ethnic populations and other forms of diversity. It addresses the unique changes required to the traditional psychological counseling theories and counseling practices that are associated with helping individuals from diverse backgrounds. The course is applicable to students who intend to work with, minister to, or do clinical counseling with people of diverse ethnic and cultural backgrounds. Lab fee.

PSYC 332 • Abnormal Psychology (3 units)

Prerequisites: PSYC 103C and PSYC 320. A study of sociocultural, spiritual, emotional, cognitive, and behavioral deviations with regard to description, patterns of development, measurement, and treatment methods.

PSYC/SOC 335 • Social and Psychological Aspects of Aging (3 units)

Prerequisite: PSYC 103C or SOC 100C. An interdisciplinary and cross-cultural perspective on human aging. The physiology of aging and its psychological ramifications are explored, as is the sociology and spirituality of the older adult in contemporary society.

PSYC 340 • Biological Psychology (3 units)

Prerequisite: PSYC 103C. This course is an introduction to the concepts of biological psychology. Beginning with a basic understanding of brain structures, students will gain an understanding of how brain structure relates to brain function and to behavior. Topics covered include brain structure, neuronal communication, drugs and hormonal influences on the brain, visual sensation and perception, sleep and waking states, sexual behavior, brain lateralization, language, and psychological disorders.

PSYC 344/SOC 345 • Family Violence (3 units)

Prerequisite: PSYC 103C or SOC 100C. Investigates the identification, causes, and prevention of all types of intrafamily abuse: child, spouse, sibling, and parent. Explores theories and research findings for practical application. Studies the sociocultural contexts in which abuse and violence occur.

PSYC 345 • Theories of Personality (3 units)

Prerequisites: PSYC 103C and PSYC 320. A review and critical evaluation of the major personality theories and their supporting evidence.

PSYC/ANTH/SOC 346 • Human Sexuality (3 units)

Prerequisites: SOC 100C or PSYC 103C (preferably both), completion of NSCI 210/L Empirical World or other lab science, and junior or senior standing. Six units of upper division psychology or sociology recommended. An overview of human sexual anatomy, physiology, gender identity, sex role development and expression, modes of sexual expression, sexual deviation, the meaning of sexuality within relationships, and ethical consideration.

PSYC 350 • Theories and Principles of Learning (3 units)

Prerequisites: PSYC 103C and declared psychology major. A survey of theory and research in learning and examination of the applications of principles of learning to contemporary settings. Among the topics covered are Pavlovian learning, operant learning, observational learning, generalization and discrimination, schedules of reinforcement, and aversive control.

PSYC 352 • Culture and Psychology (3 units)

Prerequisite: PSYC 103C. Culture and Psychology will cover the nature of culture and its applications to understanding human functioning. Students will examine cultural influences on thought, emotion, behavior, and relationships through exploring their own and other domestic and international cultures.

PSYC 355/SOC 355 • Survey of Human Services (3 units)

Prerequisite: PSYC 103C or SOC 100C. Survey of Human Services explores the ways in which care is provided for the whole individual, surveying community resources and developing an understanding of the ways in which human services are carried out in various settings. Ethical issues and the significance of a Christian worldview in human services are also examined.

PSYC 359 • Educational Psychology (3 units)

Prerequisite: PSYC 103C. A study of the application of psychological theories and principles to education and teaching. Among the topics covered are learning, motivation, individual differences, classroom evaluation, and classroom control.

PSYC 370 • Psychology of Work (3 units)

Prerequisite: PSYC 103C. Psychology of Work examines the role of psychology in enhancing well-being and productivity of working individuals and performance of organizations that employ them. Issues concerning both individual and group functioning are discussed: employee selection, matching jobs and individuals, training, performance evaluation, productive and counterproductive behavior in organizations, stress, leadership and organizational development. Furthermore, all of these issues are considered in the context of multilevel cultural influences, from organizational cultures to demands due to globalization.

PSYC 381 • Research Methods in Psychology (4 units)

Prerequisites: PSYC 103C, PSYC 220C or ENGL 220C, and PSYC/SOCS/MATH 265C. An introduction to qualitative and quantitative research methods in psychology, including experimental, quasi-experimental, and correlation approaches. Students will learn to think critically about research, assessing threats to internal and external validity. Students will consider ethical issues in research and will learn to design and conduct research, including searching the literature, using SPSS to analyze data, and writing formal research reports using APA style.

PSYC 420 • Behavior Modification (3 units)

Prerequisite: PSYC 103C. An examination of the applications of cognitive and learning theories to a broad range of problems and settings, including child rearing, education, psychotherapy, and industrial settings. Integration of theological aspects of therapy is also addressed.

PSYC 434 • Group Dynamics (3 units)

Prerequisite: PSYC 103C and consent of the instructor. Group Dynamics explores the various stages of groups, including pre-group assessment and screening of group members, group development, the initial stage, the transition stage, the working stage, and the final stage of groups. Students will be introduced to different types of groups. Ethical and multicultural issues as they apply to groups are examined. This course incorporates experiential learning processes where students learn about group processes through participation in an ongoing class experiential group. Each student will attend one group meeting of an ongoing secular group in the community and one group meeting of an ongoing Christian

group in the community. Students taking this class are asked to be committed to group participation.

PSYC 440 • History and Systems of Psychology (3 units)

Prerequisites: PSYC 103C and PSYC 320. A survey of the origin, development and decline of each major school of psychology from the ancient period to modern times, giving attention to the social and intellectual milieu from which the new approaches to the scientific study of humans emerged.

PSYC/KINE 443 • Sport Psychology (3 units)

Prerequisite: PSYC 103C. This course is designed to introduce students to the psychological aspects of sport and physical activity. From the sport perspective, emphasis will be placed on mental preparation of teams and individuals for competition. From the exercise perspective, group dynamics, motivation and exercise adherence will be covered.

PSYC 446 • Psychological Testing (3 units)

Prerequisites: PSYC 103C and PSYC/SOCS/MATH 265C. An examination of basic principles of construction, administration, scoring interpretation, and the use of psychological tests, including problems related to reliability and validity. The course also surveys the major types of psychological tests, with emphasis on group instruments.

PSYC 449 • Cognitive Psychology (3 units)

Prerequisite: PSYC 103C and PSYC 340. Addresses the study of human cognitive processes including perception, memory, problem solving, thinking, and hemispheric specialization. Cognitive aspects of psychological and learning disorders are also addressed.

PSYC 450 • Psychology Teaching Internship (1-4 units)

Prerequisites: Consent of the instructor and department chair. Regular hours each week for classes and/or meetings are established at the beginning of the semester. Psychology Teaching Internship provides the student with the opportunity to assist an instructor in planning and conducting a course and/or laboratory sessions. The course may be repeated for a maximum of eight units.

PSYC 460 • Field Practicum (1-4 units)

Prerequisite: PSYC 103C, PSYC 320, and PSYC 332. Field experience in a social service agency such as an outpatient health facility, a community organization, or a social program. The course can be taken from 1-4 units and may be repeated for credit. Thirty hours of field experience will be required for each credit hour. This course is controlled by the instructor and all field sites must be approved by the professor. The course instructor and the university manage the course requirements and responsibilities, which may include: a research paper, weekly journals, and various written assignments. The course requires weekly interaction between professor and student, as well as training and preparation that are comparable with other courses within the major. May be repeated for credit.

PSYC 462 • Counseling Theories (3 units)

Prerequisites: PSYC 103C, PSYC 320, and PSYC 332. An examination of the personhood of the counselor, the major theoretical counseling models, and the dynamics of effective behavioral change. The integration of biblical principles in counseling theories is introduced.

PSYC 463 • Counseling Methods (3 units)

Prerequisites: PSYC 103C, PSYC 320, and PSYC 332. The Counseling Methods course is an introduction to basic skills used in the helping professions including interviewing, listening skills, and basic therapeutic techniques as applied to adults, children, and families. The course also covers the personal life of the counselor and the process of professional development. In addition, students will be introduced to a range of special topics which may include, but are not limited to, grief, trauma, positive psychology and art therapy.

PSYC 470 • Special Topics (3 units)

Prerequisite: PSYC 103C and consent of the instructor. An upper division study of a special topic in psychology. May be repeated for credit.

PSYC 474 • Psychological Research I (4 units)

Prerequisites: PSYC/SOCS/MATH 265C and consent of the instructor. An examination of problems in advanced research and assessment, with an emphasis on research techniques. Research is carried out under the supervision of the

instructor with weekly conferences to discuss results and direction. Offered in the Fall semester.

PSYC 475 • Psychological Research II (4 units)

Prerequisite: PSYC 474. Psychological research and assessment conducted in PSYC 474 will culminate in a written paper. The APA-formatted paper will include literature review, methodology, results, and discussion. The research paper or poster will be submitted for presentation at either an undergraduate or professional conference. Offered in the Spring semester.

PSYC 477C • Psychology and Christianity (3 units)

Prerequisite: Senior standing, declared psychology major. An examination of human nature from the perspectives of psychology and Christian belief. Among the topics covered are the relationship between mind, body, and soul; the nature of human freedom; Christian prayer; conversion; and the relationships between people's attitudes and their behavior. This course fulfills the Core Curriculum Capstone requirement for Psychology majors.

PSYC 480 • Individual Studies (1-3 units)

Prerequisite: PSYC 103C and consent of the instructor and department chair. This course is open to qualified upper division students who wish to engage in an individually tailored program of study. May be repeated for credit.

PSYC 490 • Seminar (3 units)

Prerequisite: PSYC 103C and declared psychology major. Seminar investigates topics of particular relevance to upper division psychology students. Professional development and career issues such as vita preparation and interview protocol are addressed. May be repeated for credit.

DEPARTMENT OF RELIGION

Richard Israel, Ph.D., Chair

MISSION: The Department of Religion is a learning community committed to the church and to the academy, dedicated to the study of Scripture, theology, mission, leadership, and spirituality for the purpose of transforming individuals, relationships and communities.

The Department of Religion houses both the Biblical Studies and Leadership Studies disciplines as part of the College, and serves both undergraduate and graduate programs within the School for Professional Studies.

The curriculum for the religion major is administered through concentrations in Biblical Studies, Christian Formation and Discipleship, Intercultural Studies, Pastoral Leadership Studies, and Youth Leadership Studies. An additional option for religion majors is not to select a particular concentration, thereby choosing any religion electives for the major.

All Religion majors are expected to make satisfactory academic progress toward graduation. In addition to the requirements established by the university, the Department of Religion requires that all of its majors maintain a minimum G.P.A. of 2.0 in all major course work as part of their minimum requirement for graduation.

Religion Minor

Students in other majors can complete a minor in Religion by completing a minimum of 20 units in courses that are approved by the Department of Religion.

Religion courses required for the core curriculum may be applied to meet minor requirements.

Ministerial Credentials

Students who plan to apply for ministerial credentials should consult the chair of the Department of Religion for pertinent information and the necessary application forms. Denominational Polity (PLST 449) is recommended as one unit toward fulfilling the pastoral ministries requirement in the programs of those students planning to apply for ministerial credentials with the Assemblies of God.

Ministerial Internship Programs and Practica

The Department of Religion is committed to provide field education experiences that integrate conceptual aspects of ministry with the practice of ministry in local churches, hospitals, mission opportunities, inner-city ministries, and other parachurch organizations. Goals for field education include spiritual formation, mentoring relationships, theological reflection, and specific training in ministry skills that provide the framework for such integration.

There are two academic programs designed to provide these integrative experiences:

1. PLST 450 Ministerial Internship Program (3-12 units) is a structured field experience designed for students who wish to have an in-depth exposure to the practice of ministry within a local church under the supervision of a pastor and religion faculty member.
2. PLST 460 Practicum (1-3 units) is intended for students who are currently involved in a particular ministry and wish to receive credit for guided reflection and supervision of that experience by the on-scene administrator and religion faculty member.

The deadline for admission in the Ministerial Internship Program for the Summer or Fall semester is April 15 of the preceding Spring semester. For the Spring semester, the deadline is November 15 of the preceding Fall semester. The deadline for a practicum is the first week of the semester. Application forms are available in the Department of Religion office.

PLST 310 • Introduction to Christian Leadership (2 units)

An introduction to a theology of leadership through the development of a healthy interior life; an understanding of a situational approach to leadership; and knowledge of the leader's role in the corporate vision, spirituality, and mission of the Christian community. Core requirement for the religion major offered every semester.

PLST 312 • Introduction to Pastoral Care (2 units)

Prerequisite: NT 101C, OT 201C, THEO 103C or THEO 101C. An introduction to a theology of care and counsel as a central focus of leadership—lay and vocational—in the mission and ministry of the Christian community. Core requirement for the religion major offered every Spring.

PLST 314 • Introduction to Preaching and Teaching (2 units)

Prerequisite: NT 101C, OT 201C, THEO 103C or THEO 101C, and BINT 270. An introduction to the proclamation mission of communicating the gospel through teaching and preaching. Core requirement for the religion major offered every semester.

PLST/SOC 349 • Religion and Society (3 units)

Prerequisites: SOC 100C or ANTH 102C. The social structural approach to the study of religion, with particular emphasis on American society. Examines personal religious experience and expressions, structural forms, systemic relationships between religious systems and other social subsystems.

PLST/MUSC 406C • Music and Worship (3 units)

Prerequisite: Junior or Senior standing. An overview of the biblical foundations and historical developments of worship, which provide precedent for worship in the contemporary church. From this foundation, practical guidelines for effective biblical worship design and church music leadership will be explored. Students will develop a philosophy of worship as well as a personal reflection upon the developing synthesis of faith and their craft or area of study while at VUSC. This course fulfills the Core Curriculum Capstone requirement for Bachelor of Arts General Music majors.

PLST/COMM 414 • Advanced Preaching (3 units)

Prerequisites: PLST 314. Students in this course will work in a seminar instructional environment in which they will prepare and present a series of Bible studies and sermons. Students will receive practical experience in sermon construction and delivery, building on the introductory course. This limited enrollment course will meet the second level preaching requirement for the major.

PLST/THEO 417 • The Problem of Suffering and the Promise of Healing (3 units)

A study of suffering and its meaning in human experience. Case studies from individuals, including both texts and class members, will be used in the quest for an existential and intellectual understanding of the problem of suffering. Sources for the investigation of the mystery of suffering will include scripture, theology, philosophy and literature.

PLST 420 • Disciplines of the Spiritual Life (3 units)

Prerequisite: NT 101C, OT 201C, and THEO 103C or THEO 101C. A study of the biblical and theological foundations of spirituality within the Pentecostal/charismatic tradition. The emphasis will be on building a functioning spiritual life by the exercise of spiritual disciplines such as prayer, worship, community, fasting, and other disciplines. Core requirement for the religion major offered every Fall.

PLST 425 • Narrative and Expository Preaching (3 units)

Prerequisite: PLST 314. An examination of narrative and expository preaching methods as complementary styles of preaching to strengthen pulpit ministry.

PLST/CFST/YLST 426 • Small Group Ministry (3 units)

A study of group dynamics within the context of local congregational mission and ministry. Issues in design and implementation of small group programming also are explored.

PLST/CFST/YLST 430 • Management in Christian Organizations (3 units)

Prerequisite: PLST 310. Exploring effective management from a systems perspective that examines the internal processes of a learning organization as well as its relationship with the environment. Selected topics will also include recruitment and training of volunteers, conflict management, team building, planning and financial management, and legal issues.

PLST/THEO 432 • Women in Ministry (3 units)

An overview of the biblical and contemporary views on the leadership roles of women in the church, and the relevance of women in ministry for the modern church.

PLST 438 • Church Financial Administration (3 units)

Prerequisites: ACCT 225 and BUSN 215/216. Basic accounting, cash, banking, taxes, IRS, government responsibility, financial record keeping and reporting, plant/property management, audits, and insurance.

PLST 440 • Pastoral Care and Counseling (3 units)

Prerequisite: PLST 312. The application of counseling and guidance principles to the work of the pastor and other religious workers in the field of pastoral care, including the use of case studies in ministering to persons with illness, grief, home, youth, or other types of special problems.

PLST/CFST 445 • Lay Ministry Development (3 units)

A study of the untapped potential resident in the laity of the church with emphasis on developing strategies for lay renewal and equipping for active participation in the mission of the church. The effect of the clergy-laity dichotomy will be explored.

PLST/NT 446 • Parables for Preaching (3 units)

Prerequisite: NT 101C. An examination of the interrelationship between the meaning of the parables as Jesus spoke them to his original hearers and the message of parables proclaimed in the church today.

PLST 449 • Denominational Polity (1 unit)

Guided reading and discussion of official district and national constitutions and bylaws, and research in denominational history and doctrine. Designed for students seeking ministerial credentials with the Assemblies of God.

PLST 450 • Ministerial Internship Program (3-12 units)

Prerequisites: Junior standing and admission by the Ministerial Internship Committee. The internship program is a full-time, one-semester course of

intensive in-service ministerial training in an assigned church under the supervision of a pastor and religion faculty member. Specific internship modules may also be taken during two, three, or four semesters. A maximum number of twelve units may be taken for internship credit. Note: Application forms are available in the Department of Religion office.

PLST 460 • Practicum (1-3 units)

Prerequisite: Approval of the Department Chair. A learning experience which integrates classroom theory with practice through assigned responsibilities in local churches, hospitals, mission fields, or other appropriate institutions under supervision by both the on-scene administrator and the religion faculty member. May be repeated for credit. Note: Application forms are available in the Department of Religion office.

PLST/CFST/ICST/YLST 461 • Integrative Field Studies (3 units)

Prerequisite: PLST 310, PLST 312, and PLST 314. Highly Recommended: PLST 450 or PLST 460A course designed to integrate theory with guided field experience in the student's chosen field. The intent is to reflect theologically in a ministry setting with special attention given to examining one's spiritual gifts, calling, identity, and preparation.

PLST 470 • Special Topics (1-3 units)

Prerequisite: Consent of the instructor. Study of a special topic in pastoral leadership. May be repeated for credit.

PLST 480 • Individual Studies (1-3 units)

Prerequisite: Consent of the instructor and the Chair. May be repeated for credit.

PLST 490 • Seminar in Pastoral Ministries (3 units)

Prerequisite: Consent of the instructor. Mutual investigation of one topic in pastoral leadership of particular relevance to upper division religion majors. May be repeated for credit.

PHILOSOPHY COURSES

PHIL 201 • Introduction to Philosophy (3 units)

Prerequisite: Sophomore status recommended. An introductory study which aims to provide a basic understanding of the nature and aims of philosophy, an acquaintance with some representative philosophical problems, an introduction to the methodology of philosophical inquiry, and a mastery of some of the terminology employed in philosophical discussion. This course does not fulfill a core curriculum requirement. Core requirement for the religion major offered every semester.

PHIL 210 • Critical Thinking (3 units)

An introduction to deductive and inductive reasoning, informal logic, semantics, and the techniques of analysis, creative thinking, and problem solving. This course does not fulfill a core curriculum requirement.

PHIL 291, 292, 293 • Special Topic (1, 2, 3 units)

Study of a special topic in philosophy. May be repeated for credit.

PHIL 430 • Ethics (3 units)

Prerequisite: PHIL 201. The course provides an introduction to a variety of ethical theories and systems in order to formulate alternative perspectives for ethical analysis and decision making.

PHIL/THEO 437 • Philosophy of Religion (3 units)

Prerequisite: PHIL 201. The course employs philosophical methodology to examine the problems of the nature, limits, and validity of religious knowledge; the meaning of religious language; and the origin and nature of evil. This course does not fulfill a core curriculum requirement.

PHIL/THEO 467 • Beauty and the Christian Life: Theology and Aesthetics (3 units)

Prerequisite: THEO 103C or THEO 101C. An exploration of the category of beauty as it is variously addressed within the Bible, historic and contemporary Christian theology, and philosophy. These sources will be considered so that students may begin developing their own constructive theology of beauty.

PHIL 470 • Special Topics (1, 3 units)

Prerequisite: Consent of the instructor. Study of a special topic in philosophy. May be repeated for credit.

THEOLOGY COURSES

THEO 101C • Foundations of Christian Life (3 units)

An introduction to Christian faith and life, embracing the primary theological tenets and fundamental values that empower a Christian to address contemporary cultural issues, seek integrity in personal behavior, and respond to the great commission to reach the world.

THEO 103C • Introduction to Theology (3 units)

An introductory study of the subject matter and scope of Christian theology. Examination is made of philosophical presuppositions, definition is sought for theological terms, and articulation of theological concepts is encouraged. Particular attention is given to the doctrinal tenets of the Assemblies of God. Students majoring in Religion (any concentration) must take THEO 103C to fulfill the core curriculum requirement in theology.

THEO 291, 292, 293 • Special Topic (1, 2, 3 units)

Study of a special topic in theology. May be repeated for credit.

THEO 300C • Developing a Christian World View (3 units)

This course surveys the history of philosophical worldviews and life narratives as a background for understanding the challenges involved in developing a theology and ethic accountable to the biblical witness but contextual in a given culture. Theological currents leading to postmodernity will be explored through the lens provided by the questions and encounters that emerge from both western and non-western Christian perspectives.

THEO 301 • Christian Ethics (3 units)

This course aims to investigate the moral implications of the Christian faith. Emphases will be placed on the theological nature of Christian ethical reflection, and the evaluation of specific moral issues from the vantage point of Christian faith.

THEO 311 • Christian Theology I: Prolegomena and Bibliology (3 units)

Prerequisite: THEO 103C or THEO 101C. A study of the nature, method, sources, and divisions of systematic theology, and of authority and revelation, with particular emphasis on the doctrine of Holy Scripture. The student will be encouraged to understand the relevance of this study in the contexts of both personal and corporate world and life views. Offered in the Fall semester of odd numbered years.

THEO 321 • Christian Theology II: Theology Proper and Anthropology (3 units)

Prerequisite: THEO 103C or THEO 101C. A study of the person of God, the angelic hosts, and man. The existence, nature and attributes of the Triune God are considered, with particular reference to the being and work of the first person of the Godhead. Included are studies in respect to creation, re-creation, and providence. Emphasis then shifts to the study of humanity: its origin, nature, and existence in both the fallen and restored states. Offered in the Spring semester of even-numbered years.

THEO 341 • Christian Theology III: Christology and Soteriology (3 units)

Prerequisite: THEO 103C or THEO 101C. A study of the person, natures, and work of Christ, and of the application of that work in the context of human redemption. Christ's humanity and deity are considered in the states of humiliation and exaltation; the atonement is studied in reference to the doctrines of union and communion with Christ. The course includes reflection on the believer's vocation, regeneration, faith, justification, sanctification, and perseverance. Offered in the Fall semester of even-numbered years.

THEO 351 • Christian Theology IV: Ecclesiology and Eschatology (3 units)

Prerequisite: THEO 103C or THEO 101C. A study of the doctrines of the church and of "last things." The nature, life, and service of the community of faith are considered in relationship to the purposes of God as revealed for both the present time and the future. Basic to the study is the concept that the ideas of blessing and cursing, of reward and punishment, are integral parts of all of God's dealings with humankind. Offered in the Spring semester of odd-numbered years.

THEO 361 • Christian Theology V: Pneumatology (3 units)

Prerequisite: THEO 103C or THEO 101C. A study of the person and work of the Holy Spirit. Included in this course are comparative studies of twentieth-century Pentecostal and charismatic theologies. Particular emphasis is placed upon the teaching of the Assemblies of God on the work of the Spirit of God both in the personal and corporate contexts. Offered in the Spring semester of even-numbered years.

THEO/ENGL 389 • C.S. Lewis Seminar I (3 units)

A study, through reading and discussion, of selected writings of C.S. Lewis to promote the student's insight into and appreciation for biblical truths, and to encourage personal spiritual growth.

THEO 415 • Introduction to Narrative Theology (3 units)

This course explores the implications of storytelling and narrative as a way of thinking about — and engaging in — the theological task. It is the assumption of this course that the conceptual categories of narrative are irreducible to other forms of thought and that they therefore represent a domain of knowledge, which possesses its own independent validity. Put differently, the think in story. For this reason, interpretation, which is sensitive to narrative form, may help to expose that value. It is the purpose of this course to develop the sensitivities necessary to understand this important dimension of religious expression.

THEO/PLST 417 • The Problem of Suffering and the Promise of Healing (3 units)

A study of suffering and its meaning in human experience. Case studies from individuals, including both texts and class members, will be used in the quest for an existential and intellectual understanding of the problem of suffering. Sources for the investigation of the mystery of suffering will include scripture, theology, philosophy and literature.

THEO/PLST 432 • Women in Ministry (3 units)

An overview of the biblical and contemporary views on the leadership roles of women in the church, and the relevance of women in ministry for the modern church.

THEO/PHIL 437 • Philosophy of Religion (3 units)

Prerequisite: PHIL 201. The course employs philosophical methodology to examine the problems of the nature, limits, and validity of religious knowledge; the meaning of religious language; and the origin and nature of evil.

THEO 454 • Historical Theology I (1-3 units)

An investigation of the system of doctrine of the Christian faith taught in the church prior to the reformation, with attention to the lives of the framers of early Christian doctrine, in order to understand and assess the contributions made.

THEO 456 • Historical Theology II (1-3 units)

This course is an exploration of the development of Christian Theology and doctrine that began with the Reformation period of the sixteenth century and culminated at the close of the twentieth century. The development of theological themes during this modern period will be discussed against the background of major events in church history and will be evaluated in terms of its relevance for the current situation of the churches.

THEO/NT 462 • Selected Themes in New Testament Theology (3 units)

Prerequisite: NT 101C, THEO 103C or THEO 101C. An advanced course for the study of important theological concepts of the New Testament. The focus will be twofold: the orthodox understanding of major doctrines in the light of their first-century environment, and the development of a basic methodology that will guide the student in the practice of theological interpretation of the New Testament. Core requirement for the religion major offered every Spring.

THEO/ICST/SPAN 464 • Religion and Culture in Latin America (3 units)

This course aims to investigate the dynamics of traditional and evangelical forms of religion in Latin America, including the milieu of popular culture and beliefs, the functions of the Catholic church, current movements within Catholicism, evangelical influences, and Pentecostal growth.

THEO 465 • Christianity and Society (3 units)

Prerequisite: THEO 103C. An examination of the possible theoretical relationships between Christianity and culture, assessing the Christian's relationship to society, particularly in regard to social practices and values.

THEO/PHIL 467 • Beauty and the Christian Life: Theology and Aesthetics (3 units)

Prerequisite: THEO 103C or THEO 101C. An exploration of the category of beauty as it is variously addressed within the Bible, historic and contemporary Christian theology, and philosophy. These sources will be considered so that students may begin developing their own constructive theology of beauty.

THEO 470 • Special Topics (1-3 units)

Prerequisite: Consent of the instructor. Study of a special topic in theology. May be repeated for credit.

THEO/OT 472 • Selected Themes in Old Testament Theology (3 units)

Prerequisites: NT 101C, OT 201C, THEO 103C or THEO 101C. An exploration of the meaning of, and limits for, biblical theology, together with the works of certain prominent scholars in the area; and of selected motifs found in the Old Testament. Core requirement for the religion major offered every Fall.

THEO 480 • Individual Studies (1-3 units)

Prerequisite: Consent of the instructor and the Chair. May be repeated for credit.

THEO/OT/NT 482 • Biblical Theology of Love, Sex, Marriage, and Family (3 units)

Prerequisite: NT 101C, OT 201C, and a basic course in theology. An explanation of the biblical attitudes assumed toward love, sex, marriage, and the family.

THEO 485 • Modern Religious Movements (1-3 units)

Prerequisite: THEO 103C. The history and doctrines of recent sects and cults on the fringe of American Christianity.

THEO/OT/NT 486 • Biblical Theology of Power, Wealth, and Prosperity (3 units)

Prerequisite: NT 101C, OT 201C, and a basic course in theology. An exploration of the biblical attitudes assumed toward power and weakness, wealth and poverty, prosperity and suffering.

THEO/ENGL 489 • C.S. Lewis Seminar II (3 units)

Further study of the writings of C.S. Lewis emphasizing his articulation and defense of the Christian faith.

THEO 490 • Seminar in Theology (3 units)

Prerequisite: Consent of the instructor. Mutual investigation of one topic in theology of particular relevance to upper division religion majors. May be repeated for credit.

THEO 499C • Theology and Ministry in a Post-Christian Context (3 units)

Required of all religion majors during the senior year. This capstone course explores the changing role of pastoral, theological, and ethical reflection and practice in the contemporary context of shifting social realities. Particular attention is paid to the role of Pentecostalism within this matrix. Core requirement for the religion major offered every semester.

Youth Leadership Studies Courses

YLST 291, 292, 293 • Special Topic (1, 2, 3 units)

Study of a special topic in youth leadership. May be repeated for credit.

YLST/CFST/ICST 305 • Evangelism (3 units)

A study of the nature, scope, and imperatives of evangelism in the church. Scriptural mandates and models for evangelism are examined, and personal skills in evangelism are developed.

YLST/CFST/PSYC 320 • Developmental Psychology (3 units)

Prerequisite: PSYC 103C. Explores human development through the biological, behavioral, cognitive, sociocultural, and spiritual perspectives in a lifespan approach (from conception through death). The course is recommended early in the major.

YLST/PSYC 321 • Adolescent Psychology (3 units)

Prerequisite: PSYC 103C. Studies the period of life from puberty to the emergence from the teens, emphasizing the physical, mental, emotional, social, spiritual, and personality development of the individual. Diversity issues are considered.

YLST/CFST 324 • Introduction to Youth Ministry (2 units)

A development of a theology and philosophy of youth ministry with attention given to the developmental needs of adolescents as well as the character and cultivation of the youth minister.

YLST/CFST 345 • Camp Leadership (3 units)

The study of the organization and direction of various camping and recreational situations. Leadership principles are integrated into a working model of recreation and camping for both Christian and secular fields of employment.

YLST/CFST 350 • Christian Family Development (3 units)

Prerequisite: CFST 102 or permission of the instructor. A study of the Christian family, including marriage, child training and discipline; the relationship between the home and the church in Christian education; and the development of a family-oriented church ministry.

YLST 422 • Preaching and Teaching in Youth Context (2 units)

Prerequisite: PLST 314 and 324. A study of how the gospel is communicated to adolescents. Attention will be paid to speaking to youth in large and small group settings and the need to contextualize communication in the youth culture. Talks to youth groups during the semester will be given and evaluated.

YLST/PLST/CFST 426 • Small Group Ministry (3 units)

A study of group dynamics within the context of local congregational mission and ministry. Issues in design and implementation of small group programming also are explored.

YLST/CFST/PLST 430 • Management in Christian Organizations (3 units)

Prerequisite: PLST 310. Exploring effective management from a systems perspective that examines the internal processes of a learning organization as well as its relationship with the environment. Selected topics will also include recruitment and training of volunteers, conflict management, team building, planning and financial management, and legal issues.

YLST 432 • Care and Counsel of Youth (2 units)

Prerequisite: PLST 312 and 324. An examination of psychological, cultural and developmental obstacles encountered by young people and a review of the methodologies, principles, and strategies for counseling youth.

YLST 455 • Current Issues in Youth Ministry (3 units)

An exploration of adolescent development, culture, and socialization as an integration point for effective youth ministry. Discussion of current issues in youth ministry will serve to provide students with foundations necessary for contemporary youth ministry.

YLST 460 • Practicum (1-3 units)

Prerequisite: Approval of the Chair. A learning experience which integrates classroom theory with practice through assigned responsibilities in local churches, mission fields, or other appropriate ministries under supervision by both the on-scene administrator and the religion faculty member. May be repeated for credit. Note: Application forms are available in the Department of Religion office.

YLST/CFST/ICST/PLST 461 • Integrative Field Studies (3 units)

Prerequisite: PLST 310, PLST 312, and PLST 314. Highly Recommended: PLST 450 or PLST 460A course designed to integrate theory with guided field experience in the student's chosen field. The intent is to reflect theologically in a ministry setting with special attention given to examining one's spiritual gifts, calling, identity, and preparation.

YLST 470 • Special Topic (1-3 units)

Prerequisite: Consent of the instructor. Study of a special topic in youth leadership. May be repeated for credit.

YLST 480 • Individual Studies (1-3 units)

Prerequisite: Consent of the instructor and the Chair. May be repeated for credit.

YLST 490 • Seminar in Youth Leadership Studies (3 units)

Prerequisite: Consent of the instructor. Mutual investigation of one topic in youth leadership studies of particular relevance to upper division religion majors. May be repeated for credit.

DEPARTMENT OF SPANISH

Karen Lee, Ph.D., Chair

(MAJOR SUSPENDED FOR 2013-2014)

MISSION: The Spanish Department prepares students educationally and spiritually as they seek to learn the language and understand the Spanish-speaking world, its culture, and literature. The Spanish major provides a liberal arts education which focuses broadly on the Spanish language and its use within a historical and contemporary perspective while addressing and integrating the issues of Christian faith.

Upon entering the program students will take a placement exam to determine their levels of competency in the Spanish language. The first year's work will be assigned based on the results of the exam. During the senior year, prospective graduates must pass an achievement and proficiency exam. The exam will cover areas of reading, speaking, writing, listening, literature, and culture.

Spanish majors are required to complete at least fifty-three units in the major; forty-five units will be in the Spanish language.

In addition to the Spanish major, both a Spanish minor and a concentration in Spanish for Liberal Studies majors are offered.

Spanish Major Core Requirements **53 units**

Culture and Literature Preparation Core	12 units
Capstone in Spanish	3 units
Culture and Language Participation and Application Core	16 units
Upper Division Electives	6 units

CINCEL

The CINCEL Program (Centro de Investigaciones Cultural y Estudios Lingüísticos) in San José, Costa Rica, in conjunction with Vanguard University, offers Vanguard students who are majoring in Spanish, and others, a total immersion experience in Spanish. Students must demonstrate commitment and interest in the Spanish language at Vanguard University before going to CINCEL.

Motivation will be as important as actual previous achievement, since the CINCEL staff are accustomed to working with students at all levels. The program features home-stay with select host families, and an academic program of courses. The program is for one semester (16 weeks, 16 units) during any one of CINCEL's trimesters, or a half semester (8 weeks, 8 units) available during the Summer trimester. For the purpose of assessment, students will take a proficiency test both before and following their CINCEL experience. Prerequisites: Upon approval of the Chair of the Vanguard University Spanish Department, students may apply CINCEL units toward their Vanguard University Major (8 or 16 units) or Minor (no more than 8 units). Students will receive no credit for CINCEL unless currently enrolled as full-time students at Vanguard University. Non-Spanish majors or minors may earn elective units providing they have previous clearance from their own department and the Spanish Department. Students must have completed the intermediate level (SPAN 203-204) or the equivalent.

CINCEL Courses (8, 16 units)

(Note: The lesser unit values refer to courses in the 8-week Summer trimester for students pursuing the Minor in Spanish).

SPAN 380	CINCEL Semester Abroad	1 unit
SPAN 382	Spanish Grammar, CINCEL	2, 5 units
SPAN 384	Spanish Conversation, CINCEL	2, 4 units
SPAN 386	Spanish Phonetics, CINCEL	2, 4 units
SPAN 388	Spanish Practicum, CINCEL	1, 2 units

Advanced students, if recommended by CINCEL, may take one or more of the following courses:

SPAN 481	Literature of Latin America, CINCEL	2 units
SPAN 483	Composition, CINCEL	2 units
SPAN 485	Translation, CINCEL	2 units

Additional Coursework at CINCEL

Any student desiring to take extra units of study while at CINCEL must receive written approval in advance from the Spanish Department, and have academic and financial registration completed for the units before going to CINCEL. To be

counted as Spanish units, such extra units must be taught in Spanish with Spanish readings, and not novels in English translation, for example.

Spanish Minor

Twenty-one units in Spanish will comprise the minor. Courses should be chosen in consultation with an advisor in the Spanish Department. It is recommended that Spanish Minors complete eight units at CINCEL or another approved language immersion experience that entails college-level coursework. Spanish Minors are required to take the Spanish Placement Exam and complete at least 6 units of Spanish-language study (or the transfer unit equivalent). Approved Spanish Language transfer units, including AP Spanish units, may be accepted in lieu of the Spanish Placement Exam. Note: A score on the Spanish Placement Exam does not award units.

Spanish Major: Teaching Emphasis

Students desiring to complete the Spanish Subject Matter Program for a California Teaching Credential must complete the requirements for the Spanish major plus SPAN 315/EDUC 315.

CLEP

CLEP scores are considered general education. CLEP units will therefore be counted as lower division credit.

SPANISH COURSES

SPAN 101 • Beginning Spanish I (4 units)

An introductory course which begins the process of developing fluency in speaking, reading, writing, and listening.

SPAN 101A • Beginning Spanish (2 units)

Equivalent to the first half of SPAN 101, Beginning Spanish I.

SPAN 101B • Beginning Spanish (2 units)

Equivalent to the second half of SPAN 101, Beginning Spanish I. Prepares students for SPAN 102.

SPAN 102 • Beginning Spanish II (4 units)

Prerequisite: SPAN 101 or consent of the instructor. Continues to develop fluency in speaking, pronunciation, reading, writing, and listening.

SPAN 203 • Intermediate Spanish I (4 units)

For students who have completed SPAN 101 and 102 or equivalent. Continues to develop fluency in all areas at a more advanced level.

SPAN 204 • Intermediate Spanish II (4 units)

Prerequisite: SPAN 203 or consent of the instructor. Continuation of SPAN 203.

SPAN 291, 292, 293, 294 • Special Topics (1, 2, 3, 4 units)

Study of special topic focusing on Spanish culture, language, civilization, or literature. May be repeated for credit.

SPAN 303 • Advanced Spanish I (4 units)

Emphasizes advanced levels of the four skills (speaking, reading, writing, and listening). May be taken concurrently with other advanced Spanish courses. Includes selected readings/discussions from Spanish and Spanish American literature and culture.

SPAN 304 • Advanced Spanish II (4 units)

Prerequisite: SPAN 303 or consent of the instructor. Continuation of SPAN 303.

SPAN 315/EDUC 315 • Teaching Spanish in a Multicultural Setting (3 units)

Students seeking to complete the subject matter program in Spanish must take this class as part of that program to ensure that they are integrating Spanish content with their pedagogical experience. This course provides the philosophical background and classroom experience necessary to introduce a person to the teaching profession in a public or private school in a multicultural environment. The purpose of the class is to assist the student to gain an understanding of the resources and challenges facing a teacher serving a linguistically and culturally diverse student population. Discussion will focus on the major professional organizations and educational research related to the philosophical, historical, and demographic developments of American education. Students will complete a 30

hour field work component to observe classroom management and organization, Specially Designed Academic Instruction Delivered in English (SDAIE) instructional practices, and the curricula of grades K-12. The role and function of Christian beliefs and values in the public school will be integrated throughout the course. This course is a prerequisite requirement for the Multiple and Single Subject Credential programs. Lab fee.

SPAN 330 • Literature of Latin America (3 units)

The study of past and present Latin American authors with emphasis on theme, background, heritage, and culture.

SPAN 335 • Spanish Conversation and Composition (3 units)

Review and practice of fundamentals of Spanish grammar. Practice in writing essays and summaries in Spanish. Further refinement of speaking and listening skills.

SPAN 345 • Spanish Tutorial (1 unit)

Fluent Spanish speakers will work with students taking SPAN 101 and SPAN 102 to correct pronunciation and accent. These tutors will work closely with teachers of the classes and will be assigned three to four students each semester to tutor. CR/NC, with permission of Spanish faculty advisor.

SPAN 365 • Curso Panorámico de Latinoamérica (3 units)

Prerequisite: Consent of the instructor. Portrays a brief historical view of Latin America through themes rather than pure history. Some topics will be explored more for the insights they offer into Hispanic culture, while others will be for the interest they might have for class members. The course is taught in Spanish.

SPAN 366 • Civilización y Cultura de España (3 units)

Survey of Spanish culture and civilization as revealed through history, literature, art, and other cultural indicators. It is recommended that this course be taken before or concurrently with SPAN 368: Introducción a la Literatura Española. Conducted in Spanish.

SPAN 368 • Introducción a la Literatura Española (3 units)

A survey of Spanish literature from its beginnings through the twentieth century, including an analysis of a selected major Spanish literary work. It is recommended that this course be taken after or concurrently with SPAN 366 Civilización y Cultura de España. Conducted in Spanish.

SPAN 375 • Spanish for Helping Professions (3 units)

A basic course for business, health services, education, and social work personnel. Includes useful, everyday phrases as well as words, questions, and sentences related to each profession.

SPAN 380 • CINCEL Semester Abroad (1 unit)

The CINCEL Program (Centro de Investigaciones Cultural y Estudios Lingüísticos) in San José, Costa Rica, in conjunction with Vanguard University, offers Vanguard students a total immersion experience in Spanish. The program is for one semester (16 weeks, 16 units) during any one of CINCEL's trimesters, or a half semester (8 weeks, 8 units) available during the Summer trimester.

SPAN/ICST 428 • Contemporary Issues in Latin American Countries (3 units)

Examines selected current strategic, political, and theological issues characteristic of Latin American religion and culture. These contemporary issues include areas such as research in Latin America South, a comparison of the Caribbean and Latin America, social movements, and the shifting roles of missionaries. Current issues such as politics, media, gender, and trends will be analyzed.

SPAN 382 • Spanish Grammar, CINCEL (2 or 5 units)

A study of the major challenges in Spanish grammar, including the verb system, areas of contrast with English, and lexical/semantic issues.

SPAN 384 • Spanish Conversation, CINCEL (2 or 4 units)

Intensive conversation with supportive written language practice. Emphasis is placed on vocabulary acquisition and idiomatic expressions.

SPAN 386 • Spanish Phonetics, CINCEL (2 or 4 units)

Study of the Spanish sound system, underlying concepts of Spanish speech production and applications to pronunciation.

SPAN 388 • Spanish Practicum, CINCEL (1 or 2 units)

Supervised field work in the Spanish-speaking community.

SPAN 452 • Summer Study Tours (1-6 units)

Prerequisite: Consent of the instructor. Occasional Summer trips to Spanish-speaking countries. These are intensive language programs that will include course work along with the travel and tour. Units are computed according to the duration of the tour, one unit per week. A maximum of six units applies toward graduation. These study trips cannot be used toward the fulfillment of the CINCEL language study requirement in Costa Rica.

SPAN/ANTH/ENGL 453 • Language, Culture, and Linguistics (3 units)

Prerequisite: ANTH 102C. This course surveys the acquisition and use of language within a cultural context. It examines the relationship of language to culture, language acquisition, and language analysis or linguistics, emphasizing the utility of such knowledge for educators. Stress is given to understanding language's reciprocal relation with culture, the nature of language systems, and linguistic analysis to enable educators a better comprehension of second language acquisition within learning environments.

SPAN 458 • La Lingüística Española (3 units)

Prerequisite: CINCEL and at least one other upper division course taught in Spanish. In-depth study of the Spanish sound system, phonology, morphology, dialectology, syntax, semantics, lexicon, and historical and modern contrastive analysis. Conducted in Spanish. Offered every other year. La Lingüística Española is required for the Subject Matter Program in Spanish.

SPAN 460 • Field Practicum (1-4 units)

Prerequisite: Span 304, junior or senior standing or consent of the instructor. Supervised field work of at least three hours per week among Spanish churches, schools, clinics, hospitals, businesses, etc. Students meet weekly with supervisors.

A log of personal experience is maintained. CR/NC, for Spanish majors only with permission of Spanish faculty advisor.

SPAN/ICST/THEO 464 • Religion and Culture in Latin America (3 units)

SPAN 490 • Seminar (3 units)

Prerequisite: Consent of the instructor. Mutual investigation of one topic of particular relevance to upper division Spanish majors. May be repeated for credit.

SPAN 499C • Capstone in Spanish (3 units)

Students will integrate their faith, learning and experience, through the in-depth study of a selection of complete works of Spanish and Latin American Literature within the framework of a Christian world view, and service to the Spanish-speaking community.

DEPARTMENT OF THEATRE ARTS

Susan K. Berkompas, M.F.A., Chair

David Pecoraro, M.F.A., Associate Chair

Lia M. Hansen, M.F.A., Associate Chair

MISSION: The Department of Theatre Arts seeks to establish a Christ-centered, professional environment for artistic expression by developing the creative mind, body and spirit of each student in the disciplines of: performance, directing, design, technical theatre, production, theatre management, script writing, theatre history, and dramatic literature. By imparting knowledge and allowing hands-on participation, the department is about preparing students to impact our world for God's glory.

The Department of Theatre Arts offers a Theatre Arts degree with the following concentrations: Performance/Directing, Technical/Design, or Musical Theatre. A Theatre Minor is also offered.

The Theatre degree requires a total of 124 units. This consists of 34 Theatre Core units, 29-32 Concentration units depending on concentration, 49 Core Curriculum units, and 12-9 elective units depending on concentration. Choosing from the lists of suggested electives provides a more intensive training experience. However, these units may be taken in any discipline. A Theatre minor requires 23 units. Please note that all Acting courses must be taken at Vanguard to fulfill Theatre major requirements. Acting courses taken at other institutions may transfer as electives.

NOTE: Students have three fewer Core Curriculum units to complete because Theatre History I or II/THEA 202C-204C fulfills the three unit University Fine Arts Core Curriculum requirement. The total number of units required for graduation remains 124 units.

repeated up to 2 units. Theatre majors are required to take 2 units. An additional unit may be taken as an elective unit.

THEA 451 • Theatre Teaching Internship (1-2 units)

Prerequisite: Junior standing with a GPA of 3.0 or above with approval of the department chair. Regular hours each week and/or meetings are established at the beginning of the semester. The intern assists an instructor in planning and conducting a course and/or laboratory sessions. This course may be repeated for a maximum of three units. This course does not fulfill the THEA 450C Theatre Internship requirement.

THEA/ENGL 455 • Shakespeare (3 units)

Reading Shakespeare's major works of drama and poetry within the historical and cultural context of the Renaissance.

THEA 470 • Special Topics (1-3 units)

Prerequisite: Consent of the instructor. Study of a special topic in the area of theatre. May be repeated for credit.

THEA 480 • Individual Studies (1-3 units)

Prerequisite: Consent of the instructor and department chair. May be repeated for credit.

THEA 495C • Senior Project (2 units)

The Senior Project demonstrates the student's proficiency in and ownership of the outcomes of the theatre curriculum in their study at Vanguard University: performance, directing, design, management, script writing. The project is presented to the campus community on-site during the regular department production calendar. The Senior Project in conjunction with the Theatre Internship fulfills the Capstone requirement for the Core Curriculum. The portfolio required for this course includes a discussion of how the student's Christian worldview was made manifest through the integration of their personal spiritual paradigm with the professional excellence, aesthetic expression, and artistic *raison d'être* of their project. Project by approval of advisor and department chair. Lab Fee.

GRADUATE STUDIES

Andrew Stenhouse, Ed.D., Dean of the School of Graduate and Professional Studies

GRADUATE PROGRAM IN CLINICAL PSYCHOLOGY

Jerre L. White, Psy.D., Director

MISSION: The Graduate Program in Clinical Psychology equips its students to serve with excellence as Christian mental health professionals by providing the highest quality of rigorous academic training, guided professional development, and integrative faith based learning in a collaborative and supportive environment.

Academic Foundation

The academic foundation for the Graduate Program in Clinical Psychology is an intellectual understanding that God expects our best. Therefore, we strive to be consistent in the excellence and quality of the academic regime. Vanguard University is accredited by the Western Association of Schools and Colleges (WASC).

Successful completion of the Master of Science (M.S.) degree will prepare students for numerous options. The M.S. degree will allow a competitive application to doctoral programs in clinical psychology, marriage and family therapy, counseling and education. The degree of Master of Science in Clinical Psychology with a Marriage and Family Therapy (MFT) emphasis will also allow this to be a terminal degree. The MFT emphasis fulfills all academic requirements that are set forth by the California Board of Behavioral Sciences, which are needed to seek licensure as a Marriage and Family Therapist. Students desiring the MFT license must complete additional internship hours after graduation and successfully pass the state licensing exams.

Theological Foundation

The theological foundation for the Graduate Program in Clinical Psychology is a Christian understanding of God, human nature, families, relationships, and God's redeeming compassion for humankind. The redeeming compassion of God infuses grace, hope and insight into the counseling encounter. Redemption signals the truth that people are capable of change through outside intervention if that assistance is accepted, internalized and experienced in their daily lives. Counseling is designed to tilt the scales in favor of a client experiencing the redemptive side of life despite the reality of human brokenness.

Professional Foundation

The professional foundation for the Graduate Program in Clinical Psychology is a practical understanding of the ethical, legal, economic and educational requirements necessary in order to pursue a clinical, counseling, or academic career. The graduate experience is designed not only to help students learn more about psychology in order to fulfill their desire to counsel people in need, but also to begin their own professional development. The curriculum is designed to enable students to work in secular as well as religious settings.

ADMISSIONS INFORMATION

Application Process and Deadlines

Applications and information about graduate program admission may be obtained from the Graduate Admissions Office:

- Phone: (714) 966-5499 main or (877) 669-8872 toll free
- Email: gradadmissions@vanguard.edu
- For deadlines and to apply: <http://graduate.vanguard.edu>

When submitting an application, a non-refundable \$45.00 application fee is required. Once all supporting information has been received and the application is complete, the Graduate Program in Clinical Psychology will review each application. Finalists will be invited for an onsite or telephone interview. All applicants are evaluated without regard to race, gender, age, political affiliation, national origin or disabling conditions.

The completed application form, along with all supporting documents, should be submitted to the Graduate Admissions Office.

Please contact Graduate Admissions directly or refer to our website for specifics regarding application deadlines and acceptance notification for both our Fall and our limited Spring admissions.

Felony Implications

Note that licensing and certification agencies typically have regulations denying licensure or certification to anyone who has been convicted of a felony, most especially one which reflects an offense which would be a cause for disciplinary action if committed by one already holding the license. Please contact the licensing board in the state in which you plan to license for clarification of how a conviction may affect licensing. This clarification should be done before the application for admission to this program is submitted.

Admission Requirements

The admission packet contains detailed information on the following admission requirements:

- Completed Bachelor's degree from a regionally accredited college or university. (Applicants from an institution accredited by the American Association of Bible Colleges will be evaluated on an individual basis.)
- Application and Application Fee
- Three Letters of Recommendation and Reference Forms
- Official Transcripts
- Autobiographical Statement
- Statement of Faith
- Statement of Purpose
- Resume/Curriculum Vitae
- No minimum GPA is required, but 3.0 is preferred

The Graduate Record Exam (GRE) is not required for admission into the graduate program and is not considered in evaluating applications.

Prerequisites

Required prerequisite courses:

- Introduction to Statistics*
- Psychopathology or Abnormal Psychology
- Developmental Psychology or Human Development
- Theories of Personality or Counseling Theories

* An undergraduate or graduate statistics course must be taken within the past seven years of entering the program, at an accredited university with a grade of B or higher. If not taken as an entrance prerequisite, must be completed prior to PSYG 613 – Research Methodology.

Prerequisite courses for the Graduate Program in Clinical Psychology are selected to enable all students to enter with a similar foundational background and to have the best opportunity to succeed. Since information in the social sciences changes at a rapid pace, it is important for prerequisite courses to be based upon current knowledge. It is expected that all prerequisite courses have been completed within the last seven years with a grade of B or better.

Transfer of Credits

Students transferring from an accredited graduate program may transfer a maximum of six (6) semester unit hours when the courses transferred are equivalent and have direct applicability to the student's program design. A transfer request must be approved by the Director of the Graduate Program in Clinical Psychology prior to admission. This transfer policy applies only to students in Regular Standing at the time of their admission.

ACADEMIC POLICIES

Credit Hour Policy

A semester credit hour is defined as the quantity of work represented in intended learning outcomes and verified by evidence of student achievement that reasonably approximates the amount of work required by one hour (minimum 50

minutes) of classroom or direct faculty instruction and a minimum of two hours out-of-class student work each week for approximately fifteen weeks or one semester, or an equivalent quantity of work over a term of different length (intensive, accelerated, online courses, etc.).

An equivalent quantity of work may also be achieved by other academic activities established by the University, including internships, laboratory work, practica, studio work, and any other academic work leading to the award of credit hours. With regard to clinical or laboratory hours, the appropriateness of a clinical hour may be based on each program's specialty accreditation agency criteria, within the context of program and institutional learning outcomes.

This is in line with the Department of Education's Policy #600.2.

Registration

Registration dates are specified on the calendar at the beginning of this catalog. Students will receive credit only for those courses in which they are formally registered. No registration is complete until tuition and fees have been paid or a satisfactory arrangement has been made with the Office of Accounting Operations. Late fees may be charged to students who do not complete the registration process prior to the published deadlines.

It is important to maintain active status in a degree program. To do this, the student will register for one or more courses or file a "leave of absence" for each inactive semester. If the student neglects to register or file, he or she will be required to apply for re-admission.

Students may register for courses up to two weeks after the start of a semester with the permission of the Program Director, student's academic advisor and professors. The University reserves the right to refuse late registrations.

Students may not receive credit for concurrent enrollment at any other institution without prior approval by the Program Director. Further, the University reserves the right to cancel any scheduled course that has inadequate enrollment.

Class Schedule Changes

Students are responsible for the classes selected at registration. Changes may be made online during designated Online Registration time periods, and thereafter only by contacting the department and/or filing of an add/drop form in the Office of the Registrar. There is no automatic dropping of courses resulting from a student's failure to attend class sessions. Grade given for class depends upon date of official drop.

A class dropped during the first four full weeks of a semester is not entered on the transcript; however, one dropped subsequently up to the end of the eighth full week will appear on the transcript with a grade of "W." Classes dropped after the eighth week will receive a grade of "WF" unless the professor, aware of extenuating circumstances beyond the control of the student, is willing to grant a "WP"; however the student must be earning a minimum grade of "C+" in the course to warrant a "WP."

All classes added after the second full week of classes must be approved by the instructor and the Director.

For those courses that are offered on an unusual calendar, withdrawals received in the Office of the Registrar prior to the end of the first quarter of the total number of class hour sessions offered in the course will have no entry made on the transcript; withdrawals received prior to the end of the second quarter of the total number of class hour sessions will receive a "W" on the transcript; withdrawals received prior to the last class hour session will receive a grade of "WF" unless the professor, aware of extenuating circumstances beyond the control of the student, is willing to grant a "WP."

Classification of Students

Regular Standing

Students who meet all of the requirements for entrance into the program and who are admitted without reservation, are granted Regular Standing in the Graduate Program in Clinical Psychology.

Provisional Standing

Students who intend to obtain a Master of Science degree in Clinical Psychology but have not met all of the admission requirements of the program may be eligible for admission as a student with Provisional Standing. Such admission is at the discretion of the Graduate Program in Clinical Psychology. Move to Regular Standing will be considered after all undergraduate course prerequisites are completed with a letter grade of “B” or better and/or after demonstrating the ability to do graduate level work by completing nine (9) units with a “B” or better letter grade in each course.

Provisional standing students must submit a Change of Status form requesting Regular Standing. This form must be completed prior to the beginning of the semester they are seeking regular standing. It is the responsibility of the student to complete all required paperwork. The student’s faculty advisor and Program Director will evaluate this request. Students can either be recommended for Regular Standing or dismissed from the program if they have failed to meet the requirements for Regular Standing.

Probationary Standing

Students are placed in Probationary Standing for academic and/or for professional/clinical reasons. Students may be in Probationary Standing for one semester only. If after one semester of Probationary Standing the student is not able to regain Regular Standing they may be dismissed from the graduate program. Students with Probationary Standing should meet with their faculty advisor regularly through the probationary semester.

Probationary Standing students must complete a Change of Status form requesting Regular Standing prior to the beginning of the semester they are seeking Regular Standing. It is the responsibility of the student to complete all required paperwork.

Academic Probation

Students admitted to the graduate program with Regular Standing who later receive a cumulative or current grade point average below 3.0 will be changed to Probationary Standing. Students with such standing must obtain both a cumulative and current grade point average of 3.0 or greater the following semester. If after

one semester of Probationary Standing the student is not able to obtain a grade point average of “B” or better (3.0) they may be dismissed from the graduate program. The likelihood of dismissal significantly increases if the student has received one or more grades of “C” or below.

Professional/Clinical Probation

Students admitted to the graduate program with Regular Standing, who later do not maintain satisfactory clinical or professional performance in departmental or practicum related activities may be placed on Probationary Standing. The student must meet with their advisor to discuss the requirements necessary to achieve satisfactory clinical performance and to regain Regular Standing. For more information please see “Continuation in Program” in “Program Policies.” If satisfactory clinical performance cannot be achieved the student may be dismissed from the program.

International Standing

International students are required to complete the admissions process for acceptance by the University and submit a Certification of Finances form to confirm sufficient financial resources to cover tuition and related expenses (fees, books, living expenses, and return fare home). Also, one year tuition, health insurance and fees must be deposited with the University before a Certificate of Eligibility (for non-immigrants “F-1” Student Status — form I-20) is issued. International students must maintain nine (9) graduate level credits of non-repeatable courses each semester and renew the I-20 forms annually for any travel outside of the United States.

All students need to be fluent in English to follow course lectures and complete their written assignments. The Graduate Program in Clinical Psychology might require documentation for fluency in English. Such tests as TOEFL and/or TSE might be required for international students whose first language is not English. A minimum score of 550 is normally expected on the written version and a minimum score of 79 is normally expected for the internet based version. A (slightly) lower score may be accepted if accompanied by documentation of a successful evaluation from an English as a Second Language program (ESL) here in the United States.

Classification and Financial Aid

Regular Standing students may be eligible for full institutional or federal aid. Provisional and Probationary Standing students may be eligible for partial federal aid.

Veterans Benefits

Vanguard University is approved for training of veterans and eligible persons under the provisions of Title 38, United States Code.

Upon acceptance into the University, individuals eligible for veterans benefits may apply for benefits through the Veterans Resource Center. Vanguard University is a full Yellow Ribbon Institution. The Yellow Ribbon application can be downloaded at the Veterans resource center homepage <http://veterans.vanguard.edu/>. In addition, the veteran must submit a certified copy of their separation papers (Form DD-214), along with their Certificate of Eligibility and any appropriate application form(s). For details, or to obtain a hard copy of the Yellow Ribbon application, please visit Vanguard University Veterans Resource Center.

Vanguard University recognizes and uses the ACE Guide to the Evaluation of Educational Experiences in the Armed Services in determining the value of learning acquired in military service, and awards credit for appropriate learning acquired in military service at levels consistent with ACE Guide recommendations when applicable to a servicemember's program. Veterans accepted into the College or the School for Professional Studies will be awarded one physical education unit (to a maximum of 8 units) for every six months of active service completed, provided an honorable discharge was received as indicated on Form DD-214. Vanguard University grants up to 30 units for certain types of military experience and educational training. The Veteran must provide an official Military Transcript to the Office of the Registrar, who on an individual basis, grants any additional units.

To claim full GI Education Benefits, it is the students' responsibility to request certification with the Veterans Resource Center each semester. The student must indicate their semester's enrollment on an Enrollment Status Form. To obtain a

hard copy of the Enrollment Status Form, please visit Vanguard University Veterans Resource Center or <http://veterans.vanguard.edu/>.

Students receiving Veterans benefits will be put on Probation if their cumulative GPA drops below the graduation requirement for the program being attended as outlined below. Students who are placed on probation or fail to make academic progress towards graduation risk having their VA benefits denied or delayed.

- 2.00 (C average) The College
- 2.00 (C average) The School for Professional Studies
- 2.67 (B- average) M.T.S. degree in the Graduate Program in Religion
- 3.00 (B average) M.A., M.S., or MSN degree in the Graduate programs

Probationary status will continue until the student has raised his/her cumulative GPA to the minimum requirement. An individual will have his/her veterans benefits terminated if he/she remains on Probation for two consecutive semesters.

Grading System

Grade	Significance	Grade Points
A	Superior	4.00
A-	Exceptional	3.67
B+	Very Good	3.33
B	Good	3.00
B-	Fair	2.67
C+	Unsatisfactory	2.33

No more than one grade of "C+" may be applied toward the Master of Science in Clinical Psychology degree. Grades of "C" and below cannot be used toward the Master of Science degree except by repeating the course with a satisfactory grade.

F	Failing	0.00
P	Passing	Not Applicable
W	Withdrawal	Not Applicable
WP	Withdrawal Passing	Not Applicable
WF	Withdrawal Failing	0.00

Grade	Significance	Grade Points
CR	Credit	Not Applicable
INC	Incomplete	Not Applicable
CE	Continuous Enrollment	Not Applicable

A grade point is a numerical value assigned to a letter grade. Each unit of a grade of "A" is assigned four (4) grade points. Each unit of a grade of "B" is assigned three (3) grade points, et cetera. Thus, for example, a three unit course with a grade of B is assigned a total of nine (9) grade points. A grade point average (GPA) is determined by dividing the total number of grade points by the number of credits attempted for which grade points have been assigned.

The term "current grade point average" refers to the GPA earned in the last semester of enrollment. The term "cumulative grade point average," on the other hand, refers to the average of the total grade points accumulated divided by the total of all graduate credits attempted in the University. The cumulative GPA is calculated and entered on the transcript of the students' academic record at the end of each full semester. While courses may be transferred from other graduate institutions, grade point averages are determined only on the basis of courses completed at VU.

Incomplete Work

Incomplete Policy: Student initiates request. If approved, faculty specifies requirements and student and faculty together sign petition on bottom. This document is turned in with the course grade. An incomplete grade is granted only for such circumstances as major personal or family crisis. Unacceptable reasons include: course load too heavy, previous incompletes, regular job or ministry responsibilities, English problems, computer problems, etc.

All incomplete work is due 90 days from the last day of that semester. (Fall semester work must be submitted by the 2nd Friday of the following March, Spring semester work must be submitted by the 1st Friday of August, and Summer term work must be submitted by the 2nd Friday of November.) Failure to complete and submit the required work on time will result in a permanent grade commensurate with the completed work at that point.

Grade Requirements

Since graduate courses generally require more time than undergraduate courses, students should enroll for a reasonable course load for each semester. Students in the Master of Science Degree program must maintain a cumulative grade point average of at least "B" (3.0) throughout the program. Failure to do so will result in being either placed on Probationary Standing or dismissed from the program.

Any grade below "B-" is below minimal performance in the program and indicates that improvement is required in order to complete the M.S. degree. Students who receive a grade which is below a "B-" will be required to meet with their academic advisor and the Director to determine whether or not they should continue as degree students. A second course grade that is below a "B-" may result in dismissal from the program. No more than one grade of "C+" may be applied toward the Master of Science in Clinical Psychology degree. Grades of "C" and below cannot be used toward the Master of Science degree except by repeating the course with a satisfactory grade.

Continuation in the Program

In addition to meeting academic standards for graduation, students are expected to meet generally accepted behavioral criteria for a mental health professional. Relevant areas include, but are not limited to, following appropriate ethical-legal standards, demonstrating reasonable maturity in professional interpersonal contacts, and remaining relatively free of personal-emotional behaviors that could constitute a potential threat to the welfare of the public to be served. If a situation of concern arises in regards to these issues either in departmental or practicum related activities, the student will meet with the Program Director, Director of Clinical Training and the student's advisor to discuss the student's status in the program.

As a condition of the student's continuation in the program the department has the option to require the student to address these issues through personal therapy. The student may see a licensed or license-eligible Psychologist, Marriage and Family Therapist, Clinical Social Worker or Psychiatrist. Upon agreement by the Director, Director of Clinical Training, the student's advisor and the student other options such as coaching, spiritual direction, and tutoring may be considered.

Students are required to demonstrate increasing competence and professional skill as well as compliance with ethical standards and legal mandates throughout clinical training. Progression in the program is granted based partly on satisfactory performance in clinical training. If satisfactory performance is not maintained students may be placed on Professional/Clinical Probation or dismissed from the program. In order to assess performance, evaluations of clinical activity may be obtained from clinical sites, professors, and others involved with the student's clinical training, and will be reviewed by the Director of Clinical Training. If in the opinion of the Director of Clinical Training, evaluations indicate that a student's clinical and/or professional activities have exposed, are exposing, or indicate future likelihood of exposing one or more clients to significant risk of harm, the student will immediately be dismissed from the program. When dismissal is considered, reasonable efforts will be made to obtain evaluations from clinical sites and to include those evaluations in the decision process. The student retains all rights of and access to appeal processes.

Student Status Change

Leave of Absence

Students who find it necessary to interrupt the regular sequence of enrollment are expected to file notice of an official "Leave of Absence." Forms are obtained from the Program Office. Throughout the leave of absence the student may be required to register for PSYG 799: Continuing Registration. Time spent on leave of absence is included in the five-year time limit for graduate course work.

Medical/Compassionate Leave of Absence Policy

A medical/compassionate leave of absence request may be made in extraordinary cases in which serious illness or injury (medical) or other significant personal situation (compassionate) prevents a student from continuing his or her classes and incompletes or other arrangements with the instructors are not possible. Medical leave can be granted for up to two consecutive semesters due to documented physical or mental health difficulties. A request for a medical/compassionate leave of absence must be made with the Disability Service Office.

A student may request and be considered for a medical leave of absence when extraordinary circumstances such as a serious illness or injury prevent the student from continuing classes. The medical leave of absence policy covers both physical health and mental health difficulties.

A student may request and be considered for a compassion leave of absence when extraordinary reasons, not related to the student's personal physical or mental health (for example, care of a seriously ill parent, child or spouse, or a death in the student's immediate family) prevent the student from continuing in classes.

Students taking medical/compassionate leave of absence are not regarded as having permanently withdrawn from the University and need not apply for readmission through the Admissions Office; however, students must be approved for fitness to return to campus through the Disability Services Office.

Students will need to contact their own health insurance provider for details concerning the continuation of their insurance coverage.

Any student granted a medical/compassionate leave during the first eight weeks for the semester will be dropped from any classes that the student is enrolled in. If the medical leave is granted after 20% of the semester the student may, with faculty approval, receive an Incomplete for one or more courses. If an Incomplete is not deemed appropriate, a grade of "W" will be issued. No refund of charges will be made for courses in which an Incomplete is given. No credit is earned for any course in which a "W" is issued. Refunds, if any, will be granted based upon the University's refund policy. See the Student Disability Services Handbook for additional information.

Withdrawal from the Program

Students contemplating withdrawal from the program must arrange a conference with the Program Coordinator. If a student finds it necessary to withdraw from the program during a regular academic term, an official withdrawal from all classes is necessary. A withdrawal becomes official upon presentation of an appropriately completed and signed "Application for Official Withdrawal" form to the Office of the Registrar. Students who follow the proper procedures in withdrawing due to

justifiable personal circumstances will be classified as having “withdrawn in good standing.” The tuition refund policy (as explained in “Refund Policies,” Costs and Payment Policies sub-section of the Financial Information section) will be observed in cases of official withdrawal from the Graduate Program in Clinical Psychology. Students who fail to withdraw officially will automatically be given a grade of “F” (failure) by the professors for each class, thereby leading to possible future problems when applying for readmission or in transferring units to other graduate institutions.

Re-admission

If a student applies for re-admission after withdrawing from the program, being dismissed or a leave of absence, that returning student is subject to any new or changed academic regulations and program requirements in effect at the time of their re-admission.

Students who have been absent from the Graduate Program in Clinical Psychology due to voluntary Leave of Absence or Withdrawal for less than two years must submit an Application for Re-admission to the Graduate Program in Clinical Psychology. Students who have been absent for more than two years must repeat the application process with Graduate Admissions.

A person who has been dismissed from the program may reapply to the program a minimum of two years after dismissal. The applicant must repeat the admissions process with Graduate Admissions. An additional letter must be included with the application, which 1) addresses the causes for dismissal, 2) states the reasons for requesting re-admittance, and 3) includes any other information deemed relevant by the applicant. Additional information or documentation may be required if applicable. The application will be considered with the regular admissions pool.

PROGRAM POLICIES

Advising and Mentoring

Graduate students are assigned a faculty advisor who will assist them throughout their time in the program in academic, clinical and professional aspects of their education and serve as chair for Advancement to Candidacy and Exit Project

committees. The academic advising process, which is done in conjunction with the Director, Program Office, and faculty advisor, will assist the student in the planning of academic curriculum. The mentoring process is highly valued and the mentoring relationship between students and faculty/staff is encouraged. It is anticipated that this relationship will be meaningful and beneficial as the graduate student is able to have one-to-one attention and interaction.

Student Load

Full-time. A full-time academic load at the graduate level is nine (9) unit hours or more per semester, pending specific program requirements. Students may not enroll for more than fifteen (15) unit hours in a regular semester without the approval of the Director of the Graduate Program in Clinical Psychology.

Part-time. Part-time schedules are available. A student’s academic load may vary according to their specific progress and standing in the program. The Director may allow deviations to the anticipated unit load in consideration of specific needs of a student.

Personal Disclosure

Looking at one’s personal information, history and relationships is an integral part of clinical training. Some disclosure of such information is required in the admission process, course work and/or other program related activities. The faculty and staff respect that process and will strive to keep such information confidential.

Personal Therapy

It is anticipated that personal issues will arise for students in a graduate program in psychology and that it is of utmost importance for a future therapist to have been engaged in the therapeutic process as a client. Therefore, students are required to be involved in personal therapy concurrent with their course work. Prior to graduation students must complete 30 sessions of individual therapy and/or group therapy.

- Therapists must be licensed as a Psychologist, Marriage and Family Therapist, or Clinical Social Worker.

- Only psychotherapy groups fulfill this requirement. Groups created for the purpose of being a psycho-educational, marriage/pre-marital, support group, 12 step programs, or other non-psychotherapy formats will not be accepted. If you have questions about the acceptability of a specific group, the program will be happy to assess the group prior to you beginning sessions and, if it meets the requirements, will give approval.
- Individual sessions are to be at least 45 minutes in length; group therapy sessions are to be at least 90 minutes in length.
- Personal therapy requirement will be considered to be fulfilled when the student submits completed and signed Personal Therapy Record form(s) which indicate the required number of therapy hours have been completed.
- Therapy requirement may be fulfilled through multiple therapists.
- Therapy sessions must be accrued concurrent with enrollment in the program.
- Professors and other professionals involved with the graduate psychology program may not provide therapy for students.

Practicum Experience

Degree requirements include the placement in a field practicum site(s) and completion of 225 clinical hours with a minimum of 150 face-to-face client contact hours. In compliance with state requirements, students must be concurrently enrolled in a practicum course (PSYG626, PSYG726 or PSYG727) while gaining clinical hours. Hours of experience gained as a student may also be applied to licensing requirements for Marriage and Family Therapists in the state of California.

Advance to Candidacy

Degree bound students must officially be advanced to candidacy status prior to degree confirmation. Neither admission to the Master of Science program nor completion of required course work automatically advances a student to candidacy for the Master of Science Degree. Advancement to Candidacy occurs at the end of the semester in which all required course work has been completed or by permission of the committee.

To be eligible to apply for Advancement to Candidacy students must:

- Be a student in Regular Standing. If student previously had Provisional or Probationary Standing, all conditions or deficiencies which had led to such standing must have been rectified.
- Make application for Advancement to Candidacy during the semester the student is scheduled to advance. Forms for this purpose are available in the Program Office.
- Achieve a cumulative grade point average of 3.0 or higher on all graduate course work required for the degree, with no more than one "C+" grade.
- Be recommended for advancement by their faculty advisor.

The results from the Advance to Candidacy process will be used to determine whether the student displays:

1. Academic and professional ability in the program.
2. Preparation which constitutes a satisfactory foundation on which to complete the program.
3. A proposed course for future study, which has sufficient merit to warrant approval.
4. Necessary research skills, professional attitudes, value priorities and qualities of mind to justify continuation of study toward the Master of Science degree.

Exit Project

In order to fulfill graduation requirements a student must successfully complete an exit project consisting of a case presentation. The Comprehensive Project course, along with the Program Director and/or student's faculty advisor, will provide specific information about the project. Completion of the Comprehensive Project course will be during the semester in which the student intends to graduate. Under special circumstances other options for the project may be available with the approval of the Program Director.

Time Limit for Program Completion

All academic work for the Master of Science degree must be completed within five (5) years from the date of official admission into the Graduate Program in Clinical Psychology. Time spent on leave of absence is calculated into that five (5) year

limit. Any exceptions to the limit must be approved by the Director of the Graduate Program in Clinical Psychology.

GRADUATION REQUIREMENTS

Students pursuing the Master of Science degree in Clinical Psychology from Vanguard University are required to satisfy the following graduation requirements:

1. Successful completion of 60 semester units in Graduate Psychology with a minimum cumulative grade point average of “B” (3.0), and with no more than one (1) course grade of “C+” counting toward the degree.
2. A minimum residence of five academic semesters.
3. Successful completion of a minimum of 225 clinical hours at approved practicum placements with a minimum of 150 face-to-face client contact hours.
4. Advanced to Candidacy.
5. Completion of Exit Project.
6. Completion of personal therapy requirement.
7. The filing of all necessary forms in accordance with the timetable provided by the Graduate Program in Clinical Psychology.
8. Successful completion within the maximum allowed time limit of five (5) years of all degree requirements that were in effect at the time of student’s entrance into the program.
9. Settlement of all financial obligations to Vanguard University.

If all coursework has been completed and graduation is pending completion of other graduation requirements, the student may be required to register for PSYG 799: Continuing Registration until all graduation requirements have been met.

Application for Graduation

An application for graduation must be obtained from and filed with the Registrar’s Office during the first week of the student’s final semester in which the degree will be granted. Students who have filed an application for graduation and do not complete their requirements by the projected date of completion are required to file again in a later semester.

Awarding of Degree

Degrees are formally awarded at the end of the Fall, Spring and Summer sessions. The degree is posted on the transcript on the last day of the semester or Summer session in which the graduation requirements were met. Commencement exercises are held annually at the end of the Spring semester.

TUITION SCHOLARSHIPS

Grad Academic Scholarship

Available to graduate students who are enrolled at least half time demonstrating a 3.5 or higher GPA. If the Cumulative GPA is below all academic categories, the student will no longer be eligible for an academic award in subsequent years.

Grad Vanguard Need Grant

Graduate students who are enrolled at least half-time demonstrating exceptional financial need may qualify for need-based assistance from the university. Students applying by the March 2 deadline are guaranteed their Vanguard Need Grant. Students applying after the deadline are given consideration as funds are available.

GRADUATE PSYCHOLOGY SERVICES

The Graduate Program in Clinical Psychology is housed in a facility designed exclusively for our graduate students and with graduate learning in mind. The building includes offices for the program administrative staff and faculty; comfortable classrooms appropriate for adult learners; state of the art child play therapy training room; adult therapy training room; live supervision rooms; a computer lab; and a student lounge.

Resources that are maintained within our facility and are available exclusively to our students include psychological assessment tools, videos, and a collection of psychology and counseling references including books and journals.

CLINICAL PSYCHOLOGY COURSES

PSYG 590 • Seminar (1-3 units)

Prerequisite: Consent of the instructor. Study of a special topic in psychology. May be repeated for credit.

PSYG 601 • Clinical Foundations I (3 units)

Clinical and theoretical foundations of the field of clinical psychology are presented with an emphasis on Client-Centered therapy and the development of beginning level skills. Course includes supervised experience which will be used in assessing eligibility for trainee status.

PSYG 603 • Advanced Psychopathology (3 units)

Socio-cultural, spiritual, emotional, and behavioral deviations of human behavior in adults are explored. Child and adolescent psychopathology is introduced. Course emphasizes the DSM, etiology, differential diagnostic skills, evidence based treatment and an understanding of cultural differences in the expression and assessment of pathology.

PSYG 604 • Ethical and Legal Issues (3 units)

Exploration of the legal and ethical issues pertinent to the field of psychology. The roles and responsibilities of the practitioner are evaluated emphasizing the application of ethical standards to clinical work in varied settings.

PSYG 605 • Family Psychotherapy (3 units)

Examination of the intervention techniques, evidence based practices, and major theories of Marriage and Family Therapy. Application of each theory is evaluated for cultural appropriateness, legal and ethical considerations, working with the severely mentally ill and their families, and use within community mental health services.

PSYG 611 • Clinical Foundations II (1-3 units)

Prerequisite: PSYG 601. This class offers additional training of basic clinical skills with an emphasis on facilitating the capacity for empathic listening, reflection, and skills necessary for building, monitoring, and maintaining a therapeutic alliance.

PSYG 613 • Research Methodology (1 unit)

Prerequisite: Admissions Statistics prerequisite. Overview of behavioral science statistics focusing on how to conduct research, to be an educated consumer of research and to apply research findings to clinical practice.

PSYG 614 • Advanced Developmental Psychology (3 units)

An in-depth exploration of human development through the neurobiological, behavioral, socio-cultural, cognitive, and spiritual perspectives with an emphasis on attachment and clinical application.

PSYG 615 • Child and Adolescent Psychotherapy (3 units)

The clinical application of theory, assessment and treatment for children and adolescents is examined. Legal and ethical concerns, therapeutic interventions, diversity, socio-economic factors and development are addressed.

PSYG 616 • Psychodynamic Theory and Treatment (3 units)

Prerequisites: PSYG 603 and PSYG 604. A study of the theories and processes of therapy based on the psychodynamic modality. Emphasis is placed on understanding a client's internal dynamics. Application is made in relation to theoretical and DSM diagnoses, assessment and treatment of individuals as well as an understanding how this approach can be utilized in multiple settings and with multiple populations.

PSYG 617 • Cognitive-Behavioral Theory and Treatment (3 units)

Prerequisites: PSYG 603 and PSYG 604. A study of the theories and processes of therapy based on the cognitive-behavioral modality. Focus is placed on how belief systems interface with behavior and emotion. Application is made in relation to theoretical diagnosis, assessment and treatment of individuals, particularly with anxiety based or related conditions.

PSYG 618 • Current Psychotherapy Topics (1-3 units)

Study of a current topic within the field of psychotherapy. May be repeated for credit.

PSYG 620 • Clinical and Professional Development (1-3 units)

Prerequisites: PSYG 626. This class offers additional training of clinical skills, psychopathology, diagnoses, legal and ethical issues, report writing, treatment planning, and case conceptualization.

PSYG 626 • Professional Skills in Clinical Practice (3 units)

Prerequisites: PSYG 601, PSYG 603, PSYG 604, and an additional three units from any course(s) in the Graduate Program in Clinical Psychology.

Documentation, case report writing, and treatment planning are taught while students are concurrently placed in a field practicum. Students learn how to create professional documents for community mental health settings, legal systems and private practice while developing their clinical skills.

PSYG 650 • Teaching Assistantship (1-4 units)

Open to students with the approval of the instructor and director. Regular hours each week for classes and/or meetings are established at the beginning of the semester. The student assists an instructor in planning and conducting a course. These credits do not count toward degree requirements.

PSYG 655 • Research Assistantship (1-4 units)

Open to students with the approval of the instructor and director. Regular hours each week for classes and/or meetings are established at the beginning of the semester. The student carries out supervised research activities. These credits do not count toward degree requirements.

PSYG 670 • Special Topics (1-3 units)

Prerequisite: Consent of the instructor. Study of a special topic in psychology. May be repeated for credit.

PSYG 704 • Addictive Behaviors (3 units)

Current theoretical and clinical approaches regarding the etiology, diagnosis, treatment, and prevention of the spectrum of addictive behaviors are taught, with an emphasis on alcohol and substance abuse.

PSYG 710 • Psychotherapy and Diversity (3 units)

Class focuses on developing the student's sensitivity, increased self-awareness, understanding and respect for the diversity of human beings and examines how issues of diversity are related to the therapeutic process. Emphasis is placed on enhancing cultural competency.

PSYG 711 • Violence, Abuse and Trauma (2 units)

Theoretical, legal and ethical understanding of abuse, trauma and crisis is explored by examining prevention, intervention, assessment, treatment and clinical application. Child Abuse, Domestic Violence and Family Violence are emphasized.

PSYG 712 • Psychology, Theology and Spirituality (3 units)

Explores the integration of psychology, theology, and spiritual formation and how it effects the mental health of the client. Consideration given to the role of the therapist and the therapeutic relationship with an emphasis on the Christian faith.

PSYG 716 • Couples Psychotherapy (3 units)

Theories of couple therapy are examined, including evidence based practices, emotionally focused therapy, systems theory, couple assessment, and therapeutic interventions.

PSYG 717 • Group Psychotherapy (3 units)

A study of the theories and processes of therapy based on the group modality. Focus is placed on the concepts of the primary therapeutic factors, stages, interventions, critical incidents and diversity. Application is made to group dynamics and development of clinical skills.

PSYG 720 • Clinical Psychopharmacology (2 units)

Prerequisite: PSYG 603. Overview of current research and use of psychotropic medications for the spectrum of disorders as described in the DSM are presented. Ethical, legal, and scope of practice issues are included.

PSYG 724 • Psychosocial Stressors and Mental Health (3 units)

Prerequisites: PSYG 603 and PSYG 604. Examination of the unique theoretical and clinical components related to working with minors, the elderly, and issues related to pregnancy, death and dying. Students are trained to work within the public mental health system and with the severely mentally ill. Placement within the legal system, housing and healthcare alternatives will be explored.

PSYG 725 • Psychological Testing (3 units)

Prerequisites: PSYG 613, PSYG 626. Basic testing skills are developed and psychometric theory is emphasized. Students are trained in the administration, scoring, interpretation and application of resulting data. Culturally appropriate use of assessment tools is included.

PSYG 726 • Case Conceptualization (1.5 units)

Prerequisite: PSYG 626. In-depth processing of clinical casework with emphasis on case conceptualization, etiology, diagnosing both theoretically and according to the DSM, treatment planning and prognosis. Case management and use of supervision are discussed with emphasis on appropriate referrals. Concurrent field placement is required for this course.

PSYG 727 • Practicum (0.5-1.5 units)

Prerequisites: PSYG 626 and permission of professor. Credit/Fail. Practicum placement management and oversight. Concurrent field placement is required for this course.

PSYG 730 • Applied Methods and Analysis of Research (1-3 units)

This class applies knowledge of research design and statistics to psychosocial research. Actual research will be designed and carried out. These credits do not count toward degree requirements.

PSYG 765 • Comprehensive Project (3 units)

Prerequisites: Final semester or by permission of professor. This comprehensive class assists the student in the synthesis of knowledge gained over the span of the graduate program for the purpose of furthering professional identity and competency. This class is completed during the final semester of coursework. Exit Project is completed and field placement is required concurrently with this course.

PSYG 799 • Continuing Registration (1-4 units)

May be required for each semester in which the student is not enrolled in any program coursework. May be required until all graduation requirements have been met. Credit does not count toward Master's degree requirements. PSYG 799 will carry a grade of "CE" (continuing enrollment) until all course requirements are met, at which time the grade will be changed to "CR" (credit).

GRADUATE PROGRAM IN EDUCATION

Jerry Ternes, Ed.D., Director

MISSION: The mission of the Graduate Program in Education is to provide a supportive, reflective learning community in which teachers develop the professional relationships, skills, and knowledge base necessary to empower ALL students to reach their highest potential. This program integrates vibrant Christian faith with all facets of learning and life.

History of the Graduate Program in Education

In 1967, the University received recognition and approval of its teaching credential program from the California State Board of Education.

In 1994, the University began the Graduate Program in Education, offering the basic California teaching credentials at the graduate level, along with a Master of Science (M.S.) in Education. In 1995, the Master of Science in Education was re-designated a Master of Arts (M.A.) in Education. In Spring 2009, the credential received reaccreditation from the California Commission on Teacher Credentialing of the SB2042 multiple and single subject credential program. Students have the option of applying credential course work toward a Master's degree. Five options are offered in the Master of Arts in Education: M.A. and Preliminary Credential, M.A. with Preliminary Credential, and Christian Education Leadership, M.A. and Christian Education Leadership, M. A. in Education, Induction option, and M. A. in Education, Teacher Leadership option. Each Master's option fulfills a specific professional goal.

Accreditation

Vanguard University is a member of and is accredited by the Western Association of Schools and Colleges (WASC). The University has approval from the California Commission on Teacher Credentialing for the offering of Multiple and Single Subject teaching credentials with EL Authorization.

Institutional Affiliations

Vanguard University is a member of the Association of Independent California Colleges and Universities (AICCU) and is one of 91 members of the Council for Christian Colleges and Universities (CCCU) which was founded in 1976 to serve and strengthen Christian liberal arts colleges and universities.

Through the Graduate Program in Education, Vanguard University is affiliated with the California Council on Teacher Education (CCTE), the Association of Christian Schools International (ASCI), Christian Educators Association International (CEAI), the California Association of Colleges of Teacher Education (CACTE), the State of California Association of Teacher Education (SCATE), the California Educational Placement Association (CEPA), and the Credential Counselors and Analysts of California (CCAC).

APPLICATION INFORMATION

Applications and information about graduate program admission may be obtained from the Graduate Admissions Office:

- Phone: (714) 966-5499 main or (877) 669-8872 toll free
- Email: gradadmissions@vanguard.edu
- For deadlines and to apply: <http://graduate.vanguard.edu>

Application Calendar

While the Graduate Education Program accepts applications on a rolling basis, all applicants are encouraged to make application in accordance with the following dates.

Fall Semester Admission	March 1
Spring Semester Admission	October 1
Summer Session Admission	March 1

ACADEMIC POLICIES

Academic Advisors

The faculty cohort leaders and the student teaching coordinator serve as academic advisors for credential students. The advisors provide students with current information and recommended courses.

Academic Classification of Students

Students enrolled in the Graduate Program in Education will be placed into regular, provisional, or student-at-large standing.

Regular Standing. Students who intend to obtain a credential or M.A. degree who are admitted without reservation are granted regular standing in the Graduate Program in Education. Students enrolled in credential course work may be eligible to apply their credential course work toward the Master of Arts in Education degree, depending on admission requirements. To qualify for regular standing in the credential and/or degree program, all admission and program requirements must be satisfied. Please refer to the specific program for a list of admission requirements. Relationship of regular standing and GPA admission requirement:

Regular standing for M.A. degree admission requires a 3.0 GPA or higher

Regular standing for credential admission requires a 2.7 GPA or higher

Provisional Standing. Students who intend to obtain a credential and/or M.A. degree who have not fully met all the requirements of the specific program may be eligible for provisional standing. Please refer to the admission and program requirements of the specific program. Students with a cumulative undergraduate GPA of 2.7-2.9 may be admitted into the M.A. degree program with provisional standing. Then upon successful completion of the first required twelve graduate units of the program with a 3.5 GPA or higher, the student will be eligible for regular standing.

Students with a cumulative undergraduate GPA of 2.5-2.69 may be admitted into the credential or degree program with provisional standing on a probationary status. Upon completion of the following three conditions, the student will be eligible for regular standing:

1. To address academic deficiencies, student must complete 6-15 additional units of post-baccalaureate course work with a 3.0 GPA or above. All course work must be pre-approved and completed at VU prior to enrolling in the EDUG 500 series.
2. Student must complete the first thirteen required graduate units of the program with a grade point average of 3.5 or higher.

3. Student will meet with the Director for a progress evaluation conference to determine continuation in the program.

Student-at-Large. Students who do not plan to earn a degree or basic credential may be granted student-at-large standing. A student-at-large is not officially admitted into the graduate program; the student completes an abbreviated application form for authorization to enroll in upper division and/or graduate course work. A student-at-large must officially apply to the Graduate Program in Education if he/she wishes to be considered for regular standing in the degree program. All program admission requirements and deadlines must be satisfied for admission consideration to the M.A. degree program. The University and its Graduate Program are not obligated legally or morally, however, to accept a student-at-large into degree status.

Note: A student-at-large is not eligible for institutional and/or federal financial aid.

Auditor. Students who wish to attend graduate classes for personal enrichment, and not for academic credit, may be granted auditor's status. Auditors attend class with no obligations to participate actively in the work. Students seeking auditor's status must complete an abbreviated admission form. Audit fees are required for each class in which audit students enroll. These classes are non-unit-bearing courses. An audit course cannot be turned into a "unit course" after the first week of class.

International Students. International students must complete the admissions process, be accepted by the University, and submit a certification of finances form showing sufficient financial resources to pay the expenses of the graduate program, including tuition, fees, books, living expenses, and return fare home. Also, one year's tuition and living costs must be deposited with the University before a Certificate of Eligibility (for non-immigrants "F-1" Student Status - form I-20) is issued. International students must maintain 9 graduate level units of non-repeatable courses each semester and renew the I-20 forms annually for any travel outside of the U.S.

All students are expected to be fluent in English. The Graduate Admissions Committee may require documentation of fluency in English. Such tests as

TOEFL and/or TSE may be required of students whose first language is not English. A minimum score of 550 or higher on the written version, 213 or higher on the computer-based version, or 79 or higher on the internet version is normally expected. However, a slightly lower score may be accepted if accompanied by documentation of a successful evaluation from an English as a Second Language program (ESL) in the United States.

Academic Calendar

The course offerings of the Graduate Program in Education are organized within the framework of the following academic calendar:

Fall Semester—This semester normally is scheduled from late August to mid-December. A full-time load is a minimum of 6-12 unit hours, depending upon specific program requirements.

Spring Semester—This semester normally is scheduled from mid-January to mid-May. A full-time load is a minimum of 6-12 unit hours, depending upon specific program requirements. A one-week Spring break is normally scheduled during March or April. The University Spring break does not usually coincide with public school district Spring breaks.

Summer Semester—The Summer semester, which normally is scheduled from mid-May through mid-July, is divided into three sessions. Each Summer session consists of three weeks. A maximum of nine (9) unit hours can be earned by the end of the three Summer sessions.

The Vanguard University Graduate Program in Education reserves the right to make necessary changes in procedures, policies, calendar, curriculum and costs. The program is further subject to change as prescribed by the California Commission on Teacher Credentialing (CTC). According to CTC regulations, the institution has an obligation to public schools to deny admission or dismiss candidates who are unsuited to be teachers. The institution reviews each credential candidate's competence throughout the program, informs candidates of their strengths and weaknesses, provides opportunities for corrective learning, places

marginal candidates on probation, dismisses candidates who are found to be unsuited to be teachers and considers candidate appeals.

Credit Hour Policy

A semester credit hour is defined as the quantity of work represented in intended learning outcomes and verified by evidence of student achievement that reasonably approximates the amount of work required by one hour (minimum 50 minutes) of classroom or direct faculty instruction and a minimum of two hours out-of-class student work each week for approximately fifteen weeks or one semester, or an equivalent quantity of work over a term of different length (intensive, accelerated, online courses, etc.).

An equivalent quantity of work may also be achieved by other academic activities established by the University, including internships, laboratory work, practica, studio work, and any other academic work leading to the award of credit hours. With regard to clinical or laboratory hours, the appropriateness of a clinical hour may be based on each program's specialty accreditation agency criteria, within the context of program and institutional learning outcomes.

This is in line with the Department of Education's Policy #600.2.

PROGRAM POLICIES

Program Changes

Students are responsible for the program selected when registering. Changes thereafter are made by filing a "Request to Add or Drop Courses" form in the Registrar's Office. For regularly scheduled courses, dropping a course during the first four weeks may be done without being reflected on the transcript. For regularly scheduled classes, a class may be dropped with a grade of "W" within the fourth through eighth weeks of the semester; thereafter the grade will be recorded as an "F" when a student withdraws from a course. There is NO AUTOMATIC DROPPING of courses resulting from a student's failure to attend class sessions.

For those courses that are offered on a non-traditional calendar, the following principle applies: withdrawals received in the Registrar's Office during regular business hours prior to the end of the first 25% of the total number of class hour sessions offered in the course will have no entry made on the transcript; withdrawals received in the Registrar's Office during regular business hours prior to the end of the first half of total number of class hour sessions will receive a "W" on the transcript; withdrawals received in the Registrar's Office during regular business hours prior to the last class hour session will receive a grade of "WF" unless the professor, aware of extenuating circumstances beyond the control of the student, is willing to grant a "WP."

Withdrawal From the Program

Students contemplating withdrawal from the Graduate Program in Education must first have a conference with the Program Coordinator. If a student finds it necessary to withdraw from the Graduate Program during a regular academic term, he or she must officially withdraw from all classes. Students must procure an "Application for Official Withdrawal" form from the Registrar's Office, complete the form, including the required signatures, and return the completed form to the Registrar's Office. Students who do not officially withdraw from classes will automatically be given a grade of "F" (failure) by the professor(s). Failure to withdraw officially, therefore, may lead to future problems in transferring units to other graduate institutions or when applying for readmission. Students who follow the proper procedures in withdrawing due to justifiable personal circumstances will be classified as having withdrawn in good standing. The tuition refund policy is observed in cases of official withdrawal from the Graduate Program in Education.

Student Academic Load

A full-time academic load at the graduate level is nine to twelve (9-12) unit hours or more per semester, depending on specific program requirements. Full-time credential students should be enrolled in thirteen units during the first semester of the teacher preparation course work, and 12 units during the second semester of student teaching. Outstanding credential students may enroll in up to sixteen (16) unit hours upon the counsel of the academic advisor. Credential students may not

enroll for more than sixteen (16) unit hours in a regular semester without the approval of the Director of the Graduate Program in Education.

Course Numbering System

In order to interface with the undergraduate program, academic units at the graduate level are also measured in semester hours. The course numbering system is as follows:

500 level = credential and/or M.A. students

600 level = M.A. students only

No more than six unit hours (or nine units for the M.A. Induction option) of equivalent and applicable graduate course work with a "B" or better grade may be transferred in and applied toward the M.A. degree. The Director of the Graduate Program in Education must approve all unit transfers prior to admission into the M.A. program. The transfer policy applies only to students in regular standing at the time of admission. Please refer to "Transfer Credit" policy in the catalog.

Program Grade Requirements

Students in the credential program must maintain a "B" (3.0) GPA. A "D" grade is not acceptable in any of the course work in the sequence. No more than one "C+" or "C" grade will be acceptable in credential course work. Courses may not be taken on a "pass/fail" or "credit/no credit" basis, with the exception of student teaching. "Credit" will be granted for student teaching based on an overall evaluation of "B-" or better.

Students in the Master's Degree Program must maintain a "B" (3.0) grade point average in all program course work. All M.A. core courses must be completed with a grade of "B-" or above. A "D" grade is not acceptable in any of the course work in the sequence. Courses may not be taken on a "pass/fail" or "credit/no credit" basis, with the exception of student teaching. "Credit" will be granted for student teaching based on an overall evaluation of "B-" or better.

Students are expected to gauge the course load for each semester so that they will achieve a minimum of a "B" grade in each course attempted. Any grade below "B" is considered below minimal performance and indicates improvement is needed if

the student expects to complete the program. If the student receives a second grade that is below a “B”, he/she will be required to meet with the Director of the Graduate Program in Education to determine whether the student should continue in the credential or graduate program. All grades will remain on the permanent record of students.

Students accepted under provisional standing for the credential or degree program should carefully review the grade requirements for change of status for their specific program.

EDUG 699: Continuous Registration: Master’s Study will carry a grade of “CE” (continuing enrollment) until all course requirements are met and the professor turns in a grade change to “CR” (credit). Exceptions or extensions to this policy are made only with the approval of the Director of the Graduate Program in Education.

Incomplete Work

Incomplete Policy: Student initiates request. If approved, faculty specifies requirements and student and faculty together sign petition on bottom. This document is turned in with the course grade. An incomplete grade is granted only for such circumstances as major personal or family crisis. Unacceptable reasons include: course load too heavy, previous incompletes, regular job or ministry responsibilities, English problems, computer problems, etc.

All incomplete work is due 90 days from the last day of that semester. (Fall semester work must be submitted by the 2nd Friday of the following March, Spring semester work must be submitted by the 1st Friday of August, and Summer term work must be submitted by the 2nd Friday of November.) Failure to complete and submit the required work on time will result in a permanent grade commensurate with the completed work at that point.

Academic Deficiencies

If a student has provisional standing due to coursework deficiencies, they may still enroll in graduate classes. However, all deficiencies must be removed before completing twenty (20) credit hours of graduate work, and before making

application for advancement to candidacy. The use of pass/fail grades may be permitted for general undergraduate deficiency courses taken at VU.

Credential Candidate Dismissal

According to CTC regulations, the institution has an obligation to public schools to deny admission or to dismiss candidates who are unsuited to be teachers. The institution reviews each candidate’s competence throughout the program, informs candidates of their strengths and weaknesses, provides opportunities for corrective learning, places marginal candidates on probation, dismisses candidates who are found to be unsuited to be teachers and considers candidate appeals.

Time Limits on Credential Study

All work for the preliminary credential must be completed in five years. Time spent on leave of absence is counted in the five year time limit for the credential. A credential student who interrupts the sequence of study may be subject to changes in requirements when returning, particularly CTC credentialing modifications.

Time Limits on Graduate Study

All work for the Master’s degree must be completed within seven years from the time of official admission into the Graduate Program in Education. Time spent on leave of absence is counted in the seven-year time limit for the M.A. degree.

Leave of Absence

Credential and/or M.A. students who find it necessary to interrupt the regular sequence of enrollment are required to file notice of an official leave of absence to ensure proper communication between the student and the Graduate Education Office. The forms for this purpose are available in the Graduate Education Office. Time spent on leave of absence is counted in the seven-year time limit for graduate course work. Students may file for a two-consecutive-semester leave in one application. Students who interrupt their program and do not file a leave of absence will be required to reapply and will be subject to all new academic regulations in effect in the Graduate Education Catalog at the time enrollment is resumed (see Readmission). If the request for a leave of absence is denied, the student will be required to reapply. Any credential student who interrupts the

sequence of study may be subject to changes in requirements when returning, particularly CTC requirements. Credential students who have requirements to complete (course assignments, testing, or probation-related stipulations) will be required to enroll in EDUG 599 for continuous enrollment status. Degree bound students who have completed the M. A. Core courses must be enrolled in EDUG 699 for continuous enrollment status. When considering a leave of absence, degree bound students must plan to be officially enrolled in EDUG 610 or EDUG 699 in the semester in which they intend to submit their application for graduation.

Medical/Compassionate Leave of Absence Policy

A medical/compassionate leave of absence request may be made in extraordinary cases in which serious illness or injury (medical) or other significant personal situation (compassionate) prevents a student from continuing his or her classes and incompletes or other arrangements with the instructors are not possible. Medical leave can be granted for up to two consecutive semesters due to documented physical or mental health difficulties. A request for a medical/compassionate leave of absence must be made with the Disability Service Office.

A student may request and be considered for a medical leave of absence when extraordinary circumstances such as a serious illness or injury prevent the student from continuing classes. The medical leave of absence policy covers both physical health and mental health difficulties.

A student may request and be considered for a compassion leave of absence when extraordinary reasons, not related to the student's personal physical or mental health (for example, care of a seriously ill parent, child or spouse, or a death in the student's immediate family) prevent the student from continuing in classes.

Students taking medical/compassionate leave of absence are not regarded as having permanently withdrawn from the University and need not apply for readmission through the Admissions Office; however, students must be approved for fitness to return to campus through the Disability Services Office.

Students will need to contact their own health insurance provider for details concerning the continuation of their insurance coverage.

Any student granted a medical/compassionate leave during the first eight weeks for the semester will be dropped from any classes that the student is enrolled in. If the medical leave is granted after 20% of the semester the student may, with faculty approval, receive an Incomplete for one or more courses. If an Incomplete is not deemed appropriate, a grade of "W" will be issued. No refund of charges will be made for courses in which an Incomplete is given. No credit is earned for any course in which a "W" is issued. Refunds, if any, will be granted based upon the University's refund policy. See the Student Disability Services Handbook for additional information.

Re-Entry from a Leave of Absence

Credential and/or M.A. students who have filed an official "Leave of Absence" and have been absent from the Graduate Program in Education for one or more consecutive semesters must submit a Readmission Application when they are ready to resume enrollment. If the student's application is accepted, he/she will be held responsible for academic regulations and program requirements in effect at the time of the student's initial enrollment, excluding any changes required by CTC or legislative action. If the student's application is denied, he/she will be required to reapply (see Readmission).

Readmission

Credential and/or M.A. students who have been absent from the program for one semester (and did not file a Leave of Absence or enroll in EDUG 599), are considered withdrawn from the program and must submit an "Application for Readmission" (along with the appropriate fee) to the Graduate Education Office. Students applying for readmission are subject to new graduation requirements, which have come into effect by the time of their readmission. Credential students are subject to any changes due to CTC and legislative action. The Candidate Performance Assessment Committee will review readmission applications and the students will be notified of the decision.

Transfer of Credits/Units

Students transferring from an accredited graduate program may transfer a maximum of six unit hours (or nine units for the M.A. Induction option) when the

courses transferred are equivalent and have direct applicability to the students' program design. Only courses with a grade of "B" (3.0), or higher will be considered for transfer toward the M.A. degree. Units being considered for transfer must have been taken no more than five years before the time of admission. No transfer unit can be granted for course work used for a degree awarded by another institution. All core courses must be taken at VU. The Director of the Graduate Program in Education must approve all transfers of units prior to admission.

M.A. Degree Course Requirements

Students pursuing the Master of Arts in Education are required to satisfy the following graduation requirements:

1. Advancement to M.A. Candidacy.
2. Successful completion of an approved program with a minimum cumulative grade point average of "B"(3.0), and with no more than one course grade of "C+" or "C". All M.A. Core courses must be completed with a grade of "B-" or above.
3. The filing of all the necessary forms in accordance with the time table provided by the Graduate Education Office.
4. Successful completion of all degree requirements within the maximum time limits allowed (five years); and
5. Settlement of all financial obligations to the University.

Commencement

Commencement exercises are held at the end of the Spring semester for students who wish to participate. Degrees are formally awarded at the end of the Fall, Spring and Summer sessions. The date of degree posted on the transcript is the last day of the semester or Summer session in which the graduation requirements were met.

Graduation Requirements

Advancement to Candidacy Status (applies to M.A. students only)

Degree bound students must officially be advanced to candidacy status prior to degree confirmation. Neither admission to the Master of Arts program, nor completion of 600-level course work, automatically advances a student to candidacy for the M.A. degree. Advancement to candidacy is initiated after completion of EDUG 605 and EDUG 606. Students must apply to the Graduate Education Program, through the Director of the Graduate Program in Education, for advancement to candidacy.

The Procedures for Graduation:

1. Be accepted into the Graduate Program in Education with regular standing by having all deficiencies, if any existed at the time of admission, removed.
2. Make application for advancement to candidacy upon completion of EDUG 605, 606, and no less than four calendar months before the expected date of graduation. Forms for this purpose are available in the Graduate Education Office.
3. Achieve a cumulative grade point average of 3.0 or higher on all 500- and 600-level graduate course work required for the degree with no more than one (1) course grade of "C+" or "C". All M.A. Core courses must be completed with a grade of "B-" or above.
4. Be recommended for advancement to candidacy by one's academic advisor.
5. The Graduate Education Committee will make the final decision on the application for candidacy by determining if:
 - a. the student has demonstrated both academic and professional ability in the program,
 - b. the student's preparation constitutes a satisfactory foundation from which to complete the program,
 - c. the student has the necessary value priorities, research skills, professional attitudes, and qualities of mind to justify continuation of study toward the M.A. degree.

Application for Graduation

An application for graduation must be filed with the Registrar's Office during the first week of the student's final semester in which the degree is granted. Students who have filed an application for graduation and do not complete their requirements by the projected date of completion for which they have filed are required to file again in a later semester. Failure to comply with these regulations will preclude the granting of the Master's degree. Degree bound students must be officially enrolled in EDUG 610 or EDUG 699 in the semester in which they intend to submit the Application for Graduation. "Application for Graduation" forms may be obtained from the Registrar's Office.

Employment

Growing centers of employment in Costa Mesa and surrounding areas afford students some of the best job opportunities in the nation. Most students needing employment have been able to secure the type of work and schedule that makes it possible for them to carry out their graduate studies. An employment referral service to assist students in finding part-time employment while attending the University is maintained through the Career Center. Campus employment is also available on a limited basis. Graduate students who have passed the CBEST exam are eligible for daily and long-term substitute teaching in public schools throughout the county. Orange County is home to 26 public school districts and many private Christian schools. Students should contact the individual school districts and private schools for potential employment. The Orange County Department of Education is also located in Costa Mesa.

TEACHER EDUCATION PROGRAM

The Graduate Program in Education offers a Teacher Education Program and a Master of Arts Program. Eligible students may apply their credential course work toward a Master of Arts in Education.

Vanguard University is authorized by the California Commission on Teacher Credentialing to offer credentials under the Teacher Preparation and Licensing Law of 1970. The program is dedicated to a highly personalized approach to teacher education and graduate training. Candidates travel as a cohort, developing strong

collaborative relationships throughout their professional training. The Teacher Training Program is designed for candidates seeking the Single Subject Teaching Credential for secondary teaching (7-12) or the Multiple Subject Teaching Credential for elementary teaching (K-6). Vanguard University is authorized to recommend applicants for the following California Basic credentials: the Preliminary Multiple Subject with EL Authorization and the Preliminary Single Subject with EL Authorization. Eligible credential candidates may apply their course work toward a Master of Arts in Education degree with additional graduate study. Students interested in the degree program should apply for M.A. degree standing from the onset. Please refer to the M.A. options available in the Master's Program summary for admission and program requirements.

Grade Requirements for Credential Course Work

A "B" (3.0) grade point average must be maintained in all credential course work. No more than one "C" or "C+" grade may be applied toward the teaching credential and/or Master's degree. A "D" grade is not acceptable in any course work in the sequence. Courses may not be taken on a "pass/fail" or "credit/no credit" basis, with the exception of student teaching. "Credit" will be granted for student teaching based on an overall evaluation of "B-" or better.

Commission on Teacher Credentialing (CTC)

Credential requirements may change at any time during a student's program based on changes of legislative action by the CTC. According to CTC regulations, the institution has an obligation to public schools to deny admission and to dismiss candidates who are unsuited to be teachers. The institution reviews each candidate's competence throughout the program, informs candidates of their strengths and weaknesses, provides opportunities for corrective learning, places marginal candidates on probation, dismisses candidates who are found to be unsuited to be teachers and considers candidate appeals.

PRELIMINARY MULTIPLE/SINGLE SUBJECT CREDENTIAL, WITH EL AUTHORIZATION EMBEDDED

Admission Requirements for the Preliminary Multiple or Single Subject Credential Program:

1. A Bachelor's degree from a regionally accredited institution.
2. A graduate program application with corresponding fee.
3. Official transcripts of all undergraduate and graduate courses.
4. Three letters of recommendation addressing potential success in a teacher education program.
5. A cumulative grade point average of 2.7 or above in all undergraduate work is required for regular standing admission

- or -

Students with a cumulative undergraduate GPA of 2.5-2.69 may be admitted with provisional standing on a probationary status. Upon completion of the following three conditions, the student will be eligible for regular standing:

- To make up for academic deficiencies, student must complete an additional 6-15 units of post-baccalaureate course work with a 3.0 GPA or above. All course work must be pre-approved and completed at VU prior to enrolling in the EDUG 500 series.
 - Student must complete the first required thirteen graduate units of the program with a grade point average of 3.5 or higher.
 - Student will meet with the Coordinator and/or Director for a progress evaluation conference.
 - The B.A. grade point average requirement is waived for a candidate with a Master's degree from an accredited institution.
6. Verification of taking the CBEST (California Basic Educational Skills Test) by presenting test registration or passing scores to the Graduate Admissions Office. Students should plan to take the CBEST at least 6 months prior to submitting an application to the Graduate Program in Education.
 7. An interview with the Director and/or Candidate Performance Assessment Committee (CPAC).
 8. Admission acceptance by the Candidate Performance Assessment Committee (CPAC).

After acceptance into the program, the student must complete the following:

1. Certificate of Clearance: An application for fingerprint clearance must be submitted prior to beginning the 500-level courses. A fee is required for the Commission on Teacher Credentialing (CTC) Clearance.
2. TB Test Clearance: Must be submitted prior to beginning the 500-level courses.
3. Liability Insurance: Additional fee is required. See the Graduate Program in Education office for details.

Subject Matter Requirements for the Preliminary Multiple or Single Subject Credential:

1. Multiple Subject Credential: Submit verification of a passing score report for the three multiple subject subtests of the CSET (California Subject Exam for Teachers). The CSET should be taken prior to review for admission. Students needing to take the examination should plan to do so at least 6 months prior to submitting an application to the Graduate Program in Education.
2. Single Subject credential: Submit verification of completion of a CTC approved Subject Matter Preparation Program in an academic field or submit passing score report for the appropriate subject on the CSET examination. Subject Matter Preparation or the CSET should be completed prior to review for admission. Students needing to take the examination should plan to do so at least 6 months prior to submitting an application to the Graduate Program.

A student who otherwise meets admission requirements may be considered for provisional standing to the Program on a case-by-case basis prior to passing the CSET exam. The student recognizes that the CBEST and CSET must be passed before they can proceed to advanced student teaching. If the student does not successfully pass the required tests by the completion of 500 sequence methodology courses, the student will not continue on to advanced student teaching, but will enroll in EDUG 599, and engage in test preparation of their own arrangement. When the appropriate test is passed within the required five year time frame for completion of the credential, the student may proceed with advanced student teaching.

Prerequisite Requirements for the Preliminary Multiple/Single Subject Credential:

EDUC 315: Teaching in a Multicultural Setting (3 units) should be completed prior to beginning the 500 series.

ANTH/ENGL 453: Language, Culture and Linguistics (3 units) Preferably taken as an undergraduate senior, but may be completed concurrently with the 500 series by petition.

A student with otherwise excellent qualifications may be permitted to take one of these prerequisite courses concurrently with methodology coursework, at the discretion of the Candidate Performance Assessment Committee.

MATH/PSYC/SOCS 265C: Introduction to Statistical Methods (3 units) is strongly recommended for M.A. students.

EDUG 550	Literacy Classrooms and Instruction (Elementary only)	1 unit
or EDUG 551	Literacy in the Content Areas (Secondary only)	1 unit
EDUG 558	Preparing to Teach Special Populations	.5 units
EDUG 584	Beginning Student Teaching	2 units
EDUG 500-584 (13 units) are generally taken during the first semester of the teacher preparation program.		

Student Teaching

EDUG 584 • Beginning Student Teaching (2 units)

Candidates must complete Beginning Student Teaching concurrently with the 500 series courses. Beginning Student Teaching will consist of a minimum of three hours a week in an instructional setting, preferably working with the same master teachers who will supervise the candidate during Advanced Student Teaching in the second semester. Class time will be scheduled for Teaching Performance Assessment (TPA) task instruction.

EDUG 585 • Advanced Student Teaching (10 units)

Prerequisite: Satisfactory completion of initial professional coursework, GPA of 3.0 or higher in first 13 units of credential coursework (no more than one "C" grade), subject matter examinations, portfolio and beginning student teaching. During the second semester candidates will complete two additional units of professional coursework and ten units of student teaching. Coursework listed below and a Student Teaching Seminar will be completed during one three-hour block on Wednesdays:

EDUG 521	Parent and Community Relations	.5 units
EDUG 545	Specially Designed Academic Instruction in English (SDAIE) for the Elementary Student	1 unit
or EDUG 546	Specially Designed Academic Instruction in English (SDAIE) for the Secondary Student	1 unit

EDUG 559 Creating a Supportive and Healthy Environment
for Student Learning .5 units

Advanced Student Teaching will be completed concurrently with the above professional coursework. Single Subject candidates will complete their student teaching in grades 7-12. Multiple Subject candidates will complete their student teaching experience in two seven week assignments in grades K-6. Student teaching is a full day experience. Single Subject candidates will teach five days a week, teaching three classes and observing in two for a complete high school or middle school semester. Multiple Subject candidates will teach a full day, five days a week. The Preliminary Credential requires that the candidate complete a continuous student teaching experience in a multicultural, multilingual environment. All assignments must be completed under the supervision of a credentialed master teacher and in the subject matter area that will appear on the student's credential. A university supervisor will be assigned to each student teacher for supervision and support. It is important to remember that student teaching is a full-time experience and requires focus and attention. An additional student teacher fee per unit is charged at the time of registration.

Student teaching placements will be made by the department in local partner schools to satisfy EL Authorization requirements. If an incoming student has a preference regarding placement, they should express that preference to the Candidate Performance Assessment Committee at the time of the interview. The department will make an effort to accommodate that preference, with no guarantee. Once classes have begun and arrangements have been made for beginning student teaching and advanced student teaching placement, changes in placement are not logistically feasible. Any placement outside a 12-mile radius of the Vanguard University campus requires a minimum payment of \$150 to cover additional mileage for the University Supervisor. Students with three or more years of full-time continuous private or public school experience in the appropriate credential area may be eligible for a modification of the length of student teaching. See the Student Teaching Coordinator for additional information.

Additional Preliminary Credential Requirements:

- RICA (Reading Instruction Competence Assessment) for Multiple Subject Candidates only. All students pursuing a multiple subject teaching credential must pass the RICA exam prior to applying for the credential. This exam is normally taken after completion of the reading courses.
- TPA (Teacher Performance Assessment)
TPA Tasks 1-4 must be passed in order to apply for the Preliminary Credential. Tasks 1 and 2 are taken during the Beginning Student Teaching Semester. Tasks 3 and 4 are taken during the Advanced Student Teaching semester. Passing of either TPA Task 1 or 2 is required in order to proceed to Advanced Student Teaching.
- CPR
- Technology Proficiency – meet by EDUC 330, Technology Proficiency Screening, or course equivalency.
- U.S. Constitution: met by POLS 155C, equivalent or by test

See Student Teaching Coordinator for specific details.

CTC requirements for the Professional Clear Credential

Following issuance of the Preliminary Credential, a candidate will complete the Professional Clear Credential requirements through an Induction program offered within the school district in which they are employed. Candidates who earned their preliminary credential after 2003 and prior to June 2010, are teaching in a private school, and do not have access to an Induction program may be eligible to complete the fifth year clear credential requirements. See the Credential Analyst for eligibility.

MASTER OF ARTS PROGRAM IN EDUCATION

Students may pursue one of five options:

- Master of Arts in Education and EL Authorization Preliminary Credential
- Master of Arts in Education, Preliminary Credential and Christian Education Leadership
- Master of Arts in Education, Christian Education Leadership
- Master of Arts in Education, Induction
- Master of Arts in Education, Teacher Leadership

Each M.A. option is designed to fulfill a specific professional goal and provide graduate training to support professional excellence and instructional leadership. All M.A. Core course work is project based, focusing on the teacher-as-researcher and action research models. Regular standing in the specific degree option is required for enrollment in the M.A. Core (EDUG 605-610).

Grade Requirements for the Master of Arts in Education:

A "B" (3.0) grade point average must be maintained in all credential and Master's degree course work. All M.A. Core courses must be completed with a grade of "B-" or above. No more than one "C" or "C+" grade earned in the credential or certificate course work may be applied toward the Master's degree. A "D" grade is not acceptable in any course work in the sequence. Courses may not be taken on a "pass/fail" or "credit/no credit" basis, with the exception of student teaching. Credit will be granted for student teaching based on an overall evaluation of "B-" or better.

MASTER OF ARTS IN EDUCATION, PRELIMINARY CREDENTIAL

The Master of Arts in Education with the Preliminary Credential is designed for students interested in pursuing a Preliminary Teaching Credential and applying their graduate course work toward the Master of Arts in Education degree. The EL Authorization will prepare candidates to teach students who are Limited English Proficient (LEP). A total of thirty-seven units are required for the Master of Arts in Education and Preliminary Credential.

Admission Requirements for the M.A./Preliminary Credential Program

1. A Bachelor's degree from a regionally accredited institution.
2. A graduate program application with corresponding fee.
3. Official transcripts of all undergraduate and graduate courses.
4. Three letters of recommendation addressing potential success in an education graduate program.
5. A cumulative grade point average of 3.0 (B), or above in all undergraduate course work is required for regular standing admission in the degree program, or a student with a cumulative grade point average of 2.7-2.9 in all undergraduate work is eligible for admission with provisional standing.

Upon successful completion of the first required twelve graduate units of the program with a 3.5 GPA or higher, the student will be eligible for regular standing,

or EDUG 548	Metacognition and Reading Strategies for Student Learning (Secondary only)	1 unit
EDUG 550	Literacy Classrooms and Instruction (Elementary only)	1 unit
or EDUG 551	Literacy in the Content Areas (Secondary only)	1 unit
EDUG 558	Preparing to Teach Special Populations	.5 units
EDUG 584	Beginning Student Teaching	2 units

EDUG 500-584 (13 units) are generally taken during the first semester of the teacher preparation program.

Student Teaching

EDUG 584 • Beginning Student Teaching (2 units)

Candidates must complete Beginning Student Teaching concurrent with the 500 series courses. Beginning Student Teaching will consist of a minimum of three hours a week in an instructional setting, preferably working with the same master teachers who will supervise the candidate during Advanced Student Teaching in the second semester. Class time will be scheduled for Teaching Performance Assessment (TPA) task instruction.

EDUG 585 • Advanced Student Teaching (10 units)

Prerequisite: Satisfactory completion of initial professional coursework, GPA of 3.0 or higher in first 13 units of credential coursework (no more than one "C" grade), subject matter examinations, portfolio and beginning student teaching.

During the second semester candidates will complete two additional units of professional coursework and ten units of student teaching. Coursework listed below and a Student Teaching Seminar will be completed during one three-hour block on Wednesdays.

EDUG 521	Parent and Community Relations	.5 units
EDUG 545	Specially Designed Academic Instruction in English (SDAIE) for the Elementary Student	1 unit

or EDUG 546	Specially Designed Academic Instruction in English (SDAIE) for the Secondary Student	1 unit
EDUG 559	Creating a Supportive and Healthy Environment for Student Learning	.5 units

Advanced Student Teaching will be completed concurrently with the above professional coursework. Single Subject candidates will complete their student teaching in grades 7-12. Multiple Subject candidates will complete their student teaching experience in two seven week assignments in grades K-6. Student teaching is a full day experience. Single Subject candidates will teach five days a week, teaching three classes and observing in two for a complete high school or middle school semester. Multiple Subject candidates will teach a full day, five days a week. The Preliminary Credential requires that the candidate complete a continuous student teaching experience in a multicultural, multilingual environment. All assignments must be completed under the supervision of a credentialed master teacher and in the subject matter area that will appear on the student's credential. A university supervisor will be assigned to each student teacher for supervision and support. It is important to remember that student teaching is a full-time experience and requires focus and attention. An additional student teacher fee per unit is charged at the time of registration.

Student teaching placements will be made by the department in local partner schools to satisfy EL Authorization requirements. If an incoming student has a preference regarding placement, they should express that preference to the Candidate Performance Assessment Committee at the time of the interview. The department will make an effort to accommodate that preference, with no guarantee. Once classes have begun and arrangements have been made for beginning student teaching observation and advanced student teaching placement, changes in placement are not logistically feasible. Any placement outside a 12-mile radius of the Vanguard University campus requires a minimum payment of \$150 to cover additional mileage for the University Supervisor. Students with three or more years of full-time continuous private or public school experience in the appropriate credential area may be eligible for a modification of the length of student teaching. See the Student Teaching Coordinator for additional information.

Additional Preliminary Credential Requirements:

- RICA (Reading Instruction Competence Assessment) for Multiple Subject Candidates only. All students pursuing a multiple subject teaching credential must pass the RICA exam prior to applying for the credential. This exam is normally taken after completion of the reading courses.
- TPA (Teacher Performance Assessment)
TPA Tasks 1-4 must be passed in order to apply for the Preliminary Credential. Tasks 1 and 2 are taken during the Beginning Student Teaching Semester. Tasks 3 and 4 are taken during the Advanced Student Teaching semester. Passing of either TPA Task 1 or 2 is required in order to proceed to Advanced Student Teaching.
- CPR
- Technology Proficiency – meet by EDUC 330, Technology Proficiency Screening, or course equivalency.
- U.S. Constitution: met by POLS 155C or equivalent, or by test.

See Student Teaching Coordinator for specific details.

Credential requirements may change at any time during a student's program based on changes of legislative action by the CTC.

GRADUATE EDUCATION COURSE DESCRIPTIONS

EDUC 315 • Teaching in a Multicultural Setting (3 units)

This course provides the philosophical background and classroom experience necessary to introduce a person to the teaching profession in a public or private school in a multicultural environment. The purpose of the class is to assist the student to gain an understanding of the resources and challenges facing a teacher serving a linguistically and culturally diverse student population. Discussion will focus on the major professional organizations and educational research related to the philosophical, historical, and demographic developments of American education. Students will complete a 30 hour field work component to observe classroom management and organization, Specially Designed Academic Instruction Delivered in English (SDAIE) instructional practices, and the curricula of grades K-12. The role and function of Christian beliefs and values in the public school will be integrated throughout the course. This course is a required prerequisite for the VU Multiple and Single Subject Preliminary credential with EL Authorization.

ANTH/ENGL/SPAN 453 • Language, Culture, and Linguistics (3 units)

Prerequisite: EDUC 315. Undergraduate students must have senior standing. This course surveys the acquisition and use of first and second languages. It examines the relationship of language to culture, language acquisition, and language analysis or linguistics, emphasizing the utility of such knowledge for educators. Stress is given to understanding language's reciprocal relation with culture, the nature of language systems and linguistic analysis to enable educators a better comprehension of second language acquisition within learning environments. This course is a required prerequisite for the VU Multiple and Single Subject Preliminary credential with EL Authorization.

EDUG 500 • Mission Statement Development (.5 units)

Teaching candidates will take the first step in developing a reflective professional classroom philosophy. Candidates will evaluate their philosophical bias related to the classroom. This reflection will result in the development of a "Mission Statement" which will guide the individual's professional development and instructional integrity.

EDUG 501 • Assessing Socio/Cultural Diversity (.5 units)

Individuals will become familiar with the cultural and individual diversity of the school community. The individual will complete a comparative study of their worldview, including cognitive and affective preferences, in relation to those of their prospective students. The results will be applied to the development of curriculum and a classroom management plan for use during the teaching experience.

EDUG 506 • Subject Matter Standards and Applications (1 unit)

In this course, candidates strengthen their subject matter expertise and application by familiarizing themselves with subject matter content standards and learning methods for teaching various subject matter disciplines (Math, Science, Social Studies, etc.). Working with their cohort faculty leader and expert practitioners, students will begin developing lessons focusing on particular subject matter disciplines, integrating appropriate content standards.

EDUG 507 • Assessing Student Learning (.5 units)

Assessment plays an important role in the classroom to guide the teacher's instruction and promote student accountability. This course introduces teacher candidates to the role of formative and summative assessment in guiding instruction and enhancing student motivation in the classroom setting. To this end, candidates are introduced to the principles of sound assessment, including matching appropriate assessment methods (selected response, essay, performance assessment and personal communication) with achievement targets (knowledge, skills, understanding, products, and dispositions).

EDUG 510 • Deductive Methods (1 unit)

An effective lesson requires an effective plan. A lesson plan provides a map whereby the teacher will stimulate the child's attention, explain and give examples of the content, check for the child's understanding, and guide the child in the application of the new learning. In this course, individuals will develop lesson plans for several curricular units of study, critique peer lesson plans, and "practice-teach" one of the lessons.

EDUG 511 • Inductive Methods (1 unit)

Using inductive models of instruction, candidates will develop lesson plans which enhance students' critical thinking skills. The inductive discovery activities will be compared with deductive methodology.

EDUG 512 • Cooperative Methods (.5 units)

After a lecture or a discovery activity, students need the opportunity to independently apply the information presented by the teacher. One of the most effective ways for students to apply the new information is in cooperative groups. Teachers will learn to organize and facilitate cooperative groups and competitive teams. The lesson adaptations will include: logistical consideration, activity development and directions, social skill development, individual/group accountability and assessment.

EDUG 514 • Curriculum Unit Planning (1 unit)

The California content standards and frameworks provide an overview of the content and cognitive skills that students in public schools must experience

throughout their education. This course helps teachers to connect the subject matter content and standards to appropriate performance tasks and instructional strategies, as they learn to plan curriculum units.

EDUG 520 • Classroom Management (1 unit)

The novice teacher's first concern revolves around the ability to keep students on task. Research suggests that management of space, time, resources and information is the key. Candidates will develop classroom procedures, an implementation plan, a management plan, and a reinforcement system and conflict resolution skills. Teachers will focus on keeping their students on task with the least possible effort.

EDUG 521 • Parent and Community Relations (.5 units)

Parent involvement in the classroom has been demonstrated to improve student rapport, classroom management and cognitive outcomes. This course helps teachers to communicate effectively during parent conferences and parent meetings. A major focus of the course will be to develop mechanisms to partner with parents by forming volunteer systems representative of the culturally diverse classroom.

EDUG 522 • Politics and Ethics for Teachers (.5 units)

This course is designed to cover the professional and ethical behaviors, which contribute to teacher success in a school community. Teachers develop a resume, a professional growth plan, and study the Commission on Teacher Credentialing "Rules for Professional Conduct."

EDUG 540 • Cross-Cultural Studies for Educators (3 units)

To meet the challenges of an ever-changing multicultural classroom, teachers need an understanding and appreciation of cultural diversity utilizing in-depth anthropological perspectives. This course will explore the definition of culture, its mechanisms for adaptation, acculturation, and assimilation. This course will foster an appreciation of cultural diversity as a product of cross-cultural contact, raise issues for teaching within a multicultural classroom, and demonstrate appropriate responses, communication techniques and strategies suited to educating those with differing world view ideologies.

EDUG 541 • Philosophy of the Christian School (1 unit)

A study of the educational philosophy of evangelical schools. Major philosophies are discussed and related to teaching within the context of a Christian worldview. Distinctive of Christian philosophy is emphasized. This course meets the Association of Christian Schools International (ACSI) certification requirements for philosophy.

EDUG 543 • Language Acquisition for the Elementary Student (1 unit)

Language, learning and teaching come together to give teacher candidates an overview of the structure of language as well as theories and methods for first and second language acquisition. Emphases include vocabulary development and assessment.

EDUG 544 • Language Acquisition for the Secondary Student (1 unit)

This course focuses on how to move middle and high school students who are non-English speakers into and through English language literacy. Teacher candidates will read and discuss first and second language acquisition theories and the various programs appropriate for students at each level of fluency. By practicing methods of teaching English language development, teacher candidates engage in using strategies, techniques, and methods that have proved successful in fostering high achievement.

EDUG 545 • Specially Designed Academic Instruction in English/SDAIE for the Elementary Student (1 unit)

SDAIE methodology focuses on English language learners' academic learning skills for mastery of subject matter. Multiple subject teacher candidates learn how to use verbal communication, materials, and instructional strategies for academic proficiency in content areas. Special attention is given to use of SDAIE methodology in the teaching of specific subject-matter content standards.

EDUG 546 • Specially Designed Academic Instruction in English/SDAIE for the Secondary Student (1 unit)

Single subject candidates learn to adapt the curriculum for secondary students who are acquiring English. Information includes analyzing the subject matter to determine content knowledge and academic skills necessary for success,

modifying the text for comprehension, adjusting assignments, and classroom discourse, and using visual aids and resources. Special attention is given to use of SDAIE methodology in the teaching of specific subject-matter content standards.

EDUG 547 • The Understanding and Teaching of Reading (1 unit)

Multiple subject candidates consider what it means for a child to be a reader and how to provide instruction from phoneme awareness to word identification and spelling to reading comprehension of narrative and expository texts. Theories, principles of instruction, and techniques are presented that help children become fluent, independent readers.

EDUG 548 • Metacognition and Reading Strategies for Student Learning (1 unit)

Single subject candidates focus on theories and methods which enhance learning across the curriculum for middle and high school students. The course assists candidates in developing teaching methods that ensure that students are successfully comprehending course content, accessing long-term memory, taking effective notes, and communicating learning concepts. Candidates will learn to teach to the strength of each personality type. Candidates also learn the basics of explicit reading instruction at the secondary level. Materials fee.

EDUG 550 • Literacy Classrooms and Instruction (1 unit)

The elements of balanced literacy programs are presented through the design and organization of the classroom environment and through classroom resources and strategies that connect reading, writing, listening and speaking. Multiple subject candidates learn to synthesize theories and instructional principles for effective classroom practice.

EDUG 551 • Literacy in the Content Areas (1 unit)

Single subject candidates learn to write lesson plans for middle and high school students in their particular subject matter area integrating reading, writing, listening, speaking and thinking. Candidates explore the role of language fluency in comprehension and teach an integrated lesson which enhances content mastery.

EDUG 558 • Preparing to Teach Special Populations in the General Education Classroom (.5 units)

Preparing to Teach Special Populations prepares candidates with basic knowledge, skills and strategies for teaching special populations, including students with disabilities, students on behavior plans, and gifted and talented students in the general education classroom. Each candidate learns to create a positive, inclusive climate of instruction for all special populations in the general classroom.

EDUG 559 • Creating a Supportive and Healthy Environment for Student Learning (.5 units)

Creating a Supportive and Healthy Environment for Student Learning prepares candidates with basic knowledge, skills and strategies for creating healthy and supportive learning environments in elementary and secondary schools. Candidates also revisit issues related to how personal, family, school, community and environmental factors are related to students' academic, physical, emotional and social well-being. Candidates learn about the effects of student health and safety on learning and review the legal responsibilities of teachers related to student health and safety.

EDUG 565 • Use of Computers in the Classroom (2 units)

A study of the nature and use of computers in the educational process. An emphasis is placed on Computer Assisted Instruction (CAI) and the selection of software with a "hands on" approach to the use of word processing, spreadsheets, and other programs that are of assistance to educators or are currently used with students in K-12 classrooms. This course meets the CCTC standards for the level 1 technology requirement.

EDUG 570 • Special Topics (1-3 units)

Special topics in education: curriculum, assessment, instruction, community partnerships, classroom management and research.

EDUG 572 • Advanced Study of Teaching English Learners (2 units)

This course provides an advanced understanding of the candidate's role of teaching English Learners in the state of California. The course builds on the knowledge, skills, and abilities acquired during the professional teacher

preparation program for the delivery of comprehensive, specialized instruction for English learners. Each candidate will examine school organizational structures and resources designed to meet the needs of English learners, and will demonstrate the ability to implement the instructional program for English Language Development. Each candidate will demonstrate the ability to implement adopted instructional programs and the development of academic language, comprehension, and knowledge in the core academic curriculum that promote students' access and achievement in relation to state-adopted academic content standards and performance levels for students. Each candidate will be familiar with local and state-adopted assessments for English language proficiency, and how these instruments are used to measure student accomplishment and to place students and diagnose their needs. Each candidate will use knowledge of his/her students' backgrounds, experiences, family structures, cultures, and languages in planning instruction and supporting individual student learning. This course meets the CTC standards for the Professional Clear Credential requirement for SB 2042 preliminary credentials candidates who do not have access to a district induction program.

EDUG 573 • Advanced Study of Health for Educators (1 unit)

This course provides a basic understanding of the candidate's role of promoting personal, classroom, and school health and safety through appropriate prevention and intervention strategies. Candidates demonstrate an understanding of the relationship between student health and student learning, and develop competencies in detecting and handling the health problems of their students. Local and community resources to support student health are investigated. Candidates learn about character education and how to create an emotionally healthy classroom environment for learning. The California Health Framework grade level content, methods, and processes for teaching health education are studied. Candidates have opportunities to show evidence of selected Teacher Performance Expectations through class activities and assignments. California Ed Code and federal law relating to health, safety, and parents' rights are presented. This course meets the CTC standards for the Professional Clear Credential requirement for SB 2042 preliminary credentials candidates who do not have access to a district induction program.

EDUG 574 • Advanced Study of Teaching Special Populations (2 units)

This course provides each candidate with the opportunity to deepen their knowledge, skills, and strategies for teaching special populations, including students with disabilities and gifted and talented students in the general classroom. Particular emphasis will be given to creating a positive, inclusive climate of instruction for all special populations in the general classroom. This course meets the CTC standards for the Professional Clear Credential requirement for SB 2042 preliminary credentials candidates who do not have access to a district induction program.

EDUG 576 • Advanced Use of Technology to Support Student Learning (1 unit)

This course facilitates teachers' mastery and application of technology in the classroom, providing advanced tools for developing and revising standards-based lessons and units using technology. Teachers are introduced to the process of designing and planning lessons and units that integrate the key elements of content standards, activities, technology resources and assessments. This course meets the CTC standards for the Professional Clear Credential requirement for SB 2042 preliminary credentials candidates who do not have access to a district induction program.

EDUG 584 • Beginning Student Teaching (2 units)

Beginning Student Teaching provides candidates with an opportunity to observe, practice, and validate the methods and curriculum they are studying in their professional coursework. During their first full semester in the program, candidates complete Beginning Student Teaching consisting of a minimum of three hours a week (45 hours a semester) at a school site, preferably working with a master teacher who will supervise the candidate during Advanced Student Teaching in the second semester. Candidates support their master teacher in all aspects of classroom work as assigned, tutor individual students, work with small groups, teach sample lessons, complete classroom-based course assignments, submit assignments and reflect on experiences with their faculty cohort leader, and complete a Professional Portfolio related to their experience. Class time will be scheduled for TPA instruction. Additional course fee.

EDUG 585 • Advanced Student Teaching (10 units)

Prerequisite: Satisfactory completion of initial professional coursework, GPA of 3.0 or higher in first 13 units of credential coursework (no more than one “C” grade), subject matter examinations, portfolio and beginning student teaching.

Advanced Student Teaching provides candidates with an opportunity to observe, practice, and validate the methods and curriculum they are learning in the professional coursework. Candidates teach in diverse classroom settings, with opportunities to instruct students with diverse backgrounds and levels of skill development under the guidance of a master teacher. Candidates will demonstrate teaching competence in a classroom setting in relation to the standards set by the California Commission on Teacher Credentialing. Candidates will document their instructional planning, lesson presentation, assessment, management, and networking skills in their Professional Portfolio. The Professional Portfolio, begun during their Beginning Student Teaching semester, will be due after sixteen weeks of Advanced Student Teaching.

Advanced Student Teaching will be completed concurrently with EDUG 521, EDUG 559 and EDUG 545/546 during the Fall or Spring semesters. Single Subject candidates will complete their student teaching in grades 7-12. Multiple Subject candidates will complete their student teaching experience in two seven week assignments in grades K-6. Student teaching is a full day experience. Single Subject candidates will teach five days a week, teaching three classes and observing in two for a complete high school or middle school semester. Multiple Subject candidates will teach a full day, five days a week. The Preliminary Credential requires that the candidate complete a continuous student teaching experience in a multicultural, multilingual environment. All assignments must be completed under the supervision of a credentialed master teacher and in the subject matter area that will appear on the student’s credential. A university supervisor will be assigned to each student teacher for supervision and support. It is important to remember that student teaching is a full-time experience and requires focus and attention. An additional student teaching fee per unit is charged at the time of registration.

EDUG 590 • Seminars in Education (1-6 units)

Mutual investigation of one topic in education of particular relevance to graduate students in education.

EDUG 591a • Pedagogical Reflection and Practice (1 unit)

In this course, teachers will be introduced to job embedded learning and the “plan-teach-reflect-apply” cycle. While completing CFASST Events 1, 2, and 3, they will study the local context where they are teaching and begin the process of analyzing the impact of their teaching on student learning. This course is offered in the Fall semester for new teachers and trained support providers starting the induction experience.

EDUG 591b • Pedagogical Reflection and Practice (1 unit)

In this course, teachers will develop and implement the Individual Induction Plan. Student work will also be used to conduct an in-depth inquiry in entry-level, monitoring and summative assessment practices. Teachers enroll in this course during the second semester while completing CFASST Events 4-6.

EDUG 591c • Pedagogical Reflection and Practice (1 unit)

New teachers and support providers may obtain one unit of university credit for participating in 15 hours professional growth directly related to SB 2042 completion requirements and CFASST. These hours must be described in the district’s state approved induction program. Teacher attendance and completion of all requirements must be verified by the local BTSA Induction Program to receive university credit.

EDUG 591d • Pedagogical Reflection and Practice (2 units)

This course includes an investigation of specific characteristics of the teachers’ class, school, district and community that affect daily teaching. They will analyze the results of several assessments including literacy in primary language to find out about the prior academic achievement of their students. This data will be used to develop short and long term instructional plans that are also guided by the California Content Standards and Frameworks. Teachers will enroll in this course during the Fall semester of the second year of induction while completing CFASST 7, 8, and 9.

EDUG 591e • Pedagogical Reflection and Practice (2 units)

In this course teachers will complete a self-assessment on their level of implementation of the California State Frameworks to assist them in reflecting on their teaching to date. They will participate in the district's colloquium by sharing a selection of significant work with colleagues. This course is taken by teachers in their final semester of state approved induction and while completing CFASST 10, 11, and 12.

EDUG 591f • Pedagogical Reflection and Practice (2 units)

New teachers and support providers may obtain two units of university credit for participating in 30 hours of professional growth directly related to SB 2042 completion requirements and CFASST. These hours must be described in the district's state approved induction program. Teacher attendance and completion of all requirements must be verified by the local Induction Program to receive university credit.

EDUG 599 • Continuous Registration: Teaching Credential (1 unit)

Prerequisite: Admission to teaching credential program; completion of at least nine units of 500 level credential coursework. This unit does not count toward Master's degree or credential requirements. Fee is equivalent to one unit of Graduate Education tuition.

Candidates who have not met all testing and/or other credential requirements to continue to Advanced Student Teaching are required to register for EDUG 599. During this semester, the candidate conferences with a faculty cohort leader and/or university supervisor. Continuous registration ends when the candidate is formally recommended for Advanced Student Teaching or withdraws from the program. EDUG 599 will carry a grade of "CE" (Continuing Enrollment) until are requirements are met, at which time the grade will be changed to "CR" (Credit).

EDUG 605 • Current Issues in Education (2 units)

Prerequisites: Regular standing and consent of Director. An in-depth investigation of current problems and issues that affect education in America. Students will also study current trends in curriculum, teaching practice, and school organization and

evaluate them in terms of the effectiveness of teaching and learning and the quality of life in the school community.

EDUG 606 • Introduction to Educational Research (4 units)

Prerequisites: EDUG 605 or concurrent enrollment. This course enables graduate students in education to become acquainted with literature on research methodologies, and to develop an understanding of such methodology in light of educational research. The goal is to become a critical reader of research reports, and a consumer and producer of research. To this end, a series of research assignments will enable the student to apply his/her learning and to develop skills in interpreting research designs and research literature.

EDUG 609 • Curriculum Design and Teaching (2 units)

Prerequisites: EDUG 605 and consent of Director. This course will provide students with the opportunity to examine historical, philosophical, and sociopolitical influences on the curriculum of American public schooling. Curriculum design, implementation and evaluation strategies will be considered. The role of teachers and others in curriculum decision making will be explored, particularly as it relates to educational change. Particular emphasis will be given to state curriculum documents and curricular recommendations of professional associations.

EDUG 610 • Educational Assessment and Evaluation (4 units)

Prerequisites: EDUG 605, 606 and 609 (or concurrent enrollment with EDUG 609). This course will focus on qualitative and quantitative assessment instruments that are needed to evaluate the potential and progress of children throughout the instructional process. The course will cover both individual and program evaluation methods (includes formal and informal methods of assessment).

EDUG 611 • Advanced Models of Teaching (3 units)

This course explored varied strategies of instruction, culminating in the identification and study of fifteen models of teaching. Students will examine relationships among theories of learning and instruction, as well as various instructional alternatives.

EDUG 612 • Theories of Learning and Teaching (3 units)

This course examines principles of teaching that can be derived from psychological theories and research, including behavioral, cognitive, and social theories.

EDUG 613 • Spiritual Formation for Teachers (3 units)

This course will provide teachers with the opportunity to explore the spiritual dimensions of teaching, drawing upon the history of Christian spiritual formation literature in relation to the calling to teach. Students will read classics of Christian spirituality, examine writings about the teaching vocation, and connect the two through personal reflection on the spiritual dimensions of their own teaching experience.

EDUG 614 • Curriculum Leadership and Collaboration (3 units)

This course is about teacher learning, evaluating and organizing high quality professional development. Candidates will study and practice high yield strategies for improving professional practice including peer coaching, collaboration, study groups and learning teams. Well-designed evaluations will inform candidates about the effectiveness of professional development practices and guide the content, form and structure for creating teacher-led learning community. The literature on professional development and reviews of modern professional development programs along with practical guidance will be covered in this course.

EDUG 670 • Special Topics (1-3 units)

Special topics in education; curriculum, assessment, instruction, community partnerships, classroom management and research.

EDUG 680 • Individual Studies (1-6 units)

An individual study initiated by the student who must develop a written prospectus of the proposed study and secure an appropriate sponsoring faculty member to supervise and evaluate the study. Up to a maximum of six credits of individual study may be applied toward degree requirements. Permission of the Director of the Graduate Program in Education.

EDUG 690 • Seminars in Education (1-6 units)

Mutual investigation of one topic in education of particular relevance to graduate students in education.

EDUG 699 • Continuous Registration: Master's Study (1 unit)

Prerequisite: EDUG 610 and advancement to candidacy. Continuation of independent project study.

Credit does not count toward Masters degree requirements. (Fee equivalent to one unit hour of tuition.) EDUG 699 will carry a grade of "CE" (continuing enrollment) until all course requirements are met, at which time the grade will be changed to "CR" (credit).

CHRISTIAN EDUCATION LEADERSHIP COURSES

EDAG/CLSG 624 • Change and Strategic Planning (3 units)

Prerequisites: Regular standing and consent of Director. An examination of change within congregations and religious organizations with a view to understanding the relationship between the organization structures and its environment. Alternative strategic planning, problem solving, and program evaluation models will be explored in light of intentional mission and ministry. This course is offered by the Leadership Studies component of the M.A. in Religion.

CLSG 632 • Team Building and Conflict Management (3 units)

An exploration of team building as integral to preventing conflict and the role of conflict in healthy team formation. Participants will examine the nature of conflict, how it develops within individuals, relationships, and organization as well as the methods for managing conflict effectively.

CLSG 646 • Leadership and Character Development (3 units)

An exploration of the interior life of the leader in order to understand how character, spirituality and personal ethics of the leader influence interpersonal relationships and the public roles of leadership in the workplace.

TEACHER ADVANCEMENT PROGRAM

Andrew Stenhouse, Ed.D., Dean of the School of Graduate and Professional Studies

MISSION: The mission of the Teacher Advancement Program is to increase teacher effectiveness by offering courses that build new knowledge and develop teaching skills.

The Teacher Advancement Program's (TAP) courses are designed to provide current teachers with continuing education to increase their knowledge and effectiveness in the classroom. Vanguard University and TAP have partnered with College Credit Connection (CCC) to provide a wide variety of learning formats to teachers. The courses are graduate level and may be eligible for salary advancement units. The Teacher Advancement Program is a non-degree seeking program and courses may not transfer to another institution of higher education for credit. TAP's courses are offered through a variety of instructional formats and delivery methods, including videos and DVDs, traditional face-to-face, online platforms, post-conference and CEU practicum, and independent study. Face-to-face courses generally last from five to seven class periods and are offered in various locations throughout the United States. A wide range of topics and courses are available on the CCC website offering various learning formats, course intervals, timing and delivery methods. Courses are taught by highly qualified instructors with educational and professional backgrounds in teaching and learning. Teachers who hold a bachelor's degree are eligible to enroll in TAP courses. Additional information about the TAP program can be found at <http://www.CollegeCreditConnection.com>.

Academic Calendar

The Teacher Advancement Program operates on a year round, three semester basis (Fall, Spring and Summer). Courses begin at various intervals throughout the year. Students may enroll at <http://www.CollegeCreditConnection.com> by following the "Enroll" link on any page. Check the current course schedule for any pre-registration requirements.

The Teacher Advancement Program follows the same semester end dates as the traditional undergraduate college. TAP start dates for each semester always begin the following day after the end of each traditional undergraduate college semester.

Teacher Advancement Program Academic Policies

Student-at-Large Classification and Course Load

All TAP students are classified student-at-large. A Student-at-large earns academic credit for work completed successfully, but is not considered a degree-seeking student at Vanguard University. TAP courses are further classified as Professional Development courses. A student enrolled in at least six (6) units within a semester is considered half-time; a student enrolled in at least twelve (12) units within a semester is considered full-time.

Plagiarism

Webster's Dictionary defines plagiarism as the act of taking the writings of another person and passing them off as one's own. Plagiarism, cheating, or copying others work is a serious issue and will not be tolerated.

Plagiarism includes, but is not limited to, submitting two or more copies of the same research paper, which are used to fulfill the requirements for more than one class without the consent of the professor(s); copying text from a fellow student, utilizing prewritten articles and/or papers written by another individual; using someone else's words or ideas without crediting that person, with or without the permission of the original writer to use his/her ideas. All material borrowed verbatim must be put in quotation marks and credited appropriately, regardless of the source. Students are responsible for submitting their own work. Plagiarism and cheating can result in a failing grade for assignments and/or the entire class grade.

If students suspect that their work has been plagiarized by another student, they should immediately contact the instructor so action can be taken.

Course Attendance

Due to the content of TAP courses and the emphasis on participatory learning, students must show active participation (as defined in the syllabus). Students in the face-to-face learning format are expected to report to each class session and complete the work required. Students in the face-to-face learning format who are absent for more than one class session or the equivalent of one class period will be dropped from the course and no tuition refund will be given.

Concurrent enrollment in any face-to-face course that overlaps another face-to-face course session is prohibited. For more information, please see the Frequently Asked Questions (FAQ) section at <http://www.CollegeCreditConnection.com>.

Incomplete Grades

Faculty may assign a grade of “I” (Incomplete) to students when they warrant additional time to complete coursework due to situations beyond their control (i.e. serious illness, accident, or death of a family member). If approved, incomplete work for TAP students must be completed no later than thirty (30) days following the final class session. If the incomplete work is not completed within the prescribed period of time the student will automatically receive a failing grade and the grade will be placed on the permanent record of the student. Instructors are under no obligation to assign an incomplete grade or offer make up assignments. Request for exceptions or extensions to the thirty (30) day limitation must be submitted in writing to the CCC’s Director of Education.

Note: An Incomplete is granted only for such circumstances as major personal or family crisis. Unacceptable reasons include: course load too heavy, previous incompletes, regular job or ministry responsibilities, difficulty with the English language, computer problems, etc.

Grade Change Policy

Grades submitted by instructors to the Office of the Registrar are considered final. TAP students who believe a grade was assigned in error must contact the instructor of the course to review their records. Submission of a grade change to the Office of the Registrar can be made by the instructor no later than two semesters following the term in which the grade was originally assigned. Requests for exceptions to this policy must be submitted in writing to the Director of TAP. Instructors are under no obligation to accept late or additional work.

Grade Appeal Policy

A student wishing to contest a grade should first seek an explanation in writing from the course instructor assigning the grade. If the instructor is unable to provide supporting material related to the issued grade or if a mutually acceptable

resolution cannot be reached between the student and instructor, a written appeal may be made to the CCC Director of Education. The CCC Director will review the case and, if possible, discuss the issue with both the instructor and student. The CCC Director will make every effort to reach a mutually satisfactory resolution for the grade appeal by conferring with the student and instructor. Appeals must be initiated no later than thirty (30) days following the last day of the semester in which the grade was assigned.

Course Sections

A student may take up to four sections of the same course number for face-to-face courses designated ABCD. Students are responsible for knowing which section of the course they are taking and to complete the Registration and Enrollment Agreement accordingly. Any mistakes on the student’s transcript due to the enrolling in the incorrect section will result in a corrected transcript at a cost to be assessed to the student.

For more information on course descriptions, please see the All Courses section at <http://www.CollegeCreditConnection.com>.

Transcripts

An unofficial transcript for each course completed will be emailed to students at the email address designated on their Registration and Enrollment Agreement. Students should allow 2-4 weeks after the class has ended to receive their unofficial transcript. Students who currently owe tuition funds to Vanguard University and/or CCC will have a hold placed upon their transcripts until their account is settled. There may be additional processing time for students who pay their tuition by a personal or corporate check. For more information, please see the FAQ section at <http://www.CollegeCreditConnection.com>.

Students may request an Official Transcript through the Registrar’s Office. There is a minimal fee per transcript. Transcripts may be ordered through the Registrar’s Office by completing the Transcript Request Form at <http://registrar.vanguard.edu/transcript/>

Your official transcript request should be mailed to:

Vanguard University
Office of the Registrar
55 Fair Drive
Costa Mesa, CA 92626

You can also fax your official transcript request to 714.668.6126 or scan and email it to records@vanguard.edu.

Students requesting an Official Transcript earlier than the 2-4 week timeframe are recommended to contact the TAP office to ensure the complete recording of current courses and grades to their record. Official transcripts needing to be resent may be subject to an additional transcript fee.

Academic Disqualification

TAP students are subject to immediate academic disqualification if it has been determined the student does not currently hold a minimum of a Bachelor of Arts degree with an accredited university.

Teacher Advancement Program Drop and Refund Policy

Drop Policy

Students wishing to drop their course must do so in writing. Students must complete a Drop Form and contact the CCC office in writing of their intent to drop a course and include the following information in their drop request: course number, location of the course, the course dates and full name and contact information. Please complete a Drop Form which can be accessed through the website <http://www.CollegeCreditConnection.com>. Unless written notification is received the student will remain officially registered in the course listed on their enrollment agreement and will be financially and academically responsible. All drops will be processed using the date when the student's written notification is received by the CCC office.

Students who email their drop request are advised to make a copy of the email with date and time stamp as well as receiver confirmation (if possible). Students should also confirm with the CCC office the following business day, via phone, that the email request to drop was received. If the written request to drop is made via mail, the student must ensure the request is mailed in enough time to reach the CCC office before the beginning course date. Neither Vanguard University nor CCC are responsible for drop requests sent via email that are not routed correctly and result in non-receipt of the request by the CCC office. For face-to-face courses, students should also contact their course coordinator to notify them of their intent to drop a given course.

If a face-to-face class is currently in session, students must have the course coordinator sign the form and send it to the CCC Office. Students who have pre-registered for the class, may send the form to College Credit Connection, 2331 Honolulu Avenue, Suite H, Montrose, CA 91020. The form may also be faxed to: 818- 279-0567. Upon receipt, CCC will review and process any applicable refunds. For more information, please see the FAQ section at <http://www.CollegeCreditConnection.com>.

Non-Payment Policy

Students whose payment does not clear will be contacted by the CCC office to provide a new payment method. Payment methods accepted are PayPal, electronic checks, money orders, and/or cashier's checks. All transcripts will be held for an account that has an outstanding balance. If a student fails to provide payment in a timely manner, CCC will turn the account over to a collection specialist, and the student will not be allowed to register for any additional course until the balance is paid in full.

Refund Policy

Tuition refunds may be made for withdrawal/cancellation when a written notice is filed with the CCC office. Refunds will be based on the date of receipt by the CCC office according to the tuition refund schedule. For more information, please refer to the Refund Policy listed in the FAQ section at www.CollegeCreditConnection.com.

Refunds will be mailed within 30 days after CCC receives written notification of the cancellation. Once the student has notified CCC and has been advised in writing of the receipt of their notice, students may request their refunds from the CCC website: <http://www.CollegeCreditConnection.com>.

If CCC or Vanguard University cancels or discontinues a course, a full refund of all charges will be applied. Material fees are non-refundable after the first class meeting.

GRADUATE PROGRAM IN NURSING

Mary Wickman, RN, Ph.D., Director

MISSION: The mission of the Graduate Program in Nursing is to equip nurse leaders and educators for a life of leadership and service by providing a challenging program of study, guided professional development, and integrated faith based learning within a dynamic and supportive learning environment.

PROGRAM EDUCATIONAL LEADERSHIP TRACK

MSN Description

The purpose of the Master of Science in Nursing Degree is to offer a dual track program for the working, baccalaureate prepared nurse. Emphasis will focus on the development of both theoretical knowledge and practical skills in the areas of nursing/patient/staff education and leadership. In lieu of a thesis, the student will complete a faith-based thesis project that addresses a geographical health need. The Program consists of 40-42 units that can be completed in a minimum of six semesters.

Program Goals

1. Critical thinking
2. Cultivation of character
3. Development of professional skills
4. Life of compassionate nursing leadership
5. Enhancement of patient health in complex healthcare systems

Student Learning Outcomes

1. Plan and manage budgets for a health care unit or agency.
2. Direct diverse groups of health care workers toward agency goal attainment.
3. Efficiently assess the health care needs of elderly clients.
4. Plan community-based projects.
5. Effectively use technology to provide and present health information to clients and students.
6. Conduct a health needs assessment for a given and specific population.

APPLICATION INFORMATION

Applications and information about graduate program admission may be obtained from the Graduate Admissions Office:

- Phone: (714) 966-5499 main or (877) 669-8872 toll free
- Email: gradadmissions@vanguard.edu
- For deadlines and to apply: <http://graduate.vanguard.edu>

Application Checklist

All application documents must be submitted in one envelope and sent to the Graduate Admission Office at 55 Fair Drive, Costa Mesa, CA 92626.

You may also apply on-line and send the documents under separate cover:

1. \$45 application fee
2. Completed admission application
3. Photograph of applicant (passport size or larger)
4. Two professional reference forms
5. Official transcripts from all colleges and universities including nursing program
6. Copy of California Registered Nurse (RN) license. License must be current and clear.
7. Evidence of all required immunization and physical exam report
8. Copy of Basic life Support (BLS) certificate.
9. Statement of Purpose (250 words)
10. Professional resume
11. Background check

ADMISSION REQUIREMENTS FOR MSN PROGRAM

1. A clear and current license to practice as a RN in the State of California. A current copy of the license must be submitted in the admission packet.
2. An earned baccalaureate degree from an accredited college or university. The baccalaureate degree can be in Nursing or in another discipline.
3. One year of experience as a RN in the last 5 years.
4. A minimum Grade Point Average (GPA) of 3.0 on a 4.0 scale in all baccalaureate course work.
5. Completion of a college level elementary statistics course.

6. Completion of the Vanguard University application to Graduate Education.
7. Official transcripts from each college/university, school of nursing attended.
8. Two professional letters of recommendation. No personal letters of recommendation will be accepted.
9. A copy of the candidate's professional resume.
10. A 250 word typed Statement of Purpose.
11. Evidence of all required immunizations and report of a current physical exam (within one year of program application).
12. A copy of a basic life support certification (BLS).
13. An interview with the MSN Coordinator or Director of Nursing.
14. All documents must be submitted in one envelope and sent to the Graduate Admission Office prior to scheduling an admission interview.
15. Background check

NOTE: Graduates of foreign schools must have their transcripts evaluated prior to the beginning of the admission process. A list of acceptable agencies can be obtained from the Vanguard University Registrar's Office. Candidates, for whom English is a second language, must also be evaluated via TOEFL.

Transfer of Credits

Students transferring from an accredited graduate program may transfer a maximum of six (6) semester unit hours when the courses transferred are equivalent and have direct applicability to the student's program design. A transfer request must be approved by the Director of the Nursing Program prior to admission.

ACADEMIC POLICIES

Credit Hour Policy

A semester credit hour is defined as the quantity of work represented in intended learning outcomes and verified by evidence of student achievement that reasonably approximates the amount of work required by one hour (minimum 50 minutes) of classroom or direct faculty instruction and a minimum of two hours

out-of-class student work each week for approximately fifteen weeks or one semester, or an equivalent quantity of work over a term of different length (intensive, accelerated, online courses, etc.).

An equivalent quantity of work may also be achieved by other academic activities established by the University, including internships, laboratory work, practica, studio work, and any other academic work leading to the award of credit hours. With regard to clinical or laboratory hours, the appropriateness of a clinical hour may be based on each program's specialty accreditation agency criteria, within the context of program and institutional learning outcomes.

This is in line with the Department of Education's Policy #600.2.

Academic Probation

Students admitted to the graduate program with Regular Standing who later receive a cumulative or current grade point average below 3.0 will be changed to Probationary Standing. Students with such standing must obtain both a cumulative and current grade point average of 3.0 or greater the following semester. If after one semester of Probationary Standing the student is not able to obtain a grade point average of a B (3.0) he/she may be dismissed from the graduate program. The likelihood of dismissal significantly increases if the student has received one or more grades of "C" or below.

Malpractice Insurance

Each student must have basic malpractice insurance before the beginning of the first practicum. This will occur during the third semester of the MSN program.

Professional/Clinical Probation

Students admitted to the graduate program with Regular Standing, who later do not maintain satisfactory clinical or professional performance in departmental or practicum related activities, may be placed on Probationary Standing. The student must meet with their advisor to discuss the requirements necessary to achieve satisfactory clinical performance and to regain Regular Standing.

Grading System

The Grading System is outlined in each MSN syllabus. The student is responsible for reviewing this information.

Incomplete Work

The student initiates a request for a grade of Incomplete. If approved, faculty specifies the requirements and the student and faculty sign a petition. The document is turned in with the course grade. An incomplete grade is granted **only for** such circumstances as major personal or family crisis. Unacceptable reasons include: course load too heavy, previous incompletes, regular job or ministry responsibilities, English problems, computer problems, vacations etc.

The faculty will decide the date when the incomplete assignments must be turned in. Otherwise, the student will receive a failing grade.

Leaves of Absence

If the student is required to take a Leave of Absence for any reason, he/she must obtain a an Application for Withdrawal form from the Program Office, complete the form and submit it to the Director of Nursing and Provost for approval. Time spent on leave of absence is included in the **five-year limit** for graduate course work.

Student Load

A full time academic load at the graduate level is nine (9) unit hours or more per semester, pending specific program requirements.

Time Limit for Program Completion

All academic work for the Master of Science degree must be completed within five (5) years from the date of official admission into the Graduate program. Time spent on leave is calculated into that five (5) year limit. Any exceptions to the limit must be approved by the Director of the Program.

GRADUATION REQUIREMENTS

Students pursuing the Master of Science degree in Nursing from Vanguard University are required to satisfy the following graduation requirements:

1. Successful completion of the 40-42 units of course work included in the MSN program, with a minimum grade of "B" (3.0) GPA in all required course work, and within the allowed five (5) years limit.
2. Completion of the Community Thesis Project.
3. Submission of the bound thesis project report and project defense.
4. Settlement of all financial obligations to Vanguard University.
5. Completion of all Vanguard University forms necessary for graduation.

Application for Graduation

An application for graduation must be obtained from and filed with the Registrar's Office during the first week of the student's final semester in which the degree will be granted. Students who have filed an application for graduation and do not complete their requirements by the projected date of completion are required to file again in a later semester.

MSN COURSE DESCRIPTIONS**NURS 501 • Theoretical Frameworks of Leadership (2 units)**

This course explores the theoretical underpinnings of leadership and management in nursing. Content includes leadership styles and attributes, interpersonal communications in effectively leading and collaborating with diverse populations, as well as, an explanation of the concept of “emotional intelligence.” Building a

dynamic team to improve optimal quality care will also be articulated.

Responsibilities of managers, such as, organizational management, appropriate delegation of responsibilities, the art of supervision, coaching for success and collaboration will be analyzed.

NURS 506 • Diversity, Social and Global issues in Health Promotion and Disease Prevention (2 units)

Students will have the opportunity to synthesize and analyze the impact of social and global issues on the perceptions of health, view of disease prevention and health promotion among culturally and socially diverse patient/client and aggregate populations. Health issues that affect populations across the globe will be explored in order for nurses to effectively advocate for change.

NURS 511 • Legal and Ethical Considerations in Education and Leadership/Management (2 units)

Being a member of a profession assumes that graduate students will be able to analyze and apply legal parameters in practice as well as understand the ethical principles associated with health care providers. This course will offer a forum to synthesize relevant and timely information from research, practice, and education that is associated with the current and legal parameters of the profession, as well as, the ethical principles that guide critical decision-making in the care and education of clients. Legal issues will encompass risk management, advocacy, legal conduct, and responsibilities to clients/ students.

NURS 516 • Research Methodologies and Community Development I (3 units)

This course is an exploration of both the research process and methodologies. The content includes both quantitative and qualitative designs. Emphasis will be placed on the first phase of the thesis project design and development. Students will have the opportunity to prepare the first three chapters of the project report.

NURS 521 • Foundations of Health Care Delivery and Systems for Managers (2 units)

Content will first focus on the dynamics that influence individual and aggregate population health. Emphasis will focus on identifying factors, such as, technology, federal, and local policies that influence development of and changes in health care systems.

NURS 526 • Policies Effecting Health Delivery and Fiscal Systems (2 units)

The impact that policies exert on health care delivery will be analyzed in addition to how regulatory processes are developed and impact nursing practice. Students will have the opportunity to interpret various health policies and articulate how nurses can advocate for changes that enhance health. How policy-making proceeds will also be explored.

NURS 531 • Assessing, Planning, and Managing Budgets and Resources (2 units)

Utilizing methods to assess fiscal and resource requirements, planning budgets, and managing systems will be reviewed and analyzed. Methods and instruments available to efficiently allocate resources will be discussed as well as the design of plans that decrease duplication of ineffective strategies and services. Business principles will be identified as potential guidelines in managing nursing units and agencies.

NURS 536 • Gerontology Care for Today and the Future (2 units)

This course is designed to provide the graduate nursing student with a framework necessary to assess the health status of a growing gerontology population. Theories of aging, political, legal, and ethical dimensions effecting seniors, influences on disease prevention /health promotion, and care management will be explored and synthesized. Students will present the latest research data and the application to nursing practice.

NURS 541 • Management Practicum (4 units)

Prerequisite: NURS 501. During this course, each student will choose a setting in which he/she will complete 55 hours in a management /leadership position. Each student will work with a preceptor who occupies either a formal leadership or management position. During this practicum, students will apply knowledge that was learned in earlier coursework. Seminars (5 hours) will also be scheduled by the faculty of record in order to direct and support students in achieving personal as well as course objectives.

NURS 610 • Theoretical Frameworks of Education (2 units)

The goal of this course is to explore the theories of education, how a theoretical framework becomes the foundation for an effective teaching process, how to focus

the educational offering on an aggregate (e.g. students, patients/families, staff, or other health care providers). There will be a review about how learning proceeds, and how educators successfully apply principles of andragogy in the teaching / learning setting.

NURS 615 • Use of Technology in Patient and Student Education (2 units – online)

The students will learn how to apply the most effective use of technological methods in order to effectively educate a defined aggregate. Students will be able to apply these skills by preparing a presentation. The use of various forms of technology will also be presented, including the preparation of audio-visuals (Power points, YouTube, videos, databases, etc.).

NURS 620 • Strategies for Effective Instruction (2 units)

In this course, effective teaching/learning modalities will be discussed and analyzed. Experiences with the patient simulators will provide opportunities to complete hands- on practice related to patient care. The course will assist students in assessing, planning, and implementing instructional sessions geared toward a particular aggregate while considering the learners age group, culture, readiness to learn, and barriers to learning.

NURS 625 • Project Development II and Report (2 units)

Prerequisite: NURS 516. This course constitutes the second phase of the thesis project preparation. The student will continue to develop the project and refine the project report. In addition, Phase II will prepare the student to implement the project.

NURS 630 • Curriculum and Program Development (2 units)

This course will provide guidelines in planning a patient teaching offering, an in-service, a course, or a complete curriculum. Discussion will surround the issues of planning a teaching event that focuses on the development of a presentation, description of the learning event, course objectives, content, resources/ audiovisuals, and evaluation plan.

NURS 635 • Class/ Course Preparation, Planning, and Competency Evaluation (2 units)

This course will assist the student to further refine the skills introduced in NURS 630. The students will articulate the process by which the learning needs and styles of an aggregate are assessed. Each student will then prepare and prepare a presentation with a chosen aggregate. In addition, the student will develop a brief evaluation instrument to analyze whether or not learning has occurred based on the stated objectives. The in-service or presentation will also be measured, via this evaluation, in terms of instructor effectiveness, content clarity, and relevance.

NURS 640 • Project Implementation, Final Written Report and Defense (1-3 units)

Prerequisites: NURS 516 and NURS 625. Project implementation, the completed written report and the defense make up the final phase of this thesis project. Variable unit course. The students will have the opportunity to present a synopsis of the project to faculty and classmates. The on-line portion of the course will provide on-going support and assistance from the faculty of record. The seminars will serve as a format for debriefing and project defense presentations. The project must be completed during this course.

NURS 645 • Group Dynamics and Conflict Resolution in Management and Education Settings (2 units)

Because conflicts arise in both the workplace and in educational settings, the ability to recognize that a conflict exists is imperative. Methods of identifying the components of the conflict and its positive resolutions will be analyzed. The role of the nursing leader will be explored. Group dynamics will be presented as the concept of team-building in both education and health care settings. The leader and participant's attributes and characteristics will be explored as well as how leaders can develop these attributes.

NURS 650 • Education Practicum (4 units)

Prerequisite: NURS 610. This course provides the graduate students with practical application of education theories in college settings. Each student will have the opportunity to choose a preceptor and a setting in which to complete the course successfully. Students will be able to build educator skills by collaborating with a master teacher in order to assess the learning needs of a group, prepare a lesson

plan, or assist with syllabi revisions, and teach a portion of a course to nursing students. Seminars (5 Hours) will also be scheduled by the faculty of record in order to direct and support students in achieving personal as well as course objectives.

GRADUATE PROGRAMS IN RELIGION

Richard Israel, Ph.D., Director

MISSION: The mission of each Graduate Program in Religion is to fulfill the mission of the Department of Religion by providing a graduate level education that comprises "... a covenantal learning community within the academy that fosters the passionate teaching and learning of scriptures, theology, spirituality and leadership for the purpose of transforming individuals, relationships and communities around the globe."

Abbreviations used in this Section:

GPR — Graduate Programs in Religion

OGPR — Office of Graduate Programs in Religion

M.A.L.S. — Master of Arts in Leadership Studies

M.T.S. — Master of Theological Studies

History of the Program

For almost 80 years, Vanguard University of Southern California has been a leader in educational innovation within its denomination, and in fulfilling its founders' vision of training men and women for Christian ministry. From the very beginning, the program in religion has played a central role in the fulfillment of that mission. Our commitment to excellent theological education is rooted in that long legacy.

A major milestone was reached in 1983, when the University initiated its first graduate program leading to the Master of Arts (M.A.), an academic degree with a major in religion and concentrations in Biblical Studies and Leadership Studies. This program was well received, and in 1991, a three-year professional degree leading to a Master of Theological Studies (M.T.S.) was added.

SUMMARY OF ACADEMIC PROGRAMS

The Graduate Programs in Religion offers the following graduate degrees:

Master of Arts in Leadership Studies (M.A.L.S.)

The M.A.L.S. is an academic degree that emphasizes research competencies in the field of leadership studies. Admission requirements include a bachelor's degree in any field from a regionally accredited institution

Because of its unique emphasis on the social sciences, contemporary discussions of issues in Christian leadership, and the field of leadership studies generally, students often choose this degree as preparation for leadership in a variety of contexts, including congregational ministry, ministry in para-church settings, in missions, or in other contexts of leadership in Christian organizations. Other students find that the rigorous emphasis on research methodology is good preparation for doctoral level research in the field of leadership studies.

Depending upon which exit option a student selects, this program requires 39 units of study, 13 courses, and either a Directed Reading or an Integrative Seminar.

Master of Theological Studies (M.T.S.)

The M.T.S. emphasizes professional competencies, and is designed for students who have limited undergraduate preparation in religious studies. The curriculum covers a range of theological disciplines, including biblical studies, theological studies, and leadership studies.

Many students are attracted by the unusual flexibility of this degree, which can be tailored to meet a variety of professional or educational interests.

This program requires 48 units of study, 16 courses, and the Integrative Seminar. A student taking 9 units a semester can complete the program in 6 semesters (2 years including Summer Semesters).

APPLICATION INFORMATION

Applications and information about graduate program admission may be obtained from the Graduate Admissions Office:

- Phone: (714) 966-5499 main or (877) 669-8872 toll free

Application Calendar

While Vanguard accepts applications on a rolling basis, all applicants are encouraged to make application in accordance with the following dates.

Fall Semester Admission	April
Spring Semester Admission	October
Summer Session Admission	March

ACADEMIC POLICIES

Classification of Students

Regular Standing

Students who intend to obtain a Master's degree and who have met all admission requirements are granted regular standing in the GPR. Only those students who have regular standing may become candidates for the Master's degree.

Provisional Standing

This classification is used for degree-seeking students who have their B.A. degree, but enter the program with academic deficiencies: They may lack some of the prerequisite undergraduate courses, their entering GPA is deficient, or their B.A. degree is from a non-regionally accredited institution.

M.T.S and M.A.L.S. students accepted with provisional standing must complete the first 12 units of graduate level courses with grades of "B" (MALS) and "B-" (MTS) or above before receiving further consideration for regular standing in the GPR.

Students who qualify to move from provisional to regular standing should contact the OGPR.

Student-at-Large Standing

Students who have earned a B.A. degree but who do not plan to earn the Master's degree may be granted special standing in the GPR. Students-at-Large may apply to the Graduate Admission Office for provisional standing in the degree program of their choice by completing the Student –at-Large application. However, the University and the OGPR are not obligated to accept a student with special standing into regular degree standing.

Students who are currently in the senior year of their undergraduate studies and within 18 units of completing their Bachelor's degree program (including the VU general education religion requirements) may be granted Student-at-Large admission. Such students may enroll simultaneously in undergraduate and graduate coursework while completing the requirements for the Bachelor's degree. When the Bachelor's degree is complete, students may apply for full admission into the Graduate Program. A maximum of sixteen (16) credit hours of graduate coursework may be applied toward the Master's degree requirements. Students whose applications are in the process of approval may be allowed to matriculate temporarily as Students-at-Large. A maximum of two (2) courses taken in this way may be applied to the requirements of an academic degree.

An application form is available from the Graduate Admission Office for students applying for student-at-large standing.

Auditor Standing

Auditor standing is the classification for students who attend classes for personal enrichment rather than for academic credit, with no obligations to participate actively in the work. Audit courses do not earn units of credit. All students who audit any course will complete the audit form available in the Graduate Admission Office. Students who take audit courses exclusively and who are not enrolled in the degree program, will complete the application form. Audit students are welcome in any available course.

- Audited course are recorded on the student's transcript.
- Auditing Fee - The fee for auditing courses is one-half the rate of regular tuition.

International Students

International students are required to complete the admissions process for acceptance by the University and submit a Certification of Finances form to confirm sufficient financial resources to cover tuition and related expenses (fees, books, living expenses, and return fare home). Also, one year tuition, health insurance and fees must be deposited with the University before a Certificate of Eligibility (for non-immigrants "F-1" Student Status — form I-20) is issued. International students must maintain nine (9) graduate level credits of non-repeatable courses each semester and renew the I-20 forms annually for any travel outside of the United States.

In rare cases, international students may have difficulty obtaining documentation for their previous academic work. These students may be admitted to the program with the understanding that they cannot advance to candidacy until the proper documentation is either obtained or formally waived by action of the admissions committee.

All students need to be fluent in English to follow course lectures and complete their written assignments. The Graduate Admission Office might require documentation for fluency in English. Such tests as TOEFL and/or TSE might be required for international students whose first language is not English. A minimum score of 550 is normally expected on the written version and a minimum score of 79 is normally expected for the internet based version. A (slightly) lower score may be accepted if accompanied by documentation of a successful evaluation from an English as a Second Language program (ESL) here in the United States. Students who have not mastered English but are granted admission may need to enroll in English and composition classes and employ (at prevailing rates) an editor to assist in the completion of their written work.

Scheduling Patterns

Many graduate students are adult learners who work full time. Therefore, OGPR makes every attempt to schedule courses at times that will facilitate progress in the degree program. Most graduate courses are scheduled one evening per week, in 4 hour blocks for 8 weeks plus one Saturday for 8 hours. The Semester schedule allows for two modules of 8 week sessions (two courses). Other courses are scheduled for several weekends during a given semester. In most cases, students should be able to carry a full load, and still limit travel time to and from class. The faculty and staff can help evaluate individual students' ability to handle a full-time course load.

The typical academic year is structured as follows:

Fall Semester

The Fall semester is generally scheduled from the last week of August through the second week of December. Full-time status is a minimum of nine (9) units.

Spring Semester

The Spring semester is generally scheduled from mid-January to early May. Full-time status is a minimum of nine (9) units.

Summer Sessions

Summer sessions are generally scheduled from mid-May through late August and are divided into two modules of eight-week sessions which make earning six (6) units during the Summer semester possible.

Traditional Schedule

The traditional schedule is organized in two semesters annually, Spring and Fall, as well as in Summer modules.

Cohort Scheduling

In cohort education, students move through their curriculum as a group, which enhances camaraderie in the classroom. Special ministry groups or cohorts use unique intensified schedule formats.

Intensives

Intensives are courses offered in compacted blocks of time. Sometimes intensives are scheduled on weekends, and sometimes in week-long blocks.

Credit Hour Policy

A semester credit hour is defined as the quantity of work represented in intended learning outcomes and verified by evidence of student achievement that reasonably approximates the amount of work required by one hour (minimum 50 minutes) of classroom or direct faculty instruction and a minimum of two hours out-of-class student work each week for approximately fifteen weeks or one semester, or an equivalent quantity of work over a term of different length (intensive, accelerated, online courses, etc.).

An equivalent quantity of work may also be achieved by other academic activities established by the University, including internships, laboratory work, practica, studio work, and any other academic work leading to the award of credit hours. With regard to clinical or laboratory hours, the appropriateness of a clinical hour may be based on each program's specialty accreditation agency criteria, within the context of program and institutional learning outcomes.

This is in line with the Department of Education's Policy #600.2.

PROGRAM POLICIES

The following policies apply to all degrees offered in the Graduate Programs in Religion. Such policies govern the student's relationship to the University and to other students, and are intended to protect students against arbitrary or unfair treatment.

Appeal Procedures

If at any time a graduate student should disagree with a policy decision (or believe it is unfair, unclear or inaccurate), he or she is encouraged to express it to the Office of Graduate Programs in Religion. Every effort will be made to resolve the discrepancy. If the student is not satisfied, any formal decision of the OGPR may be appealed to the Provost. The decision of the Provost is final.

Academic Load

A full-time academic load at the graduate level is nine (9) units or more per semester. Taking more than nine (9) units per semester will require permission from the OGPR.

Program Grade Requirements

M.A. Degree

In order to graduate, students must maintain a cumulative grade point average of at least "B" (3.0 on a 4.0 scale). Students should therefore enroll for a reasonable course load for each semester since graduate courses generally require more time than undergraduate courses. Any grade below "B-" is below minimal performance in the M.A. program and indicates that improvement is required in order to complete the M.A. degree. Students who receive a second grade, which is below a "B-", will be required to meet with their academic advisor. A third course grade that is below a "B-" may result in dismissal from the program. No more than two (2) course grades of "C+" or "C" may count toward the Master's degree. Grades of "C-" and below cannot be used for credit toward the Master of Arts degree except by repeating the course with a satisfactory grade. Grades of "C-" and below will remain on the student's permanent record.

M.T.S. Degree

In order to graduate, students must achieve a minimum grade point average of B- (2.67 on a 4.0 scale). Students should therefore enroll for a reasonable course load for each semester since graduate courses generally require more time than undergraduate courses. Any grade below a "C+" is considered below minimal performance in the M.T.S. program and indicates that improvement is required if students expect to complete the M.T.S. degree. Students who receive a second grade, which is below a "B-", will be required to meet with their academic advisor. A third course grade that is below a "C+" may result in dismissal from the program. No more than two (2) course grades of "C" or "C-" may count toward the Master's degree. Grades of "D" and below cannot be used for credit toward the M.T.S. degree except by repeating the course with a satisfactory grade. Grades of "D" and below will remain on the student's permanent record.

Incomplete Work

An “Incomplete” grade is the way the institution agrees to respond to a student who has been prevented from completing some or all of the requirements in one or more courses due to circumstances which were beyond the student’s ability to prevent or foresee, and who has requested additional time to complete the course requirements. It is the responsibility of the student to obtain a “Petition for Incomplete Grade in a Graduate Course” form from the OGPR and to contact with the course professor(s) as early as possible. Petitions are approved by the professor. The professor is under no obligation to assign an Incomplete grade.

Examples of acceptable grounds for granting an incomplete grade include: personal or family illness of more than brief duration, serious personal or family crisis, or an unplanned increase in job responsibilities. Unacceptable grounds include heavy or difficult class load, heavy work schedule, or computer problems.

All incomplete work is due 90 days from the last day of that semester. (Fall semester work must be submitted by the 2nd Friday of the following March, Spring semester work must be submitted by the 1st Friday of August, and Summer term work must be submitted by the 2nd Friday of November.) Failure to complete and submit the required work on time will result in a permanent grade commensurate with the completed work at that point.

Incompletes in RELG coursework carry an alternate grade of “CE” (continued enrollment) and no credit is earned until all course requirements are satisfied, and the professor submits a grade change to CR (credit). Exceptions or extensions to this policy are made only with the approval of the Director and the course professor(s).

Academic Deficiencies

Students admitted with Provisional Standing due to a low GPA, must achieve a 2.67 cumulative GPA within the first 12 units of course work. Students who do not meet this requirement will not be eligible to register for courses.

Program Time Limits

All work for the Master’s degrees will be completed within six (6) years for the M.A. degree and eight (8) years for the M.T.S. degree from the date of entrance as degree-seeking student.

If additional time is needed to complete the requirements, approval from the Director must be obtained by filing a General Petition. Extensions may be granted up to two (2) years for all programs. Students who exceed both extension deadlines must repeat any credit-bearing courses (or appropriate alternative course work) that were completed eight (8) (M.A. program) or ten (10) (M.T.S. program) years earlier.

Adding or Dropping Courses

When circumstances necessitate changes in a course schedule, students are required to complete and file an Add/Drop form in the OGPR.

Classes that are offered throughout the entire semester and are dropped during the first four weeks of the semester are not entered on the transcript. Classes dropped subsequently and up to the end of the eighth week will appear on the transcript with a grade of “W.” Classes dropped after the eighth week will receive a grade of “WF” unless the professor, aware of extenuating circumstances beyond the control of the student, is willing to grant a “WP.”

Eight week classes that are dropped prior to the third class meeting will not be entered on the transcript. Classes that are dropped following the third meeting and prior to the sixth meeting will appear on the transcript with a grade of “W”. Classes dropped following the 6th meeting will receive a grade of “WF” unless the professor, aware of extenuating circumstances beyond the control of the student, is willing to grant a “WP.”

The course professor(s) and the student’s academic advisor must approve all classes after the first week of the class. Intensive courses and weekend only courses should be dropped by the end of the first day of classes for intensives, and by the end of the first weekend for weekend seminars.

When one or more courses are added or dropped during a semester, a Request for Add/Drop form (available in the Registrar's Office and OGPR) must be submitted to the OGPR.

Withdrawal from the Program

Students contemplating withdrawal from the program must first have a conference with the Coordinator. If a student finds it necessary to withdraw during a regular academic term, he or she must officially withdraw from all classes. Students must procure an "Application for Official Withdrawal" form from the OGPR, complete the form, including the required signatures, and return the completed form to the OGPR. Students who do not officially withdraw from classes will automatically be given a grade of "F" (failure) by the professor(s). Failure to withdraw officially, therefore, may lead to future problems in transferring units to other graduate institutions or when applying for readmission. Students who follow the proper procedures in withdrawing due to justifiable personal circumstances will be classified as having withdrawn in good standing. The tuition refund policy is observed in cases of official withdrawal from the GPR.

Leave of Absence

Should personal matters prevent the student from taking any courses for one or two semesters, he or she must complete a Leave of Absence form to maintain active standing in the program, and to avoid the inconvenience of readmission. Leave of Absence forms are available in the OGPR. When returning from a leave of absence, the student must apply for re-entry to the program. A fee is charged for re-entry.

Even with one or more semesters on leave of absence, the limits (6 years for the M.A. degrees, 8 years for the M.T.S. degrees) still apply.

Medical/Compassionate Leave of Absence Policy

A medical/compassionate leave of absence request may be made in extraordinary cases in which serious illness or injury (medical) or other significant personal situation (compassionate) prevents a student from continuing his or her classes and

incompletes or other arrangements with the instructors are not possible. Medical leave can be granted for up to two consecutive semesters due to documented physical or mental health difficulties. A request for a medical/compassionate leave of absence must be made with the Disability Service Office.

A student may request and be considered for a medical leave of absence when extraordinary circumstances such as a serious illness or injury prevent the student from continuing classes. The medical leave of absence policy covers both physical health and mental health difficulties.

A student may request and be considered for a compassion leave of absence when extraordinary reasons, not related to the student's personal physical or mental health (for example, care of a seriously ill parent, child or spouse, or a death in the student's immediate family) prevent the student from continuing in classes.

Students taking medical/compassionate leave of absence are not regarded as having permanently withdrawn from the University and need not apply for readmission through the Admissions Office; however, students must be approved for fitness to return to campus through the Disability Services Office.

Students will need to contact their own health insurance provider for details concerning the continuation of their insurance coverage.

Any student granted a medical/compassionate leave during the first eight weeks for the semester will be dropped from any classes that the student is enrolled in. If the medical leave is granted after 20% of the semester the student may, with faculty approval, receive an Incomplete for one or more courses. If an Incomplete is not deemed appropriate, a grade of "W" will be issued. No refund of charges will be made for courses in which an Incomplete is given. No credit is earned for any course in which a "W" is issued. Refunds, if any, will be granted based upon the University's refund policy. See the Student Disability Services Handbook for additional information.

Re-admission to the Program

If the student has been absent from the GPR for one or more semesters and does not have a current Leave of Absence form on file, he or she must submit an “Application for Re-admission” with the OGPR. There is a fee for re-admission. Students must meet any new graduation requirements that have come into effect at the time of their re-admission. Students must also submit transcripts (if any) from other institutions while absent from VU.

GRADUATION REQUIREMENTS

Overview: To complete a graduate degree program, students will need to complete the specified coursework, begin an exit option and achieve Advancement to Candidacy status, complete the exit option, and apply for graduation. The graduation requirements for these steps are:

STEP ONE: Coursework

Successfully complete the core and elective courses for an approved program. “Successful completion” means achieving a minimum cumulative grade point average of 3.0 for the M.A. degree, or a grade point average of 2.67 for the M.T.S. degree. Also, no more than two course grades of C+ or C can count toward the M.A. degree, and no more than two course grades of C or C- can count toward the M.T.S. degree.

STEP TWO: Advancement to Candidacy

This important step applies to both M.A. and M.T.S. students. Granting candidacy status indicates that the student has satisfactorily completed the coursework (including any deficiencies), has an approved exit option prospectus, and is “cleared” to complete the degree program. M.T.S. students who choose an exit option (not requiring a prospectus) can apply for candidacy status after enrollment in the exit option course. The graduate student must apply for advancement to candidacy—it is not automatically granted. Advancement to Candidacy requirements are:

1. The student must have regular standing (rather than provisional), with all academic deficiencies resolved.

2. Apply for Advancement to Candidacy by the end of the first week of the Semester in which the student plans to Graduate. The Advancement to Candidacy form is available in the OGPR.
3. Achieve a cumulative grade point average of at least 3.0 (M.A.), or at least 2.67 (M.T.S.) on all graduate work taken toward the degree. The GPA will be confirmed by the Registrar’s signature obtained through the Office of the Registrar.
4. Choose an exit option by which the graduate student will complete the degree with the academic advisor’s approval, and signatures of faculty members who serve on the student’s committee. At that time, the student is ready to begin research on the exit option and write a prospectus (describing exit option and a preliminary bibliography). Finally, obtain approval from the student’s faculty committee and research methodology professor.
5. If the student plans to transfer in one or more graduate courses, the OGPR requires an official transcript from the institution(s) involved. Note that all academic transcripts must be original, and must be accompanied by proper certification.

STEP THREE: Choose Exit Option

The final stage of the degree program is the exit option, which allows the candidate to develop specialized expertise in an area of interest related to the academic program.

M.A. students may complete the exit option in one of the following ways:

- Directed Reading. The directed reading option is an opportunity to explore a subject of interest. Often the scope of study is wider than that for the thesis. Research should be supported by at least 4,500 pages of scholarly reading, and the results are expressed by written critiques, oral or written examinations, annotated bibliographies, or other means that the student and faculty advisor have agreed on.
- Integrative Seminar. The Integrative Seminar is a classroom experience designed to help students reflect theologically on ministry experience by integrating what they have learned in graduate coursework with the practice of ministry.

M.T.S. students complete the exit option through the Integrative Seminar:

- The Integrative Seminar is a classroom experience designed to help students reflect theologically on ministry experience by integrating what they have learned in graduate coursework with the practice of ministry.

Guidelines for Thesis and Project Options (M.A./M.T.S.)

A thesis is an intensive study of a subject relevant to the student's concentration. The project options allow one to study/survey, and contribute to some aspect of ministerial studies. Research for any option will be guided by three professors and formally written and defended. The average size of a thesis is approximately 100 pages.

To Complete This Exit Option:

1. Register in the appropriate exit option design and proposal course after completing at least 20 units.
 - M.A.L.S. students should enroll in RELG 791 • Exit Option Design and Proposal: Leadership Studies
 - M.T.S. students should enroll in RELG 791 • Exit Option Design and Proposal: Leadership Studies .
2. Select a topic. The research methodology professor and/or academic advisor should be consulted as needed.
3. Select a faculty committee chair and clarify the research topic in prospectus form (as instructed in the Exit Option Design and Proposal course).
4. Select a faculty committee in consultation with the committee chair. The committee must consist of at least three faculty members. In rare instances, students may request that scholars other than VU faculty be allowed to serve as readers on their thesis committee.
5. Complete the Advancement to Candidacy form and return it to the OGPR.
6. File a copy of the approved prospectus with the OGPR.
7. Register for appropriate exit option. Credit for the exit option is granted only after a successful defense.
 - Students who choose the thesis option should enroll in RELG 798 Masters Thesis (3 units)
 - Students who choose the project option should enroll in RELG 797 Masters Project (3 units)

8. The completed thesis must be submitted at least three months prior to defense date. Deadlines for Defending the Thesis/Project are available from the OGPR.
9. Defend the exit option when the committee agrees that it is complete enough to defend.

Guidelines for Directed Reading Option (M.A. only)

In general, the directed reading option is an opportunity to explore a subject of interest. Research should be supported by at least 4,500 pages of scholarly reading, and the results are expressed by written critiques, oral or written examinations, annotated bibliographies, or other means that the student and faculty mentor have agreed on.

To complete this exit option:

1. M.A.L.S. students should enroll in RELG 791 • Exit Option Design and Proposal: Leadership Studies (3 units)
2. Select a topic. The exit option design and proposal professor and/or academic advisor should be consulted as needed.
3. Select Faculty Committee Chair and begin to describe the research topic in prospectus form (as instructed in the exit option design and proposal course).
4. Select one other faculty reader after consulting with the Chair.
5. Complete the Advancement to Candidacy form and return it to the OGPR.
6. File a copy of the approved prospectus with the OGPR.
7. Register for chosen exit option.
8. Submit the final draft of the synthesis paper to the Faculty reader and Chair. Deadlines for submission of the synthesis paper are available from the OGPR.
9. Complete the directed reading in consultation with the Chair, and file a copy of the final synthesis paper with the OGPR.

Guidelines for Integrative Seminar

The Integrative Seminar option is available to students who are enrolled in the M.T.S. and M.A.L.S. programs.

The Integrative Seminar is designed to help students reflect theologically on ministry experience by integrating what they have learned in graduate coursework with the practice of ministry.

To Complete This Exit Option:

- Register in RELG 693 Integrative Seminar (3 units).

STEP FOUR: Application for Graduation

Students must file an application for graduation with the OGPR prior to the semester in which the degree will be granted, even if the student does not participate in the commencement ceremony. The Application for Graduation form is available in the OGPR and the Registrar's Office. The degree is conferred on the last day of the semester in which the student has completed all degree program requirements as described above, and has satisfied the following requirements:

1. File all the necessary forms in accordance with the timetable provided by the OGPR.
2. Successfully complete all degree requirements within the "maximum time" limits (eight (8) years for M.A.; ten (10) years for M.T.S. degree).
3. Settle all financial obligations to the University.

Commencement

Consult the university calendar for the exact date and time.

Hooding Ceremony

This special Hooding Ceremony adds to the graduation experience by making it possible to focus on advanced degree candidates and their accomplishments. It allows graduate faculty and staff, family and friends a chance to witness the ceremonial hooding of the graduate student in a more intimate setting.

Continuing Registration

Students who require more than one semester to complete the exit option must register for RELG 799 • Continued Registration: Master's Study (1) unit until the exit option is complete. A tuition fee for one (1) unit is required to maintain active standing in the program, to protect the thesis/project topic, to have access to library privileges, and accessible consultation with faculty.

ACADEMIC PROGRAMS

MASTER OF ARTS IN LEADERSHIP STUDIES (39 UNITS)

The Master of Arts in Leadership Studies emphasizes disciplined research and theological reflection for the study of local and global church mission and leadership. This degree, based on a blend of theological reflection and the social sciences, is especially beneficial for church and religious organization leaders or graduate students who desire the enrichment of theological education.

Objectives

The objectives of this degree are to:

- Examine leadership through the inner life realities of character, call, passion and spirituality of the leader;
- Develop a theological framework for leadership, mission and culture, globalization, ethics, spirituality, and other leadership issues;
- Review highlights of the historical development and theoretical overview of leadership;
- Probe the spiritual dimensions of leadership that include spiritual formation, soul-care, and spiritual direction; and
- Learn a variety of research methods where participants formulate a problem statement, define terms, conduct a literature review, collect and analyze data, and arrive at a conclusion.

Admission Requirements for the M.A.L.S.

A student seeking the M.A. Degree in Leadership Studies must meet the following admission requirements:

1. Completion of a Bachelor's degree from a regionally accredited college or university.

Exceptions: Applicants from an institution accredited by the Association for Biblical Higher Education, or from other institutions not accredited by a regional association, will be considered on an individual basis. If accepted, provisional standing will be applied. After completion of 12 units earning a grade of "B" or better in each course, the student may request transferring to regular standing.

Students in the senior year of their Bachelor's degree can still apply. If admitted, provisional standing is granted while finishing their Bachelor's degree.

2. A cumulative grade point average (GPA) of 3.0 or higher (on a four-point scale) in all Bachelor's work.

Exception: If the GPA is below 3.0, the student's application may still be considered at the discretion of the Admissions Committee. If accepted, provisional status will be granted, requiring students to complete the first 12 units of graduate level courses with grades of "B" or above before receiving further consideration for regular standing in the GPR.

Transfer Credit

M.A.L.S. students may transfer a maximum of nine (9) units of coursework from an accredited graduate program when the coursework directly applies to their program design. Requests for transfer credit are to be submitted to the Registrar no later than the deadline for advancement to candidacy. Final decisions regarding transfer credit rests with the Registrar upon receipt of the recommendation of the Director. No courses with a grade lower than "B" (3.0) will be transferred toward the M.A. degree. No transfer credit can be granted for coursework used for a degree awarded by another institution. A minimum of 27 units at VU is required of all students in the M.A. degree program, or 30 units if the directed reading exit option is chosen. All core courses must be taken at VU.

The Academic Program of the M.A.L.S.

The curriculum is composed of 12 required Leadership courses (36 units), the Exit Option of Integrative Seminar (3 units) or Directed Reading (3 units), bringing the program total to thirty nine (39) units. This program consists of five steps.

- Completion of Coursework
- Advancement to Candidacy
- Completion of an Exit Option
- Application for Graduation
- Commencement

Core Course Requirements

36 units

The required courses develop a theological and theoretical framework for understanding leadership, mission and culture, and ethics in order to reflect theologically on what it means to be in authentic community and to examine the impact of mission in the community. The research course provides practical opportunity for students to learn how to conduct inquiry through a variety of methods that will be used in coursework and in the final exit option.

MASTER OF THEOLOGICAL STUDIES (48 UNITS)

Graduate students in this program benefit from a professional degree designed to prepare men and women for service in local church or para-church organizations. The M.T.S. program provides training for participants to reflect theologically on the role of the church in contemporary society and to develop skills necessary for effective ministry within local churches, mission agencies or para-church ministries. The courses in this program are designed to produce theological and research competencies in three major areas of study: Biblical Studies, Theological Studies, and Leadership Studies.

Objectives

The Biblical Studies objectives of the M.T.S. degree program focus on development of competency in the interpretation of Scripture. Students learn to:

- Gain exegetical skills in understanding the content of Scripture through its form, context, structure, and vocabulary;
- Identify the basic issues involved in exposition of Scripture including the cultural and historical background of the texts; and,
- Apply skills to use Scripture in a variety of life and church circumstances: polity, apologetics, homiletics, Christian ethics, doctrine and mission.

The Theological Studies objectives are to investigate the relationship between theological and ethical reflection. Students learn to:

- Examine the development of Christian life and thought in their historical contexts;
- Compare and evaluate prominent theological systems and movements in the twentieth century; and
- Discuss the major theological loci in sensitivity to biblical revelation, doctrinal developments in history, and contemporary contextual challenges.

The Leadership Studies objectives are to develop skills of ministry needed to facilitate the church's life as a fellowship of believers, as a worshipping community, as a prophetic witness and as an agent of redemption. Each student is encouraged to:

- Cultivate the dimensions of spirituality by exploring the disciplines of the spiritual life, the process of faith formation and the nature of ever-deepening moral life;
- Develop the leadership roles of the minister (clergy and lay leader) as preacher, educator, caregiver and administrator in the life of the local church or para-church ministry; and
- Examine the larger cultural and social environment in which the church carries out its global mission.

Admission Requirements for the M.T.S.

A student seeking the Master of Theological Studies Degree must meet the following admission requirements:

1. The completion of a Bachelor's degree from a regionally accredited college or university.

Exceptions: Applicants from institutions that are accredited by the American Association of Bible Colleges, or from other institutions not accredited by a regional association, are considered on an individual basis. If accepted, provisional standing is applied. After completion of 12 units earning a grade of "B" or better in each course, the student may request transferring to regular standing.

Students in the senior year of their Bachelor's degree can still apply. Such students may be admitted with provisional standing while finishing their Bachelor's degree.

2. A cumulative grade point average of 2.5 or higher (on a four-point scale) in all Bachelor's work.

Exception: If the GPA is below 2.5, student applications may still be considered at the discretion of the Admissions Committee. If accepted, provisional standing is granted, requiring completion the first 12 units of graduate level courses with grades of "B" or above before receiving further consideration for regular standing in the GPR.

3. Prerequisites: Old Testament Survey and New Testament Survey. Students may submit portfolio for Faculty approval.

Transfer Credit

Students in the M.T.S. program may transfer a maximum of twelve (12) units of coursework from an accredited graduate program when the coursework applies directly to their program design. Requests for transfer credit are to be submitted to the Registrar no later than the deadline for advancement to candidacy. Final decisions on matters of transfer credit rest with the Registrar upon receipt of the recommendation of the Director. No course with a grade lower than “B-” (2.67) is considered in transfer toward the M.T.S. degree. No transfer credit can be granted for coursework used for a degree awarded by another institution. A minimum of 36 units at VU is required of all students in the M.T.S. degree program.

The Academic Program of the M.T.S.

This degree program requires 11 required courses (33 units), 4 elective courses (12 units) and the Exit Option Integrative Seminar (3 units) for a total degree program of 48 units.

This program consists of five steps.

- Completion of Coursework
- Advancement to Candidacy
- Completion of the Integrative Seminar
- Application for Graduation
- Commencement

Core Course Requirements**33 units**

These core courses embody specific, foundational readings, dialogue and research/writing instruction for each of the three areas of the degree. Students gain familiarity with the scope of each academic discipline enabling them to proceed with the second level of the program. These courses also introduce the student to the books of the Old Testament and New Testament, to the study of Christian theology and ethics, to the distinctive features of a Pentecostal/Charismatic theology of church leadership and mission, including its biblical foundations and moral responsibilities, and principles of leadership which include sermon preparation, administration, pastoral care and counseling, intercultural and urban ministry, and spirituality.

THEOLOGY AND ETHICS COURSE DESCRIPTIONS

500-Level Graduate Courses

THOG 508 • Theological Studies (3 units)

This course is designed mainly to expose the student to the nature and task of theology, especially to the issue of theological method. Included in theological method will be how biblical themes are interpreted in light of tradition and social/cultural contexts. Also included will be an awareness of the major fields of theological study.

THOG 557 • Historical Theology (3 units)

An investigation of the system of doctrine of the Christian faith with attention to the lives of the framers of early Christian doctrine; exploration of the development of Christian theology and doctrine throughout the reformation period and the twentieth century. The development of theological themes during this modern period will be discussed against the background of major events in church history and will be evaluated in terms of its relevance for the current situation of the churches.

600-Level Graduate Courses

THOG 630 • Narrative Theology and Hermeneutics (3 units)

This course explores the implications of narrative as a way of engaging in the theological task. Particular attention is given to narrative biblical interpretation, theology, and preaching. In addition, students will become aware of the use of narrative in emerging theological voices in cultures outside the West (and minority cultures within the West), especially in Pentecostal contexts.

THOG 640 • Systematic Theology (3 units)

This course will introduce the student to the major loci of systematic theology, including such major topics as God, Christology, Pneumatology, Soteriology, Ecclesiology, and Eschatology. Each topic will be explored with the biblical witness, historical developments, and current issues in mind. The goal will be to provide the student with a broad basis for advanced graduate-level work in systematic theology.

THOG 645 • Theology and Ministry in a Postmodern Context (3 units)

The cultural-linguistic turn, otherwise known as postmodernism, changes everything. This course aims to enable students to recognize the effect of post modernity on the twin tasks of doing theology and engaging in ministry. The goal will be to explore what it means to effectively contextualize the timeless message of God's work without accommodating it to the prevailing zeitgeist. Toward this end, students will evaluate various evangelical responses to postmodernism, explore what it means to do ministry in a missional rather than institutional manner, and examine the various ways in which evangelical churches have endeavored to reinvent themselves so as to minister effectively (make disciples, image the kingdom of God) in a postmodern, post-Christian context.

THOG 670 • Special Topics (3 units)

Study in a special topic in theology and ethics.

THOG 680 • Individual Study (3 units)

An individualized study initiated by the student who must develop a written prospectus of the proposed study and secure an appropriate sponsoring faculty

member to supervise and evaluate the study. Up to a maximum of three units may be applied toward the degree requirements.

LEADERSHIP STUDIES COURSE DESCRIPTIONS

600-Level Graduate Only Courses

CLSG 601 • History of Spirituality (3 units)

An exploration of Spirituality throughout church history that includes examples from Orthodox, Roman Catholic, Protestant (including Pentecostal) traditions.

CLSG 606 • Spiritual Formation (3 units)

This course will be a journey together, discussing the various and diverse meanings of spirituality and the implications of a spiritual life. It will look into the issues of faith that flow from the mysticism of the Holy Spirit into the prophetic radicalism of living out the Christian values in our modern world. The class will be a shared experience, elaborating a spirituality for our lives that is holistic.

CLSG 607 • Spiritual Direction (3 units)

This course equips the scholar with foundational understandings and resources necessary to serve as a spiritual director for persons who are seeking guidance to discern the mysterious and tangible ways that God is present and at work in their lives.

CLSG 624 • Change and Strategic Planning (3 units)

An examination of change within congregations and religious organizations with a view toward understanding systematically the relationship between the organization and its environment. Alternate strategic planning, problem solving and program evaluation models will be explored in light of intentional mission and ministry.

CLSG 632 • Team Building and Conflict Management (3 units)

An exploration of team building as integral to preventing conflict and the role of conflict in healthy team formation. Participants will examine the nature of

conflict, how it develops within individuals, relationships, and organization as well as the methods for managing conflict effectively.

CLSG 638 • Leadership and Global Issues (3 units)

An understanding of leadership issues in intercultural contexts with a focus on the adaptation of best practices to local customs and culture. The course explores dimensions of social and organizational identities and examines how cultural perspective and context impact leadership decision-making. Intercultural skills will be improved through the analysis of case studies and participation in group activities.

CLSG 642 • Soul Care of Others (3 units)

A practical seminar that explores current trends in counseling and soul care, including Christian perspectives. The course will examine the relationship of the pastoral counselor to clinical therapists and other mental health care professionals, as well as provide the pragmatic integration of theological reflection with social science theory and practice.

CLSG 646 • Leadership and Character Development (3 units)

An exploration of the interior life of the leader in order to understand how character, spirituality and personal ethics of the leader influence interpersonal relationships and the public roles of leadership in the workplace.

CLSG 670 • Special Topics (3 units)

Study in a special topic in leadership studies.

CLSG 680 • Individual Study in Leadership Studies (3 units)

An individualized study initiated by the student who must develop a written prospectus of the proposed study and secure an appropriate sponsoring faculty member to supervise and evaluate the study. Up to a maximum of three units may be applied toward the degree requirements.

CLSG 690 • Seminar in Leadership Studies (3 units)

Mutual investigation of one topic in cross-cultural ministry of particular relevance to graduate students in leadership studies.

700-Level Graduate Only Courses

CLSG 710 • Mission and Culture in Theological Perspective (3 units)

This interdisciplinary study, integrating theology and praxis, seeks to develop a theology of mission based on the premise that the unifying theme of Scripture is embodied in the concept of the Kingdom of God introduced in the Old Testament, fulfilled in the ministry of Jesus Christ in the New Testament, and demonstrated to the world through the life and actions of a believing community empowered by the Holy Spirit.

CLSG 715 • The Church and Contemporary Moral Issues (3 units)

This course seeks to develop a constructive Christian ethic as a basis from which to understand and to evaluate the moral problems confronting the contemporary church. Emphasis will be placed on the theological character of the church's ethical reflection on moral issues.

CLSG 720 • Theology and Theory of Leadership (3 units)

An examination of selected theological issues regarding leadership and an overview of leadership theory since its inception as a discipline and a focus in research. Particular emphasis is placed on the student's research skills to explore and articulate theological, theoretical and contemporary findings in the field.

FIELD EDUCATION COURSE DESCRIPTIONS

A minimum of 125 hours of 'time on task' per 3 unit course is required. The course may be repeated for credit for a maximum of 12 units.

RELIGION COURSE DESCRIPTIONS

The following courses are offered on a CR/No Credit Basis.

600-Level Graduate Only Courses

RELG 693 • Integrative Seminar (3 units)

The Integrative Seminar is a classroom experience designed to help students reflect theologically on ministry experience by integrating what they have learned in graduate coursework with the practice of ministry.

RELG 694 • Field Education (3 units)

A field education experience with a qualified mentor approved by the Faculty Supervisor in Field Education. See the Graduate Religion Office for applications.

700-Level Graduate Only Courses

RELG 788 • Research Methodology: Leadership Studies (3 units)

An introduction to research and inquiry regarding leadership and religious organizations. Students will design and complete a mini research project that

includes: a problem statement, definition of terms, limitations and delimitations, literature review, description of research method, collection of data, data analysis and interpretation of data. Required for all M.A. students, and M.T.S. students who have chosen the thesis, project or directed reading option in the field of Leadership Studies. May be used as one elective M.T.S. course.

RELG 791 • Exit Option Design and Proposal: Leadership Studies (3 units)

The development of appropriate thesis and directed reading topics in the field of Leadership Studies, and the description of these topics in a formal proposal format. Students will meet with selected faculty and other students enrolled in each semester to research proposals until approved by faculty. After approval of the research proposal, students will continue to meet in this seminar to report progress on their research exit options. Required for all M.A. students, and M.T.S. students who have chosen the thesis or directed reading option in the field of Leadership Studies. May be used as one elective M.T.S. course.

RELG 795 • Directed Reading (3 units)

The development of a problem statement necessary to conduct a literature search in a given area. Written critiques, a summary reflection paper and meetings between the student and the directed reading mentor monitor the student's progress and mastery of research topic.

RELG 797 • Master's Project (3 units)

The application of a theory or concept in a specific research setting culminating in a written research report with the guidance of a faculty committee.

RELG 798 • Master's Thesis (3 units)

The study of a well-defined problem that both emerges from and carries forward some existing body of knowledge or theory. Students who choose this research option, work with the guidance of a faculty committee.

RELG 799 • Continued Registration: Master's Study (1 unit)

Required for each semester subsequent to registration of RELG 790, 791, 795, 797, or 798 until completed. Must be enrolled in semester of completion. RELG 799 credits do not count toward M.A. or M.T.S. degree requirements.

SCHOOL FOR PROFESSIONAL STUDIES

Andrew Stenhouse, Ed.D., Dean of the School of Graduate and Professional Studies

Mission: The School for Professional Studies at Vanguard University serves life-long learners throughout their educational journey. The structure and format of the degree programs in the School for Professional Studies makes it possible and manageable for working adults to finish their educational goals without sacrificing their careers and important responsibilities while still accomplishing their educational aspirations.

GENERAL INFORMATION

The School for Professional Studies (SPS) offers programs of study leading to a Bachelor of Arts degree in Business, with an emphasis in Organizational Management or Information Technology; Psychology with an emphasis in Human Development; and Religion, with an emphasis in Ministry and Leadership. The school also offers a Bachelor of Science in Nursing (BSN) degree for registered nurses (see RN to BSN major in this section for nursing specific prerequisites and admission requirements). A Certificate in Early Childhood Education, both an Associate of Arts and Bachelor of Arts in Early Childhood Education are offered online. All the courses, in the SPS Degree Programs, are offered either one night per week (6:00 to 10:00) or on Saturday mornings (8:00 to 12:00), other than the ECE online program. Each course meets in accelerated 5 to 8-week formats and the on campus courses only meet once each week throughout the year. Small, dynamic classroom settings allow students the opportunity to share their personal and professional experiences in an academically stimulating environment of mutual respect, learning, and support whether on campus or online. Accomplished faculty bring both practical and academic acumen to the classroom. Moreover, each degree program has its own Student Services Coordinator. The Student Services Coordinator helps each student navigate through the various aspects of the university as well as assist each student in individual academic planning.

Academic Calendar

The School for Professional Studies operates on a year round, semester basis. Courses begin at various intervals throughout the year. Upper division cohort groups are given a schedule which indicates the dates the group will meet over a given period of enrollment. Calendars are available through the SPS office.

Degree Program Registration and Orientation Date

Orientations are held approximately one week prior to the start of new cohort groups (online for the ECE degree programs). New Student Orientations are structured to help begin the process of acclimation to the university and develop an understanding of available university resources.

ACADEMIC POLICIES

Please see the General Information section of this catalog for expanded information on institutional policies.

ADMISSIONS INFORMATION

Admission Requirements

- Demonstrate proof of at least 5 years of full-time work experience (3 years of full-time work experience for Early Childhood Education majors)
OR
Obtain approval for admission from the appropriate Chair via petition
- Proof of High School graduation/GED
- Cumulative grade point average of 2.0 (on 4.0 scale) or better on all prior college work
- Completion of Application Process including forms, fees, assessments, references, transcripts (official transcripts are sealed by the Registrar at the requested university and must be received from each institution attended, regardless of academic performance or granting of credit) and official entrance interview

- ECE applicants must complete the online assessment on the SPS website: “Am I Ready for Online Courses?”
- Unique admission requirements for the RN to BSN program are found in the Nursing Program Description.

Students wishing to take upper division courses must meet the 57 unit prerequisite. Exceptions for starting upper division coursework with fewer than 57 units must be approved by the Chair of the desired degree program.

All applicants meeting the above-stated admission requirements will be considered by the Admission Committee. During the admission process, students will be informed of remaining requirements accompanied by a recommendation as to how these requirements can be completed.

Application Process

The application process is as follows:

1. Complete and submit the Application for Admission, along with the non-refundable application fee of \$50.00
2. Schedule an appointment with an SPS Educational Counselor to discuss transfer credits and degree requirements.
3. Send a Request for Official Transcript form to each college or university previously attended, regardless of credit granted or academic performance. High school transcript is required if less than 60 semester units of college attempted. Check with the Registrar from each institution for the appropriate transcript fee. An official, sealed transcript must be received from all institutions attended regardless of completion of courses.
4. Submit Personal and Professional Reference questionnaires.
5. Submit the required admissions essay(s) and/or petitions.
6. Complete any required assessments.
7. After all required documents are received, an admissions interview will be scheduled with the appropriate Student Services Coordinator.

Application, Transcript Request, and Reference forms are available in the SPS Office or at <http://sps.vanguard.edu/>.

Completed application files are forwarded to the Admissions Committee for review. Students accepted into Vanguard will be notified of their acceptance status via letter. The Admission Deadline for each cohort/group is two (2) weeks prior to the orientation date.

Individualized Appointments

Prospective students meet with an SPS Educational Counselor to discuss their academic needs and develop educational plans. These appointments cover:

- The nature of the academic programs
- Beginning dates for groups
- Meeting the needs of the adult student
- Application procedures
- Questions and answers
- Financial matters, such as:
 - Employer reimbursement
 - Loans and grants
 - Payment schedules

To schedule an appointment, please call the SPS office at (714) 668-6130. Office hours are Monday-Thursday: 8 am-6:30 pm and F: 9 am–3 pm. (Pacific Time).

International Students

International students must complete the same admission process as other freshmen or transfer students and must submit:

On-Campus Students

- Financial Certification. Vanguard University does not offer financial aid to international students. Therefore, applicants must provide satisfactory evidence that adequate funds are available to meet the financial obligations required at the time of enrollment. A Financial Statement and Affidavit form must be filled out and must include bank statements that show sufficient funds available to cover one year of tuition and expenses. The bank statement must be in US dollars. Forms related to this process are available in the SPS Office.

- Deposit: 70% of annual direct cost for the first year of attendance is required before registering for classes.
- English Proficiency: TOEFL (Test of English as a Foreign Language) – all international students whose native language is other than English are required to present scores for the TOEFL, a minimum of 60 college units (taught in English) or SAT/ACT scores.
- Appropriate Visa documentation: International student applying within the U.S. must submit copies of their visa, I-94, and if on a student visa, copies of their I-20 A-B Form.
- Transferring from another institution within the U.S.: To become eligible for transfer to VU from another American college, approval must be obtained from the previous school attended and the U.S. Immigration and Naturalization Service.
- Transferring from another institution outside of the U.S.: Transferring any units from a university or seminary overseas, all transcripts must be submitted to an agency that evaluates transcripts. All transcripts should be an English translation, and must be notarized by the U.S. Consul or notary, or another authority.
- Student Visa: F-1 International students must sustain full-time student status, maintaining a minimum of twelve (12) units each semester.
- Non Student Visa: Those currently in the U.S. on a visa other than an F-1 student visa (M-1, J-1, R-1, etc.) may take a maximum of eleven (11) per semester, attending classes only part-time.

Distant Learning/Online Students

- Financial Certification. Vanguard University does not offer financial aid to international students. Therefore, applicants must provide satisfactory evidence that adequate funds are available to meet the financial obligations required at the time of enrollment. A Financial Statement and Affidavit form must be filled out and must include bank statements that show sufficient funds available to cover one year of tuition and expenses. The bank statement must be in US dollars. Forms related to this process are available in the SPS Office.
- English Proficiency: TOEFL (Test of English as a Foreign Language) – all international students whose native language is other than English are

required to present scores for the TOEFL, a minimum of 60 college units (taught in English) or SAT/ACT scores.

- Deposit: 70% of annual direct cost for the first year of attendance is required before registering for classes.

Re-Admitting Students

Students wishing to return to Vanguard University's School for Professional Studies after withdrawing or taking a leave of absence of one semester or more must submit a Re-Admit Application and the \$20.00 re-admit fee, along with official transcripts (sealed by the requested university) for any course work completed since leaving Vanguard. Students who apply for readmission will be reviewed by the Admissions Committee and the appropriate Chair. The decision to readmit a student is based upon their standing with the academic, financial and student life centers of the university. Upon notice of approval, the student may proceed with academic and financial registrations. Readmitted students may be subject to new degree requirements. Should a student be denied re-admission, the respective department Chair in conjunction with the Director of SPS may place conditions on possible readmission.

Admission Status

Auditors

Students may attend class with no obligation to participate actively in the work. For such students, no examinations are given, no assignments are requested or marked; however, no credit may be obtained for such attendance. Auditors pay the auditing fee. A student must attend at least 50% of the class sessions in order to have the audited course recorded on the transcript.

Provisional Students

A limited number of students who have not met the admission requirements may be admitted as "Provisional" students. Students admitted provisionally are required to limit their course load to 9 units per term. In order to receive regular standing classification and continue enrollment, provisional students must attain a 2.0 grade

point average in their first term of no less than part-time (at least 6 units) enrollment. If the Provisional student fails to do so, they will be subject to Academic Disqualification. Provisional students will be eligible for limited financial aid (freshman level student loans only) for a maximum of twelve consecutive months. Select provisional students may be accepted under specific circumstances set forth by the respective department Chair. These provisions are at the discretion of the Chair in conjunction with the Director of SPS.

Regular-Standing Students

Students who have fully met all the requirements for admission and have been accepted are considered regular-standing students. Students may not exceed an enrollment maximum of 18 units per semester.

Students-at-Large

Student-at-Large classification is possible only for those students who are taking six units or less during any term and who are not seeking a degree or certificate from the School for Professional Studies. Students-at-large earn academic credit for work completed successfully, but they are not considered degree-seeking students at Vanguard University. Students-at-large are not eligible to receive Financial Aid unless enrolled in at least six Prerequisite units and have, prior to acceptance, applied to a graduate program. Federal Financial Aid standards will apply. Please contact the School for Professional Studies to discuss admittance as a Student-at-Large.

University Selection and Community Participation

The School for Professional Studies at Vanguard University selects students based on academic record, the admissions interview, work experience, references, and willingness to comply with the standards and values of the university. It is expected that each individual who joins the academic community of Vanguard University will deepen his or her ethical commitment and understanding, strengthen his or her intellectual and creative abilities, and participate constructively in the life of the University Community.

Furthermore, Vanguard University community members are expected to commit to mutual respect for one another and will: (1) Treat all members of the community with the utmost regard, supporting and upholding the rights of others to a safe, collaborative, and collegial learning environment; (2) Foster collegial learning by participating in class as a supportive and cooperative community member; (3) Refrain from derogatory, disrespectful, or inflammatory comments regarding any member of the academic community; (4) Resolve any personal conflicts by first approaching the other party privately in accordance with professional protocol and the principles that are outlined in Matthew 18:15-17.

Academic Credits

Credit is granted in semester units and each course is normally two to four units of credit.

Credit Hour Policy

A semester credit hour is defined as the quantity of work represented in intended learning outcomes and verified by evidence of student achievement that reasonably approximates the amount of work required by one hour (minimum 50 minutes) of classroom or direct faculty instruction and a minimum of two hours out-of-class student work each week for approximately fifteen weeks or one semester, or an equivalent quantity of work over a term of different length (intensive, accelerated, online courses, etc.).

An equivalent quantity of work may also be achieved by other academic activities established by the University, including internships, laboratory work, practica, studio work, and any other academic work leading to the award of credit hours. With regard to clinical or laboratory hours, the appropriateness of a clinical hour may be based on each program's specialty accreditation agency criteria, within the context of program and institutional learning outcomes.

This is in line with the Department of Education's Policy #600.2.

Evaluation of Previous College Transcripts and Degree Progress

The amount of credit, the courses to be accepted, and the method of evaluation will be determined by the nature of the courses and the type of institution. An applicant who has attended any college or university after graduation from high school must submit an official transcript from each institution, regardless of credit granted. The Office of the Registrar will produce all official evaluations.

Evaluations of Degree Progress (Degree Audits) are completed as new transcripts are received and/or as evaluations are requested by students. Once students have received an updated official evaluation, they may review and request clarification on anything they may find unclear or questionable. (Academic Evaluations produced by Educational Counselors/Recruiters, Student Services Coordinators or other individuals should be considered advisory and unofficial.)

Credit by Examination (maximum: 24 units)

The University offers several means by which you might earn credit. These include:

- College Level Examination Program (CLEP)—a national set of exams on selected topics offered on a regular schedule.
- Advanced Placement (AP) Examinations—a national set of exams to substitute for specified VU courses.
- Defense Activity for Traditional Educational Support (DANTES)—introductory college-level courses in more than 50 disciplines designed to help military personnel complete college credits.

Degree Completion

Students are allowed twelve months after the end of their final upper division course to complete any outstanding general education or elective coursework needed to become a degree candidate (124 units). Students taking longer than 12 months will be required to complete any new upper division requirements in effect for their degree program. Students must complete the re-admission process after a withdrawal or a one term leave of absence.

Diplomas

Students completing the requirements will receive the Bachelor of Arts or Bachelor of Science Degree. Diplomas are ordered on a monthly basis and require 4-6 weeks to arrive. Diplomas will not be issued to any student whose Vanguard account is not paid in full or whom Federal Perkins Loan is delinquent.

Prior Learning Assessment

The School for Professional Studies will only consider requesting up to a maximum of 30 units of university credit for non-traditional schooling, work or other life experiences that are approved by the appropriate academic department(s) at Vanguard University. The approval of the student request for such credit lies entirely within the academic department that is being petitioned for the credit. Neither SPS nor any of its representatives have any authority to grant or promise university credit for “prior learning.” Furthermore, there is no guarantee that credit will be granted once the petition is submitted to the academic department(s). Contact the SPS Office for more information on the process and required fees.

ACADEMIC INFORMATION

Academic Dishonesty

Academic dishonesty, either cheating or plagiarism (presenting the words or opinions of others as one’s own work), is regarded as a serious violation of both the academic and moral standards of Vanguard University (VU). Dishonesty in any class assignment can result in: loss of credit for the assignment, loss of credit for the entire course, and referral to the Director and/or Provost. It is the prerogative and responsibility of the instructor to determine if academic dishonesty has occurred and the seriousness of the infraction. The Office of the Provost is to be notified of instances of academic dishonesty.

A student commits plagiarism if he/she submits as his/her own work:

- Part or all of an assignment copied from another person’s assignment, notes or computer file.
- Part or all of an assignment copied or paraphrased from a book, magazine, pamphlet, or website.

- A sequence of ideas transferred from another source which the student has not digested, integrated and reorganized, and for which he/she fails to give proper acknowledgment.

A student is an accomplice in plagiarism if he/she:

- Allows his/her paper or other assignment, in outline or finished form, to be copied and submitted as the work of another.
- Lends his/her computer disk to another student or otherwise allows his/her computer files to be copied for the purposes of plagiarism.
- Prepares a written assignment for another student and allows it to be submitted as another's work.

Computer Usage: Student Guidelines

(Excerpted from the Vanguard University Student Handbook)

General Use Guidelines

As an educational institution, VU is firmly committed to the discovery of truth, the life of the mind, and the free interchange of ideas. The University recognizes that in order for the best learning to take place, students will be exposed to hostile, offensive, and even subversive ideas, so that the students can confront and wrestle with the whole range of ideas and philosophies in the intellectual marketplace. It is therefore the position of the university that students should use maturity and self-discipline in accessing potentially offensive material. At the same time, VU is more than just an educational institution: it is a spiritual community committed to nurturing its members, providing them with good values and an atmosphere as positive and wholesome as possible. The Information Technology (IT) Department, therefore reserves the right to regulate or prohibit the access (such as by way of the Internet) to obscene, pornographic, and unlawful materials and the distribution of such materials over the campus network. Students using University computing and network resources are required to use them in a manner consistent with the University's standard of conduct. The framework of responsible,

considerate, and ethical behavior expected by the University extends to cover the use of campus facilities and network resources and networks throughout the world to which electronic access has been provided by the University. Computing and network resources and user accounts are owned by the University and are to be used for university-related activities only. Computer equipment and accounts at VU should be used for legitimate instructional, research, and administrative or other approved purposes. In addition to these guidelines members of the VU community are expected to abide by all other published technology use policies.

Student Computing and Network

VU makes available computing and network resources for use by the University's students. As a VU student, you have certain privileges. They include:

1. Use of Campus LAN and Wireless
2. E-mail
3. Use of Internet
4. Priority over non-VU users and/or guests when using campus computer labs
5. Use of computers and printers in the campus computer labs
6. Use of electronic library resources

Student Responsibilities

To protect the quality and reliability of computing and network resources students must observe the following responsibilities. The list is not comprehensive, but it includes some of the responsibilities which you accept when you choose to use the University's computing resources and/or network which the university provides:

1. Student use of the campus network, the Internet, and e-mail will be consistent with the mission and character of VU. VU's information technology resources may not be used for any unauthorized purposes or for any activity that is harmful, illegal, obscene, or harassing.
2. Applying for a user ID under false pretenses is prohibited. Once you have received a user ID for access to the VU network, e-mail and computer systems on that network, you are solely responsible for all actions taken while using that user ID.
3. Sharing or using another person's user ID, password or e-mail account is prohibited. Never leave your terminal or PC logged on and unattended for

more than a few minutes. Never write down your user ID and password. Change passwords frequently.

4. You must not intentionally seek information about, browse, copy, or modify a file belonging to another person, whether at VU or elsewhere, unless you have been granted explicit permission by the owner of the file.
5. You are authorized to use only computer resources and information to which you have been granted access. If you encounter or observe a gap in system or network security, you should immediately report the gap to the manager of that system. Abuse of a discovered gap rather than reporting it can result in disciplinary action.
6. If you are not certain you have permission to copy, compile or manipulate software or data, assume that you do not have permission.
7. The University's policies on harassment apply equally to electronic displays and communications as they do to more traditional means of display and communication. You must not display or transmit images, sounds or messages that could create an atmosphere of discomfort or harassment for others.
8. Messages, sentiments, and declarations sent as electronic mail or postings must meet the same standards for distribution or display as printed documents.
9. You are not permitted to send spam e-mail to faculty or staff on campus. Email regarding official VU business or events must receive approval through the IT Department and be routed through the division or department sponsoring the event.
10. Use of your network folder is a privilege for academic purposes. You are expected to stay within the space limits posted in the main lab.
11. You must not degrade computing or network performance in any way that will prevent others from meeting their educational or university business goals. Academic work by students takes precedence over personal usage.
12. You must not create or willfully disseminate computer viruses. You should be sensitive to the ease of spreading viruses and should take steps to ensure your files are virus-free.
13. You must not install any additional software on VU computer equipment.
14. Equipment and supplies for VU labs should be treated with care. These items are purchased with student fees for lab use only. Anyone who abuses

equipment or takes supplies from the labs will lose lab privileges and be charged the cost of repair or replacement. Anyone who steals equipment will be prosecuted under the law.

15. Members of the VU University Community are expected to observe federal, state and local laws which govern computer and telecommunications use, as well as the University's own regulations and policies as outlined in the Student Handbook.

Computer Dishonesty

Plagiarism

There are three forms of plagiarism involving the use of computers and electronic storage of text.

1. Printing two or more copies of the same research paper which are used to fulfill the requirements for more than one class without the consent of the professor(s). Some professors permit multiple submissions of papers, but others require that a paper be unique and original for each course. Submitting a paper previously used in another class, submitting a duplicate copy of a paper being used in another class or revising a paper used in an earlier class or used in another class during the same semester is unacceptable, unless you have obtained the express permission of your professor(s). If you are not sure about your professor's policy on the use of papers for more than one class, be sure to ask rather than turn in your work based upon an assumption of what will be accepted.
2. Using material from another student's paper. Block copying allows the transportation of whole sections or paragraphs of one paper to be merged into another paper. Plagiarism is the use of someone else's words or ideas without crediting that person, with or without the permission of the original writer to use his/her ideas. All material borrowed verbatim must be put in quotation marks and credited appropriately, regardless of the source. All ideas borrowed and turned into your own words must also be credited appropriately. You are prohibited from transporting whole sections of text from one student's paper into another student's paper, regardless of how much revision is done to the copied material.

3. Two or more students handing in copies of the same research paper or assignment, with each student claiming individual credit for the work. To avoid the accusation of collaboration in plagiarism, a student should not lend his/her disks to another student, who might copy an assignment from the disk.

Violation of Copyright

Copyrighted programs and printed documentation may not be copied, distributed to others, or used on any machine outside of the computer labs, unless permitted under the terms of the software licenses between VU and the software manufacturers. Unauthorized copying is theft. Moreover, students with personal computers on campus are expected to not participate in software pirating or use pirated software.

Invasion of Privacy

The files and programs of other people are private property. It is unethical for you to read, alter, or copy such private programs or files, unless you have explicit permission to do so by the owner.

Disciplinary Procedures

If you violate any of the above guidelines, disciplinary action will be taken. The University reserves the right to monitor traffic on the network, including contents, and to examine files on the system which are connected to the network. Depending upon the seriousness of the offense, the following procedure will be followed:

1. You may be required to perform community service.
2. You may be required to pay a designated fine. If computer equipment is damaged, you will be required to pay for replacing the damaged equipment.
3. You may have your computer privileges temporarily or permanently revoked.
4. You may lose credit for the assignment, test, or even the entire course.
5. You may be dismissed from the University.
6. In serious cases, your name and a description of the violation(s) may be reported to the police. California Penal Code Section 502 makes certain

computer abuses a crime, and penalties can range up to a \$10,000 fine and up to three years in prison.

You may appeal any decision to the Student Conduct Committee.

Internet Material

All members of the VU community are encouraged to practice discretion and restraint in the materials that they access over the Internet. Obscene, pornographic, or unlawful materials accessed over the Internet are neither educationally nor spiritually purposeful and therefore should be avoided. Student use of the Internet is a privilege which can be revoked for cause.

Course Attendance

Due to the concentrated scheduling and the emphasis upon participatory learning, students need to be in attendance every week.

Students who miss more than one class meeting (or more than five class hours) in any given course will automatically receive a failing grade and need to retake the course to obtain a passing grade.

If an instructor deems that a student's second absence was under extremely unavoidable and unusual circumstances (i.e., an auto accident), the professor may file an academic petition on behalf of the student to the Director of SPS. If the academic petition is approved, the student will be given a "W" (Withdrawal) in place of a failing grade. The student will still be required to retake the course.

Bar-From-Attendance

A student may be barred from attending classes for failure to: present official transcripts certifying previous institutional work, comply with admission requirements, respond to official notices, settle unresolved financial obligations when due, or comply with the community participation standards listed earlier.

Drop Policy

Students must notify their coordinator if they knowingly desire to drop a course (the course must be then taken at a later date). Dropping courses will have financial aid implications. Be sure to discuss the decision with your Student Services Coordinator and a Financial Aid Counselor.

Students absent from both week 1 and week 2 of class will be automatically dropped from the course with a full refund given.

Online Courses:

Students who do not login to their online course by midnight of the second day of class, will be automatically dropped from the course with a full refund given.

* Note: All students attending at least one week of class will not be dropped automatically from class; therefore, the standard refund policy will be upheld. Courses dropped before the 3rd class meeting will not be entered on the transcript. Drops after the 3rd meeting and before the 4th meeting result in a “W” (Withdrawal). Drops after the 4th week result in a failing grade (“WF”).

(Refer to the SPS Refund Schedule section for financial implications).

Students receiving a failing grade for a course must repeat the course again at their earliest convenience. The Student Services coordinator will assist with the registration process for the repeated course. Prevailing tuition charges for the repeated course will be effective. If the same course is failed a second time, the student cannot continue with other program courses without written approval. (See also “Repetition of Courses” and “Grade Changes”.)

Grade Appeals

1. Students wishing to contest a semester grade should first appeal to the faculty member assigning the grade, seeking an explanation regarding the assigned grade.
2. Should the faculty member be unavailable or if the explanation given is deemed unsatisfactory, the student may contact the Chair or Director of the department (via General Petition), or, if more appropriate, the school in which the grade was given. Should the faculty member also be the Chair,

the student may contact the Director of SPS. Should the faculty member also be the Director, the student may contact the Office of the Provost. Further documentation for re-evaluation may be requested by the Chair, such as:

- A. A copy of the Final Paper/Project
 - B. Verified attendance for the actual classes
 - C. Copy of all class and homework assignments
 - D. A brief description of one’s own perceived performance in the class
 - E. A copy of the Course Curriculum’s “Student Evaluation” requirements
3. The Chair should attempt a mutually satisfactory resolution of the matter by meeting with the student and faculty member.
 4. Should the professor be unavailable or unwilling to provide the required support material, or should a mutually acceptable resolution not be reached between the student and teacher, an appeal may be made to the Director of the School who will review the case, and, if possible meet with the three participants for a final decision. Should the resolution still be unsatisfactory, a final appeal may be made to the Office of the Provost. In consultation with the Director, the Office of the Provost will review the details of the dispute and then determine the appropriate grade. This decision will not be subject to further appeal.
 5. Appeals must be initiated no later than the end of the semester following the assigning of the grade in question. Requests for exceptions to this policy must be made to the Provost.

Incompletes

Faculty may assign a grade of “I” (Incomplete) to students when they warrant additional time to complete coursework due to situations beyond their control (i.e. serious illness, accident, or death of a family member). They may only be awarded when the student’s grade would have otherwise been an “F”. Incomplete work must be made up no later than 30 days following the last day of class. If the work is not made up by this time a grade of “F” will automatically be assigned. Extensions to the 30 day limitation are made only with the approval of the Chair of the Program. Instructors are under no obligation to assign an Incomplete grade or to administer a make-up exam.

* Note: An Incomplete grade is granted only for such circumstances as major personal or family crisis. Unacceptable reasons include: course load too heavy, previous incompletes, regular job or ministry responsibilities, English language problems, computer problems, etc.

Grade Change Policy

Grades submitted by faculty to the Office of the Registrar are considered final. Students who believe a grade was assigned in error must contact the instructor of the course to review their records. Submission of a grade change to the Office of the Registrar can be made by the faculty member no later than two semesters following the term in which the grade was originally assigned. Requests for exceptions to this policy must be made to the Provost. Instructors are under no obligation to accept late or additional work.

Grade Dispute Procedure

Students who wish to dispute a grade assigned by an instructor must file a petition with the Director. Both the student and instructor will have opportunity to present their case. The decision made by the Director is considered final, however, either the student or the instructor may appeal the decision to the Provost.

Course Repeat Policy

Academic courses offered at VUSC are not repeatable unless specifically noted in the catalog. Those students who wish to retake a course due to a low or failing grade are permitted to register again for the same course during any given semester. All grades will appear on the student's permanent academic record (transcript). When a course is repeated, all grades will remain on the transcript, but only the higher grade is computed in the grade point average. In the case that grades are the same, only the most recent grade will be included in the G.P.A.

Grade Reports

Grades will be posted on each student's private page of the online portal to the VU database. If a printed grade is required by the student, it will only be issued by the Office of the Registrar, printed on an official grade report or transcript, and will not be given over the telephone.

Grading System

Percentages	Letter Grade	Significance	Grade Point Average (GPA)
93-100%	A	Exceptional	4.00
90-92%	A-		3.67
87-89%	B+		3.33
83-86%	B	Good	3.00
80-82%	B-		2.67
77-79%	C+		2.33
73-76%	C *	Satisfactory	2.00
70-72%	C-		1.67
67-69%	D+		1.33
63-66%	D	Poor	1.00
60-62%	D-		0.67
0-59%	F	Failure	0.00
	W	Withdrawal	Not Applicable
	WP	Withdrawal Passing	Not Applicable
	WF	Withdrawal Failure	Not Applicable
	Cr	Credit	Not Applicable
	I	Incomplete	Not Applicable
	P	Pass	Not Applicable
	Au	Audit	Not Applicable

* Students are required to receive a "C" or better in their upper division writing course MILD 364, PSYD 367 or BUOM 377 in order to fulfill writing requirements for graduation. A student receiving a C- or lower must retake and complete the upper division writing course with a C or better to be granted his/her degree. NOTE: These upper division courses should be repeated as soon as possible.

Graduation Requirements

To graduate with a Bachelor's Degree, students must:

1. Complete all coursework in prescribed major.
2. Complete 124 semester hours accepted by Vanguard University.
 - A. At least one-half of the major units must be completed at Vanguard.

- B. At least 40 units of coursework must be upper division.
3. Have a cumulative grade point average of 2.0 or above for work taken at VU.
 4. Complete the General Education Requirements (or transfer equivalents) as stated in the Official Evaluation provided by the Office of the Registrar.
 5. Submit an application for graduation to the Office of the Registrar no later than the beginning of the term in which graduation is anticipated.

Commencement Participation

Students desiring to participate in commencement ceremonies in May should be aware that they will be approved to “walk” only if they

- have no more than 9 upper division major units remaining to be completed in the Summer immediately following the ceremony

OR

- have no more than 3-4 units of general education/elective remaining to be completed in the Summer immediately following the ceremony.

Honors

The Academic Honors list, published at the end of each semester, honors all degree-seeking students with nine or more units who have earned a GPA of 3.5 or above for that semester.

Students must complete a minimum of 45 units at Vanguard to have honors recorded on their transcript and diploma. Students who have completed, by the end of the Fall semester, no fewer than 36 units (bearing letter grades) at Vanguard may be eligible to participate with provisional honors in the Commencement ceremonies ahead of actual completion of all courses required for graduation. Students’ official honors, however, will be based upon their GPA at the completion of all coursework required for graduation and will be indicated on the permanent transcript and on the diploma. Students who have maintained a cumulative GPA of 3.500—3.699 will graduate cum laude. Those achieving a GPA of 3.700—3.899 will graduate magna cum laude. Those achieving a GPA of 3.900 and above will graduate summa cum laude.

Student Honor Societies

Student honor societies exist to recognize superior academic performance, provide academic enrichment to the Vanguard community, and to provide opportunity for students to gain greater exposure to academic disciplines. Undergraduate students in the School for Professional Studies may be accepted into the University’s chapter of the following honor societies:

- Psi Chi - Psychology
- Sigma Beta Delta - Business

Academic Probation

“Academic Probation” is a term used to designate a period of close academic supervision, generally including reduced allowable activities, imposed to improve unsatisfactory academic performance. Students on academic probation may not register for more than twelve units during the probation period.

A student’s official transcript may reflect academic probation following a full semester in which a student’s current or cumulative grade point average drops below a “C” average (2.0). This academic standing will remain on the transcript unless the student receives a change of grade prior to the end of the following semester.

Academic probation will continue for the student until the current and cumulative GPA’s are raised to 2.0.

Academic Disqualification

A student is subject to academic disqualification based on the guideline below.

- If after acquiring Probationary status the previous semester, the student earns a current GPA below “C” (2.0) in the subsequent semester.

If the student's current GPA is "C" average (2.0) or higher, but the cumulative remains below a "C" average (2.0), the student will remain on Academic Probation status until both the current and cumulative GPA are above a "C" average (2.0).

A disqualified student must submit the following in order to be considered for re-admission into the university:

1. An application for Re-Admission
2. The Re-Admission Fee
3. A petition explaining the previous academic performance and outlining the steps that have been taken to improve future academic performance
4. Official transcripts for any coursework completed since being disqualified from VU
5. Any other required items

After all re-admission items have been received, the Admissions Committee will, in consultation with the Program Chair of the student's intended major, review the student's file and render an admissions decision. This decision will be communicated to the student via letter. Decisions may be appealed to the Director of SPS and then to the Office of the Provost.

Students who have been readmitted to the program after a disqualification will be admitted on probation and will have their status reviewed at the end of the semester in which they return. Students who have achieved a current and cumulative 2.0 GPA or who have received a grade of "B" or better in each course taken during the probationary or disqualification term may enroll in the next term without petitioning. Students who have not met one of these criteria must submit a petition for further consideration of re-enrollment.

Note: Often registration for subsequent terms occurs before completed grades for the previous term are submitted by instructors. Students are advised that they may acquire Immediate Probation or Immediate Disqualification status from the previous term well after starting their new term. Students in jeopardy of Immediate Disqualification should register for the next term at their own risk. Should Immediate Disqualification occur the student will be dropped from all subsequent courses.

Student Records

Records submitted for the purpose of admission or for recording supplemental work become part of the student's permanent record file and may not be reclaimed or duplicated. Student records are retained permanently.

Transcript Requests

Student requests for transcripts of their course work are to be directed to the Office of the Registrar. Due to requirements of the Family Educational Rights and Privacy Act of 1974, any requests for transcripts must include the student's signature.

To order transcripts, download a transcript request form from <http://registrar.vanguard.edu> or submit a document to the Office of the Registrar, including name, ID #, social security #, birth date, address where transcripts are to be sent, and student signature. Requests may be sent via fax to (714) 668-6126 or via mail to 55 Fair Drive, Costa Mesa, CA 92626.

A fee for each transcript is required, payable in advance. All records and services are withheld from students who have any outstanding financial obligations to the University or have defaulted on a Title IV loan. Transcripts will be issued only after all financial obligations are settled with the University. Transcript orders are generally sent within 5-7 business days. A rush order will be processed within 24 hours for an extra fee. Transcripts issued contain only course work completed at Vanguard University. Transcripts will not be released unless the student is financially in good standing.

Veterans Benefits

Vanguard University is approved for training of veterans and eligible persons under the provisions of Title 38, United States Code.

Upon acceptance into the University, individuals eligible for veterans benefits may apply for benefits through the Veterans Resource Center. Vanguard University is a full Yellow Ribbon Institution. The Yellow Ribbon application can be downloaded at the Veterans resource center homepage <http://veterans.vanguard.edu/>. In

addition, the veteran must submit a certified copy of their separation papers (Form DD-214), along with their Certificate of Eligibility and any appropriate application form(s). For details, or to obtain a hard copy of the Yellow Ribbon application, please visit Vanguard University Veterans Resource Center.

Vanguard University recognizes and uses the ACE Guide to the Evaluation of Educational Experiences in the Armed Services in determining the value of learning acquired in military service, and awards credit for appropriate learning acquired in military service at levels consistent with ACE Guide recommendations when applicable to a servicemember's program. Veterans accepted into the College or the School for Professional Studies will be awarded one physical education unit (to a maximum of 8 units) for every six months of active service completed, provided an honorable discharge was received as indicated on Form DD-214. Vanguard University grants up to 30 units for certain types of military experience and educational training. The Veteran must provide an official Military Transcript to the Office of the Registrar, who on an individual basis, grants any additional units.

To claim full GI Education Benefits, it is the students' responsibility to request certification with the Veterans Resource Center each semester. The student must indicate their semester's enrollment on an Enrollment Status Form. To obtain a hard copy of the Enrollment Status Form, please visit Vanguard University Veterans Resource Center or <http://veterans.vanguard.edu/>.

Students receiving Veterans benefits will be put on Probation if their cumulative GPA drops below the graduation requirement for the program being attended as outlined below. Students who are placed on probation or fail to make academic progress towards graduation risk having their VA benefits denied or delayed.

2.00 (C average) The College

2.00 (C average) The School for Professional Studies

2.67 (B- average) M.T.S. degree in the Graduate Program in Religion

3.00 (B average) M.A., M.S., or MSN degree in the Graduate programs

Probationary status will continue until the student has raised his/her cumulative GPA to the minimum requirement. An individual will have his/her veterans benefits terminated if he/she remains on Probation for two consecutive semesters.

Military Spouse Programs

Vanguard University participates in the Department of Defense MyCAA program. MyCAA offers courses and programs for military spouses focused on pursuing a certificate, license, or certification in a portable career field or occupation. Specific programs, registration, and educational planning is available on the MyCAA portal and Vanguard University website.

Withdraw Policy

Students must notify their Student Services Coordinator if they intend to withdraw from a single course. Students must notify their Student Services Coordinator and the Office of the Registrar along with completing the SPS Withdraw form if they intend to withdraw from all remaining courses in the semester. Students will be withdrawn per the date of notification. Date of notification and last date of attendance are recorded on the withdrawal form and submitted to the School for Professional Studies, Financial Aid, Office of Accounting Operations, and the Office of the Registrar. See the Refund portion of this catalog for prorated information.

Writing Standards

Students are required to use the minimal format shown below for all papers submitted unless otherwise noted by their instructor. The following information should be placed at the top right corner of the first page.

Student's Name

Instructor's Name

Course Name

The following standards also apply:

- Both APA and MLA formats are used in the degree programs in the School for Professional Studies. These standards are further detailed in the writing courses for each major.
- Title pages and plastic covers are not required unless requested by the course instructor.
- Only double spaced and typewritten work with a 10-12-point font will be accepted.
- Work should be submitted in black ink except when color graphs and documents are used.

Books and Materials

Books required for courses are available from the Vanguard University Bookstore on campus. Students may also order books online by accessing <http://www.cbamatthews.com/vangu/>. Student curriculum guides are accessed online at <http://sps.vanguard.edu/curriculum>.

PAYMENT INFORMATION

Application Fee

Minimum Payment Due - on or before admission deadline:

- Payment of \$50 Application Fee. (non-refundable)

Financial Registration

Financial Registration allows students who have academically registered for the upcoming semester to submit all necessary documents and enroll in 1 of the 2 payment options the University offers. All students are responsible for completing Financial Registration by the published deadline.

To complete Financial Registration each student must complete all of the following steps.

- Previous balance must be paid in full
- Must sign and return required documents
- Set up your MyBill Account
- Enroll in one of the two payment options

Previous balance must be paid in full (if applicable):

Students will not be permitted to continue into the next semester if they have a previous balance.

Must sign and return required documents.

Students only need to sign the following documents once for the duration of their consistent time at Vanguard.

- Student Account Master Promissory Note
- Student Cash Distribution Management Statement (*recommended*)

Enroll in one of the two payment options:

Option 1) Pay-In-Full by clicking on the “Pay Now” link

- Pay the full amount referenced on your Registration Statement by Friday of the first week each module begins.
<http://www.vanguard.edu/MyBill>

Option 2) Semester Payment Plan by clicking on the TuitionPay tab

- Pay your semester balance referenced on your Registration Statement interest free in 4 monthly installments beginning August 1st. The enrollment fee to register in this payment plan is \$70 per semester/term. The first installment and the \$70 enrollment fee are due at the time of enrollment.

Please visit the Student Center on www.sps.vanguard.edu for more information regarding Financial Registration.

Payment Information

All students must sign a Vanguard University Student Account Master Promissory Note (MPN) after acceptance into the University. After signing the MPN, students have several payment options.

- Payment by cash, check or credit card. Master Card, American Express and Discover are accepted for payment of tuition and fees. Visa is not accepted. Convenience fees will apply for all online payments.
- Payment with Financial Aid.

Please Note: Tuition for each semester must be paid in full by the published deadline. Students who have a previous balance on their account will not be permitted to attend classes.

Employee reimbursement program (ERP)

This program is for students who receive tuition reimbursement from their employer. To qualify for this program your employer must agree to pay the university directly. Students must apply for ERP each semester if they want to receive the deferment. If students qualify, this program allows them to defer payment of the reimbursable portion of their tuition. Payment for the semester must be received in full no later than 4 weeks after the end of the semester. If payment is not received in accordance with this policy the student will be dropped from current semester without credit. This program is limited to reimbursable tuition costs only. Registration fees, course fees, student fees, and textbooks are the student's responsibility unless otherwise noted in the provided documentation from the employer. Students can obtain ERP documents by visiting <http://services.vanguard.edu/student-forms/> and click on the Employer Reimbursement documents.

Tuition

The Tuition and Fee Schedule is published annually. Prospective students and current students may refer to the SPS office or website for current costs. Registration statements are distributed to students once academic registration has been completed. Those who have not signed an MPN or made payment by the published deadline will be dropped from classes. For information about loans and grants, see the Financial Aid section.

(Certificate and Special Interest Programs costs may differ. Refer to the SPS office for updates.)

Refunds

A student shall normally be assessed tuition charges per course. When a student withdraws during a course for any reason, refunds are prorated according to the

Refund Schedule. *See the Withdrawal Policy for details on proper withdrawal procedures.

Date of notification and last date of attendance are recorded and submitted to the Financial Aid, Registrar, and Office of Accounting Operations offices. The recorded date of withdrawal will be the date on which the student notifies the SPS Office or the Office of the Registrar of the University and not the date of last attendance. For financial aid purposes, aid will be returned to aid programs (see Financial Aid section below) based on the date the student notifies the Office of the Registrar of their intent to withdraw. If a course is failed, the student will be assessed the prevailing tuition rate again when repeating the course.

Refund Schedule

Five Week to Eight Week Classes		Three to Four Week Classes	
Prior to First Night	100%	Prior to First Night	100%
Prior to Second Night	50%	Prior to Second Night	50%
Prior to Third Night	25%	Prior to Third Night	0%
Prior to Fourth Night	0%	Prior to Fourth Night	0%
Prior to Fifth Night	0%		

The Refund Schedule applies to tuition, student services, and unused course fees. Any student who wishes to withdraw from the University must notify the Office of the Registrar and the Student Services Coordinator of their "intent to withdraw." (See the Withdrawal policy).

Financial Aid Students: Students who withdraw or are expelled from the institution may be required to have some or all of their financial aid returned to the various aid programs. The amount of financial aid returned will be calculated based on the official date of withdraw. Federal aid will be returned based on the amount of the semester the student has completed. State and institutional aid will be returned based on the refund percentage applied to the student's institutional charges. The Financial Aid Office will notify the student of any required refund or repayment that is due to the appropriate programs within 30 days of the official withdrawal, drop, or expel date. Charges not covered by remaining allowable aid will be charged to the student's account.

*Note: Students who are automatically dropped from courses will receive a full refund. Please see Dropped Policy for more information.

Student Account Credit Balances

Refunds due to the student are not automatically disbursed. No refund will be issued unless the student's account reflects an accurate credit balance. To request a check for the overage on the account, students must submit a Student Check Request online by logging into their MyBill account, and clicking on the Check Request link on the left hand side. A check will be processed within two weeks from the receipt of the written request.

FINANCIAL AID

The Financial Aid Office

MISSION: The Financial Aid Office exists to assist students in planning and procuring funds for educational costs. Recognizing that every student at one time or another experiences anxiety in regards to college costs, Vanguard University offers financial aid in the form of employment, loans, grants, and scholarships to supplement the financial resources of the student and family. Providing a financial aid package that supports the educational goals of the students admitted to VU is the mission of the Financial Aid Office.

The Financial Aid (FA) Office is available to answer questions and to help estimate eligibility for financial assistance. To insure that financial aid eligibility may be determined in a timely manner, students should submit their FAFSA and SPS Financial Aid Applications at least 4-6 weeks prior to the beginning of their first course. Contact the Financial Aid Office at (714) 966-5490.

The FA Office is available to answer your questions and to provide information about Financial Aid application procedures and aid options. Office hours are Monday through Thursday from 8:00 a.m. to 6:00 p.m.; and Friday from 8:00 a.m. to 5:00 p.m. Financial Aid Counselors are available by appointment. Phone: (714) 966-5490. Information regarding the necessary steps to apply for financial aid is available online at <http://financialaid.vanguard.edu/>.

* NOTE: All information in the Financial Aid Section is subject to change during the academic year. Please contact the FA Office for updates.

Financial Aid Sources

Vanguard University offers federal grants, state grants, federal loans and employment opportunities to qualified students seeking assistance to help pay for educational costs. Vanguard University awards financial aid to students regardless of race, color, sex, national origin, or disability. All students are guaranteed fair and equal treatment in the awarding of financial aid.

Federal Eligibility Requirements

In order to qualify for federal financial aid, you must meet the following requirements:

- Be a U.S. citizen or an eligible non-citizen.
- Be enrolled in an eligible program and matriculated by the Office of the Registrar.
- Have a high school diploma or its recognized equivalent.
- Not be in default on a Federal Perkins Loan (or National Direct Student Loan), Federal Stafford Loan (Guaranteed Student Loan), PLUS Loan, or SLS, or not more than 90 days delinquent in repaying a consolidated loan, and have not borrowed in excess of federal loan limits.
- Not owe a refund on a Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, or a State Student Incentive Grant.
- Sign a Statement of Updated Information certifying that specific items on the Student Aid Report (SAR) are correct and understanding that information may be verified with the IRS.
- Sign a “Terms and Conditions Form” stating the student will use federal student aid funds only for expenses related to attending VU.
- Sign a Statement of Registration status indicating registration with the Selective Service, if required to do so.
- Complete the Verification process as required by the U.S. Department of Education, if required to do so.
- Have a valid Social Security number.
- Maintain satisfactory academic progress, as defined by the University’s FA Office below.

Steps for Completing Financial Aid

Students applying for financial aid should follow the steps below:

- Step 1: Apply for admission to Vanguard University. All applicants for financial aid must be accepted for admission to the University.
- Step 2: File the Free Application for Federal Student Aid (FAFSA). The FAFSA can be submitted online at www.fafsa.gov. The school code (001293) must be included for information to be sent to Vanguard

University. Also, complete the SPS Financial Aid Application online at www.vanguard.edu/financialaid.

- Step 3: California residents applying for the Cal Grant Program must have the Cal Grant GPA Verification Form completed and mailed (by the Registrar’s Office of the appropriate institution) by March 2nd prior to each academic year.

The financial aid application process should be completed by the admission deadline for the intended start date (2 weeks prior to the group orientation date).

Once the financial aid file is complete and the student is enrolled in at least six units, the Financial Aid Office will email the student his/her financial aid offer. Students must respond to this offer in a timely manner in order to best assist with processing the offered financial aid.

Students must re-apply for financial aid each academic year. (An academic year is September through August.) The FAFSA and SPS Financial Aid Application are available online for your convenience and both must be submitted each academic year.

Aid Application Deadlines

The Priority Deadline for financial aid is March 2nd of each year. Students applying by the Priority Deadline will be considered for all sources of financial assistance based on eligibility. Students applying after the deadline will be awarded financial aid based on availability of funds.

Students are encouraged to apply as soon as possible after January 1st and before March 2nd in order to receive the best financial aid packages for the following academic year.

Financial Aid Disbursements

Financial aid is awarded for the full academic year and will be applied directly to the student’s account in the Office of Accounting Operations to cover tuition, fees, and room and board charges. Students attending the Fall, Spring and Summer

semesters will receive three disbursements: one at the beginning of each semester. Students attending only one or two semesters are only entitled to the financial aid awarded for those semesters.

Federal Stafford, PLUS loans and alternative loans are electronically disbursed to Vanguard University and will be applied to the student's account in the Office of Accounting Operations.

Satisfactory Academic Progress Policy

Students applying for financial aid must demonstrate satisfactory academic progress in their courses. Satisfactory Academic Progress is measured by GPA and unit standards.

GPA Requirement

All financial aid recipients are required to maintain a minimum 2.00 cumulative GPA. The GPA will be reviewed at the end of each academic year.

Unit Requirement

SPS students are approved and funded for the number of units in which they are actually enrolled. Therefore, all SPS students are required to complete and pass all units for which they are enrolled. The Financial Aid Office will review the completion of units at the end of each academic year. Students not meeting the unit completion requirement (those who do not pass and complete the units for which they received financial aid) may be given one year probation to make-up/complete the units. Failure to complete the units by the end of a probation year will result in disqualification of financial aid eligibility.

The following grades meet the satisfactory academic requirements: A, B, C, D, and CR. The following grades do not meet the academic requirements: W, WP, WF, F, and I. Repeated courses for which a satisfactory grade has been given may count only once for the purpose of academic progress. Students are also expected to complete their degree program within a maximum time frame. Time frame is measured in equivalent full-time semesters.

Associate's Degree students = 6 full-time semesters

Bachelor's Degree students = 12 full time semesters

For transfer students, every 15 units of accepted and transferable units equals one full time semester.

The Financial Aid Office will review satisfactory academic progress at the end of each academic year. Students not maintaining the GPA or unit requirements will be granted one academic year of probation to bring the deficit units or GPA back to minimum standard. Failure to make up the deficit units and/or GPA by the end of the probation year will result in the immediate termination of financial aid eligibility. Students completing the maximum number of semesters allowed for their degree program will not be eligible for future financial aid. Students may appeal disqualification from financial aid due to lack of satisfactory academic progress by completing the required appeal forms available in the Financial Aid Office.

DEGREE PROGRAMS

On-Campus Instructional Courses

Courses are scheduled to meet the needs of working professionals. Courses are held from 6:00 p.m. to 10:00 p.m. one night per week, or fully online. Occasional Saturday meetings may be required, and Saturday General Education courses are available. For upper division coursework, only one class is taken at a time, and each cohort progresses through their program of study together. Each class extends 3-8 weeks. Students enrolled with a Major cohort receive a calendar for their cohort's entire program of study. This allows students to plan ahead. Students in General Education, Certificate Programs Associates' Degree and Special Interest classes may have various schedules from which to choose.

General Education Core and Elective Courses On-Campus and Online

General Education Core and Elective Courses are offered each semester through the School for Professional Studies. Students should register at the designated/published registration times for semester courses. Notification of courses is made available each term. Prior term tuition and fee balances must be paid in full to register. Additional financial aid must be approved through the

Financial Aid Office. Each course extends 3-8 weeks in length. Additional lab fees may also be required. Students enrolled in at least 6 units may be eligible for Financial Aid.

GENERAL EDUCATION AND ELECTIVE COURSE DESCRIPTIONS

ART 252 • History and Appreciation of Art (3 units)

A survey of painting, sculpture, and architecture beginning with the Renaissance and concluding with Modern Art. Illustrated lectures, reading, and study of current exhibitions. Field trip fees may apply. (meets Humanities/Fine Arts requirement)

BIOL 105 • Anatomy and Nutritional Biochemistry (4 units)

The course emphasizes metabolic and physiologic principles underlying digestion and absorption of nutrients, chemical structure and metabolic fate of nutrients, the biochemical role of nutrients in maintaining health, and the effects of over- and under-nutrition on disease pathogenesis. The students will gain an understanding of the cardiovascular, digestive, and musculoskeletal systems. Weight management and dietary analysis will also be discussed. Laboratory activities provide real-world insight nutrition and optimizing body system functions. Lab fee required. (meets a Science/Lab requirement)

BIOL 205 • Principles of Human Physiology (4 units)

Investigates the fundamental physiological processes in humans using a systems approach to student integrated functions. The course will explore the functions of the human body emphasizing homeostasis and integration at the biochemical, cellular, organ, and system levels. The systems studied will include nervous, cardiovascular, respiratory, renal, gastrointestinal, endocrine, reproductive, and immunity. Lab fee required. (meets Physiology requirement for RN to BSN students; meets Science/Lab requirement for all other students)

BIOL 209 • Principles of Microbiology (4 units)

Elementary microbiology for students interested in understanding characteristics and activities of microorganisms and their relation to health and disease. The structure, nutrition, growth, control mechanisms, and genetics of bacteria, viruses, fungi, and protozoa are explored. Special emphasis is given to infectious diseases

and the organisms that cause these diseases. While the course is directed toward students interested in careers in diverse fields of allied health and nursing, qualified students in other programs may be admitted. Previous study in the biological and health sciences is strongly recommended. Lab fee required. (meets Microbiology requirement for RN to BSN students; meets Science/Lab requirement for all other students)

BUOM/BUSN 440 • Entrepreneurship: Formation of New Ventures (3 units)

The theory and practice of new venture development. Studies business opportunities from the point of view of the entrepreneur/manager rather than passive investor. Topics include strategic management, venture capital, and writing business plans.

CHEM 210 • Integrated Chemistry (4 units)

This course is designed to give beginning students who have not had prior exposure to chemistry a basic overview in general, organic, biochemistry. The following topics will be surveyed: matter and energy, atomic theory, stoichiometry, nomenclature, the periodic table, atomic structure, gas, liquid and solid states, solutions, nuclear chemistry, functional groups, alkanes, alkenes, alcohols, ethers, aldehydes, ketones, amines, carboxylic acids, lipids, carbohydrates, amino acids, proteins, nucleic acids, metabolism and respiration, photosynthesis, transcription, translation, kinetics and DNA replication. Upon completion of this integrated chemistry course, the student will have an understanding of basic principles paramount to the study of chemistry, a proficiency with stoichiometry (as it relates to the nursing discipline), writing and interpreting chemical formulas, nomenclature, and familiarity of the biochemical process of glycolysis, TCA cycle, photosynthesis, DNA replication, transcription and translation. In addition, the student should develop an appreciation for the importance of chemistry in other disciplines. Lab fee required. (meets Chemistry requirement for RN to BSN students; meets Science/Lab requirement for SPS students)

COMM 230 • Ethics in Film (3 units)

Through in-class screenings, intensive class discussion and related readings, this course will examine films whose themes strongly concern the depiction of ethical

and moral choice. This course will discuss the ways in which filmmakers create meaningful ethical dilemmas; how the characters' choices are portrayed; and how these portrayals may influence our own formulation of value systems and ethical choices. (meets a Humanities/Fine Arts requirement)

COMM 290 • Introduction to Interpersonal Communication (3 units)

The primary elements of the communication process as it occurs between two persons in everyday settings. Among the topics considered are language and meaning, nonverbal communication, person perception, and self-concept. (meets Humanities/Fine Arts requirement)

ECED 109 • Infant/Toddler (3 units)

This course is an overview of the characteristic needs of infants and toddlers birth through age three. Appropriate learning environments and routine experiences will be discussed. Social, cognitive, physical, and sensory motor behavior patterns will be applied in theory and through observation in relation to the environment. A focus on the development of curriculum in meeting the individual needs of the children and the role of the teacher in facilitating growth through play experiences will be emphasized. (meets elective credit requirement) *Only available online.

ECED 121 • Administration of Early Education Programs I (3 units)

Application of the basic principles for the establishment, operation, supervision and evaluation of a preschool/ daycare program will be examined. This includes an overview and history of ECE programs, philosophy development, licensing standards, and assessment of management techniques. Christian philosophy and development will be integrated. This meets the minimum licensing course requirement for operating a licensed daycare program. (meets elective credit requirement) *Only available online.

ECED 123 • Administration of Early Education Programs II (3 units)

Application of advanced principles for the ongoing operation, supervision and evaluation of a preschool/ daycare program will be examined. This includes an in-depth look into managing staff and personnel issues, along with public relations and board development. Parent partnership and operational policies will be discussed. Christian philosophy and development will be integrated. This meets

the minimum licensing requirement for operating a licensed daycare program. (meets elective credit requirement) *Only available online.

ECED 139 • Adult Supervision and Mentoring (3 units)

This course will cover the methods and principles of supervising adults who are teachers, assistants, or volunteers in early childhood classrooms. Emphasis is on the role of experienced classroom teachers who function as mentors to new teachers while simultaneously addressing the needs of children, parents and other staff. Though not required, ECED 101 and ECED 103 are recommended prior to taking this course. (meets elective credit requirement) *Only available online.

ECED 150 • Spiritual Formation of Young Children (3 units)

This course will further students' own understanding and personal journey of spiritual formation and how that relates to the spiritual transformation of young children. The process of how the inner life is formed in young children towards an intimate relationship with God will be discussed. Particular emphasis will be placed on relationship, experience, and practice of the spiritual disciplines that create the context for spiritual formation to occur. A systematic approach will be given that lays the foundation for regular practices in the classroom. The relationship between the church, home, and the early education program will be explored as the foundational environments where spiritual transformation is developed. *Only available online.

ECED 355 • Effective Christian-Based Learning Environments (3 units) Elective option

This course will cover the principles that transform space into places that engage all domains of development for young children. Current knowledge and best practices will be discussed that relate to the environment of a Christ-centered early childhood classroom. Various learning materials for center-based instruction will be presented that support the program's outcomes across the developmental domains. Planning and preparation of the learning environment will be a part of this course, as well as teacher-child interactions that facilitate learning. Students will study space design and apply that knowledge in setting up spaces that foster optimum development. (meets elective credit requirement) *Only available online

ECED 360 • Kingdom Education for Young Children (3 units) Elective option
This course will study Biblical passages that deal with educating children from both the Old Testament and the New Testament. Specific examples will be given of the type of instruction adults should pass onto the next generation and the unique perspective that Jesus had of the value of young children. Examples of children in the Bible that held important positions or displayed advanced maturity will be discussed. The course will include accounts from the field of supernatural experiences children have or maturity they show beyond their age. Students will explore the aspect of childlikeness that Jesus gave attention to in relationship to the kingdom of God. Supportive research will be included that discusses a child's position and participation in the kingdom through Biblical passages and supporting literature. Activities such as prayer, worship, evangelism, and prophetic ministry will be examined in relationship to a child's personal relationship with God and potential ministry to others. (meets elective credit requirement) *Only available online

EDUC 100 • Introduction to Education (3 units)

This course explores the role of education and teaching in modern American Society. Current political and social issues and their impact on schools will be addressed. Career opportunities and expectations for teachers will be discussed. Students will be encouraged to assess and reflect upon their own educational experiences, skills, and learning styles as they interact with current practitioners and education literature.

EDUC 315 • Teaching in a Multicultural Setting (3 units)

This course provides the philosophical background and classroom experience necessary to introduce a person to the teaching profession in a public or private school in a multicultural environment. The purpose of the class is to assist the student to gain an understanding of the resources and challenges facing a teacher serving a linguistically and culturally diverse student population. Discussion will focus on the major professional organizations and educational research related to the philosophical, historical, and demographic developments of American education. Students will complete a fieldwork component to observe classroom management and organization, Specially Designed Academic Instruction Delivered in English (SDAIE) instructional practices, and the curricula of grades

K-12. The role and function of Christian beliefs and values in the public school will be integrated throughout the course. This course is a prerequisite requirement for the Multiple and Single Subject Credential programs.

EARLY CHILDHOOD EDUCATION MAJOR

MISSION: The mission of the Early Childhood Education (ECE) is to train early education professionals within a Christian worldview.

The Early Childhood Education courses are taught online in an accelerated eight week format. Each semester consists of two eight-week sessions. Each semester consists of three five-week sessions. Courses are taught by highly qualified instructors with educational and professional backgrounds in early childhood education. Christian philosophy and values are integrated throughout all classes. The early education classes at Vanguard University meet the formal requirements for Title 22 and Title V for the State of California. Additionally, they meet the formal educational training requirements for the Association of Christian Schools International (ACSI) Preschool Associate Credential (PAC), and Director's certificate.

Early Childhood Education students are from across the nation and world. It is not possible for us to guarantee which courses will meet each state's/country's formal training requirements in early education. It is up to the students to confirm with their local state licensing/accreditation agency which ECE courses will meet the formal training requirements. Students should confirm prior to registering with Vanguard University which courses meet the requirements for their state/country.

BA DEGREE COURSE DESCRIPTIONS

ECED 100 • Cornerstone for ECE (3 units)

This course provides an introduction to university life and online learning, and to the academic and social skills needed for success. Students will be introduced to the library and information literacy/research skills. The course management system and skills for successful online learning along with the integration of faith and learning through a Biblical worldview will be covered. Becoming a professional in the field of early education will be discussed. This course is required for all ECE degree-seeking students.

ECED 300 • Guiding the Young Child's Behavior (3 units)

This course examines appropriate child guidance principles and practice. Positive teacher/child interactions along with guidance techniques will be examined. A Biblical emphasis will be placed on teaching self-regulation and self-control concepts that result in responsibility and ownership of behavior. Setting clear expectations and affirming positive behavior will be examined along with appropriate respect for authority and effective conflict resolution strategies. Classroom management techniques will be discussed. Parental involvement and school/family partnerships will be incorporated to serve children in their supporting environments.

ECED 305 • The Exceptional Child and the Inclusive Classroom (3 units)

This course provides an overview of children with exceptional cognitive, physical, social, and/or emotional characteristics, including learning disabilities. Students will be introduced to special education laws and their implications for delivery systems, transition plans, and identification and placement procedures. Assessment and screening strategies will be discussed to meet the educational needs of all students. A Biblical perspective of serving all children will be a part of the course, including rationale and strategies for honoring young children and families.

ECED 310 • Music and Movement for the Young Child (3 units)

This course introduces concepts related to creativity in music and movement. Topics include a general survey of the basic elements of music and planning, designing, and implementing creative learning. Worship experiences and the connection to music and movement will be explored, as well as the integration of these experiences into the curriculum to enhance spiritual development and all the learning domains. Basic systems of the body will be covered in relationship to movement and physical growth. Spontaneous and planned experiences, media, methods and materials, theoretical foundations and music appreciation will be studied.

ECED 315 • Math and Science for the Young Child (3 units)

This course reviews developmental theory and research about science and math education in the early childhood years. Early childhood educators will investigate the interrelationship of math and science, and explore an organized, sequential approach to creating a developmentally appropriate math and science curriculum for preschool children. Concepts of God as the creator and master designer will be presented as children construct knowledge through a dynamic, interactive process that facilitates their development of working theories relating to math and science.

ECED 320 • Language and Literacy for Young Children (3 units)

This course focuses on language and literacy development for young children. Students examine theories of language development, including theories of second language acquisition and the needs of English language learners. They also explore strategies for engaging children in integrated listening, speaking, reading, and writing experiences. Integration of content area standards and development of hands-on learning experiences are emphasized. Evaluation of God-honoring children's literature will be covered along with communicating with God through prayer. Additionally, developmentally effective assessments are discussed as a means of informing instruction.

ECED 325 • Creative Art for the Young Child (3 units)

This course introduces the concepts related to creativity in art for young children. Topics include: concepts of creativity; art media, methods, and materials for creative activities; planning and preparation of art experiences; appreciation of children's art processes and products; developmental stages in art; and art appreciation. Art experiences in relationship to expressing concepts of God and

spirituality will be integrated throughout the course. Emphasis is placed on the development of art curriculum activities, basic teaching skills, guidance techniques, equipment and materials.

ECED 330 • Early Foundations for Moral and Character Development (3 units)

This course examines the role of educators in developing moral and ethical behavior in young children. Character traits will be defined and identified that are reflective of a Spirit-filled classroom. Students will explore different theories of moral development and identify knowledge, skills, and dispositions that can be integrated into the life of the classroom. Biblical principles of moral development will be studied along with strategies that integrate these concepts into the curriculum content. Students will examine early education centers for moral and character development curriculum content and a strategic plan will be developed to enhance moral development. Students will be challenged to be an effective role model and will identify their own personal strengths and growth areas. Developmentally-effective methods of instruction will be discussed, including the use of a variety of hands-on materials to reinforce concrete learning.

ECED 338 • Advanced Administration of Early Childhood Education Programs (3 units)

This course provides instruction on the advanced skills needed to manage and lead in Early Childhood Education settings. Students will develop skill sin personal and professional self-awareness, fiscal management, facilities management, family support and educational programming. Special emphasis will be placed on management theory and decision making. Students will develop an understanding of their own leadership and management style.

ECED 340 • Transitional Kindergarten Programs (3 units)

This course examines transitional kindergarten programs in the private and public sector. An in-depth look at the developmental needs of 4-1/2- to 6-year-olds will be included. Aspects of current brain research on the connection of curriculum to targeted learning outcomes will be reviewed. Specific strategies for measuring developmental milestones for learning will be included, preparing early educators to adequately assess developmentally-effective progression. Aspects of creating effective transitions from preschool to kindergarten programs, including perceptions, expectations, and practices that build strong partnerships with families

and elementary schools, will be covered. Appropriate levels of instruction and developmentally-effective environments will be explored.

ECED 345 • Advancing Early Childhood Programs through Technology (3 units)

This course introduces the use of technology in the early education setting to enhance teaching, learning, and program support. Topics will include the use of technology in the classroom, the supportive use in administrative management, communication with families, teacher training, and marketing. Ethical issues surrounding the use of technology will be discussed along with the appropriate use of technology in the classroom. Upon completion, students should be able to apply technology-enhanced instruction, use a variety of technology resources, and demonstrate appropriate technology skills in educational environments.

ECED 350 • Ministering to Parents and Families (3 units)

This course emphasizes the significance of parents and families as the basic unit of society according to God's design. Significant issues surrounding the health of the family unit will be discussed. Topics included in this course will focus on the well-being of individuals and society supported by strong family units. Various parenting styles will be examined for understanding the family dynamics. Students will learn how to minister effectively through the integration of faith practices, prayer, God's word, and Biblical insight that will support a strong home life for young children. The importance of instilling Biblically-based values in the home and the supportive role of early education programs in supporting children and their families will be examined, including family education and advocacy.

ECED 400 • Early Communication Skills and Literacy in Multilingual Communities (3 units)

This course develops students' understanding of language development specific to the early years and the principles that govern this process. Language learning development will be studied as an important part of thinking and communicating as God's design for each child. Students will learn the distinct differences between language, competence, and performance as it relates to multicultural communities. The role of adults, peers, and siblings in fostering language development will be discussed. Students will explore specific strategies for working with multilingual families in meeting the functional needs of the child in the classroom setting to maximize language development. Delays in the language process will be reviewed along with the necessary resources to help serve children at risk.

ECED 405 • Advanced Curriculum Design and Development in Early Childhood Education (3 units)

This course focuses on curriculum planning and design from a Biblical perspective for programs that serve young children. Issues and trends in curriculum development will be examined, along with the components of a philosophy of teaching and learning based on a school's foundational statements. The students will explore the sequenced components of a curriculum guide that support each learning domain, including student-based outcomes, goals, and benchmarks. Monthly and weekly guides along with lesson planning will be discussed and developed. The process of evaluating the planned instructional program will be covered as it relates to improving the curriculum and effectively achieving student learning outcomes. Learning outcomes will be integrated into this course as a foundation for curriculum development.

ECED 410 • Leadership and Advocacy in Early Childhood Education (3 units)

This course will focus on child and family advocacy, leadership, public policy, research, and advocacy initiatives in the field of early education. Students will analyze critical issues in early education from a Biblical-worldview and develop strategies for articulating positions and becoming change agents. Students will develop and implement a service-learning project to apply strategies for change. A professional code of ethics, integrating Biblical standards and principles, will be discussed.

ECED 460 • Advanced Practicum I (3 units)

This course is a supervised experience in working with young children in a classroom setting. The focus will be on the application of developmentally effective early childhood teaching theories, techniques, and skills. The emphasis will be on designing, implementing, and evaluating classroom experiences for young children. Observation and evaluation of classroom experiences, environmental design, classroom management, and parent communication will be emphasized to promote optimal development for young children. Biblical perspectives will be integrated throughout the course.

ECED 465 • Advanced Practicum II (3 units)

Students will complete 150 hours in an early childhood setting. The student will be evaluated by a mentor teacher in the classroom, as well as by the instructor and peers via video of the student in the classroom. This course will require 150 hours

in an early childhood practicum site. The practicum site and mentor teacher must be approved by the instructor during Advanced Practicum I. Advanced Practicum I is a prerequisite for Advanced Practicum II.

ECED 499 • Capstone for ECE BA Degree (4 units)

This course will be the culmination of the students' coursework in early education for the baccalaureate degree. This course includes analysis and evaluation of current research in early education and the integration of faith and learning in the field. Students will demonstrate their competence and achievement of the program learning outcomes through the completion of the portfolio begun in the Cornerstone class, including personal reflections. Students will examine and evaluate their service learning experience from the Leadership and Advocacy class and analyze the issues related to teacher education, advocacy, policy, and working with families to further the spiritual and educational needs of young children. The next steps in professional development will be discussed and a plan for further growth as a professional in the early education field will be developed.

AA DEGREE COURSE DESCRIPTIONS

ECED 100 • Cornerstone for ECE AA Degree (3 units)

This course provides an introduction to university life and online learning, and to the academic and social skills needed for success. Students will be introduced to the library and information literacy/research skills. The course management system and skills for successful online learning along with the integration of faith and learning through a Biblical worldview will be covered. Becoming a professional in the field of early education will be discussed. This course is required for all ECE degree-seeking students.

ECED 101 • Child Growth and Development (3 units)

This course covers the study of social, emotional, intellectual, physical, creative, and spiritual areas of development from conception through middle childhood with an emphasis on the preschool years. Theories of development are studied along with the various stages of growth. These concepts will be presented from a Biblical perspective.

ECED 103 • Child, Family and Community/Socialization (3 units)

This course covers the study of how family, school, and community affect a child's development. An emphasis will be placed on the family unit and the parents' roles in being the primary educator of their child. Community resources are investigated and advocacy for children is explored.

ECED 106 • Introduction to Curriculum (3 units)

This class will provide an overview of the planning, preparation, and delivery of a developmentally appropriate curriculum for young children. The role of the teacher and the curriculum in supporting the development of the whole child will be analyzed. The class will cover the basic components and developmentally appropriate implementation of curriculum across content areas. Though not required, completion of ECED 101 Child Growth and Development is recommended.

ECED 108 • Principles and Practices of Teaching Young Children (3 units)

This course presents an overview of the historical development and philosophies of early education. Students will examine the relationship among developmental theory, philosophy, and practice in early education with an emphasis on infants and toddlers. Students will explore a wide range of early childhood curriculum

models. The ecological contexts and relationships affecting young children's development will be analyzed. This course includes a review of teaching strategies supporting all children's development. Though not required, completion of ECED 101 is recommended.

ECED 126 • Teaching in a Diverse Society (3 units)

This course will examine current issues facing the early education professional in understanding diversity as it impacts the classroom. In many early childhood classrooms there has been an increase in the number of children with racial, ethnic, linguistic, and cultural diversity, as well as the numbers of children with disabilities or developmental delays. This diversity brings many challenges, as well as many opportunities to educators. Factors of working with and supporting diverse populations of young children and their families will be discussed including relevant teaching methods and materials.

ECED 132 • Early Education Practicum (3 units)

This course is designed for the student to demonstrate practical application of developmentally appropriate early childhood teaching techniques and skills. Emphasis will be on designing, implementing, and evaluating classroom experiences for young children. Observation and evaluation of classroom experiences, environmental design, classroom management, and parent communication will be emphasized to promote optimal development for young children. Biblical perspectives will be integrated throughout the course. Fieldwork will be completed in the student's own classroom or by approval of the instructor. Students will videotape their teaching in order to be evaluated by the instructor and fellow classmates. Though not required, ECED 101 and ECED 106 are recommended prior to taking this course.

ECED 135 • Health, Safety and Nutrition for the Young Child (3 units)

This course presents healthy practices that promote safety, nutrition, and wellness for the young child. Strategies will be introduced that include families in developing health awareness. In addition, safety issues inclusive of disaster and emergency planning along with creating safe environments within an early education setting will be emphasized.

ECED 137 • Observation and Assessment (3 units)

This course will offer opportunities for students to develop in-depth knowledge and skills as early childhood professionals with a focus on research, policy, and best practices in early childhood assessment and to link assessment to curriculum planning and program evaluation. Focus will be on students acquiring knowledge about informal and formal developmental screening assessment instruments for young children, how to select and how to use the appropriate one to determine initial information that will facilitate individual learning environments and strategies. Though not required, completion of ECED 101 and ECED 106 are recommended.

ECED 150 • Spiritual Formation of Young Children (3 units)

This course will further students' own understanding and personal journey of spiritual formation and how that relates to the spiritual transformation of young children. The process of how the inner life is formed in young children towards an intimate relationship with God will be discussed. Particular emphasis will be placed on relationship, experience, and practice of the spiritual disciplines that create the context for spiritual formation to occur. A systematic approach will be given that lays the foundation for regular practices in the classroom. The relationship between the church, home, and the early education program will be explored as the foundational environments where spiritual transformation is developed.

ECED 299 • Capstone for ECE (3 units)

This course will provide students the opportunity to integrate theories of child development, a Biblical worldview of young children, and principles of effective practice as a culmination of their learning at the associate's degree-level. Students will engage in field experience through the implementation of a project that will exhibit an integration of faith and learning. The project will demonstrate an application of students' knowledge of Biblically-based early education to their practice. An analysis and evaluation of the students' educational experiences across the curriculum will be reviewed and the comprehensive portfolio of the students' work samples and reflections will demonstrate competence and achievement of program learning outcomes. The next steps in professional development will be discussed and a plan for further growth as a professional in the early education field will be developed.

EARLY CHILDHOOD EDUCATION CERTIFICATE

The Early Childhood Education certificate consists of 27 units. Transfer units are not accepted. Students who do not wish to pursue the Early Childhood Education certificate may still take individual courses.

Early Childhood Education students are from across the nation and world. It is not possible for us to guarantee which courses will meet each state's/country's formal training requirements in early education. It is up to the students to confirm with their local state licensing/accreditation agency which ECE courses will meet the formal training requirements. Students should confirm prior to registering with Vanguard University which courses meet the requirements for their state/country.

Early Childhood Education Drop and Refund Policy

Non-Attendance Drop Policy

Students who have not logged into their online class by Tuesday at 5 p.m. (PST) of the first week of class will be locked out of the course and denied access to the course due to non-attendance. Students who are denied access due to non-attendance must contact the SPS office prior to Tuesday at 5 p.m. (PST) of the first week of class in order to receive a full refund. Students locked out of a class due to non-attendance are not relieved of their financial responsibility to the University. To remain in good academic standing, a written request to drop must be provided to the SPS Office before the third week of class. Please refer to the Drop Policy below for further clarification.

Drop/Refund Policy

Students must contact the SPS Office in writing of their intention to drop. Unless written notification is received the student will remain officially registered in the class/classes listed on their registration form and will be financially and academically responsible. Only those courses specified in the drop request will be dropped. Students who have registered for more than one session will be automatically dropped from the remaining sessions unless written notice is provided. If a student chooses to switch a class from one session to another, this is the same as dropping a class and the drop/refund policies will apply in this

situation. The drop will be processed using the date the student's written notification is received by the SPS Office.

Students who wish to drop must include the following information in their drop request: semester date and class/classes they wish to drop as well as their full name and contact information. Students who email their drop requests are advised to make a copy of the email with date and time stamp as well as receiver confirmation (if possible). Students should also confirm with the ECE Office the following VU working day, via phone, that the email request to drop was received. If the written request to drop is made via mail, the student must ensure the request is mailed in plenty of time for it to reach the ECE office before the beginning of the course session. Vanguard University is not responsible for drop requests sent via email that are routed incorrectly and result in non-receipt of the request by the SPS Office.

*Note: Drops initiated before 11:59 p.m. (PT) the Sunday prior to the Monday of the 3rd week of class will result in no academic consequence. Drops initiated during the 3rd week of class before 11:59 p.m. (PT) the Sunday prior to the Monday of the 4th week of class will result in a "W" (withdrawal) which will be reflected on the student's transcript. Drops made after 11:59 p.m. (PT) the Sunday prior to Monday of the 4th week of class will result in a grade of "WF." Once a letter grade of "WF" is issued the student must submit an academic petition for the final grade to be considered for any changes.

Tuition payment must be received by the **Friday prior to the Monday** class-start. Failure to have these fees paid in full, or a tuition payment plan set up for these fees on Friday prior to the Monday class-start will result in denied entrance into the class. **Note:** Students who have not paid their account in full prior to the start of a class and do not notify the SPS office of their intent to drop are not relieved of their financial obligation if they are denied entrance to a course.

Only official drops made before the course start date will be eligible for 100% tuition and course fees refunds. Students must notify the SPS Office in writing (via email, fax or registered mail) of their intention to drop. There are no refunds for application fees. Students who qualify for tuition refunds must submit a student check request form to the Office of Accounting Operations regardless of the payment method.

Drop/Refund Schedule

Official Drop notifications received in writing:

Prior to 11:59 p.m. (PT) on Sunday before the start of week 1, will be eligible for a 100% tuition refund

Prior to 11:59 p.m. (PT) on Sunday before the start of week 2, will be eligible for a 50% tuition refund

Prior to 11:59 p.m. (PT) on Sunday before the start of week 3, will be eligible for a 25% tuition refund

A minimum of 12 units must be taken at VU.

SPS Religion Minor Requirements

21 units are required in accordance with the following guidelines. Courses should be chosen in consultation with the Student Services Coordinator and/or SPS Religion chair.
Minimum 15 units of upper division coursework.
Maximum 6 units of lower division coursework.

Courses recommended for lower division coursework:

New Testament Survey
Introduction to Theology
Old Testament Survey

A minimum of 12 units must be taken at VU.

SPS Liberal Studies Minor Requirements

The SPS Liberal Studies minor is designed to provide preparation for Vanguard University's teaching credentialing program and to provide tools of preparation for the required, Commission-approved examination called the California Subject Examination for Teachers: Multiple Subjects (CSET). Students are required to pass the CSET prior to their semester of advanced student teaching in a credentialing program. (Students should refer to the Graduate Program in Education for further information about pursuing a teacher credential.)

Action taken by the California Commission on Teacher Credentialing (CCTC) to insure conformance with the California State Board of Education and Public Law 107-110, the No Child Left Behind Act (NCLB) requires that all teachers "new to the profession" who receive a Multiple Subject Teaching Credential or a Multiple Subject Intern Credential demonstrate subject matter competency by examination. There are three separate subtests to the Multiple Subject CSET exam: 1) Math and Science, 2) Social Studies and Language, and 3) Visual and Performing Arts, Humanities and Physical Education. Each subtest is composed of both multiple-choice and constructed-response questions. Each subtest is scored separately. To pass the CSET, one must pass each of the three subtests. The multiple subject CSET exam is offered in a computer-based format at testing locations Mondays through Saturdays by appointment year round. If one or more subtests are not passed, students may register for a retake of the subtest(s). Students intending to pursue teaching credentialing must also pass the California Basic Educational Skills Test (CBEST) exam prior to enrollment in a teaching credential program.

The seminar courses listed for the Liberal Studies minor are correlated with the CSET subtests listed above and are designed to guide students in their preparation for the CSET. Per the catalog course descriptions, a student must complete all

General Education requirements in a given subject matter prior to enrolling in the correlating seminar course.

In order to apply for a minor in Liberal Studies, a student must provide proof he/she has taken the California Basic Educational Skills Test (CBEST). In order to be granted the minor, a student must provide proof that she/he has passed the CBEST.

The following courses are required to meet the 21 unit requisite. A minimum of 12 units must be taken at VU.

EDUC 315	Teaching in a Multicultural Setting	3 units
EDUC 350	Comprehensive Seminar in English	3 units
EDUC 355	Comprehensive Seminar in Mathematics	3 units
EDUC 360	Comprehensive Seminar in Social Science	3 units
EDUC 365	Comprehensive Seminar in Science	3 units
EDUC 370	Comprehensive Seminar in Human and Physical Development	3 units
EDUC 375	Comprehensive Seminar in Visual and Performing Arts	3 units

NURSING PROGRAM – RN TO BSN

Mary Wickman, RN, Ph.D., Director of Nursing

MISSION: To provide quality undergraduate and graduate nursing programs that promote academic excellence while integrating the values of truth, virtue, and service.

The RN to BSN program combines innovative curriculum, interdisciplinary teaching, and collaborative partnerships in a values-based baccalaureate program. The two-year course of study promotes critical inquiry, enhances the nurse's skill set, and prepares the nurse for leadership roles in the healthcare environment.

Admission Requirements

Preferred overall 3.0 GPA (out of 4.0) – official transcripts required for verification

Minimum grade of "C" (2.0) on all degree requirements course work

Minimum grade of "C" (2.0) on all nursing coursework, preferred GPA of 3.0

Three letters of reference, at least one professional and one personal. One professional reference must be from a manager or supervisor. Letters of reference from family members are not accepted.

Applicant's typed statement of purpose

Personal Interview

Verification of valid California RN License. License must be current and clear.

Verification of current certification in CPR

One year work experience recommended

Background check (contracted by the university)

NURSING COURSE DESCRIPTIONS

NURS/Math 235 • Statistics for the Health Professions (3 units)

Limited to those enrolled in Health Sciences. Meets statistics prerequisite for NURS 405. This course introduces the conceptual background of statistical techniques and reasoning with an emphasis on application relevant to identifying outcomes. Provides a framework for understanding and applying commonly used data analysis techniques in health science research. Includes selecting, applying, and interpreting univariate and bivariate statistical methods in answering research questions from a health science perspective.

NURS 305 • Nursing Theory and Professional Practice (4 units)

This course assists students with their transition into the role of a professional BSN prepared nurse. Special emphasis will be placed on the philosophy of Baccalaureate nursing education and critical thinking skills. Discussion and comparison of concepts will be applied to the practice of professional nursing. Integration of theory into subsequent course work and professional practice will be explored.

NURS 310 • Information Technology in Nursing (4 units)

Students will be-introduced to computer applications in nursing and health care. They will develop computer literacy skills in the areas of information processing, computer technology, and issues related to privacy and confidentiality. Students are expected to share their findings with class members in presentation format. Computer laboratory experience will include an investigation of computer applications within nursing, focusing specifically on their use in nursing administration, research, clinical practice and education.

NURS 315 • Writing and Critical Analysis of Health Related Issues (4 units)

This course focuses on critical thinking and research writing relevant to learning and practice in nursing. Includes self-assessment, collaborative learning, problem solving approaches, and clinical decision making. Applies critical analysis to health-related issues. Proper APA format will be emphasized and required for all written work.

NURS 320 • Ethical Issues and Legal Aspects for Nursing and Health Care (4 units)

This course introduces students to the analysis of ethical issues and dilemmas arising in nursing practice and health care systems. Emphasis is placed on values clarification, models for ethical decision making, consideration of relevant legal aspects, and related documents such as the Nursing Code of Ethics that guide professional practice. Woven throughout the ethical discussions is reference to the importance of Christian values and a Christian worldview in identifying and solving ethical issues that arise out of the practice of nursing.

NURS 325 • Multi-Dimensional Assessment (4 units)

The purpose of this course is to provide the student with the opportunity to be equipped with skills necessary to do a multi-dimensional health assessment of their identified client. Emphasis is placed on the concepts of bio-psycho-social, spiritual, cultural, and community health care needs in performing the holistic examination of the individual. Additional emphasis will include the client's health care needs, levels of prevention and growth and development of the individual across the lifespan. Two hours of the required Child Abuse content for the Public Health Nurse certificate (PHN) will be included in this course.

NURS 335 • Approaches to Health Promotion and Disease Prevention for Older Adults and their Families (4 units)

This course will assist students to develop the skills necessary to provide patient-centered care to older adults and their families. Discussions will focus on increasing respect and understanding about the complexities and variations of care in the geriatric population. Emphasis will be placed on both health promotion and disease prevention.

NURS 405 • Nursing Research and Seminar (4 units)

Prerequisite: Statistics. This course explores the historical, philosophical, and ethical aspects of nursing research. The relationship between nursing research and professional accountability is explored. An emphasis is placed on the principles and methods of research process with emphasis on evaluating research to determine significance and applicability to nursing practice. Students will apply concepts to a research project.

NURS 410 • Principles of Pathophysiology (4 units)

This course presents knowledge of pathophysiology, using a systems approach, as applied to current nursing practice. Selected major health problems, their pathophysiology and medical treatment are discussed. Topics from various scientific and clinical areas will be explored and coordinated with other courses in the nursing program.

NURS 415 • Sociocultural Contexts of Diversity (4 units)

This course examines how cultural, socioeconomic, religious, racial, generational, and lifestyle differences are experienced by members of society, and how these variables are related to health and disease. Also included is a concerted understanding of how cultural and social practices impact health both positively and negatively. This course is designed to help the student integrate diversity knowledge within the community health setting.

NURS 420 • Community Health Nursing and Clinical Studies (5 units) *

This course, through both classroom and clinical experience in community settings, will help the student develop skills in providing nursing care to individuals, families, and/or communities. Issues such as Child Abuse and family violence will be discussed. Ninety hours of clinical practice in public/community health settings are required to successfully complete this course. The remainder of the required Child Abuse content for the Public Health Nurse certificate (PHN) is included (5 hours). Two additional hours of Child Abuse content is covered in NURS 325 Multi-dimensional Assessment.

*Note: There are additional clinical/health requirements that need to be submitted before beginning this course.

NURS 425 • Education Theory and Process of Teaching in Nursing (4 units)

This course explores education theory and skills in clinical teaching situations with emphasis on individuals, families, and groups. Content includes theories and principles of learning, teaching strategies and methodologies, teaching resources, assessment and evaluation of instruction.

NURS 430 • Leadership/Management in Professional Nursing (4 units)

This course explores theories of leadership/management, concepts of power, motivation, decision-making, change, budgeting and management skills related to the professional nursing role in the health care system.

STUDENT PRIVACY RIGHTS

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

- 1) The right to inspect and review the student's education records within 45 days of the day the University receives a request for access.
 - Students should submit to the registrar, dean, head of the academic department, Vice President, or other appropriate Official, written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
- 2) The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.
 - Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the records, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.
 - If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
- 3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.
 - Disclosure without consent to University officials with legitimate educational interests is permitted. A University official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including Campus Safety personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or

grievance committee, or assisting another school official in performing his or her tasks.

- A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
- Other exceptions that permit disclosure without consent are:
 - A. To authorized representatives of the Comptroller General of the United States; the Attorney General of the United States (for law enforcement purposes); the Secretary of the Department of Education of the United States; and state and local educational authorities.
 - B. To parents of dependent students, as defined in section 152 of the Internal Revenue Code of 1986.
 - C. To a parent or a legal guardian in connection with a health or safety emergency.
 - D. To a parent or a legal guardian of a student regarding the student's violation of any Federal, State, or local law, or of any rule or policy of the institution, governing the use or possession of alcohol or a controlled substance if the student is under the age of 21 and the institution determines that the student has committed a disciplinary violation with respect to that use or possession.
 - E. If a parent or eligible student initiates legal action against the University, the University may disclose to the court, without a court order or subpoena, the student's education records that are necessary for the University to defend itself.
 - F. The disclosure is in connection with a disciplinary proceeding conducted by the University against a student who is an alleged perpetrator of a crime of violence.

- 4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by Vanguard University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
 U.S. Department of Education
 400 Maryland Avenue, SW
 Washington, DC 20202-5920

The University may release public directory information concerning students. Such information includes, but is not limited to, the student's name, address, email address, student user identification number, telephone listing, date and place of birth, major field of study, dates of attendance, grade level, enrollment status (e.g., undergraduate or graduate; full-time or part-time), participation in officially recognized activities and sports, weight and height of members of athletic teams, photograph, degrees, honors and awards received, and the most recent educational agency or institution attended. The above designated information is subject to release by the campus at any time unless the campus has received a prior written objection from the student specifying information which the student request not be released.

GRIEVANCE RIGHTS AND PROCEDURE

Vanguard University subscribes to the principle of equal educational opportunity, regardless of gender (cf. Title IX of EDUCATION AMENDMENTS OF 1972). Any member of the University community who has a grievance related to this principle should petition in writing to the Vice President for Academic Affairs, who will work with the petitioner for a resolution of the problem. The President's Council of the University shall serve as ultimate board of appeal for such questions.

V.A. CERTIFICATION

I hereby certify that this catalog is true and correct in content as required by DVB circular 2-76-84, Appendix P, Paragraph 6(a).
